sack alleged to have been dropped by Miss Hocken in her flight from the golf links.

HAD POLE CLIMBERS.

The list of exhibits includes pliers for cutting telegraph wires, bottles of corrosive acid, hammers, flints, gimballs for forcing windows, false identification plates for automobiles, ropes, cotton, wool, fire lighters, candles, paraffin, and a set of pole climbers.

"These women have now sunk to climbing telegraph poles," as he called attention to the leg irons.

In Miss Hocken's correspondence the government found a letter from Mrs. Pankhurst, openly urging her followers to acts of lawlessness and outrage.

At the conclusion of the opening address the magistrate adjourned the case for a week.

S. F. CONTRACTOR BUYS BRUNSWICK

Hotel Property on Washington Street Changes Hands; Price \$150,000.

More San Francisco capital has been brought to Oakland for investment in the sale just consummated of the Hotel Brunswick property, at the northwest corner of Ninth and Washington streets, by E. H. Jones to Peter Orlin, a wealthy contractor of the city across the bay.

The consideration was \$150,000. In 1906 Reoth & Frather of this city bought the five-story brick and stone hotel and land for less than \$100,000 from the Firemen's Fund Insurance Company. Since then the property has been sold several times, the owners at times including, besides Jones and Orlin, D. B. Huntley, E. M. Luther and W. D. Huntington. The structure was once the Kohler & Chase building, and was erected more than 30 years ago. The latest sale was made through the agency of N. H. Lang, an Oakland realty broker, representing the seller, and the G. H. Umbson Company of San Francisco agent for the buyer. The hotel is one block from the steel frame hotel building being erected by R. V. Kinney, the southeast corner of Tenth and Washington streets.

MOTORCYCLE "COP" OVERTAKES SPEEDER

SAN FRANCISCO, March 20.—A motorcycle policeman on guard in Golden Gate Park, had to gear his machine to the highest notch to catch a speeder who was a runaway automobile last night and he would not have made the capture had not the big gray touring car dived off the main drive into a sewer. The accident occurred near Loyal Lake and at the junction of the main drive and Waterhouse street. The policeman contemplated arresting Hogan for violating the speed ordinance, but on noticing his condition charged him with driving an automobile while intoxicated. Hogan was uninjured in the smash up. But his friend, John McGuire, received severe bruises which were dressed at the Park Emergency Hospital.

POLICE ARE AFTER APARTMENT BURGLARS

SAN FRANCISCO, March 20.—The police are making a campaign against apartment house burglars who have been active in the residence section and plain clothes men have been sent out in an effort to apprehend the culprits. This morning reports were made of three crimes of this character. A break thief entered the Alhousie apartments, 2765 Mission street, and the room of John Hannner was ransacked of valuables to the amount of \$47.50. Another lodger, Frank Scottie, lost \$25.00 in clothing.

Sol Koffman, who lives at the Del Mar apartment, 2340 Leavenworth street, reports the burglary of \$80.

AUSTRIA GROWLS SUDDEN WARNING

Makes Demands on Montenegro That May Precipitate Crisis.

(Continued From Page 1)

day morning, steaming in a southerly direction.

It is understood, the dispatch adds, that their sudden departure was due to the bombardment of the European quarter of Scutari, the searching of an Austrian steamer at San Giovanni di Medua, and the threatening of Austrian sailors by Montenegrins.

The official explanation of the departure of the warships is that they are going to carry out maneuvers. The Vienna newspapers publish sensational reports regarding the position of the civil population of Scutari.

According to these reports, the Austrian troops and Italian volunteers were shelled, and eight nuns and many other non-combatants killed.

ADVANCE IS FAILURE.

SOFIA, March 20.—Bulgarian reports of the fighting at Tchebalia give a somewhat different account than that issued by Constantinople. According to the Bulgarians, the Turks on Tuesday last essayed a forward movement, but the attempt, which caused them a considerable loss, was a complete failure.

About five divisions of infantry, artillery and cavalry, supported by warships, were checked by Bulgarian detachments, which had been pushed forward toward evening the troops on the right Bulgarian flank attacked the divisions on the left of the Turkish flank and put them to flight. Two divisions of Turks were isolated, but escaped during the night.

All is quiet at Adrianople and Bulair.

LOAN IS PROLONGED.

CONSTANTINOPLE, March 20.—An arrangement has been signed with the Deutsche bank by the minister of finance prolonging for four months the advance to the amount of \$15,000,000 made by the syndicate headed by this bank. The legal rate of interest in Germany will be charged.

King Constance Arrives in Athens

ATHENS, March 20.—King Constantine arrived in the Greek capital today. He traveled by automobile from the port of Pireon, where he landed.

Messages of condolence and sympathy for the royal family, the Greek government and the Greek nation poured into the capital all day. The first message to the head of a nation received by Queen Olga came from President Wilson.

All Greece mourns the death of a sovereign who had done so much, particularly in the last year, to advance the prestige of the nation. Emblems of sorrow are displayed on all sides, and manifestations of grief are more marked among the poor and lowly than among those of the higher classes.

Premier Venizelos, after eulogizing King George yesterday for his great services in his long reign, asked the chamber of deputies to proclaim the late king, to which the deputies responded with cheers.

In his first message from the Fortunate of Janina to the Greek army King Constantine promised that he would ever concentrate all his efforts to his land and sea forces to which war had indissolubly bound him.

MAINTAINS SILENCE.

SALONIKI, March 20.—Aleko Schinas, the assassin of King George, still is held in close confinement. At various periods throughout the night he was forced to undergo examination, but questions failed to elicit any facts to show that other persons were implicated in the crime.

Schinas is not a madman, but apparently is weak-minded. He lived by begging and came to Saloniki by way of Athens a few weeks ago.

He stopped for a few days at Volos, Thessaly, where he delivered a few harangues in which he declared that in a short time he would succeed in establishing equality; that there would be no more rich or poor and that work which now was accomplished in one hour would be spread out over two.

WOULD REDEEM LIFE.

Interrogated as to why he assassinated the king, Schinas replied: "I had to die somehow, as I suffer from neurasthenia, and therefore wished to redeem my life."

He appears to have led a wretched existence, subsisting almost entirely on milk. His family ceased to acknowledge him long ago.

Schinas for a time was an instructor in the medical department of the University of Athens. He refuses to give any explanation for the crime, beyond the fact that two years ago he applied for assistance at the university and was driven away by an aide-de-camp.

WORKED WITH ASSASSIN.

BALTIMORE, Md., March 20.—A. Charnin, a waiter in a hotel here, last night claimed to have worked in the pantry of a New York hotel for more than a year with Schinas, the assassin of King George.

Schinas told me many confidences," said Charnin. "I frequently quarreled with him because of his atheistic and socialist ideas. One of his favorite expressions which caused several scraps in the pantry was to h-l with King George."

"Schinas could speak Greek, English, Italian and French fluently. He spent his leisure nights on the East Side, making friends with radical and fervid thinkers. He was never so happy as when seated in one of the coffee houses, among a number of his associates and denouncing kings and governments."

"He stated a number of times that it was a shame that three million of his enlightened countrymen in Greece, with the noble and glorious history that she possessed, should permit themselves to be ruled by a king. He also said that some day he would return to his native country and convert the people to his ideas."

POPE SYMPATHIZES.

ROME, March 20.—The Pope has sent, through the apostolic delegates in Greece, his deep condolences to the royal family in the death of King George. He expressed profound abhorrence at the atrocious crime.

J. R. KNOWLAND TO BE SPEAKER AT 'AD' LUNCHEON

CONGRESSMAN KNOWLAND.

The members of the Oakland Advertising Association will be addressed by Congressman Joseph R. Knowland at their luncheon next Tuesday, 12:15, at Hotel Oakland.

His topic will be "The Progress of the Panama Canal Construction" and what its opening will mean commercially to the Pacific coast and Oakland particularly.

Knowland is fully acquainted with the very latest developments of the Canal project, having personally inspected the work several times and his statements are authoritative on the subject.

The luncheon begins promptly at 12:15 and adjourns at 1:30 sharp.

COMMAS CAUSE HEATED DEBATE

State Pension Bill and Redlight Measure Up in the Assembly.

SACRAMENTO, March 20.—Two commas caused a heated half-hour discussion over Assemblyman Stuenkel's bill providing a State pension for veterans of the California regiments in the civil or Spanish-American wars. It was feared that, as punctuated, the bill would open the treasury to every veteran on the federal pension rolls and action was postponed until tomorrow.

Assemblyman Bohnett's redlight bill came up as a special order of business at 11 o'clock. Assemblyman Milton L. Schmitt of San Francisco moved that the doors be closed and the public excluded during the debate. Schmitt declined to debate his motion, saying to Bohnett: "You know my object. If you want to stop it, stop it."

OPPOSES SECRECY.

Bohnett opposed secrecy in the discussion. "This is a matter of wide public interest," he said. "The public is entitled to hear the debate and there is no doubt in my mind that the members cannot express themselves in language which will offend any one. If they cannot the doors are open."

"This is a woman's measure," said Assemblyman Wylie, "and the women who have forced this matter to an issue should be allowed to hear it."

Other members spoke in opposition to Schmitt's motion.

In closing for it Schmitt said: "This is one of the most important measures to be before us. It demands a full and free discussion which cannot be had only behind closed doors."

The motion was lost on a viva voce vote.

NOT AS STRINGENT.

Bohnett spoke up for the bill, saying that his measure was not as stringent as the Iowa law, on which it is based. "In Iowa," he said, "owners of property may be fined from \$300 to \$1000, one-half of which goes to the informer. This provision has been eliminated."

Assemblyman A. L. Shannon of San Francisco moved the rerefering of the bill to the judiciary committee.

"Under the code," he said, "any bill proposing a change in procedure in the State must pass through the judiciary committee."

"Has any court upheld the Iowa law as a whole, Mr. Bohnett?" asked Shannon.

"Not in regard to the closing of houses of prostitution," said Bohnett, "although it has been upheld many times in regard to the closing of blind pigs and other unlawful establishments."

Assemblymen Brown, Chandler, Wilson and others opposed the motion. It was lost on a viva voce vote.

Assemblyman Schmitt then moved to amend the bill by requiring complainants to put up a bond.

ELUDES OFFICER, BUT ONLY FOR A SHORT TIME

SAN FRANCISCO, March 20.—General Philip jumped out of the window of his home, 1242 Pacific street, in order to escape from Patrolman Patrick Harkerty early this morning, but walked right into the officer's arms several hours later.

Harkerty had been informed by C. Tull that Philip was being held by Mrs. Mary Phipps. The officer entered the home with drawn revolver only to see the man disappear through the window. He searched the neighborhood for him without success and waited at his home until he returned. A pistol, which it is claimed Phipps used, was found in a vacant lot nearby, but the charge against him at the city prison was placed as battery.

CONFERENCE ENDS LOCAL GARMENT WORKERS' ROW

ROCHESTER, N. Y., March 20.—The strike of local garment workers, inaugurated in January, was settled today by about a two-thirds vote of those who walked out, following conferences between the employers, workers and representatives of the State department of labor.

The board of mediation assured the strikers that the following conditions would prevail in the factories immediately:

Abolition of sub-contracting, a 54-hour week, pay for overtime and re-employment of strikers without discrimination against union members.

OFFICIAL QUILTS IN HUFF AND HURRY

Huntington Wilson Resigns as Assistant Secretary of State.

(Continued From Page 1)

sympathize with the view that it was not appropriate that I should longer retain the responsibilities of the office which I have now relinquished.

"I had no reason to suppose the officials on duty in the department of state would learn first from the newspapers of a declaration of policy which I think shows on its face the inadequacy of the consideration given to the facts and theories involved and the failure clearly to apprehend the motives leading to and the purposes of the policy superceded. I had no reason to suppose that the fate of negotiations, which had so long had the studious attention of the foreign offices of six great powers would be abruptly determined with such quite unnecessary haste and in so unnecessary manner."

RELIEVED OF OBLIGATION.

"This method against which I respectfully protest are the very extraordinary circumstances which I feel vitiate my understanding of Mr. Bryan and completely relieve me of any further obligation in the premises."

"The repeated utterances of the last administration must have made it perfectly clear that the motive and purpose of the policy now abandoned were first and primarily the protection of China's integrity and sovereignty, the uplift of the Chinese people, morally, materially and governmentally, the development of China's resources and the maintenance of our traditional policy of the 'open door' or equality of opportunity for American enterprises."

AMERICA NEEDED.

"Precisely because of the ultimate possibility of a measure of foreign control of China's finances, which means the loss of our study of the other countries, which have found themselves in a similar situation, it was deemed imperative that there should be American participation in the rehabilitation of China's finances, in order to make sure of the presence of the potent, friendly and disinterested influence of the United States. The only practicable method of such participation was by the use of reliable American bankers."

"In the consideration of the Far Eastern policy I have felt that so much should be promised and that the problem of the government's using American bankers, while still scrupulously avoiding any material monopolistic feature, might now, as before, be found one of the most difficult pre-occupations. I have always thought that, in the work of advancing the national interests and promoting a sense of equality of nations the financial force of the United States could be marshaled in some manner to present a safely united front abroad where it would be like the apex of a triangle, but would have a base broad enough to give an opportunity both for citizens desiring to invest and for bankers desiring to engage in these different and relatively risky ventures."

"It seems, however, that the conclusions reached are expected upon other grounds."

WILSON REPLIES.

President Wilson replied: "My Dear Sir: Allow me to acknowledge the receipt of your letter of yesterday and to say that I accept your resignation, as you suggest, at the present date."

"The correspondence was given out at the White House today. Wilson's letter of resignation was dated yesterday. The President's acceptance was dated today."

BANKERS WITHDRAW SUPPORT.

NEW YORK, March 20.—As a result of the statement by President Wilson that his administration would not request the American bankers heretofore interested in the "six power loan to China to continue to seek their share, the three banking houses in the so-called American group announced their entire withdrawal from the negotiations. The announcement followed a conference of the banking interests held at the offices of J. P. Morgan & Company.

In concluding their statement, which reviews in considerable detail the negotiations begun under the Taft administration, the bankers said: "As the American group had been ready to serve the administration in the past, irrespective of the heavy risks involved, so it was disposed to serve the present administration if requested. But deferring to the policy now declared, the group has withdrawn entirely from the Chinese loan negotiations and has so advised the European and Japanese banking groups."

LONDON IS SURPRISED.

LONDON, March 20.—The announcement of President Wilson that his administration had declined to request the American bankers of the six power group to continue their negotiations in connection with the \$25,000,000 loan to China came as a complete surprise to the British government.

On Tuesday Sir Edward Grey, the British foreign secretary, in a written reply to a question in the house of commons as to the position of affairs, said the terms of the loan had the unanimous approval of the six powers interested. This reply was hardly in print when the news came of the decision of the American government. There has been a good deal of dissatisfaction in London with the loan negotiations for exactly the same reasons that President Wilson gives for the withdrawal of the support of the United States.

SIMPLE REMEDY FOR KIDNEYS

A very simple and highly recommended remedy for kidneys, liver or bladder is here given: Buy from any good druggist one-half ounce Murrex compound in original sealed wooden package, one-half ounce fluid extract Buchu, six ounces good pure ginseng. (Be sure to get the genuine Murrex compound, not a cheap imitator package.) Mix and take one to two teaspoons three times a day after meals.

Look no time in treating such symptoms as: Backache, urinary troubles, highly colored urination, scalding urine, puffiness under the eyes, rheumatic pains in the joints, dimmed vision, as these quickly run into Bright's disease, chronic rheumatism or diabetes.

YAQUIS TO AID FEDERAL TROOPS

Indians Set on Warpath in the Effort to Crush Rebel Leaders.

(Continued From Page 1)

NOGALES, Ariz., March 20.—Six hundred picked Yaqui braves, with four machine guns and two field pieces, departed yesterday on a special train bound in the direction of Naco, where Ojeda is located with the only remaining federal force in northern Sonora.

General Obregon, commander of all the insurgent state forces is expected to follow and take personal command against Ojeda.

American refugees continue to arrive here by land and train from the vicinity of Guaymas, on the California gulf, where federal forces are mobilizing. Arrivals last night reported activity of Mexican gunboats up and down the Gulf coast.

Advice from Naco indicates that Ojeda's original force of some 450 men has been greatly depleted by desertions to the American side.

DEMAND SURRENDER.

MONTEREY, Mexico, March 20.—A large force of rebels under Venustiano Carranza, the rebellious governor of Coahuila, have demanded the surrender of Monterey before midnight. The demand was sent from Villa Garcia.

Fifteen hundred federals commanded by General Truce Aubert have been rushed from Villaladama to reinforce the garrison. Shortly after General Aubert left Villaladama the place was occupied by the rebels.

Many bridges have been burned and wires cut and all trains scheduled to leave Monterey have suspended operations indefinitely.

AMNESTY BILL SIGNED.

MEXICO CITY, March 20.—The amnesty measure was signed yesterday by President Huerta and telegraphed to the governors of all the states for proclamation.

Pascual Orozco Jr., who is working with the government to effect the co-operation of the adherents of the Zapata brothers, is meeting with success, and hopes to bring about the allegiance of the two leaders themselves.

The government is not convinced that the Salazar will continue in rebellion and has sent him an order to join a column now on its way to Sonora. A large proportion of the forces intended for the Sonora campaign will be moved westward from Casas Grandes through the Mormon colonies.

Dispatches from Monterey indicate that the residents there fear an attack by Carranza. The arrest of Mayor Zambrano and 26 prominent residents has caused considerable excitement at that place.

DIAB IN ROME.

ROME, March 20.—General Porfirio Diaz, ex-president of Mexico, paid his respects yesterday to Premier Giolitti and the foreign minister, Marquis di San Giuliano. Later he enjoyed a drive through the environs of Rome.

SUSPENSION REVOKED.

HOUSTON, Texas, March 20.—Attorney General James McMillan has advised United States District Attorney Lee McDaniels of the southern district of Texas yesterday that the suspension of service processes on the neutrality cases had been revoked by the department of justice and directed that such processes should be served at once on any of those against whom charges are pending who might be found in this state.

The suspension was ordered by former Attorney General Wickham when permission was granted to several Mexican rebel leaders to enter Texas as members of a peace commission at the time Madero was deposed.

TREVINO RESIGNS.

MONTEREY, Mex., March 20.—General Geronimo Trevino today resigned as governor of the state of Nuevo Leon, without explanation. The legislature will convene Monday to act on his resignation.

General Trevino's loyalty to the constituted government of Mexico has never been doubted. In the absence of other reasons, his resignation at this moment is taken as indicating merely lack of sympathy with Provisional President Huerta.

The safety of this city from attacks by the rebels has been assured by the arrival of a strong force of federal troops from Saltillo.

N. S. G. DELEGATES NAMED.

ALAMEDA, March 20.—Halcyon Parlor, N. S. G. W., of his city has elected the following delegates and alternates to represent the parlor at grand lodge convention in Oroville on May 12 of this year: J. Clem Bates Jr., Al Behnam, James Craig and H. D. Clark. There were a great many candidates and the balloting was exciting and eager. A banquet followed the election, and a program was given.

STOCK DAMAGED in Yesterday's Fire in Bacon Building

Our Oakland Sample Shoe Parlors Closed Today While Insurance Adjustments Are Being Made.

Oakland patrons will find complete stocks of the spring styles of Women's and Men's Shoes in our San Francisco store in the Pacific Building, corner of Market and Fourth streets, at the same low prices (\$2.50 and \$2.95 the pair), and will receive the same courteous and satisfactory service. Notice of reopening of our Oakland store will be published in a day or two. Watch the papers.

and some valued linen. Miss F. N. Brown's consignment was cotton crepe pajamas. Among the articles in the box which are not labeled as going to any one in particular, and may or may not be a present to the medical officer to whom the whole is addressed, include flags, Japanese toys, kimonos, dolls, sandals, bits of pongee, linen and crepe.

As soon as Stevens who notified this morning an investigation was immediately started. The goods seized are dutiable to the amount of 60 cents on the dollar.

THIEVES AT WORK WHILE FIRE BURNS

Take Advantage of Excitement to Loot Offices in Building.

In the confusion of removing belongings from the offices in the Bacon block during the fire yesterday noon, thieves took advantage of unlocked doors to commit several minor thefts. Report was made of these to the police today. In some instances articles believed to have been stolen had been taken by honest persons and placed in other offices for safety. J. A. Bright, a Ridgewood street, who has his offices on the third floor of the Bacon block in the west wing, which was directly under the roof fire, reported the theft of an overcoat, muffler and gloves from his office. The articles were valued at \$25.

Charles Schultz, 1116 Jefferson street, reported to the police that his home was entered by burglars during the night and that a suitcase, two suits of clothes, a gold watch and chain and other valuables were stolen. Entrance was effected by using skeleton keys.

Miss E. Nason, Tenth and Filbert streets, reported the theft of her handbag from 386 Ninth street. The handbag contained \$8.50.

L. Dagmar, Seventh and Broadway, reported the theft of an overcoat.

PROFESSOR TO BE REPUBLIC'S ADVISER

NEW YORK, March 20.—Professor Frank G. Goodnow of the Department of Diplomatic Law and Jurisprudence of Columbia University, has accepted the appointment, recently announced, as legal adviser in the preparation of the constitution of the new Chinese Republic. The arrangement covers three years, in which time Professor Goodnow will act, not only as adviser, but also as informal head of what might be termed a legislative drafting bureau. Professor Goodnow plans to start for China about April 1.

CONTINUATION OF RUGBY FAVORED

Stanford Replies to University of California in Big Controversy.

(Continued From Page 1)

under established rules. The committee is of the opinion that such rules should hold until changed by either institution."

U. OF C. MAY REFUSE.

UNIVERSITY OF CALIFORNIA, March 20.—The overtures of Stanford students looking toward a resumption of football relationship between their university and this will be considered by the executive committee of the Associated Students next Tuesday evening. It is considered probable that the local governing body will refuse Stanford's proposition that relationship be resumed on the basis of permanent rulings. Stanford has consistently maintained that the intercollegiate football agreement should hold over from year to year. California has declared on the other hand that it was an annual agreement only and passed after each intercollegiate game. The Stanford plans of an impartial arbitration committee is expected, however, to meet a favorable reception at the hands of the executive committee. Because of the absence in the college football agreement should hold over from year to year. California has declared on the other hand that it was an annual agreement only and passed after each intercollegiate game. The Stanford plans of an impartial arbitration committee is expected, however, to meet a favorable reception at the hands of the executive committee.

SISTER OF ALAMEDA DIVINE PASSES AWAY

ALAMEDA, March 20.—Funeral services were held this afternoon for Mrs. Isabella S. Adams, sister of the Rev. F. L. Nash, who died at the Nash home, 2347 Central avenue, yesterday after a lingering illness. Though an ill health for a long period, the end came with unexpected suddenness. Mrs. Adams, also the sister of A. H. Nash of Los Angeles and of Mrs. W. H. Hackell of Greenville, South Carolina. She was a graduate of Mt. Holyoke. She lived in this city ten years and in California thirty years. The services this afternoon were conducted by Dr. Frank S. Brush and President Nash of the Theological School of Berkeley.

DAMAGE TO NAVAL COLLIER IS LIGHT

WASHINGTON, March 20.—The damage sustained by the naval collier Jason by the explosion of the Alum China's cargo of dynamite in Baltimore harbor was not as extensive as was at first supposed. She has just completed a satisfactory test of her coaling gear, discharging more than 100 tons of coal per hour.

PRESIDENT WHEELER URGES NEED OF MILLIONS FOR STATE UNIVERSITY

Places Case of U. C. Before Finance Committee; Anti-Alien Land Laws Arouse Fierce Discussion

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, March 20.—Heard by President Benjamin Ide Wheeler, members of the board of regents of the State University and university officials, several of the growing departments of the college, work appeared before a joint meeting of the Senate finance committee and the Assembly ways and means committee last night, and urged the approval of the proposed new bills amounting to \$1,150,000 which the institution asks for the next two years.

Professor W. W. Hart, president of the Lick Observatory, University of California, and other distinguished scientists and scholars, who were among the experts who spoke before the committee.

Guy C. East, one of the regents of Oakland, took up the various appropriation bills and discussed them. He urged particularly the \$100,000 appropriation for support and maintenance of the university, explaining that half of the amount was added to make up for a loss under a change of system under the Gage administration. A new Normal Hall, one of Senator Broderick's pet schemes, was declared to be a necessity to replace the 50-year-old wooden hall now at the college. The board of regents has approved the bill.

APPROPRIATION BILL.
The appropriation bill, discussed, was \$100,000 for support and maintenance, \$14,500 for agriculture, \$400,000, new North Hall, \$62,000, improvement of income, \$50,000, replacement of buildings and equipment at Lick Observatory, \$20,000, university extension, \$20,000, Los Angeles medical department support and \$25,000 for improvements, \$50,000 for two dormitories at Davis State farm, \$10,000 for dining hall, \$65,000 for classroom and library buildings, \$100,000 for small buildings, \$60,000 for experimental station site in Southern California, \$100,000 for laboratory and \$25,000 for residence and barns at Southern California.

PLANS ARE OUTLINED.
President Wheeler addressed the meeting briefly, pointing out the general plans of the university. He gave credit to the native Californians for the splendid growth of the university, because of their generous donations. Within the past six or seven years, about \$2,000,000 had been added to the university building funds by endowments. Besides this amount, \$10,000 has been given in recent years for the maintenance of the institution.

When President Wheeler informed the committee that a recent report received in his office showed that the State University ranks tenth among the universities of the world, the legislators applauded heartily. Governor Wheeler, who was present, declared that the report was based on statistical information.

Touching on the donation subject, President Wheeler informed the meeting that a donation of \$500,000 is coming to the institution.

He cannot say at this time from what source this sum is coming, but he has been assured of it, explained President Wheeler.

The speaker outlined the work contemplated at the various stations and in extension work. He mentioned the plan by which the common people, who cannot afford a college education, may get the advantage of information imparted through the mails.

Dean Hunt, new head of the college, explained the sums asked for by his department. During his address he sounded a warning of an impending danger from the spread of hog cholera. He declared that he had to be killed upon examination, being affected with tuberculosis. Part of the \$14,000 that is being asked by the university for agriculture is to be used in a research to halt the growth of these diseases, he declared.

Manager Powell of the Citrus Protective League and Dr. Webber of Los Angeles spoke on behalf of the \$185,000 asked for the proposed experimental station in Southern California.

Professor W. W. Campbell of Lick Observatory and Judge Peter J. Shields, one of the directors of the Davis farm, also spoke.

Assemblyman Morgenstern expects to get quick action on his bill that is designed to take the wife or the children of a man who has lost his money in the poolrooms or in playing any game of chance that is conducted in violation of the state law to sue the person or corporation operating the game.

He will come up on the floor of the assembly very soon. It is a broad measure and makes the lessees and owners of the building in which the game was played also liable for recovery.

Senator George Hans' bill requiring a water company to extend water mains, or laterals, to a street upon the petition of three land owners residing within 300 feet of a water main, has been referred to the committee on municipal corporations. The bill is receiving opposition from the Oak Park Water Company of this city, the objection being over the relative obligations of an independent water company and a municipal system where they cover the same territory, as in Sacramento.

The legislature will be asked to provide a law that will severely deal with such cases as those of Drew Cuminetti and Maury I. Diggs, the two married men of Sacramento who, along with Marsha Warrington and Lola Norris, are now facing white slavery charges before the federal court. Assemblyman J. M. Linn of Sacramento is endeavoring to find some way of increasing the penalty in such cases. The limit sentence possible under the present law is two years.

ANTI-ALIEN LEGISLATION.
All anti-alien legislation in the assembly will come from a special committee consisting of assemblymen W. S. Clark of Oakland, High Bradford of Sacramento and W. A. Sutherland of Fresno according to a decision of the assembly judiciary committee last night. The committee of the house is to take the half-dozen anti-alien bills that are before the house and mould them into a committee bill that will embody their ideas of exclusion.

Each member of the special committee is opposed to Japanese owning lands in California and their substitute measure will be awaited with interest.

Assemblyman Benedict's immigration bill providing for the appointment of a committee of five to serve without pay was passed upon favorably by the judiciary committee last night. It is modified after the New York law.

The Torrens act bill that will revolutionize the passing of title in the transfer of lands was reported out with a "do pass" by the committee. This bill, Fearless No. 40, makes it optional with the people whether they use its abstract of title method or not.

DEMORALIZATION LAWS.
Bitter denunciation of the land laws of California that have permitted the growth of Japanese farming communities in many parts of the state was made late yesterday by a delegation of San Joaquin valley farmers before the senate committee on judiciary, in connection with a demand for adequate alien land law that shall check the encroachments of the Oriental farmer.

Threats to adopt summary measures to drive out the Japanese if the legislature failed to give relief were made, and when one speaker, H. A. Mitchell, a farmer of Elk Grove, was asked what would be done, he replied: "American manhood will point a way. We have a deadline at Elk Grove now, beyond which the brown race cannot pass. If we are denied relief from the intolerable situation that confronts us, I will not be responsible for what will surely happen."

DEMAND NEW LAWS.
Labor representatives and officials of the Asiatic Exclusion League joined their voices with those of the farmers in denouncing the Japanese rancher and demanding the passage of one or another of the bills now pending that would deny ownership of land and even its use by leasing to the alien who cannot become a citizen.

The bills as introduced vary widely in their structure, owing, it is said, to the desire not to violate the international law and even its use by leasing to the alien who cannot become a citizen.

Inasmuch as Japanese are ineligible to become citizens this was held to be an adroit means of accomplishing the object desired and not giving offense, but at the committee meeting yesterday several speakers pointed out that the Birdsall bill allowed leasing and also ownership and leasing by Japanese.

John Reese, a farmer of Florin, declared to the committee the effect of the Japanese encroachment upon his community.

He advised the senators from southern California to vote for the anti-alien land law, or else the Japanese would gain control of the orange industry.

"We will take a chance on that," said Senator Anderson of Santa Ana. "That's what I said 10 years hence if you don't stop them."

CHARGE MANIPULATION.
Other speakers representing farming districts in different parts of the state addressed the committee, alleging that the Japanese came into a community and paid high leases for the first year, how they would be successful for a year or two, then unscrupulous for one or two seasons, in order to depress values, and then buy up the land for less than it was

worth. After that they were always successful, the witness said.

The committee referred the bills on the subject to subcommittees consisting of Senators Wright, Thomson and Curtin.

Several bills are to prevent aliens not eligible to citizenship from acquiring title to real estate in California. These bills are now before the legislature having been introduced by members from agricultural districts. None has yet come up on the floor of either house for passage, being still in committee.

There are also before the legislature several bills segregating negro and oriental pupils in the public schools. This question, however, has aroused but little interest among the legislators.

SECOND SUPERIOR JUDGE.
The judiciary committee recommended a second superior judge for Contra Costa county.

Three Alameda county peace officers appeared before the ways and means and finance committees last night in behalf of the bill establishing a central bureau of identification in the ferry building, where all panned and stolen articles in the state are to be daily recorded. Sheriff Frank Barnett, Chief of Police Peterson of Oakland and Chief of Police August Vollmer of Berkeley, explained the purpose of the bill. They argued that it would mean a big saving in the recovery of stolen goods and in the apprehension of criminals. They are asking for \$31,000 to start the system. After two years the various city police departments may maintain it by annual "dead horse" sales of confiscated property.

Miss Bessie Wood of Oakland, one of the few women undertakers in the state, appeared before the Assembly public health and quarantine committee yesterday afternoon to urge favorable action on a bill that shall require funeral directors and embalmers to be licensed and creating a state board to have this profession in charge. H. Hughes of San Francisco was also before the committee.

REGISTRATION OF NURSES.
The first hearing on Assembly bill 272, providing for the registration of nurses and making it unlawful for a nurse who does not carry a state certificate to practice nursing as a certified and trained nurse, was held before the Assembly committee on health and quarantine with Assemblyman Fitzgerald in the chair. A host of pretty nurses from Los Angeles, San Francisco and Oakland were on hand to advocate the bill, which is said to have the backing of the big Oakland hospitals.

Assemblyman Geo. Gelder of Berkeley, who introduced the bill, said that the bill would result in a nurses' combination because qualifications were restricted to nurses from accredited hospitals and passage of the bill would mean that no one might get on the accredited list for one reason or other. He pointed to the alleged doctors' trust as an example.

Influx of Aliens Subject of Bills
SACRAMENTO, March 20.—Members of the California Immigration commission appointed by Governor Johnson last August to consider means of handling the great influx of aliens expected on the opening of the canal, appeared before the assembly judiciary committee last night to urge the passage of the bill providing for the creation of a commission of housing and immigration. Assemblyman H. S. Benedict of Los Angeles introduced the measure, known as A. E. 98, which was later favorably recommended.

The commission, which has completed its work and will hand its report to the governor today, was represented last night by Simon Lubin of Sacramento and Robert Newton Lynch of San Francisco.

"Figures just issued by the United States census bureau," Mr. Lubin told the committee, "show that in the year ending June 30, 1912, immigrants to the number of 28,905 entered Atlantic ports and 12,949 entered the country during the 12 years preceding this date. The average of 19,186 entered the country annually destined for California. What the number of immigrants to California from Europe will be through the canal we have found no means of estimating, although we found tremendous interest in this subject in the east."

FLEETS TO BE INCREASED.
"Fluents of greatly increased fleets projected by transatlantic steamship companies, and of thousands of immigrants now being sent to the United States, for passage through the canal, are prevalent."

"Some means of protecting the immigrant from exploitation by white slave labor contractors, interpreters, and others who prey upon the must be found. More than 25 per cent of the immigrants are illiterate, and experience has shown that just as many of them are criminal as of native born population. The fact that 70 per cent of the immigrants are 'pauper' tends to immorality among them. Among some races, 95 per cent of the immigrants are males."

"The great problem will be in housing the immigrants and preventing the congestion that exists in the foreign quarters of the big eastern cities. Ninety-four per cent of immigrants state that they are coming to join friends, which generally means that they are to be boarders in the homes of those friends, and 33 per cent have their passage paid by friends."

"The appointment of a committee of five is provided for, to serve without pay, but to have an appropriation of \$25,000 a year for the employment of experts and necessary expenses."

BILL IS LENGTHY.
The bill is a lengthy one, and empowers the commission to look after the moral, industrial and educational welfare of the immigrants in every conceivable way.

"Our report to Governor Johnson," said Lynch, "will call attention to the fact that foreign governments have established powerful agencies in this state for the protection of their countrymen. Necessary as these may be, where states are too thoughtless or negligent to assume their own responsibility, the preservation of the American race and the protection of American workers and the making of new races into Americans is too precious a part of the American inheritance to be left to governments whose main interest must

HEESEMAN'S

Boy's Watch Free With Confirmation Suits

With every Boy's Suit purchased in our Juvenile Department a watch will be given as an Easter gift. This watch is a wonder and is guaranteed for one year.

Boys' Easter Norfoks for Spring Wear

Boys' Wash Suits

Galatea Wash Suits for the little fellow. They come in a variety of ideas and will please the particular mother. \$2.50

Boys' and Girls' Straw Hats A large assortment has just arrived, including Panamas, Milan, plaid and navy bands.

THE BOYS' STORE.

recessarily, be in the alien is a subject rather than in a citizen of a new country. The process of Americanization, whether by distribution of education, assimilation of protection should not be entrusted to the schools, or directed by alien governments but is a matter of state and national welfare and responsibility.

Members of the present commission are Robert W. Johnson and Dana W. Bartlett of Los Angeles, Simon Lubin of Sacramento and Katherine Felton and R. W. Lynch of San Francisco.

"Non-Sale" Game Bill Is Debated

SACRAMENTO, March 20.—A public hearing before the joint Senate and Assembly fish and game committees on the "non-sale" game bill last night brought forth expressions from both proponents and those opposed to the measure that conservation of wild game was desired by all, but disclosed also the various points of contention to best accomplish this purpose by legislation.

Hotelmen contended that it would not be fair to the general public to deprive it of wild ducks by removing the hotel and restaurant distribution, but agreed that if serious conservation was contemplated it could be more effectively brought about by prohibiting the killing of ducks for two years or more.

Charles E. Snow of San Francisco, representing the Northern California Hotel Association, declared it was absurd that 250 market hunters should so disturb game conditions that "the passage of a non-sale bill would be necessary."

FAVOR THE BILL.
Senator George Hans, Professor C. A. Koford of the University of California, W. Lee Davidson and R. K. Keane of Los Angeles favored the passage of the bill and also a reduction of the bag limit from twenty-five to fifteen ducks a day.

Assemblyman Stuckenbruck asserted that the existing law gave him the right of ownership on killing a duck and he did not consider it ethical, even if constitutional, that he should be prevented from marketing his bag of ducks. "If the sportsman can't ship his game to the city to friends as well as the market hunter, you will have devised an effective way to conserve the duck."

Fish and Game Commissioner Westerland said the records showed that 84 market hunters in 1912 shipped game to San Francisco for sale. He contended the non-sale of game was the only way to stop extermination.

Demands Use of Kearney Legacy

FRESNO, March 20.—The board of directors of the Fresno county Chamber of Commerce last night adopted resolutions, to be forwarded to all the members of the legislature, demanding that the wishes of the late H. Theo. Kearney, in donating to the University of California 5200 acres of improved land to the value of \$1,500,000, be complied with by the establishment of an experimental farm, and protesting against the expenditure of state money for the purchase of land for this purpose elsewhere while the site here is available. The suggestion is made that the university sell off 4000 acres of the land the money to be used in establishing the school and experimental farm.

Physicians Have Hearing at Capital

SACRAMENTO, March 20.—The Senate committee on public health and quarantine and the Assembly committee on medical and dental laws, sitting together, heard two score representatives of the medical profession late yesterday in a general, free-for-all debate on the pending legislation dealing with the practice of medicine in the state. There are a dozen bills or more which propose to change the status of the board of medical examiners and every side was given a hearing.

As at present constituted the board of medical examiners is composed of

representatives of the schools of allopathy, homopathy, osteopathy and the eclectic school. Some of the speakers who appeared before the committee asked for separate boards of examiners for each of the schools known as eclectic, homopathic, chiropractic and mechanotherapy.

Others favored grouping all practitioners under two headings: those who use drugs and those who do not. Included under the latter heading are the psycho-therapists, the chiro-piactes and the mechanotherapists, all of whom are prohibited from practicing in California. Senate bill No. 1353, by Senator Gates, provides for making this distinction and for having two boards of medical examiners, one for each of the groups.

Richard Inglesse of Los Angeles, speaking in behalf of the Gates bill, said there were 65,000 persons in California who were patrons of the "drug less schools." No action was taken by the committee.

Object to Change in Boxing Laws

SACRAMENTO, March 20.—The "manly art" versus the "brutal and degrading exhibition," terms respectively applied by defenders and opponents of boxing as carried on in this state at present, were expounded yesterday before the assembly committee on public morals. The argument was upon Assemblyman H. W. Brown's bill for the prevention of prizefights where admission is charged and the principal boxer, spar, exhibit or fight, for a purse.

Assemblyman Brown proposes to amend the present law, which he says is violated nearly every day in the year by bouts in San Francisco, Los Angeles and elsewhere, and increase the penalties for its violation, making the maximum imprisonment five years. Brown stated to the committee that he did not desire to interfere with legitimate exhibitions of amateur sports, but some years ago was amateur welterweight, and later middleweight, champion of the coast, objected to any change from the present laws.

Assemblyman W. A. McDonald of San Francisco, who some years ago was amateur welterweight, and later middleweight, champion of the coast, objected to any change from the present laws.

"I have seen dozens of weak, hollow-cheeked boys transformed into splendidly physiqued athletes by taking up boxing," said McDonald. "Furthermore, I can say from personal acquaintance and observation that boxers as a class are second to none in morals and honesty."

"The present law is ample. There is no prizefighting in the accepted sense of the term in California now. The old-time bare-knuckle prizefighters would laugh at the 'pillow throwers' who box today," with padded gloves. The boys who follow boxing today are almost all so smooth skinned, nearly girlish in complexion, as to escape suspicion as to their calling from persons who do not know them."

"Isn't the Britt-Nelson fight at Colma a prizefight?" asked Brown. "Oh, no," said McDonald. "That was a sparring exhibition."

Progressives at Capital Confer

SACRAMENTO, March 20.—Governor Johnson has begun calling his Progressives together into conferences to map out a party policy and provide for a party future.

One of the most important of these conferences was held yesterday. A band of party leaders got together in the Governor's office in the morning, then they went to luncheon together, and after luncheon they picked up more of the faithful and went into another conference.

Senators Boynton and Thompson are said to be among those who wish to cling to the Republican party, it is noteworthy that they were not in the conference.

Among those who talked with the Governor though not all were in conference at any one time, were: Paul A. Ryan of San Francisco

chairman of the Progressive state central committee, John W. Steinson, former Senator of Oakland, Ryan's predecessor, H. L. Canham of Richmond, D. E. Knoch of Santa Ana, attorney for the Santa Ana Irrigation Company, Assistant-General L. A. Forbes, State Treasurer Roberts, Francis J. Henev, Senators William Kehoe of Berkeley, J. C. Gates of Los Angeles, J. J. Tyrrell of Oakland, and Frank H. Benson of San Jose, and Assemblymen F. H. Bloodgood of Los Angeles and Egbert J. Gates of South Pasadena.

Assembly Passes 24 Bills in Day

SACRAMENTO, March 20.—The Assembly passed 24 bills yesterday, amended numerous others which came up on third reading and received a 180-page report from the committee of five sent to cement factories to investigate the effects of Portland cement upon the health of workmen handling it.

Not more than ten minutes' time was taken up in debate on any of the bills passed yesterday. Of the more than sixty bills passed by the Assembly since the recess none has had to overcome a negative vote by more than ten members.

The appointment of the special committee to investigate the state prisons, which was evaded yesterday, did not take place because of the absence of Assemblyman J. J. Ryan of San Francisco, who, it is understood, will be chairman.

MANY BILLS PASSED.

Among the bills passed were: Assembly joint resolution 19, by Johnston, requesting the governor to establish game refuges in national forests.

Assembly joint resolution 20, by Woodley, relative to federal income tax.

Assembly joint resolution 21, by Scott, requesting the government to recognize the republic of China.

Assembly bill No. 580, by Nelson, penalizing owners of reservoirs stocked with fish from State hatcheries who prohibit the public from angling in same.

Assembly bill No. 754, by Morgenstern, making firemen's pensions payable monthly instead of quarterly.

Assembly bill No. 555, by Roberts, ratifying sale State normal school site at Los Angeles.

Assembly bill No. 734, by Griffin, relating to county high school bonds.

Assembly bills No. 434, 441, 442, 444, by Assemblyman J. M. Inman of Sacramento, ratifying sale State normal school site at Los Angeles.

Assembly bill No. 1503, by Tulloch, providing for the employment of agricultural districts by legislation.

Two Senate bills were passed and sent to the governor for approval. They were Senate bill No. 688, by Carr, relating to municipal bond elections, and Senate bill No. 690, also by Carr, amending the procedure for the incorporation of cities of the sixth class.

SITES FOR BUILDINGS.
An enabling act empowering the State to accept donations of lands as sites for State buildings was passed by the Assembly yesterday. The bill, Assembly bill No. 1314, introduced by Assemblyman J. M. Inman of Sacramento, was put in as a part of the campaign being waged by Sacramento for the erection of a new State office building here. A bond election will be held soon at which the voters of the city will decide whether they will give to the State a tract of two blocks adjoining the present capitol grounds.

The present legislature will be called on to decide as to whether necessary new quarters for State offices shall be erected here or in San Francisco, which also proposes to donate a site to the State.

REMOVE QUALIFICATION.
Assemblyman T. D. Johnston's bill removing the property qualifications of jurors, was reported last night out of the lower house judiciary committee with favorable recommendation.

The measure, in effect, provides that a jury venire shall be made up from the names appearing on the great register, instead of from the assessment rolls as under the existing law.

Some courts have questioned the right of women to act as jurors and

W. B. BRYAN, Leasing Dept., Frank K. Mott Co.

Our Leasing Department makes a specialty of securing desirable tenants for high-class properties. Do not let your home stand idle if you are contemplating an extensive trip.—We can lease it.

this bill probably definitely settles the question of whether or not one backed by the labor representatives.

The bill creating a game refuge of 33,000 acres on and around Mount Tamalpais was favorably recommended last night by the Assembly committee on fish and game. The measure, which was introduced by Assemblyman W. C. Clark of Alameda county, on behalf of the Mount Tamalpais Conservation Club, was the subject of a heated attack before the committee.

Sunday Rest Day Law Is Opposed

LOS ANGELES, March 20.—Opposition against the state Sunday rest law was manifested from a new angle today when it became known that a delegation of Los Angeles hotelkeepers was on its way to Sacramento to resist the purpose of the measure. The hotelmen left last night.

It was claimed that the bill as introduced in the legislature will necessitate Sunday closing of the hotels.

A COLD, LA GRIPPE, THEN PNEUMONIA.
Is too often the fatal sequence. La Grippe coughs hard on, weakens the system, and lowers the vital resistance. R. G. Collins, Postmaster, Barnum, N. J., says: "I was attacked with a severe La Grippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be beat."—Wheeler's Drug Store.

LATEST NEWS FROM OUTSIDE TOWNS

ALTA MIRA CLUB MEMBERS BUSY

Philanthropy Class and Choral Section Give Good Programs.

SAN LEANDRO, March 20.—The philanthropy class of the Alta Mira Club, of which Mrs. F. O. Meyers is chairman, met yesterday afternoon. Mrs. Meyers acted as hostess for the occasion. The philanthropy section is interested in all departments of cases which come under its notice, and has done so much good.

The choral section under the direction of Miss A. Mayne will meet in the club room in Mason hall this afternoon. When the members will rehearse the parts they will take in the Japanese Opera, which is to be given by the Alta Mira Club April 1.

Next Monday will be a red-letter day with the club. A meeting of the executive board will be held in the afternoon of the same day the club will celebrate California day with an elaborate musical and patriotic program. On the evening of the 21st a club party will be held at the home of Mr. and Mrs. C. L. Best. The proceeds from this party will go towards the clubhouse fund.

SAMUEL GOMPERS MAY SPEAK AT BIG PICNIC

RICHMOND, March 20.—The cigar makers belonging to the Cigar makers International Union, of Richmond, Berkeley, and San Francisco, have secured the opening day at Grand Canyon Park, April 13, and will give one of the biggest picnics that has ever been pulled off in this vicinity, or at any point on the Bay of San Francisco. The committee, composed of members of the different locals on the bay, have secured prominent speakers to address the crowd on that day. Among them will appear A. W. Setton, the well known labor leader of Oakland, who will speak on "Labor," and A. A. Tolson, of the Oakland Chamber of Commerce, will speak on "Industries," and it is expected that Samuel Gompers, head of the American Federation of Labor, who will arrive on the coast about that time, will be induced to give those who attend this outing a talk on some subject appropriate to the labor question.

One of the features of the picnic will be a drum corps contest in which all the leading drum corps on the East Bay will take part. The "East Bay" drum corps of Richmond, considered the best in this section of the state, will enter the contest with the expectation of carrying off the handsome prizes which it is intended to offer. Several brass and string bands will be used for the occasion, and another feature will be a grand ball in the evening. No expense will be spared to make this picnic the most elaborate ever attempted and several thousand are expected to attend.

CORPORATIONS MOVE SLOWLY AT RICHMOND

RICHMOND, March 20.—The ties and rails of the new Southern Pacific electric railway extension into this city have been on the ground here for a month, but no move has been made toward putting them in place. Inquiry regarding this brings out the claim on the part of the S. P. Company that it has not been able as yet to bring about a satisfactory arrangement with the San Francisco-Oakland Terminal Railway Company relative to certain grade crossings.

The moving of the new Ashland avenue tracks from the street paralleling the Santa Fe tracks to the new Ashland avenue is also dragging along. Relative to this the street car company claimed they had not been able to obtain a permit from the state railroad commission to make the change. A letter has just been received from the commission stating in effect that this is not true and that no red tape on the part of the commission is delaying any railroad or other improvement in Richmond.

The Santa Fe took several years to build Ashland boulevard, over the continued protests and insistent demands of the city council.

MORE CASES OF CAT RABIES AT RICHMOND

RICHMOND, March 20.—Two more cases of attacks on children by a rabid cat, the same which was shot and sent to the state laboratory yesterday, have been made to Health Commissioner Blackie. They are Edward Kern, aged 13 years, a half-brother of C. F. Beckhaus, who was bitten in the calf of the leg and who is being attended to by Dr. W. J. Gannon. Arrangements have been made with the Cutter Laboratory and young Kern will be given the Pasteur treatment, beginning tomorrow.

Wilma Carr is another victim of the mad cat, she so terrified the city for several hours last week and managed to bite five children before it was finally killed. Miss Carr will also be given the Pasteur treatment.

It will take twenty-five days to complete the treatment in each case.

RICHMOND WOMEN ARE STAGING A PLAYLET

RICHMOND, March 20.—The ladies of the Richmond club are making good progress with their new play, "The Honey-mooners," which they are to stage at the auditorium of the Lincoln school on April 3, and those who have seen the rehearsals say it is going to be a big winner. After the play those who wish will end up the evening with dancing. The following is the cast:

Dorothy Madison, the bride.....Miss Helen Winfree
Harry Madison, the bridegroom.....Mrs. Hattie Gannon
Louise Magill, chum of the bride.....Mrs. J. S. Conwell
Mother of the bride.....Mrs. E. A. Preble
The Baby.....Bob Irwin

OPENING NEW STREETS CONSIDERED EXPENSIVE

RICHMOND, March 20.—Considerable of a man is going to form a number of lot and tract owners owning jagged and adjacent to the proposed opening of Seventh street from Barrett avenue to the Highland tract, because of what seems to them an excessive assessment upon them for the improvement. The opening of this thoroughfare was duly advertised and made known. The opening of this street is to cost just \$12,172, the bulk of that cost being caused by the city having to condemn and buy eighteen lots at a cost of \$11,301, the balance of the cost being the usual incidental expenses.

DOMESTIC SCIENCE CLASS IS STARTED

Women of Hill and Valley Club Learn Household Duties.

HAYWARD, March 20.—A domestic science class has been started by the Hill and Valley Club and proving one of the most successful of the many undertakings of that organization.

All members of the club are eligible to join and the classes are open to all. The domestic science members meet at the home of Mrs. B. H. Madison. Pennington, aprons after the true housewife fashion makes a point of the city are put through their paces in the art of housekeeping under expert tuition. They are taught domestic science economy, how to clean up, how to cook, how to keep everything in ship-shape order and the other multifarious duties demanded of the head of the household.

The committee in charge of the domestic science class is Mrs. Helen Powell, Mrs. Ethel Owen and Mrs. T. B. Russell.

BLOSSOM BOOK IS FESTIVAL BOOSTER

Chamber of Commerce Issues Attractive Literature for Homeseekers.

HAYWARD, March 20.—The Chamber of Commerce, of Hayward, who is responsible for the coming Blossom Festival, takes front rank in the many good ahead organizations of this city. The booster pamphlet issued by the chamber attracts a strong appeal to the business man and the homeseeker to settle in this flourishing community.

With wise foresight, those who have care of business of Hayward's business and social interests, have drawn an "as the crow flies" line between Hayward and the 1918 Exposition in the pamphlet. A stirring time is predicted for this city during the Exposition, and the Chamber of Commerce anticipates the rush of homeseekers by setting forth in the pamphlet the many claims of the community and the surrounding country.

In the pamphlet there is a whole page map of the East Bay country, showing in detail the many roads leading from the big centers into Hayward. Hayward's beautiful situation, as a homeplace, and its rich orchard lands are clearly defined. The pamphlet also describes the progress made by the city in the way of transportation, municipal improvements and the result of the enterprise shown by the civic organizations.

THOMAS BURKE IS BURIED BY WOODMEN

SAN LORENZO, March 20.—The members of Orchard Camp, Woodmen of the World, of San Lorenzo, attended the funeral yesterday of Brother Thomas Burke of San Lorenzo, who died Monday following a long illness. The Woodmen hung their badges of office in honor of deceased.

Burke, who was a native of Ireland, was 60 years of age. He leaves four children—Nettie, Hazel, Clarence and Wilfred Burke.

RICHMOND NOTES

RICHMOND, March 20.—The Ladies' Aid society of the Calvary Baptist church met today at the home of Mrs. Kraton, 341 Eleventh street, for a combined business and social session.

The ladies of Minster Chapter of Eastern Star held a meeting last evening and initiated a class of six new candidates.

Supreme Chief John Trimble, Supreme Grand Warden and Past Chief Companion Irene Wundrich visited Silver Circle, Companions of the Forest, last night.

Mrs. E. A. Preble is convalescing from a severe illness caused by pneumonia.

The Women's Missionary society of the Presbyterian church held its annual meeting last evening and heard a lecture by Mrs. J. H. Berkeley, who discussed on the subject of missions in Korea. The following officers were elected: Mrs. Preble, president; Mrs. Conwell, vice-president; Mrs. Edmond, secretary and treasurer.

Log Cabin Camp of Woodmen is preparing for a big social party to be given on the evening of March 21.

Miss Anna Silva of Pinole is to become the bride of Arthur P. Winbols of San Francisco at a wedding ceremony to be held in St. Paul's church, Pinole, by Rev. Father Potter.

The Richmond Menace club gave an entertainment this afternoon at Fraternal hall. A feature was an illustrated lecture by Kane Berg of Oakland on "The Passion Play." The business of the evening was conducted by P. C. Campbell, Summers and Miss Campbell.

GET RID OF PILES AT HOME

Try This Home Treatment; Absolutely Free.

No matter how long you've been suffering or how bad you think your case is, send at once for a free trial of the wonderful Pyramid Pile Remedy. Thousands afflicted as badly or worse than you trace their cure and recovery to the day they began using this wonderfully successful remedy.

Pyramid Pile Remedy gives instant, blessed relief. Pains disappear, inflammation and swelling subside and you are able to work again as comfortably as though you had never been afflicted at all. It may save the expense and danger of a surgical operation.

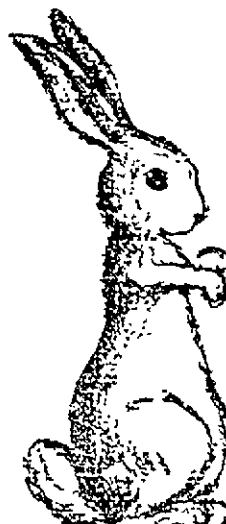

Just send in the coupon below with your name and address, a slip of paper to the Pyramid Drug Co., 420 Pyramid Bldg., Marshall, Mich., and a sample will be sent you FREE. It will show you conclusively why Pyramid Pile Remedy will do. Then you can get the regular medicine for 25c a box and drive the rest away. Don't suffer another needless minute. Write now.

Free Pile Remedy

BEGIN DECORATION FOR BIG FESTIVAL

Hayward Business Men Are Active in Early Preparation.

HAYWARD, March 20.—"What's your scheme of decoration?" is a question one hears repeated a hundred times a day in busy Hayward as the time for the opening of the much-anticipated blossom festival approaches. Business men and tradesmen are consulting one another as to how they should decorate their premises. The prevailing color scheme is pink and green, the official carnival colors.

The festival crowds will pass between avenues of blossom and green foliage, which have been brought in from the surrounding country to beautify the streets. Much of the decoration work has yet to be carried out, and the committee in charge of this department of the festival will have everything prepared for the opening day.

Private homes have undergone a transformation within the last few days, as householders are showing a spirit of friendly rivalry in the contest for prizes to be awarded for the best decorated home. Fruit trees laden with beautiful blossom, and the carnival colors play a prominent part in the decoration of Hayward homes.

WOMAN WILL GIVE LECTURE ON JERUSALEM

FRUITVALE, March 20.—Mrs. Marshall, wife of a former consul of Jerusalem, will give an illustrated lecture in Fruitvale next Friday evening under the auspices of the boys' department of the Fruitvale Congregational Sunday school. The subject of the lecture will be "Scenes From Jerusalem," and slides from photographs taken by lecturer will be shown. George Emerson, formerly of the Y. M. C. A. lecture bureau, will operate the lantern.

The lecture will be interesting and instructive, and should draw a large audience.

PLAN CONTRA COSTA BAR ASSOCIATION

RICHMOND, March 20.—Attorney T. J. Hall, has been promoting a movement to organize the lawyers of the county into a bar association and to that end has taken the matter up with attorneys of the county seat. He has met with much encouragement, the lawyers of Martinez, to a man, having agreed to join the movement. A meeting will be held in the court house at Martinez next Monday, at which time steps will be taken to perfect a permanent organization.

URGES MONUMENTS FOR OLD SAN FRANCISCANS

SAN FRANCISCO, March 20.—The Outdoor Art League of the California Club has recommended to the supervisors that monuments in memory of the following be placed in the civic center: Russ the elder, who presented to the city its first public park, Columbia Square; Colonel Thomas Hayes, who gave Jefferson Park; J. C. Bledemann, who gave Hamilton Square; David Hughes, who reclaimed the land east of Montgomery street; William T. Coleman, organizer of the Vigilance Committee; Governor John G. Downey, who saved the San Francisco waterfront and framed the woman's property rights law; and James Lick, who is the first choice of the league for a monument, although mentioned last. The league is erecting a monument of George Washington in the civic center if only men of national fame are to be considered in this connection.

Would an income of two thousand (\$2000) to five thousand (\$5000) a year on an investment of a few hundred dollars interest you?

This is not a get-rich-quick scheme, but a straight, clear-cut, business proposition, conducted on entirely new lines. We have affidavits from men and women who have made from \$5000 to \$170,000 in the past two years, and we believe any ambitious, energetic man or woman who will devote 6 or 7 hours daily to this business will make at least \$2000 per year, with a chance to make an independent fortune. It costs you nothing to investigate. Call at our office and let us submit to you the most remarkable business proposition that has ever come to our notice. Write us for full particulars. Address: A. C. PAGE & CO., 1315 Call Building, San Francisco.

DENTIST'S WORK CHOSEN AS BEST

Tooth Troubles Cause Unnecessary Anxiety and Dread.

ALAMEDA, Cal., Feb 12th, 1913.

Dear Doctor: In the early part of the spring of last year I was in San Diego and looking over an Oakland paper I found at the hotel, came across your ad, telling of your method of painless dentistry. It interested me greatly, for I had come away from home in Alameda with an aching lot of teeth, some of which needed all the care and some that needed extracting.

In times past I have had a very considerable amount of dental work done, and the various dentists who have done the work have, with but few exceptions, hurt me so much that I dreaded the filling and the thought of extracting any of them was what I couldn't face, so after seeing the advertisement I returned to Alameda and at once called at your office. You will doubtless remember my reluctance to get into your operating chair, which I did after your assurance that your painless method was the real goods. The entire absence of any pain in the several extractions you then made, together with the other work you then did, pleased me very much and I assure you that I take a great deal of pleasure in offering you this little note to express my opinion of your work and method.

Yours very truly,
F. L. HUBBARD.
My methods are used by me exclusively.
DR. J. B. SCHAFHIRT,
Macdonough Theater Bldg.,
1322 Broadway, Cor 14th
Phone Oakland 1235.
I can refer you to hundreds of prominent persons who will verify my claims.

GOVERNOR ORDERS RELEASE OF STRIKERS

CHARLESTON, W. Va., March 20. Governor Henry D. Hatfield ordered today the release of ten of the forty-nine prisoners tried before the military commission for rioting in the Kanawha coal fields. "Mother" Jones and the other leaders among the strikers were not among those released. The findings of the military court were submitted to the governor some days ago.

THOSE PIMPLES ARE A FRIGHT

There's No Excuse for Blotches, Blackheads and Pimples; the Right Way to Get Rid of Them Is by Taking Stuart's Calcium Wafers.

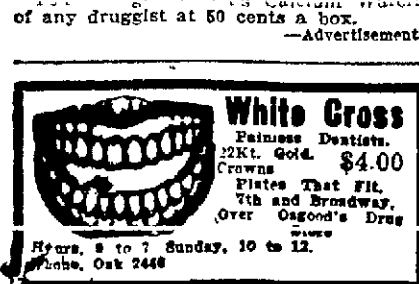

Many people are continually using lotions and creams on the face and wonder why they make so little impression upon pimples, blotches and blackheads.

It's because pimples and eruptions come from the inside—from impure blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear.

Stuart's Calcium Wafers will often clear the complexion in a few days' time. That's the wonderful part of it—they act right off—in a hurry. That's because they're made of fresh cut flowers from the famous San Leandro gardens. The fruit packers have been asked to supply exhibits of their products and care owned by private car lines, rates and mileage charged and the cost of handling refrigerator cars. Answers must be filed before April 20.

W. J. Gannon, secretary of the Chamber of Commerce, has charge of the exhibit plans.

BEWARE ORIENTAL, PRINCESS' ADVICE

Former Ola Humphreys of Oakland Tells Why Marriage Failed.

CHICAGO, March 20.—Princess Itha-hassa, who before her marriage to a cousin, a son of an Egyptian king, Miss Ola Humphreys of Oakland, Cal., passed through Chicago yesterday on her way to the Pacific Coast.

The purpose of the trip, the princess said, was a visit with her relatives in California, and to complete a book she is writing advising girls, especially Americans, not to become wives of Orientals, whether they be Japanese, Chinese, Tartars or Egyptians.

"Not that I am dissatisfied," she explained. "The Oriental is the kindest husband in the world. The reason why I am advising American girls not to marry Orientals is a rather curious one."

"It is that the Oriental is the only man who really understands women. His education, habits and one thing he knows nothing of courtship. His strong point is love. He knows its ethics from A to Z. The result is that woman no longer is the mistress of the house. She is its plaything."

WOMAN BECOMES SUITOR.

"Oddly enough, the Oriental makes her like it for. But in some indescribable fashion he deftly reverses their positions. The woman becomes the suitor, the man the pursued. Why? The Oriental understands woman. He begins love right. No honey-moons. No flaming passion. Nothing extraordinary. Just a plain, very plain—beginning of love."

"The result justifies the theory. Here is the difference: In America the average marriage begins with a running start. The man in the first burst of love talks and acts as if it would last a thousand years. The woman believes it until she knows better. That is, she thinks she knows better, but she doesn't."

WIFE 'KEPT GUESSING.'

"The man loves her just as much as ever, only he is getting back to normal. The wife worries because she is not getting as much love as attention as the man accustomed her to at first. Then they begin to be unhappy."

"Here's my point: 'The Oriental knows better. He accustoms his wife to only as much affection as he can depend upon himself to create. Further than that he does not think. The wife, as we say here, should worry."

"That's why American girls should not marry Orientals. They keep you guessing all the time. You run after them. You cry at night. You are always in a flutter. He is not a tyrant. He is your friend. You are forever trying to please him."

"Can you imagine," she concluded, "a perfectly independent American girl on a job like that?"

GARDEN PRODUCTS TO BE EXHIBITED

Floral and Vegetable Wonders of San Leandro Will Be Processed.

SAN LEANDRO, March 20.—Hereafter the floral and vegetable wonders produced by the farmers of San Leandro will be preserved for the benefit of visitors. The San Leandro Chamber of Commerce is making arrangements to install an extensive exhibit in the San Leandro State bank which shall exhibit the varied products of this territory.

W. D. Nichols, processor of the Oakland Chamber of Commerce who has charge of the preservation of fruits and flowers for permanent exhibits, has volunteered his services to the local chamber and will direct all the necessary preserving of the products.

By a special process it is planned to have exhibits of a wide variety of flowers beside a daily supply of fresh cut flowers from the famous San Leandro gardens. The fruit packers have been asked to supply exhibits of their products and care owned by private car lines, rates and mileage charged and the cost of handling refrigerator cars. Answers must be filed before April 20.

DEMANDS PRACTICAL FREIGHT CAR CENSUS

WASHINGTON, March 20.—The Interior all railroads of the country for information which will form the basis of a practical census of freight cars. The form furnished the railroads calls for data as to cars owned or leased by railroads and cars owned by private car lines, rates and mileage charged and the cost of handling refrigerator cars. Answers must be filed before April 20.

WOMAN IS INJURED.

Mrs. N. Estro stepped in front of a bicycle ridden by Claude Dulmage, 612 Fourteenth street, this morning and was knocked to the pavement. The woman was picked up by passers-by and Dulmage, after being treated at a drugstore at Twelfth and Broadway was taken to her home, 1510 East Fourteenth street.

PNEUMONIA FOLLOWS A COLD, but the use of Foley's Honey and Tar Compound. It stops the cough, heals the sore and inflamed air passages, and soothes the throat. The genuine is in a yellow package with bee-hive on carton. Refuse substitutes. —Advertisement.

Eastern Spring Tourist Travel Turns Northward.

The transportation companies report the tourist travel from Southern California to the San Francisco bay region is unusually large this year. Nearly one thousand per day are delivered by the railroad companies daily in the bay cities. In addition to this, the fleet passenger steamboats running in the southern coast trade are doing a correspondingly active tourist traffic business this spring. It is the homeward migration season of the eastern people who have spent the winter in the southern cities. In previous years, the journey eastward of these tourists has been made by the same direct route as it was made westward in the previous fall season. Comparatively few took the northern route for the homeward journey across the continent. The bright, active and energetic promoters of the southland carefully cultivated the notion that their section represented really all that was in the State of value or interest to the sight-seer. This year, several things have happened to excite the interest and curiosity of eastern winter visitors to Southern California to learn something by personal inspection about Northern and Central California and the climatic conditions and their natural and artificial attractions and resources and commercial and industrial developments and future possibilities and the tide of their homeward migration has turned northward.

Doubtless the heavy January frost which did so much damage to the citrus crop of Southern California, while the orange belts of Northern and Central California escaped injury, although the cold wave swept over the entire State, in common with all other parts of the Pacific Coast, excited their curiosity to acquire some direct personal knowledge about the State north of the Tehachapi range. Then the advertising which the preparations for the Panama-Pacific International Exposition of 1915 is giving to San Francisco, Oakland and other bay cities has had the effect of creating a widespread interest abroad to learn definitely through personal observation something about the great activities at work in these communities and the great improvements they are making to meet the prospective demands upon them and their resources following the opening of the Panama canal to the world's commerce.

This sudden change in the route of the eastward bound tourist travel is in the nature of a later-day rediscovery of Northern and Central California. These migratory people from the east are "takin' notes." Nothing escapes their observation. It is what we, in this section of the State, have, lo! these many years, been wanting them to do. Efforts have been made in the past to impress upon their minds that we have in the northern counties many natural attractions and advantages which the southern part of the States does not possess; that we have a climate quite as mild but invigorating instead of enervating; that our soil is just as rich and productive and that there is a vastly larger area and a broader and more varied field for a choice by home-seekers at comparative low acreage values; that citrus and other semi-tropical fruits are grown as profitably in the warm foothills and broad valleys of the interior and that the ripening and harvesting of these valuable crops begin two months earlier than in the southern counties, and that the delivery of these crops in the eastern markets is practically all over before Christmas. The prudent and energetic boosters of Southern California have carefully kept these facts from the knowledge of their eastern winter visitors. It is evident that there has developed this spring in the minds of the latter a disposition to do some direct and independent investigation. It is a good thing for them; it will be a good thing also for the State.

The Massachusetts Legislature must have a bachelor majority in the membership of its committees on taxation which has reported adversely on a bill penalizing celibates by imposing an annual tax of \$5 on them.

Europe Bulldozing the Balkan States.

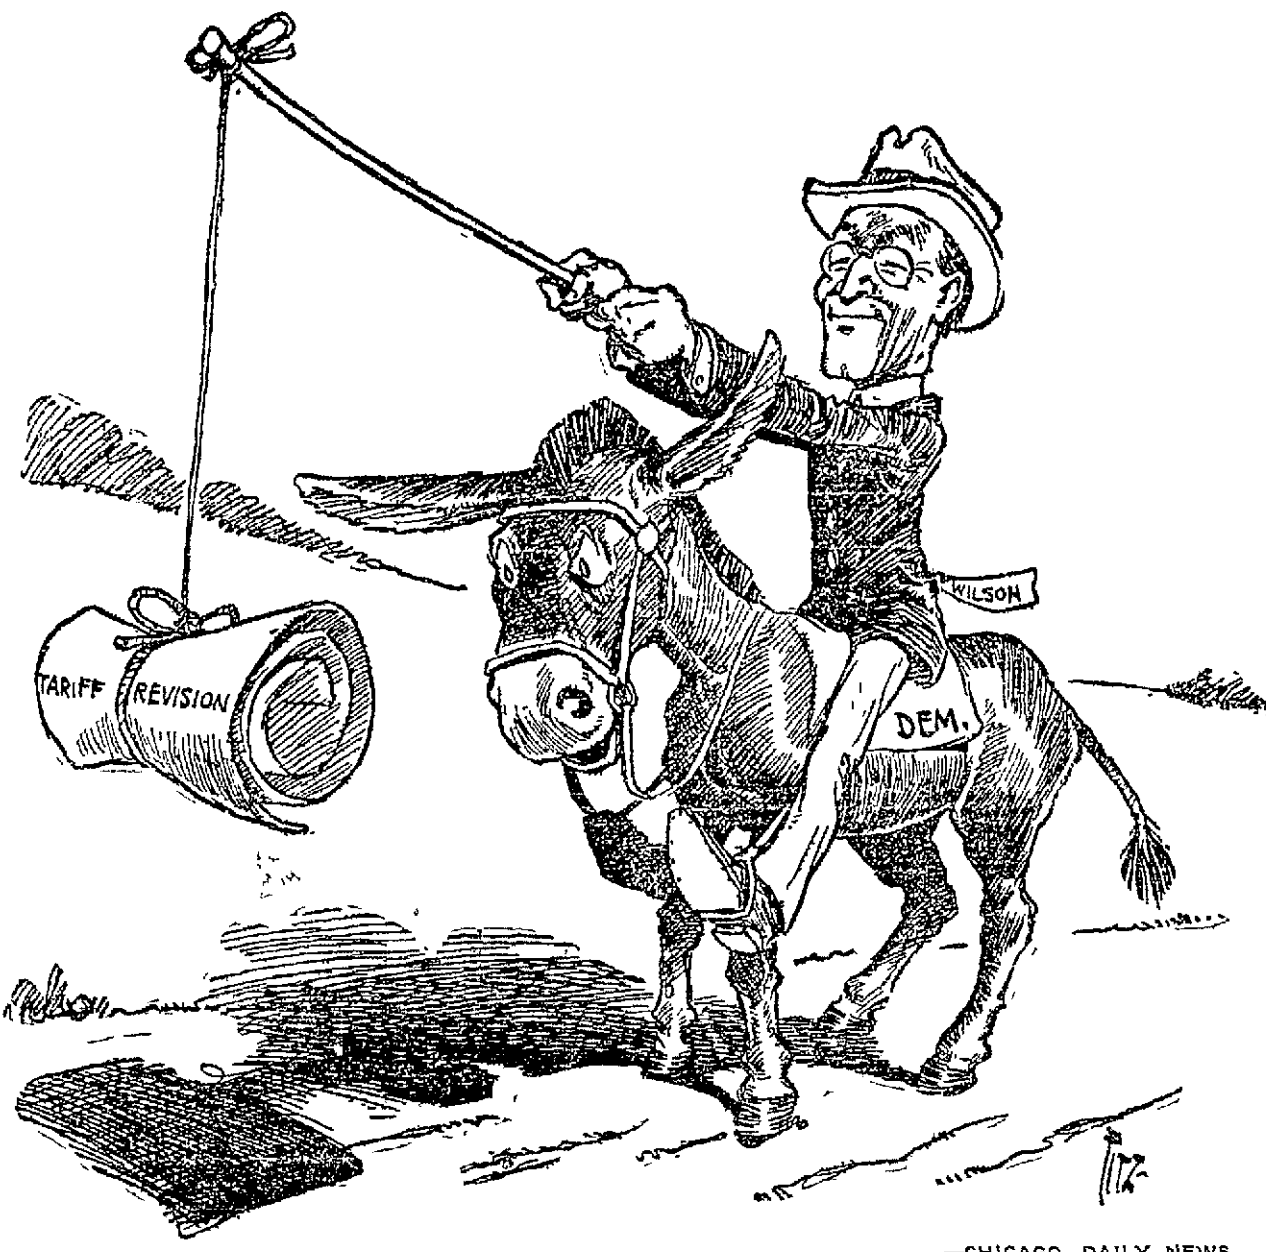

The European powers, according to a Cologne dispatch, are preparing to serve a demand on the allied Balkan states for a speedy termination of the war in the Balkan peninsula. The dispatch has doubtless been inspired by Berlin, for the German government sympathies and interests have been with the Turks from the beginning of the war, as it holds concessions of railroad rights of way from the Sublime Porte through European and Asiatic-Turkish territory to Bagdad, which is on the direct route to the head of the Persian Gulf, where it is ambitious to establish a naval station and a commercial port to compete for the rich commerce of India and the Indian ocean against Great Britain, its commercial rival, with possible designs in the event of war of invading India.

If, however, the European powers are really agreed among themselves and united in a determination to force an early termination of the Turco-Balkan war the easier and quickest and surest way to accomplish their purpose is to bring pressure on the Turkish government whose forces on land and sea have been beaten at every point by the allied states.

The reason why they avoid doing so is plain. Being practically the sole holders of the enormous outstanding bond indebtedness of the Ottoman empire secured by the revenues of the rich territory conquered and held by the allied states they realize that they much suffer enormous losses by pressing Turkey to conclude peace on the only terms the allies will accept—namely, the relinquishment of the conquered territory and the payment of an indemnity to cover the cost of the war. And, inasmuch as Turkey is virtually bankrupt the Turkish bond-holding nations will have to advance the money to save what little may be left of the wreckage of the original security of the bonds already held. The tide of the war has turned against the interests and expectations of the bond-holding nations and their energies are now being bent toward selfishly coercing the Balkan states to relinquish the fruits of conquest through mediation to save their interests in Turkish bonds from total loss.

Since the war began there has been a tremendous slump in the values of Turkish securities in the European bourses and the

ARRANGING THE PRELIMINARY CANTER

London money market, hence the attempt of the European powers to bulldoze the allied states to submit to mediation or rather to their dictation of a minimum of the spoils of the war the allies have successfully waged and to which by the ordinary rules governing international war they are justly entitled. The money-lenders, not the sword, may once more prove that they are still the real arbiters of peace and war in Europe as they have been since the close of the Napoleonic wars.

WINS DEGREE AT EIGHTEEN

Norbert Weiner has been made a doctor of philosophy by Harvard University. People who became interested in him when he entered the front rank of infant prodigies may now indulge in a sigh of relief for he has accomplished as much as all but the most enthusiastic of admirers could hope for. He is only 18, an age to astonish savants by his erudition, but he early gained a reputation as the "cleverest boy in the world," and would fall to startle anyone now by any feat much short of the miraculous.

When this youthful doctor of philosophy was 18 months old he was on intimate terms with all the letters of the alphabet. At the tender age of three he could read and write. Two years later he was studying Latin, and at 6 he has mastered problems of arithmetic, algebra and plane and solid geometry. At 8 he found great delight in reading books in Latin, German, French and Russian. At 9 he could reason problems in trigonometry and calculus and his chief diversion was the perusal of the works of ancient philosophers.

Young Weiner entered Tufts College at Medford, Mass., in 1908 and completed a four years' course in three years. It was then said he was the smallest youngest in cap and gown in the history of

that institution, if not in all others. He didn't graduate into long trousers until after he left Tufts College. Some older students sometimes displayed their jealousy when the boy in knickerbockers took his seat with the seniors. The president of the college at times was compelled to interfere in behalf of fair play for the youngster. Loyal Tufts men now are as proud as are the professors that the "cleverest boy" studied at that small college.

Norbert Weiner was born at Columbia, Mo., November 26, 1894. His mother was a Missouri girl and his father a Russian, for some years an instructor in Slavic courses at Harvard University. The parents have always shown their close interest in the boy, but have feared undue discussion of his unusual abilities might tend to spoil him. Professor Weiner has explained the boy's advancement largely because of his keen, analytical mind and partly because of his tremendous memory. Both parents have maintained that Norbert has not been forced, and he has said he has studied because he liked to study. It has been understood that he will next enter one of the German universities for a study of foreign languages and philosophy.—Chicago Record Herald.

BENEVOLENT DESPOT

But from the moment of his advent as the isthmus, Colonel Goethals showed that he was indeed the man for the work. He quelled the uneasiness of the forces about military leadership, or "militarism," by announcing at once that there would be on the isthmus no more militarism in the future than there had been in the past, that he was no longer a commander in the United States army, but commander of the army of Panama, and that every man who did his duty would have no cause to complain of militarism. He has kept that promise to the letter during his leadership. From the first moment to the present time he has been an engineer and an administrator rather than a soldier. He has never been seen in uniform, for he brought none to the isthmus. The final test in all cases has been efficiency, and not a complaint of militarism has been heard from any quarter.

A few months after Colonel Goethals had entered upon his duties President Roosevelt, who had been keeping a close and somewhat anxious watch upon the situation on the isthmus, wrote to a friend in a tone of "tender relief": "Colonel Goethals is exactly the man for the

work. How fortunate we have been to get him! I shall back him up on all points."

In order to "back him up on all points," the executive order of January, 1908, was issued, and under that Colonel Goethals became the supreme ruler of the Canal Zone, creating that unique form of government which is best described as "benevolent despotism," or "rule by a benevolent despot," what Carlyle declared to be the ideal form of government, provided an able and just man be secured as despot. That the Canal Zone has had such a despot for five years, a despot who has not abused his great powers, but has used them with justice and wisdom, is the unanimous and enthusiastic verdict of the great body of his subjects. No ruler anywhere has ever had under him a more loyal, devoted and contented people than Colonel Goethals has had during his leadership and will have to the end. They have unbounded faith in his ability as an engineer, and like faith in his ability and justice as a ruler. "He's onto his job, and he's square," is the terse way in which the average canal worker put it, and when you come to think of it, that is not a bad definition of a benevolent despot.—Scribner's Magazine

POETRY THAT PAYS

It is a busy world, but surely a few seconds may be devoted to the case of Mr. Alfred Noyes, a poet come out of England with gold in his pockets and the latest thing in sack suits on his back. All kinds of mystery have been made of this singular young man. Our own local and contemporary poets, in luncheon assemblies, have viewed the creases in his trousers with ill-concealed suspicion. Can it really be that this cheery young man has made a handsome thing out of his rhymes? Or is he perhaps, by stealth in the dark of the night, a pork packer or a stock broker—in addition to working unhours as a poet by day?

Such a problem surely ought not to be solved too soon. If we find the solution ready at hand we should utterly refuse to publish it now. Even the most prosperous of young poets needs his day of publicity. But may we, without being unduly hasty, suggest two possibilities either of which, if established, would give a clew to the mystery? Suppose money has nothing to do with art. Then Mr. Noyes might well be a poet, despite his riches—just as other poets have been poor despite their poverty. "Might be," we say, for our second suggestion runs to the other alternative. We utter it with bated breath. Suppose Mr. Noyes were not a poet—but only that comfortable and respectable thing, a laureate uncorrupted, but a laureate! Then he would naturally be as rich as any stock broker—and as proud as any pork packer. Mr. Noyes gives us no making money and writing—we have already refused to say what!—New York Tribune.

Twenty Years Ago Today

The young people of the Berkeley Unitarian Church have formed a social club. Miss Trowbridge was elected president and Miss Payne secretary.

No little criticism and condemnation has been directed at Instructor Burrell of the High School because of his having used an original edition of Hamlet. It was declared unfit for the use of young children, and it is now known whether or no the Board of Education will action in the matter.

Last evening Rev. M. S. Levy united in marriage Miss Ada Hyman and Morris Citron. The bride is a sister of Morris Hyman.

Superintendent McClintock is said to have the inside track for reappointment to his present office by the new Board of Education, which meets on Monday night. Other candidates who have been mentioned are T. O. Crawford and P. M. Fisher. Fisher is said to have withdrawn.

The University Boat Club has purchased a six-oared barge and will make its headquarters in the boat house at the foot of Sixth avenue.

Fremont Older, the well known newspaper man, today became the city editor of the San Francisco Evening Post. During the last session of the legislature he represented the call in Sacramento.

Miss Maude Blow and Miss May W. Coats of Oakland are enjoying a brief stay at Pleasanton.

ONE-LEGGED CHICK IS SCARED TO DEATH

Charles Snyder, head keeper of the Bronx Zoological park, is broken-hearted, for his famous one-legged chicken is dead. The chicken was broken-hearted, too, but the ailment was the genuine article, for it was scared to death. Charles, a rattlesnake, is accused of the crime.

The chicken had been the chief talk of the park for some time, because it was born with only one leg. Although of the conventional Plymouth Rock variety, the youngster made its appearance on Keeper Snyder's farm at Scarsdale about two months ago, with only half the regulation underpinning.

Snyder took his pet to the park to exhibit it to Curator Ditmars. The place of exhibition, however, was hardly chosen, for it was the reptile house. The sight of the chicken proved too much for Charles, who set up a vigorous rattling and attempted to strike other snakes joined in, until the chicken fascinated and then frightened, dropped dead in its track (singular).

Jealousy on the part of the snakes because of the superior number of legs possessed by the fowl is given by Keeper Snyder as the reason for the snake's behavior.—New York Tribune

WITTY BITS

If Secretary Bryan can forget what Richard Olney did it would certainly seem that England could afford to. Olney says there is a conspiracy afoot to keep him in Maitteawan. Yes, a conspiracy on the part of the same people of New York.

The open-door policy at the White House is a good deal like the old lady's injunction to her daughter to hang her clothes on a hickory limb, but not to go near the water.

Mr. John D. Rockefeller's situation in this country costs too much, but we hardly expect Congress to put him back on the free list.—Washington Post

MANY A SUFFERING WOMAN drags herself painfully through her daily trials suffering from backache, headache, nervousness and loss of sleep, not knowing her ills are due to kidney and bladder troubles. Foley's Kidney Pills give quick relief from pain and misery, and keep you in health and strength. A woman who suffers can afford to overlook Foley's Kidney Pills. Wishart's Drug Store.—Advertisement

SOMEBODY'S SISTER

(By FRED A. CAMPBELL.)
Dedicated to "The Child's Welfare League."

In the morgue a form is lying
Of a maiden young and fair,
With teeth as white as pearls
And black as night her hair.
No mother mourns beside her—
None there to shed a tear
No friend to say "I loved her well,"
No brother or sister near.

And yet she had a father, a mother,
And friends who loved her true,
When as a child in the country,
Sweet as the flowers she grew.
She was the pride of that mother.
The joy of that dear father's life.
Now she lies dead and deserted here—
Neither a maid nor a wife.

But why repeat the old story—
'Tis told to us over each day—
How a tempter came and stole her
From home and loved ones away;
How like a woman she loved him,
And how for her love she fell,
How like a demon he dragged her down—
Dragged her from heaven to hell.

Now on the cold slab she's lying,
With none of her loved ones there,
No one to smooth those dark tresses
And no one to murmur a prayer.
No marble will tell where she's resting—
A rough board lettered "Unknown."
Will mark the spot in the "Poorer's Field"
The place where her dust is sown.

And the man who caused the ruin
May be honored by high and low—
Known not, cares not for the sorrow,
The heartaches, the tears and the woe
That blighted the poor little creature
Lying dead and cold on the stone,
Fain would I know how 'twill be over there
When they meet at the great white throne.

We must hear the tales of the street,
Where women struggle and die,
Though the stories be old as the hills,
As varied as the clouds in the sky.
But is there no cry for a warning
As the world-old story they tell
How an angel strayed from the path one day
And fell from heaven to hell?

L'ENVOI
There's a moral to this story—
It is old, but it is true:
You should always do to others
As you'd have them do to you.
So ponder well the picture
This simple tale has shown.
Remember you've a mother
And a sister of your own.

BREAKS A GOLD IN A FEW HOURS

First Dose of Papa's Cold Compound Relieves All Grippe Misery.

After the very first dose of "Papa's Cold Compound" patients distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving.

It is a positive fact that a dose of Papa's Cold Compound taken every two hours until seven consecutive doses are taken will cure colds or break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly ends the most miserable headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful compound with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly, and without any other assistance or had after-effects as a 35-cent package of Papa's Cold Compound, which any druggist can supply—it contains no quinine—be sure you get what you ask for—accept no substitute—belongs in every home. Tastes nice—acts gently.

MOTT NAMES WALKER FOR DRAINAGE CONGRESS

Wilbur Walker, secretary of the Merchants' Exchange, has received from Mayor Frank K. Mott an appointment as delegate to represent the city of Oakland at the National Drainage Congress to be held in St. Louis, Mo., on April 10 to 12.

GETS BIG SENTENCE.
DORSEY, recently convicted of embezzlement of funds of four mining companies of which he was president, was sentenced to a term of eight to 12 years in state prison.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness, tired and without feeling, weak bladder, painful, scanty, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's Disease, Dropsy, Diabetes, etc.

It is not only dangerous, but needless, for you to suffer and endure the tortures of these troubles, for the new discovery, Croxone, quickly and surely ends all such misery.

There is a more effective remedy known for the cure of kidney, bladder trouble, and rheumatism, than this new scientific preparation, because it removes the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged-up pores, neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day, for a few days is often all that is ever needed to cure the worst backache or rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

ORATORIO WILL BE REPEATED

Paul Steindorff Will Lead the Singers in Elaborate Musical Event.

Rossini's splendid oratorio, "Stabat Mater" will be given its third annual production tomorrow, Good Friday afternoon, at the Greek Theater, Berkeley, by Paul Steindorff, and the same choruses which have added him in the past, and with a quartet of the best equipped oratorio singers in the ranks of the Chicago Opera Company.

Both the previous occasions of its production, Steindorff has given successful interpretations of the sacred work, until these Good Friday productions in the Greek Theater have come to be regarded throughout the world as an integral part of the celebration of this sacred day.

Paul Steindorff expects to eclipse all previous performances, for his choruses have now been through the work many times and are in perfect accord, and he will have the aid of the same orchestra that rendered such brilliant accompaniment last year. The quartet of singers are the best that have ever sung the Rossini work here. In Helen Stanley, soprano, whose singing of the "Inflammatus" should be a revelation; Margaret Keyes, contralto; George Hamlin, tenor, and Henri Scott, basso, Steindorff is extremely lucky in the selection of his soloists.

Prior to the rendition of the oratorio, a concert program, semi-sacred, will be given by orchestra and principals. Opening with Beethoven's impressive "Egmont" overture, the numbers will include "In die sen Hellenen Hallen" from Mozart's "Mozart's" sung by Henri Scott, Enrydice's Air from "Orfeo" (Gluck), sung by Mlle. Keyes, a selected number by Tenor Hamlin, and the "Ave Maria" of Gounod, by Helen Stanley.

Reserved seats are \$1.50 and \$1, and the unreserved sections 75 cents. Tickets are now on sale at Tupper & Reed's, Sadler's, The Sign of the Bear, Glassner, Morse & Geary's in Berkeley, the Student's Co-op Store on the campus, and Sherman, Clay & Co.'s in Oakland and San Francisco.

CALIFORNIA PIONEER
IS CALLED BY DEATH

NEW YORK, March 20.—General Peter C. Burt, 85, died at George Washington's hospital, died at Bellevue Hospital yesterday at the age of 85 years, from paralysis.

Burt was born in Virginia, where the family had been since 1849. In 1849 he went to California with other gold seekers. He gained the title of general in the California militia and was at one time a Senator in the California Legislature. During the past few years he had lived at the Grand Union Hotel.

RETIRED GENERAL DIES.
PORTLAND, Ore., March 20.—Brigadier General John H. Bacon, U. S. A., retired, died here last night after an illness that followed a general breakdown in his health six months ago. He was 69 years old.

to the Regals, it would wrench out his teeth. The surgeon must be heavy to take up the weight of the blow.

HARD DRILLING NEEDED.
Hard drilling is needed to make the athlete, contend the Regals, and their training has been handed down from generation to generation. When they suspend training for a few days, a number of sets in their jaws, and their muscles are not capable of absorbing the tremendous strains to which they are often put.

Glady Brooke of Brooks and Doyle, a clever young Oakland girl, who went East and gained much success in the Panhandle bill this week and duplicating their Eastern success. The have a melange of vocal and instrumental music, and some bright comedy talk, and it is one of the neatest and most refined acts in vaudeville. Miss Brooke lives with her mother at 815 Thirty-second street. Other interesting acts this week are those of Marie Hardholzer, the Bohemian lyric soprano; Billie Reeves, the talented English comedian; Fred West in a posing novelty, and Brown and Foster, comedians.

COLUMBIA.

"The Gibson Girl" at the Columbia Theater this week is a charming picture of femininity. Those who have seen her know that she is the liveliest, brightest, jolliest musical comedy to visit Oakland in many moons.

Dillon and King, Oakland's own comedians, have in their present offering something entirely different in the laugh line. It's a musical play containing many amusing scenes, witty dialogue and pleasing song selections. The plot is of the farce-comedy variety and deals with several cases of mistaken identity. Several amusing characters are involved, namely: Mike Gibson, a wealthy Bohemian; Jim Finger, a Hebrew detective; Kate, Gibson's daughter; Mrs. Gibson, Kate's new step-mother, and Jack, one of Gibson's numerous relatives. The various roles are in the capable hands of the Columbia company, including Dillon and King, Van Pelt and Willie Stech.

The musical program contains a variety of songs—"A Little Bunch of Shamrock," "Love," "A Rose of Old Derby," "That Funny Cat," "Honey Honey," "Please Come Down," and "You're a Great Big Blue-Eyed Baby."

OAKLAND PHOTO

Victor Hugo's literary masterpiece, "The Hunchback of Notre Dame de Paris" has been made into a photoplay in three magnificent parts, all beautifully colored, that are to be shown to patrons of the Oakland Photo Theater, tomorrow and Saturday.

Thragio story into which the love and passion of Eximida, the Syrian lawyer, girl, Captain Phosphor of the King's Archers; Quasimodo, the old and deformed bell ringer of Notre Dame Cathedral, and Claude Frolo, the faithless archdeacon of the cathedral, are curiously interwoven, presenting a production that for artistic merit and dramatic effect, has never been surpassed.

An unusual program will be seen in Pathe's Weekly, in which issue Aviator McGee is seen in a remarkably fast time of 28 minutes, will be seen. Twelve events will be seen in all, and will wind up things to a finish.

Mario McDermott is starting in "The Gaulets of Washington," an Edison story of 1830 by Banister Merwin, which will be seen for the last time today. Nature's most beautiful handiwork is being seen in "A Tour of the Alps" by the Pathe Company. Florence Turner is most pleasing in the Vitaphone Company's economic study, entitled "Statesman" and the famous C. G. P. C. is presenting a silent drama in beautiful colors, entitled "The Vengeance of Kabye."

THE SHOPPING CENTER OF OAKLAND

Special Notice to Suit Purchasers

By using a little forethought and by an addition to our workroom staff we are enabled to make an important announcement to suit purchasers. It has always been a hard problem to alter and deliver suits during Easter week and to assure our customers of prompt delivery by Saturday. This year we have made arrangements to keep these alterations up to the very day on which they are promised. Furthermore, we have anticipated work to such an extent that we can promise purchasers buying suits as late as Friday a sure delivery on Saturday Evening, should it be a necessity.

We advise earlier buying, but are in a position to deliver SATURDAY EVENING all purchases, WITH ALTERATIONS, bought as late as FRIDAY.

Seventy-Five New Millinery Models on Display Friday

Today we received over seventy-five new models in trimmed Hats from the best known milliners of the East. These, together with many new productions from our own workrooms, will be exhibited on Friday and Saturday.

These models portray all that is new and correct in the headwear world. They are noticeably different from the styles of even two weeks back. For the woman who has not as yet purchased her Easter Hat this should come as a welcome announcement.

Prices Varied but All Eminently Reasonable.

Special \$1.25 Glove at \$1.10

This is another announcement of special interest to Easter shoppers. We refer to a one-clasp Pique Glove, white Paris point stitched in self and black stitching. This glove has never been retailed for less than \$1.25. SPECIAL EASTER PRICE OF \$1.10

Feather Neckwear for Easter Costumes

There is nothing nicer than a stylish Feather Neck-piece to finish off the Easter costume. They are light, warm, correct and very stylish. We show an immense and well-chosen assortment.

GABY COLLARETTES, a late fad in ostrich feather, giving a neat effect to the costume. They come in solid colors and two-toned combinations. We offer a splendid value at \$5.75.

MARABOUT CAPE EFFECTS, fine quality imported Marabout in black, brown and natural shades, shown with pretty tasselled ends. PRICED at \$3.35.

SETS in ostrich, marabout and combinations of these feathers with shadow lace and other materials. Shown in all the new Spring shades. PRICED from \$15.00 to \$35.00.

SETS and COLLARS in black and white ostrich effects. PRICED from \$3.50 to \$25.00.

Sterling Silver Makes Splendid Easter Presents

Nothing makes a more suitable Easter present than a useful article in pure sterling silver. Ours are all 925-1000 fine and are reliable, serviceable and guaranteed. A few of the many we show are offered for suggestion.

Tea Ball Holders at \$2.00 upward.
Sterling Napkin Rings at \$1.00 up.

**ARMY ENGINEER IS
AGAINST FLOOD WORK**

SAN FRANCISCO, March 20.—Major S. A. Cheney of the United States army engineering corps reported unfavorably yesterday on a petition to have the diverting canal from Mormon channel just east of Stockton enlarged to carry off flood waters. Major Cheney says that the canal was constructed to prevent silt depositing in the Stockton and Mormon channels and it is not the duty of the federal government to which it is to carry flood waters. He recommends that the individual land owners in the district construct their own protection from flood waters which has been the practice for years and not call on the federal government for relief.

**JUDGMENT FILED IN
MINING SUIT CASE**

PLACERVILLE, March 20.—Judgment in the foreclosure suit of the Placerville Gold Mining Company for \$4,572.25 and interest has been filed against C. N. Boul, the Sierra Water Company, the San Francisco-Oakland Terminal Power Company, the Mechanics Trust Company of New Jersey and others. The decree is signed by Judge J. E. Pruett of Placer county, who read the case February 27.

The property consists of the canal and ditches in El Dorado and Arador counties, waterworks and water system known as the El Dorado Water and Deep Gravel Mining Company's canal and water system.

LOOTS MAIL BAGS

SAN FRANCISCO, March 20.—William Martin, a mail messenger was arrested yesterday with marked packages in his possession and was charged with looting mail bags. A search of Martin's home is alleged to have revealed 10 large packing boxes filled with garments of every description, gloves, shoes and goods usually found in a department store.

**ORPHEUS CLUB
WILL ENTERTAIN**

Large Musical Organization
Has Elaborate Program
for Coming Event.

Starting the twenty-first year of their existence as a musical organization the Oakland Orpheus Club announces a splendid program to be given at Ye Liberty Theater on the evening of March 25. The engagement of the Lyric quartette rounds out a list of attractive numbers which will probably outrank any similar offering of the club.

The Lyric quartette is made up of Miss Fannie Bailey, soprano, Miss Eva Granger, contralto, Robert M. Battison, tenor and Charles E. Lloyd, bass. In harmony with the taste for grand opera now prevalent the quartette will render the famous "Good-night" quartette from "Martha," a number which taxes the resources of the most accomplished vocalists. Excerpts from Bruno Huhn's song cycle, "The Divan," and Lane Wilson's waltz song, "Carmen," will be given by the Lyric quartette.

The Orpheus Club itself consisting of a trained chorus of 65 male voices, will contribute to the present wealth of operatic endeavor the "Pirates Chorus" from the "Pirates of Penzance." Henry L. Perry will sing the bass solo, which is the feature of this composition.

Robert M. Battison of San Francisco, an accomplished tenor, will sing the solo part of "The Son of the Prophet," by Faure, which will be given.

Mrs. Robert M. Hughes, accompanist, set a high mark for herself at the last concert given by the club. Another favorite singer will be heard when Fred G. Harrison baritone renders the solo part of "Bullock's Swords Out for Charlie," as the leading male singer in "Jappylund" Harrison won a host of admirers.

Other numbers to be given by the club include "Forest Harps" by Ed. von Schultze, a magnificent descriptive number, with Theodore Jenkins as tenor soloist, "May Night," a dainty number by Franz Abt, C. L. Custer, tenor, "The Pine Tree" and "Compensation," by Carl Loewe, "More and More," by Seifert, a bit of youthful enthusiasm which recalls college days, "Woodland Roses" by Frank Marx, and "Father's Lullaby," a pathetic number by C. M. Wiske.

**LEPINE, HEAD OF
PARIS POLICE, RESIGNS**

PARIS, March 20.—Louis Lepine, head of the Paris police for twenty years, resigned office today. He has often been called "the most famous chief of police in the world," and has figured in hundreds of celebrated cases. His name has been made almost a household word through its use by novelists and dramatists. Lepine is 67 years old, a veteran of the Franco-German war and a former governor of Algeria.

AN EPIDEMIC OF COUGHING, is sweeping over the town and young and old are alike affected. Foley's Honey and Tar Compound is a quick safe, reliable family medicine for coughs and colds. A. S. Jones, of Lee Pharmacy, Chicago, Calif., says: "Foley's Honey and Tar Compound has no equal, and I recommend it as containing no narcotics or other harmful properties." Write to S. Drug Store.

**WANTS SOLDIERS
TO LEARN HAWAII**

Officer Says Present Inadequate Knowledge of Topography Is Handicap.

WASHINGTON, March 20.—Inadequate knowledge of the topography of Hawaii by United States soldiers and lack of training in the use of the islands for military purposes are the opinion of General Macdonald, commander of the Hawaiian division. He says that the present knowledge of the islands is inadequate and that the soldiers should be trained in the use of the islands for military purposes.

The act of the Hawaiian division is to be a military institution for the purpose of training soldiers in the use of the islands for military purposes. The act of the Hawaiian division is to be a military institution for the purpose of training soldiers in the use of the islands for military purposes.

**FEBRUARY EXPORT
TRADE DECREASES**

Foreign Trade Falls Off Nearly
\$5,000,000, While the
Imports Increase.

WASHINGTON, March 20.—The export trade of the United States for the month of February fell off \$4,818,410 as compared with the same month last year according to figures issued today by the department of commerce. Exports for the last month aggregated \$184,000,000 as compared with \$188,818,410 for February, 1912.

On the other hand the imports of the United States for February last exceeded the imports for the same month of last year. The total value of imports for last month was \$149,569,214. For the same month a year ago they aggregated \$134,158,433.

The excess of exports over imports for the last month was \$34,430,786 while for the corresponding month of 1912 the excess amounted to \$54,655,888. Of the imports that entered this country last month those that came in free of duty amounted to \$79,912,062.

**SOCIAL WORKERS' CLUB
ELECTS OFFICERS**

Officers of the Social Workers' Club have been elected as follows: Manager, Elizabeth C. Brown; assistant manager, Superintendent of Municipal Work, W. S. Goodrich, keeper of records, General Secretary, Catholic Ladies' Aid Society, Mrs. W. T. Morton; treasurer, Miss Grace Graham of the Oakland Associated Charities.

**TO HOLD EXAMINATION
IN CUSTOMS SERVICE**

The United States civil service commission announces that the examinations listed below will be held in San Francisco at an early date.

Examination of general merchandise, San Francisco custom house, salary \$1600 per annum.

Application blanks and further information relative to these examinations may be obtained from the secretary, 12th civil service district, room 251, postoffice building, San Francisco.

SCHOOL AND PLAYGROUND**SOIL PRODUCTS TO
BE ENTERED AT
HOBBY SHOW**

Products that are raised on local soil will be exhibited at the "hobby show" to be given by the boys of the Young Men's Christian Association of this city in 1915. According to present plans the boys will commence to plant the various vegetables next year so that the specimens may be ready in time for the exhibition at the Panama Pacific Exposition.

Contributions will also be received for the display by non-members of the organization and as a reward of their efforts ribbons will be awarded to the winners. Special prizes will be presented to those showing superior merit.

Next month the boys will give a hobby afternoon, when they will restrict themselves for the exhibit to things that they will manufacture.

Is Your Hair Gray?

This Simple Recipe Will Darken
It So It Cannot Be Detected.

A very satisfactory preparation which darkens gray hair and acts as a corrective agent for dandruff and other diseases of the scalp can be made at small expense and in your own home by dissolving a small box of Barbo Compound in 7 ounces of water and then adding an ounce of bay rum and a quarter ounce of glycerine. Any drug store can furnish these ingredients. This is to be applied once a week until the hair is sufficiently darkened, then every two weeks to keep the hair soft and glossy and the scalp in a healthy condition. It may be used with equal success in darkening the beard. This is a preparation that gives splendid results both as a hair darkener and a remedy for all scalp disorders and is well worthy of the name. Barbo Compound is a substitute for "om" his supply house as a substitute for it is not possible in preparing this mixture. You will find it far superior to the ordinary store preparations and much less expensive.

**LUCKY YOUTH
TO TOUR WORLD**

WILLIAM BROOKS

Five boys of the Oakland schools successfully passed the examination for the world's trip which has been planned by the Columbia Park boys of San Francisco. From that number one will be selected to make the journey, which will cover a period of one year. The candidates who passed the examination Monday afternoon in the first Congressional Church of this city and appeared before the committee consisted of William Brooks, 15-year-old son of Mr. and Mrs. A. B. Brooks of Staten Avenue and a second-year student in the Fremont high school, Melvin Lyons of 621 Tenth street, Lawrence Spencer, 1505 Filbert street, Ross Mack, 652 Fifty-sixth street, and Beverly Holmes of 1601 Twenty-third Avenue. The final test will be held this week before a special committee, which will include Rev. E. A. Jump, pastor of the First Congregational Church, and Calvin M. Orr, president of the Oakland Board of Education. The boys who will make the trip will then be chosen.

**PLAN OUTING TO
ENTERTAIN FRIENDS**

An outing in the Piedmont hills has been planned by Miriam and Eleanor Hoffman, pupils in the local schools of this city, for the purpose of entertaining their friends tomorrow. Many little folks of San Francisco and Oakland have been invited to share their hospitality. The party will be a picnic, which will be in the nature of a reunion. The young hostesses have carefully arranged the picnic, which will be served by a company of their aid. There will be a number of chaparral in the party, which will be composed of

**SPRING SEASON IS
NEAR ON LOCAL
PLAYGROUNDS**

In all the local playgrounds the baseball season will be ushered in when the track athletes will commence to practice in the various schools for the annual spring meet.

The boys of the Junior class of the Oakland High School carried off the honors at the University of California annual interclass track and field championship and are encouraged to proceed with their splendid athletic work this season.

The lads have shown their prowess in a number of the basketball games which have been played with local teams. A notable victory was that between the Oakland High School and the Manual Training and Commercial High School, where the colors of the Oakland High flashed back and forth and from the beginning of the contest the emblems predicted success to the Oakland High youth. Oakland scored more points in the second half of the game than in the first, but they showed superior strength from the start. The stalwart boys of "Poly" displayed fine sportsmanship. The players were lighter than the Oakland squad, but that fact did not prevent them from clinging tenaciously to the game.

The Oakland line up was as follows: Coidin, forward; Gonzales, forward; Stewart, forward; Hunt, center; Hanson, center; McMahon, guard; Waddell, guard; Shindler, guard.

The "Poly" team was represented by: Boyer, forward; Driesbach, forward; Bapista, forward; Brown, center; Sullivan, center; Street, guard; Street, guard; Van Frankel, guard.

**BIG SURPRISE TO MANY
IN OAKLAND**

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler's-ka, the German remedy which became famous by curing appendicitis. Osgood Bros., druggists, 200 Broadway and 12th and 14th streets, have this simple remedy antisepticizes the digestive system and draws off the impurities so thoroughly that a SINGLE DOSE relieves your stomach, gas on the stomach and constipation IN-

**IS YOUR CHILD'S
TONGUE COATED?**

If Cross, Feverish or Stomach
Sour, It Means Waste-
Clogged Bowels.

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and bowels so promptly and thoroughly. Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad, they don't eat or rest well, they become feverish, cross, irritable and don't want to play. Listen, mothers—for your child's sake, don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping. With Syrup of Figs you are not dragging or injuring your children. Being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package. Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious, fastidious, genuine old reliable. Refuse anything else offered.

**SHEPARD MADE DIRECTOR
IN GOULD RAILROAD**

NEW YORK, March 20.—Much comment was indulged in in financial circles yesterday over the appointment of Finley J. Shepard, who recently married Helen Gould, as a director in the Texas and Pacific Railroad, one of the Gould properties.

Shepard was assistant to the president of the Missouri Pacific at the time of his marriage, and there is considerable speculation as to what position he will assume in the Gould companies on his return from the wedding trip.

ALAMEDA

SEES NO REASON
FOR INTERVENTIONPierre N. Beringer Declares the
Course Would Mean
Mistake.

ALAMEDA, March 20. — "There is no good reason for intervention," said Pierre N. Beringer, addressing a meeting of the Unitarian club of this city, last night. Beringer has made an exhaustive study of the conditions in Mexico, through intimate association with the people of the troubled country on several occasions. He was formerly a member of the Unitarian club, and his appearance last night was warmly greeted by the club members. Continuing on the subject of intervention, after outlining the conditions that brought the present unrest upon the people of the southern republic the speaker said:

"Mexico can and must attend to her own affairs. It is largely because of intervention in her affairs by the busy-bodies of other nations that Mexico is today in the position of a turbulent, governmentless country."

"The very cry for intervention comes in the main from irresponsible and thoughtless people. It is the voicing of the idea that Mexico needs and should have a government strong enough to administer the laws and guarantee the liberties of its people."

"Intervention would set such a task back; it would cause bloodshed and the expenditure of great treasure."

MAKES GREAT MISTAKE.

"A great international lawyer, Frederick R. Coudert of New York, has made an estimate. He says:

"It would probably mean an army of occupation of upwards of 20,000 men, and the occupation and holding of the whole vast extent of Mexico. It might mean also that we would be tied up in Mexico for the next ten years. Inevitably it would mean much loss of life. It should only be done as a last resort to save one-third of the North American continent from a relapse into anarchy and the destruction of its civilization."

"It would be invading a foreign country, something that has always been avoided by the United States government as being too gross a step to make in haste and upon undetermined judgment."

"The speaker continued pointing out as the only alternative the recognition of power of such a man as Felix Diaz, whom he termed a strong, determined, orderly, civilized man."

"The next meeting of the club will be held on the evening of April 2, when Carl Eischenchmel, the noted handwriting expert, will discuss the value of blackboard deflections, some of the most noted forgeries cases in which he has been employed."

CIVIC ORGANIZATION IS
SCORED BY CANDIDATE

BERKELEY, March 20.—Herbert F. Briggs, candidate for mayor, takes exception in a public letter he has issued to the letter to candidates of the City Club, asking them for expressions of policy for publication in a City Club Bulletin. The club is criticized for the limit of 500 words it imposes and because many of its members are already in league with another candidate who opposes Briggs for the mayoral chair. The invitation is ambiguous, Briggs further says, and the club committee he invites members of the club to appear at his headquarters and explain away the alleged ambiguities.

CAMPAIGN MEETING
SATURDAY NIGHT

ALAMEDA, March 20.—A mass meeting, planned in the interest of several of the political candidates in the present campaign, will be held Saturday evening in Moose hall. For mayor, E. C. Tamm, and for city clerk, addition to the candidates there will be other speakers. Among the candidates expected to be present are Frank Bennett, Conrad Roth and E. P. Fish. The meeting will open at 8 o'clock. The meeting was organized last night at the home of John Reimers, 1901 N. Mason street, to boost the following council candidates: Councilman John E. Walker, A. G. Tore, W. Hall and James P. Borgeon. The officers of the club are: President, John Reimers; president, Derby Barnett; secretary, John Reimers; executive committee, Peter Schellberg, W. Joseph, Bert Presley, Thomas Shortell and Guy Thorn.

ODD FELLOWS PLAN
BIG CELEBRATION

ALAMEDA, March 20.—The annual celebration of the founding of Odd Fellowship in America will be celebrated at the First Congregational church, 21st and Broadway, on Sunday evening, April 27, when Rev. C. L. Mears will preach the sermon. Canton Oakland, Patriarchs Militant, will escort the Alameda lodges from Odd Fellows' hall, Park street and Santa Clara avenue, to the church. After the services refreshments will be served to the members at the home of Colonel C. H. Weber.

WOULD COMPEL CITY CLERK
TO PUT NAME ON BALLOTMRS. EILEEN ALLEN, WHO WOULD COMPEL ALAMEDA OFFICIAL
TO PLACE HER NAME ON BALLOT.—Photo by Hartsook.

ALAMEDA, March 20.—Mrs. E. Allen, Socialist candidate for councilman-at-large, who has applied to the Superior Court for a writ of mandate to compel the city clerk to print her name on the ballot for the forthcoming city election, said today that she was making the fight for the benefit of the women more than as a Socialist and that her personal inclination would have been to not appear in the first place as a candidate and secondly not to go to court when the city clerk decided her name could not appear on the ballot because she was a woman.

Mrs. Allen added that she did not wish

CALLS HIS MARRIAGE
TO MAXINE A JOKE

LONDON, March 20.—The reported marriage of Maxine Elliott and A. F. Wilding, the British lawn tennis champion, at Nice is considered by Wilding the richest joke he has heard in a long time. When told today that New York was taking the keenest interest in his matrimonial venture, he said:

"What things they do in America. There is not a semblance of truth in any such statement. I have just returned from a Rivera, where I have been playing tennis. Miss Elliott was in Nice when I was there. I know her, of course, but this is really too funny. I assure you I am still enjoying single blessedness."

"Is there any likelihood of your marrying Miss Elliott?" he was asked.

"Not the slightest," he laughed. "Good Lord, this is news to me."

PREPARE TENNIS COURT
FOR MISS WILSON

WASHINGTON, March 20.—Two star-workmen appeared in the White House today and began to put into condition the long neglected tennis court just south of the executive office. It is being put in shape for the Misses Jessie and Eleanor Wilson, daughters of President Wilson, who are devotees of the game.

The tennis court, which scarcely has been used in the years which President Taft resided here, was a feature of the Roosevelt administration. It was the meeting place of President Roosevelt's tennis cabinet. When it first was brought into use it was the scene of many strenuous games in which former President Roosevelt often was the victor over Clive Foster, Clifford Pinchot, Secretary of the Interior Garfield, A. J. Hammer, the French ambassador and others.

A REAL ESTATE
MAN GIVES VIEWS

Fred N. Van Patten of Syracuse, N. Y. Delivers an Address on Advertising.

Benefits derived by real estate men from the use of the classified columns of daily newspapers are tersely told in an extract from an address delivered recently by Fred N. Van Patten of Syracuse, N. Y., at a meeting of New York state realty dealers.

Mr. Van Patten said: "As the local news columns built up the circulation of the country weeklies, so have the classified advertising pages been one of the greatest assets for building up the circulation of our dailies of enormous circulation. The classified pages inadvertently tell the life story of our country and its people, for on these pages the classes and the masses meet on common equality."

"We have tried street car advertising, circulars, expensive and medium priced booklets, calendars, thermometers and address books. But our experience has been that classified advertising produced twice the results of any other advertising medium. Many merchants of Syracuse have started a business and built it up to a profitable one, with classified advertisements. If the weekly publications of national circulation would establish classified columns it would be of incalculable value to the home owners in different parts of the country who wish to change location. This would apply also to the merchant and expert employee whose condition demands a change."

"The only one paper published in Central California that prints more classified ads than THE TRIBUNE, while on the east bay shore THE TRIBUNE stands supreme. It prints more Alameda county classified real estate advertisements than all the other Oakland and San Francisco papers combined."

Its columns have a healthy appearance, the advertisements changing from day to day, showing that its patrons are receiving the proper returns."

MASONIC FUNERAL FOR
PIONEER HOTEL KEEPER

BERKELEY, March 20.—Funeral services were held today at Willow by the Masonic order there for Frederick G. Crawford, pioneer of the west, whose death occurred here Tuesday night at his home at 2740 Elmwood avenue. Deceased was the father of Professor R. G. Crawford of the University of California, Department of Agriculture. He was a native of New York, and 81 years of age. Coming to California in 1855, he engaged in mining and afterwards in the hotel business in Willow. He had lived in Berkeley seven years.

Deceased is survived by his widow, Mrs. Lanette Crawford, and three children, Prof. R. G. Crawford, Mrs. Harriet Crawford and Mrs. E. W. Wright, as well as several grandchildren and one great-grandchild, Lanette H. Schellberg.

CALIFORNIA COUNCIL DANCE.

ALAMEDA, March 20.—The second of the series of dances arranged by California Council, No. 24, Y. M. I. of this city, will be held in Adelphi hall on Friday evening, March 22. The dance will usher in the post-luncheon collection of the lodge. Arrangements have been made for a popular orchestra to furnish the music, and the hall will be tastefully decorated in the colors of the lodge. Dancing will commence at 8:30 o'clock.

SCHOOLS TO BE
SOCIAL CENTERSUniversity Extension Courses
in Berkeley Have Been
Started.

BERKELEY, March 20.—The Board of Education, after a discussion last night at two schools in the city the social center plan which it proposes to conduct with the co-operation of the extension department of the University of California, Dr. Ira W. Howerth, director. A schedule of meetings and addresses has been planned, occupying practically all the rest of this semester. This schedule follows:

Thursday, March 20.—Jefferson School, Sacramento and Rose streets, speaker, Professor Robert Sibley, "The West as World Centers in Engineering." Illustrated.

Friday, April 4.—Hawthorne School, speaker, R. S. Holway, "The Evolution of Scenery Along the Coast of California." Franklin School, Virginia and San Pablo avenue, Professor F. K. Kreuter, "The Development of German Song." Jefferson School, C. T. Wright, "The Panama Canal and the Prospective Relations of California to the Trade of the World." Lincoln School, Professor A. L. Kroeber, "The History of Man and His Works."

Friday, April 18.—Hawthorne School, Professor A. L. Kroeber, "The History of Man and His Works." Franklin School, C. T. Wright, "The Panama Canal and the Prospective Relations of California to the Trade of the World." Jefferson School, Professor F. K. Kreuter, "The Development of German Song." Lincoln School, R. S. Holway, "The Evolution of Scenery Along the Coast of California."

Friday, May 2.—Hawthorne School, Professor F. K. Kreuter, "The Development of German Song." Jefferson School, R. S. Holway, "The Evolution of Scenery Along the Coast of California." Franklin School, Professor A. L. Kroeber, "The History of Man and His Works." Lincoln School, C. T. Wright, "The Panama Canal and the Prospective Relations of California to the Trade of the World."

GEORGE NELLIS SEES
BORDER BATTLE FOUGHT

ALAMEDA, March 20.—George W. Nellis, traveling manager of the Alameda ball team, returned yesterday from an extended trip through the eastern states and Canada. He was absent three months. He came home by way of the southern route and was on the United States-Mexican border a few days ago when Mexican federalists and revolutionists fought in Nogales, just across the American line. Nellis saw the fighting.

FORMER ALAMEDAN
FOUGHT FOR MADERO

ALAMEDA, March 20.—Fred G. Williams, formerly of this city, and for years a prominent newspaperman connected with the Los Angeles Herald, is on a visit to his home city, returning from Mexico, where he took part in the rebel fighting of the late President, Madero. Williams states that in one of the engagements in which he figured an Alameda youth whose name he is unable to recall was killed by a federal bullet.

ALLEGED INSANE WOMAN
WEIGHTED WITH GOLD

ALAMEDA, March 20.—Mrs. Catherine Abjohn, 71 years of age, removed to the Oakland Receiving Hospital last night to await examination as to her sanity. Mrs. Abjohn formerly lived on Broadway, where her husband died several years ago. When the police took Mrs. Abjohn into custody, they found \$350.50 in gold on her person and a bank book showing she has \$1228.60 on deposit.

BIG SEAT SALE
FOR ELKS' SHOW

ALAMEDA, March 20.—The finishing touches are being put on the pageant float, "The Lost Home," a farical comedy to be produced by the Elks' lodge at the new Alameda theater on the 24th. The Elks' lodge is holding a big seat sale for the Elks club house and a full dress rehearsal will be held Sunday morning in the theater. Seats reserved for the Elks' show will be placed on sale at 10 o'clock this week and will be rapidly taken. In addition to the regular bill, entire cast features will be introduced by Al Newman, James McVey, Howard De Courcy, Max Horvinski and others.

REDLIGHT ABATEMENT
BILL IS ENDORSED

BERKELEY, March 20.—Men's organizations of several Berkeley churches in conference this week endorsed the redlight abatement and injunction bill and opposed the Ferguson bill, which would permit the sale of liquor at the Claremont Hotel. Professor Thomas H. Reed of the University of California was chairman of the meeting. Miss Beatrice McCall, L. E. Blochmann, Dr. R. A. Moody and others were speakers.

GENERAL KIDD, WAR
VETERAN, IS DEAD

IONIA, Mich., March 20.—General J. H. Kidd, Civil war veteran and Indian fighter, died at his home here last night after a long illness. He was born in 1840. He succeeded Gen. Gustav in command of the Sixth Michigan Cavalry in the Civil war, at the close of which he was brevetted brigadier general of volunteers.

STANFORD SELECTS
CARNOT DEBATING TEAM

STANFORD UNIVERSITY, March 20.—P. L. Higgins of San Jose, E. C. Smith of Azusa, and E. E. Tinscher of Long Beach have been selected by faculty judges as the Stanford debating team which will contest with the California representatives in the annual Carnot debate, to be held at Stanford, April 11. S. C. Peck of Compton will be the alternate.

SECOND ANNUAL
BALL PLANNED BY
OWLS' AUXILIARY

MISS RUBY MURPHY.

BERKELEY, March 20.—Members of the Ladies' Auxiliary of the Order of Owls of Berkeley Nest are making elaborate plans for their second annual ball. It will be held at Chase hall, 2100 Shattuck avenue, next Tuesday evening. An interesting program has been arranged by the members, who are working hard to make the affair a big success. The committee are composed as follows:

Chairman, Helen F. A. Murphy; floor manager, Josephine Ebbitt; assistant floor manager, Mary Wright. Aids—Margaret Davis, Isabella Cuddy, Helen Aldridge, Ruby Murphy, Zilla Cavanaugh, Julia LeStrange, Rose Thomson, Mary Cavanaugh, Belle Brackett. Reception committee—Mamie McNeill, Mary Cavanaugh, Lucile Black, Myrtle Markham, Sadie Goodrich, Josephine Barthe. Refreshment committee—Julia Lavelle, Martha Steele.

WORK STOPPED
ON POSTOFFICEGovernment Blocks Progress of
Building; Alleges Defec-
tive Granite.

ALAMEDA, March 20.—On orders from the United States government all work on the new Alameda postoffice has been stopped pending a government investigation of the California granite being used in the walls of the structure. Complaint is said to have been made that the granite will discolor and it is presumably on this complaint that action has been taken. Just how long the work will be at a standstill is not known.

The progress of the building has been retarded in several instances. It is nearly a year since the appropriation was granted and the structure is barely commenced.

Considerable of the granite has already been placed in position in the sidewalks. It is probable that governmental officials from the treasury department will come west before the dispute is settled. After the foundation grouting is completed, there was a considerable delay awaiting the settling of the concrete. Then there was delay in the arrival of the steel for the frame. Finally a portion of the steel frame was set in place and recently work of laying the granite sidewalks was started. The work was barely under way before the complaint that the granite was not up to specifications caused the present indefinite delay.

Contractor William Murray is reported to be ill. Work of all kind has stopped on the big structure and no one seems to know definitely when it will be resumed or what the next step will be.

HARVESTER TRUST WILL
RAISE GIRLS' WAGES

CHICAGO, March 20.—President Cyrus H. McCormick of the International Harvester Company made the announcement yesterday that the company will raise the minimum wage for girls and women employed anywhere in the United States by the company will be \$3 a week. The present minimum is \$2 a week for apprentices. About 800 girls will be raised to the minimum.

INJURED BOY DIES

BERKELEY, March 20.—As a result of the injuries he sustained when struck by a Dwight Way car night before last, 8-year-old Oscar Hansen died yesterday afternoon at the Roosevelt Hospital, after lingering unconscious for several hours. A fracture of the skull and internal injuries were the cause of death. He was the son of Mr. and Mrs. Andrew Hansen of 2417 Fifth street.

CLERK BROWNING RETURNS

ALAMEDA, March 20.—City Clerk Frank E. Browning is back from a business trip to Phoenix, Arizona. The Phoenix people are looking forward to an unprecedented era of prosperity on account of the greatest irrigation system fostered by the government.

that they can always obtain at Bowman's everything they need in one trip at absolutely the right price.

When the family doctor says, "You'd better let Bowman's fill that prescription," it's a pretty good idea. He recommends you best interests by expressing this preference.

Mostly you will have misjudged the significance of this tag and may have concluded that we were too busy to complete the order and therefore not to follow the tag completely. You have completely finished a portion of the order.

If you thought that, you were probably mistaken. Because that little "More to Follow" tag comes not from the workman, but from our treasurer.

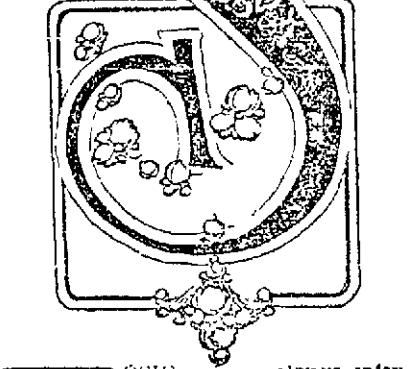

Every picture of every film left with us is developed and printed by each photo and, if in his opinion a better result in development or printing is possible, he rejects that portion of the work possible of improvement and sends it back to be done all over again.

These little "More to Follow" tags do not appear very often, but nevertheless the system they represent is a great safeguard to our customers in this department. It is just such a small detail that many Bowman's kodak development factory.

That we have succeeded in making the splendid stock of Eaton-Granger's Highland papers, the best of the very newest styles, all with envelopes to match at a modest cost you can secure at Bowman's a complete outfit for getting the most out of your camera. You would have a box of the Highland papers with corresponding envelopes, a box for your friends, a box of the same paper for business notes, memoranda, letters and a box of correspondence cards for acceptance acknowledgments, etc.

HEART TRIBUNE'S PAGE for WOMEN HOME

Society

SOCIETY always enjoys a special place in the home. When the family is gathered around the table, the conversation is often of a social nature. The first few weeks after returning, the family is given a special treat. The first few weeks after returning, the family is given a special treat. The first few weeks after returning, the family is given a special treat.

One of the latter affairs was that given by Mr. and Mrs. Frank Sumner Loop last night at their home in Alameda. Their guests including a party of the president of the Loops as well as home-keeping friends. The Loops and their house guests, A. B. Havens of Chicago and his daughter, Miss Katherine Havens, have just returned from a stay of several weeks in the islands. Other guests last night included Mr. and Mrs. E. F. Smith, Miss Margaret Smith and Miss Mabel Kimberly of Wisconsin, and O. J. Jarnier of Copenhagen, who returned on the steamer with the hosts, Dr. J. K. Hamilton and Walter Rammer.

The dancing party which Mrs. Ernest Porter had planned in honor of Miss Havens for next Saturday night has been cancelled and the invitations recalled on account of the illness of Miss Porter. Miss Havens and her father will return to Chicago next week after a delightful season spent on the coast. During her stay the charming girl has been the recipient of numbers of social compliments.

TO GO EAST.

Numbers of the society folk are planning Eastern trips of greater or less duration this spring, or have just returned home from a jaunt to the Atlantic coast. Among these who are going this month are Miss Harriet Sargent, a popular society belle of Alameda, who will leave March 23 for New York. She will remain there for about three months as the house guests of her sister, Mrs. Charles Livingston Ackley, who was formerly Miss Laura Sargent. Her marriage took place last year at the summer home of her parents, Mr. and Mrs. Frank Sargent, at Carmel-by-the-Sea. Miss Sargent is being offered a number of informal farewell affairs before her departure.

VISIT IN COLLEGE TOWN.

Mrs. Harry B. Newcombe is at present a visitor in Berkeley from her home in New York, and is spending several weeks with her uncle and aunt, Mr. and Mrs. Charles E. Wickham, at their home on Monte Rosa Terrace. Mrs. Newcombe's husband is at present in Los Angeles, but will join his wife in the college town in the near future. This is the first visit from the young matron to the coast since her wedding, which was a society event, taking place at the home of her uncle and aunt last year. Mrs. Newcombe will be remembered as Miss Myrtle Bennett.

WEDDED IN HONOLULU.

Word has been received from Honolulu telling of the marriage there last Tuesday of Miss Elizabeth Penoyer, formerly a belle of Alameda, and Robert M. L. Pettor. The ceremony was simply arranged, taking place in the Episcopal church in the presence of a few relatives and friends. The bride has made her home with Mr. and Mrs. Charles Eckert during her residence on the island, and she was given into the keeping of her husband by Mr. Eckert. After the ceremony a wedding breakfast was served at the Eckert home.

RECENT CARD PARTY.

Mrs. Harry McLean entertained at an informal bridge party, Monday in honor of Mrs. J. H. Rohr, who recently returned from an Eastern trip. Mrs. McLean has been giving a series of card parties and the one on Monday was the third of the series. St. Patrick supplied the motif for the decorations and favors. Mrs. McLean will entertain another group of matrons at bridge within the next few days.

AFFAIRS FOR FIANCEE.

Many of the attractive affairs of the weeks immediately following Easter are planned in honor of Miss Madeline Clark, whose marriage to Warren Harold will take place April 22 at the Clay home in Fruitvale. Mrs. Philip Tuttle Clay has sent out cards for a luncheon in honor of her sister-in-law on Tuesday, April 1, when she will entertain at her beautiful home in Fruitvale. The afternoon will be devoted to bridge. A number of the younger girls will be entertained by Miss Leila Kenney with an informal bridge party on the afternoon of April 2 in compliment to Miss Clark, and Mrs. William Volkman will make her an honored guest the following evening at a card party. A large number of the matrons set will be taken to the affairs to greet the charming girl. Mrs. Volkman will be remembered as Miss Gladys Meek. Yesterday Miss Clark shared the honors with Miss Downey, another engaged girl, and Mrs. Charles LeRoy Butler, a friend.

MRS. ROYAL MILLER, WHO IS POPULAR IN THE YOUNGER SOCIAL SET OF OAKLAND.—Scharz Photo.

LUNCHEON ACROSS THE BAY.

Mrs. William Hinkley Taylor was a luncheon hostess Tuesday of this week, entertaining a number of smart set matrons of the bay cities with a luncheon at the Town and Country Club across the bay. Among those who shared Mrs. Taylor's hospitality were Mrs. Henry T. Scott, Mrs. Wendell Baker, Mrs. Russell J. Wilson and Mrs. Joseph B. Crockett.

LUNCHEON YESTERDAY.

Mrs. Arthur Brown was a luncheon hostess yesterday, entertaining a number of society matrons with a delightful affair at her home in Vernon Heights. Bridge was offered as a diversion for the afternoon. The guests were the members of one of the popular card clubs of the season, and included Mrs. Guy C. Earl, Mrs. Arthur L. Adams, Mrs. E. D. Yorker, Mrs. J. W. McClynn, Mrs. J. L. Scupham, Mrs. J. L. Kloppe, Mrs. James Albert Johnson, Mrs. Frank L. Ogden.

LUNCHEON FOR GUEST.

Mrs. Charles Miller entertained a number of society matrons at a smart bridge luncheon Monday at her Berkeley home. The function was planned in honor of Mrs. Hattie Loring Van Bergen, who is a guest at the home of her aunt, Mrs. George W. Hooper, in San Francisco. Several guests crossed the bay to attend the enjoyable luncheon and bridge.

DANCE FOR BELLE.

Mrs. Emil Theodore Kruse has sent out cards for a dance to be given April 1 at her home in Berkeley in honor of Miss Dorothy Woodward, a popular debutante of the college town. A large number of guests of the younger set of the bay cities have been included in the invitations.

OPEN COUNTRY HOME.

Mr. and Mrs. Irving Lundborg and their family have responded to the invitation of Mrs. G. A. Gatos and are planning to spend the entire summer there. They will entertain with a number of jolly house parties during the summer months. Mrs. Lundborg was formerly Miss Abbie Clift, a sister of Judge Clift.

SOCIAL LEADER IN CAPITAL.

Recognition has been made of the wide social power wielded by Mrs. Joseph Knowland, wife of Congressman Knowland, at the national capital, by an honor recently bestowed upon her by the Congressional Club of Washington. She has been made the chairman of the entertainment committee, and has become by virtue of her office a social leader in the exclusive set of the city. The Congressional Club is an organization of the exclusive social set, and is limited to the wives and daughters of cabinet officers, senators and representatives. Mrs. Knowland is the head of all arrangements for receptions are held each year in honor of the President, Vice-President, members of the cabinet, officers of the army and navy and foreign visitors of distinguished rank. As chairman of the committee on entertainment Mrs. Knowland is the head of all arrangements for these elaborate functions which form so important a part of social life in Washington. Programs are given before the members of the club each Friday afternoon by artists of national reputation. Mrs. Knowland will leave her home in Alameda for Washington next week, stopping on the way for a fortnight's sojourn in Texas.

ENGAGEMENT OF INTEREST.

A pleasing surprise was given to society by the announcement of the engagement of Miss Sidney Davis and Carl Wolff of San Francisco. The news was made known in the most informal way over the telephone to the closest friends of the bride-elect, who is the second daughter of the late Mr. and Mrs. Willis Davis, and a sister of Willis Davis and Mrs. Horne Moore, with whom she makes her home. She is a beautiful young woman with a warm personality and a wide range of talent. Her former connections include some of the most prominent families in California. She is a grandniece of Mrs. John Bauer and a

WOMEN IN THE NEWS

COMES BACK WITH MESSAGE FROM WILSON

Leader of Democratic Women Returns After Visit to Capital.

NEW YORK, March 20.—Miss Mary Foy, president of the California Democratic League and "boss" of the 150,000 women registered in the Democratic party of that state, who has been visiting Mrs. Woodrow Wilson of this city, is now on her way back to California, proudly bearing to the women of her state a special message from President Wilson.

Whether New York legislators grant their women no vote or not, Western women are already an important factor in national politics. Miss Foy, representing a large body of these women, called on President Wilson while she was in Washington recently.

"I told him," Miss Foy explained, "that we California women had taken him seriously when he said that this was not to be his administration, but ours. I told him that we wanted to help him in every way to interpret him to the California public and to see that he was not misrepresented in public opinion there. I was just on the point of asking him whether in case any question occurred where there seemed to be a misunderstanding we might not correspond when he anticipated my questions.

"Now, let me tell you something about myself. He began, 'I am not going to be a silent president, but whenever I advance any policy I shall accompany it by a statement of my reasons, worked as simply and as clearly as I know how to make it, so that I am sure that neither you nor any friend of the administration will have any doubt as to my position in the matter.'

"I am proud to have this message to take back with me, because it will be most reassuring in beginning our year's work," Miss Foy continued. "Of course, we have been working steadily ever since we got the vote, but we have a lot more to do—we are only beginning."

Expenses Are Large

NEW YORK, March 20.—On the showing of Josiah H. Dewitt that his 16-year-old niece and ward, Helen A. Dewitt, cannot get along comfortably on the \$12,000 a year which has been allowed her for her expenses out of her \$50,000 income, Surrogate Fowkes increased the allowance to \$20,000 a year yesterday.

Miss Dewitt's expenses are increasing rapidly, her guardian explained, especially for clothing. Her spring outfit this year will cost \$1800, he declared, and as she attends a school for girls patronized by wealthy families she must have funds sufficient to keep up her social position.

Girl Is Secretary

SALISBURY, Ore., March 20.—Secretary to the governor of Oregon at a salary of \$3000 a year is the position which is about to fall to Miss Fern Hobbs, heretofore chief stenographer in the governor's office.

Governor West announced Miss Hobbs' selection yesterday, following his appointment of Ralph Watson, his present secretary, to be corporation commissioner under a new "blue sky" law enacted last month. Both appointments will take effect when the new law becomes effective.

The salary of the governor's secretary was increased by the last legislature from \$1800 to \$2000 a year.

Miss Hobbs is a young woman and has been employed in the governor's office for two years. On several occasions when both the governor and his secretary were away from the capital for two or three days, she kept the executive offices open and performed all the duties of governor, except in cases requiring the governor's personal signature or presence.

Her Hair Offends

ST. LOUIS, Mo., March 20.—The manner in which Miss Lillian Rakaway's hair was dressed on the evening of January 20, resulted yesterday in her filing suit against the Dreamland Dancing Academy for \$6500 damages. She charges the management ordered her to leave the place because it did not like the way her hair (tresses) were arranged down her back.

Planning Parade

WASHINGTON, March 20.—Another parade in this city is being planned by the executive committee of the National American Woman's Suffrage Association for April 7 when the extra session of Congress convenes. This time the parade will be neither so long nor so elaborate as the one planned by the same organization for March 3. Five hundred and thirty-one women, including representatives from each congressional district and from each state at large, will form and march to the Capitol, where they will present to the members of Congress their arguments and petitions in favor of equal suffrage. The parade will begin immediately after a mass meeting in one of the local theaters.

Visiting in North.

Scott are at present in Seattle, where they are spending a delightful visit during their stay in the north. They will go to Portland the latter part of the week for a short stay, and will be entertained by Mrs. Edward Hall Dodge while there. Mrs. Scott and her daughter will return home the latter part of this month.

Large Size High-Grade Tea in World.

If you attend a clock tea at Sheriffs, Fifth Avenue, N. Y., with in the past 20 years, you found them serving Ridgways Tea.

Ridgways Tea

You can have in your own home the same tea as used by Queen Victoria for 45 years and served by Sheriffs for 30 years.

All High-Class Grocers

Is Sold at the Ridgways Tea Order Trial Package TO-DAY!

SMOKING IN FACTORY PROVES COSTLY LUXURY

NEW YORK, March 20.—That the judges of this city are determined to stop the smoking of cigarettes in factories, and that the memory of the fatal Triangle shirtwaist fire, where over 100 girls lost their lives is still fresh in their memory, was demonstrated yesterday when 21 cigarette smokers caught violating the law prohibiting smoking in factories were fined \$20 apiece. David Ginsberg, who owns a clock factory at 12 E. 12th street, was fined \$20 for showing a bad example to employees by smoking a cigarette near inflammable material.

STARVATION IS DANGEROUS

By LILLIAN RUSSELL

Copyright, 1913, by Lillian Russell.

HARDLY a day passes that I do not observe, among both men and women, drawn faces, indicating pain and depression, and I have wondered how much this condition is due to hunger.

I am not referring to hunger that, unfortunately, may result from needy circumstances, but hunger which exists among people who are well equipped for the satisfaction of their food appetites.

There are thousands and thousands of people who, with minds concentrated upon business, neglect their midday nourishment or hurry away from the breakfast table before they have eaten sufficient to sustain them during their day's work. The common result of such fasting is, like in all cases of neglect, destructive to health, appearance, and temperament. Failure to observe regularity in eating is most commonly manifested by a headache. Everybody is acquainted with the dull heavy pain that accompanies an empty stomach.

A woman or a man may steal time from meal periods and devote it to work, but what a false economy it is. Did every one realize that the penalty of this theft is weakened energy, a slowing up of brain function, and an actual physical loss they would take care to regulate their eating.

What does it avail a person to forego a meal because of important business, then transact that business in a half-hearted or mentally deficient manner because of a headache or a heavy brain, due to lack of food?

A headache is reflected upon the features in tense facial muscles and distortion, and no tissue can be contorted for hours at a time without there is some lasting effect.

Recently an Italian scientist conducted experiments upon animals and made an inspection of the brain of one which had fasted ten days and another that had been regularly fed. The test showed that the ether in the brain of the starved animal had diminished with every day of the fast and the water increased proportionately. Ether has but two-thirds of the specific gravity of water, consequently the brain of the starved animal became heavier. The brain actually becomes heavier through lack of food.

Food is as necessary to the perfect function of the body as air, and who, because of press of business, would think of doing without air for even ten seconds? Who would think of entering a room in which the air had been poisoned? Then why should not the same care be taken of that equally important physical requirement, food?

Remember: The laws of nature cannot be violated without physical penalty and sacrifice of general welfare.

Lillian Russell

Answers to Queries

G. T. D.—I do not believe much in internal remedies for beauty. Diet, pure air, cleanliness and sensible cultivation of one's charms are all that are necessary to insure to any woman a loveliness that will last as long as she lives. Gentle massage with warm cocoa butter is good for developing the bust. Deep breathing is also good, and singing is a splendid exercise. Any exercise that involves the muscles of the arms will also tend to enlarge the bust. The following exercise is excellent: Double your fists as tightly as you can, bring them together in front with the arms raised so as to be horizontal. BEEP—think all your hair needs is a little daily attention.

ANXIOUS—In time, ammonia and peroxide will remove hair. The ammonia will gradually kill the roots and the peroxide will bleach it so that it will become less noticeable. There are several articles on the market that will remove superfluous hair with one application, but it does not kill the roots and the hair is bound to come back again. I shall send you instructions for removing superfluous hair if you will send me a stamped, addressed envelope.

WOMAN LEAVES JEWELS FOR CHURCH MONSTRANCE

LOS ANGELES, March 20.—George Allan Hancock is the chief legate of the estate of his mother, Mrs. Ida Hancock Ross, who died several days ago. The entire estate is appraised by her attorneys at \$1,500,000, and numerous bequests to charities are contained in the will, which was offered for probate. Her husband, United States Judge Erskine M. Ross, is bequeathed \$6,000 shares of stock in an Arizona mine, of which little is known here. Her son is appointed executor without bonds.

The most unique provision of the will bequeaths to the pastor of St. Joseph's Catholic Church of this city all of her silverware and jewelry, the former "to be melted and remodeled as may be necessary to make a monstrance for altar use; all my diamonds and other precious stones shall then be set in said monstrance."

PASTOR NOT PURE, SAYS WIFE IN LAWSUIT

SAN DIEGO, March 20.—Accusing her husband of a lack of that purity which he so strenuously advocated in others, Rev. Mary May Lemon yesterday brought suit against Rev. William Lemon in the superior court for divorce.

The Lemons, who were married in San Francisco the latter part of March, 1911, were at the head of a "purity league." This organization, in an effort to compel District Attorney Utley to close the red light district last fall, brought charges against him in the superior court.

Mrs. Lemon asserts that her husband was a frequenter of the dens even while he was agitating the closing movement.

WHY SUFFER?

Breathe HYOMEI and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and sniffle, and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power, they are continually and persistently poisoning your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

If you do not kill the loathsome germs of catarrh, their desperate assaults will in time undermine your reason, rob your brain of its brilliancy and activity, and leave you not only a physical but a mental wreck.

This picture is not overdrawn; the writer has seen thousands of just such cases. He has personally experienced the demoralizing results that came from the ravishing attacks of the horrible catarrh germs, the greatest pest of civilized man.

But there is one remedy that will kill the germs and stop catarrh, and that is HYOMEI, the Australian dry air treatment. There may be other remedies, but they are not guaranteed as drugs; they guarantee HYOMEI to banish catarrh or money back. Every day you allow these germs to exist in your system brings you nearer to complete demoralization. Drugists everywhere will sell you a complete HYOMEI outfit, for only \$1.00. Ask them about it. It is also guaranteed for bronchitis, coughs, colds and croup.

One must give the hair and scalp as much attention as they would their face if they wish to have a nice head of hair. I would advise you to have the ends of your hair cut so as to even it, as hair that is split at the ends will not grow. Try massaging your scalp each night after taking your hair down. This will loosen the scalp, which has probably become tightened through lack of care and will give more life to your hair. In two weeks' time you will see a vast difference, for your hair will become full of life and glossy. I would suggest that you also use a good hair tonic in connection with scalp massage. If you will send me a stamped, addressed envelope I shall be happy to send you a formula for a hair tonic for falling hair with complete instructions for scalp massage. I shall also send you the formula for cold cream.

Our Annual Easter Sale of Reproduced French Models—a Saving of 50c to \$1.00 ON EVERY PAIR

BETTER materials and trimmings will make this sale larger than ever. We are showing in cuts today two of the five biggest selling models ever turned out by any corset-maker at the price.

SEE STYLE 110 WARNER RUST-PROOF

make for the average American figure, made of white coutil with the round Persian gored hip, medium bust with long hip and back; has the regular French trimmed batiste top, with the lace ruffled edge; would be sold cheap at \$1.50. Sizes 18 to 30. Special\$1.00 per pair

SEE STYLE 119 WARNER RUST-PROOF

make for slender figures, made of white coutil; very low bust and long hip; a regular \$1.50 value. Sizes 18 to 26 only. Price\$1.00 per pair

STYLE 130 WARNER'S RUST-PROOF

make just as you see it in the cut, and the greatest corset ever reproduced at the price; made of white coutil for the average American figure, medium bust with extremely long set-in side hip; will not stretch; has the French net trimmed top with lace ruffled edge. Sizes 18 to 30. Special\$1.50 per pair

SEE STYLE 131 WARNER'S RUST-PROOF

make; a young ladies' corset with no waist line, no side steel and is soft and pliable; extremely low bust, long hip and one of the latest French models. Sizes 18 to 26 only. Special \$1.50.

STYLE 141 WARNER'S RUST-PROOF

make just as you see it in the cut; made of white French coutil for the average American figure; has the round gored hip, medium bust and extremely long back and hip; a regular \$5 value of any other make. Sizes 18 to 30. Special\$2.00 per pair

ALL CORSETS have the Security Rubber Button Hose Supporters attached to every pair.

CLERGYMEN DISAGREE OVER LIQUOR QUESTION

SHALL REGENTS KEEP HANDS OFF U. C. ISSUE?

Majority of Divines Interviewed Favor Student Self-Rule

With divergent sentiments of disappointment and satisfaction, ministers and clergymen have received the refusal of the University of California regents' committee to pass a non-liquor rule to apply to college functions. Many of the temperance forces had expected drastic resolutions from the regents. Others believed that such legislation would arouse antagonism among the students and hurt the temperance cause.

It was this last view which was embraced by the regents themselves. They pointed out in their report that the students had accomplished much toward temperance through self-control and they feared interference would destroy the growing sentiment against intemperance.

President Benjamin Ide Wheeler added no word this morning to the regents' committee's report. Farnham P. Griffiths, his secretary, stated that the action was directly in line with the president's own views of the situation and was pleasing to him.

Ministers' and temperance workers' comment as follows upon the report to the regents:

REV. L. A. McAfee, pastor of First Presbyterian Church, Berkeley—The action of the regents' committee seems to me materially to simplify the whole situation. The students have suggested at times that they hadn't the right to take such action and have avoided taking it when it was put up to them, as in the form of a constitutional amendment. The regents have now said, in effect, that student self-government can do all that is necessary—that it is up to the students to take such action as will justify the belief of the regents in the potency of student self-control.

REV. CHARLES B. DALTON, pastor Trinity Methodist Church, Berkeley—The students really had fallen down in self-government when this matter was put up to the regents. The student constitution called for a vote on amendments when certain conditions preliminary thereto were met. These conditions were met, and the amendment was not submitted. Thereafter self-government failed. Self-government proved to be but a pretense. I shall be glad to be convinced by the students that the faith of the regents in them is not misplaced.

REV. H. J. LOKEN, pastor First Christian Church, Berkeley—The action of the regents illustrates a generally accepted view of the fields of ethics in general, that moral questions are to be solved either by education or by legislation. Much is to be learned from both theories. It will be found hard to maintain any degree of student self-government if there is constant interference from any such external power as regents or other university authorities. One interference constituting a precedent is apt to be followed by many others. Were the student body merely to legislate against the service of liquor at college functions and attempt enforcement of the law by expulsion of the student, I fear no court to whom the student might appeal for reinstatement would hold the fact of his infringement of the rule as just basis for his expulsion.

REV. JAY PRUDEN, pastor Calvary Baptist Church, Oakland—There are no many good things that the university has to offer that I feel that banquets are non-essentials after all, and that the liquor is unnecessary.

the part of all of them against intemperance.

REV. S. C. PATTERSON, pastor North Berkeley Congregational Church, Berkeley—I believe it is better for a man to abstain from intemperance and other wickedness from choice rather than by force.

I find myself, therefore, largely in sympathy with the action of the regents' committee, and shall feel that sympathy justified if the students establish the rightfulness of the regents' faith in them. I believe in the cause of temperance with all my heart, and I look to see it established within the university.

REV. GEORGE W. WHITE, pastor First Methodist Episcopal Church, Oakland—There did seem to be an open question whether the students or the faculty of the University of California had power to act. The students claim'd that the constitution of the student body did not give the president the right to give the president of the student body or the committee of the student body the right to enforce such legislation. The ministers thought they did have that power under the constitution. When the students questioned that fact, the ministers took it before the board of regents and asked them to pass on the whole question. This is the result of it. The committee of the board of regents think that the matter is in the hands of the students and that it would not be wise to have prohibition. To my mind it is a mistake. It would be better for the good name of the institution and the welfare of the students if the prohibition measure were enforced. I do not suppose the ministers will do anything further in the matter.

REV. M. FRIEDLANDER, rabbi First Hebrew Congregation, Oakland—It is my opinion that the report of the regents' committee bespeaks good judgment and psychological insight. The moral range should not be encompassed by force. The human consciousness should be allowed free volition for the exercise of what is good and true.

REV. E. J. BRANDER, pastor Grace Methodist Episcopal Church, Oakland—There is no question in my mind but that there are many instances where young men have been led astray by the use of alcoholic liquors at university social functions, and the parents of the young people have been ignorant of the fact in some cases, yet I realize that it is a very difficult question to handle, and regret that attitude of the regents in the matter, though it may be the wisest plan from their viewpoint.

REV. WILLIAM K. TOWNER, pastor First Baptist Church, Oakland—As a matter of principle and practice, I am in favor of State-wide, nation-wide and world-wide prohibition of the liquor traffic. I regard it from the point of view of economics, ethics and religion as productive only of waste, war and wreck. In this particular instance, as far as I understand the case, I am with the student body of the university and the board of regents, and for this reason: We live in an age of the decadence of authority. The problem of education for the home and the school and the church, self-discipline and self-direction toward social and religious ends for the coming generations. Since the day of outward control and repression is passing, the day of self-control has arrived.

REV. JAY PRUDEN, pastor Calvary Baptist Church, Oakland—There are no many good things that the university has to offer that I feel that banquets are non-essentials after all, and that the liquor is unnecessary.

ARCH-RAGGERS STARTLE WORLD WITH NEWEST THOSE WHO DANCE IT DECLINE TO DESCRIBE IT

Society Wags Tongue and Nods Head at Last Word in Ragging

The last word has been recorded in ragtime—positively the final development of that whim of high society, and envy of all outsiders. The new rag is a carefully guarded secret, meant only for the socially-elect—more than that, the socially impeccable, whose places in the hierarchy of the high class are absolutely unassailable. It is not known when it originated, but it is claimed that it was a spontaneous inspiration of a handsome and popular society pair during the stunning Italian cabaret fete recently given by Mr. and Mrs. Willard Williamson at their home in Piedmont.

The method of the "madness" that reaches a climax in this latest dance is something like this, according to the reports that have reached the outer world and the bulging ears of outsiders. The pair who are ragging with the indescribable lilt and swag of the real society raggers proceed speedily down the center of the room as the music reaches a furious climax of intertwined notes and beats.

THEY STOP SUDDENLY.

Suddenly they stop, in the center of the floor. The man stands like an ancient statue, reproducing the Colossus of Rhodes in the logs of Burlingame or Piedmont or Pacific Heights, and his lips some partner grasps firmly her skirts—what there are of them—and with a bending, swaying, gliding dip and twist she swirls through the arch thus made impromptu; the man whirls on his heels, clutches his partner as she rises, and rags screeching down the hall with her as if the most sensational step of the year had not just been performed to an admiring throng.

Such is the latest step of the ultra society fete, according to what has been heard of this secret of the ballroom, which is described as a combination of the Colossus of Rhodes, London-bridge-is-falling down, and the Tango.

REFUSES TO DESCRIBE IT.

Among those who danced the new step at the Williamson fete are said to have been Mr. and Mrs. Harold ("Bud") Havens, the latter a beautiful young society matron who wed Miss Edith Houston before her marriage last December. Mrs. Havens laughingly admits that she danced the new step, but refuses to describe it except as the last word in rag, just rag, and a lot of it.

The Italian fete was staged with a fidelity worthy of Ballo, with its elaborate cut paper fly-catchers and pitchers of calli lilies and other unusual flowers on the tables, which were set with thick white china. Decorations, appointments and all had been brought over bodily from the Italian quarter of San Francisco.

The women and most of the men were dressed in Italian peasant garb, and showed the joyous abandon of the Latin race in entering into the pleasures of the evening. It was in compliance to Mrs. Williamson Knowles and Mrs. Charles Sutro, who left for Europe last week. Among those who were present and joined in the gallop were Mr. and Mrs. Charles Sutro, Mr. and Mrs. William Knowles, Mr. and Mrs. William Ede, Mr. and Mrs. Mark R. Daniels, Mr. and Mrs. Charles Parcells, Mr. and Mrs. Bud Havens, Mr. and Mrs. Robert Newell, Mrs. Webster and Percy Gaskill.

MRS. HAROLD HAVENS, ONE OF THE DANCERS WHO TRIED THE NEW RAG STEP AT THE ITALIAN FETE.—Habenicht Photo.

CHARITY BALL PLANS DISCUSSED AT MEETING Allied Workers in Noble Cause Meet at Palace Motel to Perfect Plans

SAN FRANCISCO, March 20.—There is additional activity this morning as the result of yesterday's meeting at the Palace Hotel when men and women of the city allied in the name of sweet charity to make a success of the Charity Ball to be held on March 23, that will eclipse all events that have gone before. The women of the Catholic Humane Bureau, under whose auspices the ball is to be given in Scottish Rite Auditorium, are much encouraged at the assistance promised them by the men's auxiliary.

The joint meeting was at the suggestion of Archbishop P. W. Riordan and was primarily to convince the men that they had other obligations besides their financial assistance.

In calling the meeting to order in the Palace Hotel, Joseph S. Tobin announced that the men must lend their individual efforts in securing the attendance of others and interesting themselves in the noble work. "Men are prone," he said, "to leave preparations to the women. We must, however, lend not only our purses and our presence on this occasion, but our individual support as well. We must each appoint ourselves a committee of one to secure as great an attendance as possible, and we will set a new mark in charity balls."

NO INVITATIONS USED.

An innovation will be the dispensing of invitations as everyone is expected to go and as a measure of economy. Tables have been reserved by many prominent women for the banquet and all of the boxes have been reserved.

The worthy objects of the Catholic Humane Bureau were set forth by Rev. P. L. Ryan who said:

"The bureau has now about 600 children from the various avenues of life, many of whom have been rendered destitute through the deaths or desertions of their fathers, while others have been bereft of both parents." He added that the allowance for this purpose by the state is so limited that \$600 per month is required in addition to the state's contribution.

"Last year the bureau expended for the benefit of the children \$22,400, of which 56 per cent was upon the children themselves and less than 4 per cent for running expenses," he continued. "These funds were made up by the good ladies connected with the bureau."

"It is not an easy thing to collect money, and the charity ball was decided upon in the hope of making up the expenses for the whole coming year, and because we felt it was time for the men to get in and help, considering it unfair to leave it all to the ladies."

The following floor committee was announced for the ball: P. L. Ryan, chairman; Joseph S. Tobin, William Humphrey, William H. McCarthy, Felton Elkins, and Thornwell Mulhally.

All of the boxes have been disposed of,

among the box holders being Mrs. Clara L. Durling, Mrs. James E. Donohue, Mrs. Templeton Crocker, Mrs. W. G. Irwin, Mrs. J. W. Davis, Mrs. Henry T. Scott and Mrs. Frederick Shanon.

Tables have been reserved for the banquet by Mrs. Garrett McEnerny, Mrs. J. Merillon, Mrs. Stanley Sullivan, Mrs. J. E. Tobin, Mrs. C. W. Clark, Mrs. B. P. Oliver, Mrs. J. E. Tobin, Mrs. Frank Griffith, Mrs. E. O. McCormick, Mrs. Keeney, Mrs. A. P. O'Brien, Mrs. D. C. Heeger, Mrs. James Shea, Mrs. J. A. Donohue, Mrs. J. A. Folger, Mrs. Clem Tobin and Mrs. Kohl.

THOSE IN ATTENDANCE.

Those present yesterday included Mr. and Mrs. Frank Griffith, Mr. and Mrs. James E. Donohue, Mr. and Mrs. Stanley Sullivan, Mr. and Mrs. Smith O'Brien, Dr. and Mrs. William Hopper, Mrs. Garrett McEnerny, Mrs. J. A. Folger, Dr. Matilda Feeley, Mrs. E. O. McCormick, Mrs. James Keeney, Miss Laura McKinstry, Mrs. Edward Eyre, Mrs. Willis Folk, Mrs. M. J. O'Connor, Miss E. O'Connor, Mrs. Clem Tobin, Mrs. B. P. Oliver, Mrs. W. G. Hitchcock, Mrs. F. M. Pickering, Miss Rhoda Pickering, Mrs. Dent H. Roberts, Mrs. A. Comto, Miss Elizabeth Zane, Mrs. James Shea, Mrs. E. E. Thomas, Mrs. D. C. Heeger, Mrs. J. A. Folger, Mrs. Clem Tobin, Charles Young, J. R. Queen, John O'Toole, T. J. O'Brien, Alfred Kelley, John J. Barrett, Thomas B. Driscoll, J. F. Moroney, T. J. Fitzpatrick and Judge Frank J. Murasky.

OPPOSITES TRADING STAMPS.

OLYMPIA, Wash., March 20.—Governor Elmer stated today a bill designed to put trading stamp companies out of business by imposing a prohibitive license of \$5000 a year in each county of the state.

Why Be the Last?

Our busy, competent army of fitters and alteration hands is waiting for you. You just let us know and we will have your clothes made up by the good ladies connected with the bureau.

Don't wait till tomorrow; come today.

Easter but two days off! Come and use your credit.

Friedman's

TAX ASSOCIATION'S \$50,000 CAMPAIGN IS INAUGURATED

One Thousand Volunteers Promised as Contributors to Fund

One thousand volunteers were promised last night by the representatives of various improvement, woman's and civic clubs of Alameda county, at a meeting of the Alameda County Tax association in the Chamber of Commerce building, to make a two weeks' whirlwind campaign for the collection of \$50,000 from 50,000 contributors to the charter fund. Of this number 270 have already been enlisted, representing 18 improvement clubs, 35 women's clubs and 30 chambers of commerce and other civic organizations, and within two weeks from this day enough additional volunteers are expected to join the ranks of the charter workers to bring the list up to 1000.

As an evidence of the popular acclaim with which the proposition of the Tax association is meeting, President Waterhouse of the Santa Fe improvement club last night stated at the meeting that the Santa Fe club alone would take out 1000 charter fund certificates, and contribute therefore \$1000 to the \$50,000 charter fund. Other clubs are expected to do as well, and there being altogether nearly 100 clubs that have already enlisted in this work, the outcome of the collection of this fund along the proposed lines is not questioned by the proponents.

350 IN ATTENDANCE.

The meeting last night was the largest yet held, and was the result of invitations sent out some weeks ago by the Tax association to the other clubs to appoint delegates and meet the association in a discussion of the charter fund campaign. About 350 club delegates and members of Tax association were present. Dr. David Barrows of the University of California was chairman of the evening. In his opening remarks Dr. Barrows gave a general survey of the situation which led up to the movement inaugurated by the charter committee of the Tax association.

Dr. Barrows stated that the present county form of government was a heritage of the small rural community, and when conceived was not intended to apply to cities, or cover the needs of city government. He pointed out that in Alameda county as in great many other counties of today, the rural community has disappeared almost entirely, and that the whole population is an urban one, with the needs and requirements of urban people. In Alameda county, therefore, a form of government applicable to urban needs is desired and for the best welfare of the people such a form of government should be instituted.

NOT CONSOLIDATION PLAN.

Dr. Barrows then clearly pointed out that the present movement for the cities of Alameda county did not imply consolidation of the principal cities of the county into one city, that he had been hearing of this question, the present movement by some people. Dr. Barrows' talk was enthusiastically received.

Following Dr. Barrows' remarks, R. M. Fitzgerald introduced a short resolution endorsing the present charter fund campaign plan. The resolution is as follows:

Resolved, That it be the sense of this meeting that we hereby endorse and pledge our hearty co-operation to the plan of the Alameda county charter investigation committee to raise a \$50,000 investigation fund, for the purpose of securing the data necessary to an economical readjustment of the present county government. Mr. Fitzgerald made a short but earnest talk in support of the resolution, and at the close of his remarks moved

the adoption of the resolution. The adoption went through with acclamation.

MISS BROWN SPEAKER.

Miss Anne Florence Brown was the next speaker, and took as her subject the political obligation of the women of Alameda county and the present splendid opportunity for them to meet this obligation.

"The women promised, if given the franchise, to help institute reforms in government that would be for the good of the whole people. Here we have an opportunity to lift this obligation in a measure. What better thing can the women of Alameda county do than to reduce the very expense of our local government by many hundreds of thousands of dollars."

Miss Brown has been largely instrumental in securing the help of many women's clubs in this charter fund work, and promised to see to it that the women would do their part in the coming campaign.

PLAN IS DEMOCRATIC.

Mark L. Regan, president of the association, presented the details of the plan for the 50,000 subscriptions at the rate of \$1 each. He said:

"It is planned to raise this fund of \$50,000 by popular subscriptions limited to amounts of \$1. I can conceive no stronger vindication of pure democracy than the success of this method of raising the money, nor can I conceive of any more effective way of securing the interest and the support of the people than by making them all equal partners in financing the undertaking."

"No movement of this kind can succeed that does not command the enthusiastic approval of a majority of the people and it is therefore to all of the people of Alameda county that we appeal."

"The integrity of the fund is guaranteed by the names of the auditing committee and the treasurer, Messrs. W. W. Garthwaite, president of the Oakland Bank of Savings, and J. F. Carlson, president of the Central bank, and Victor H. Metcalf, vice-president of the Union Savings bank. None of this money is to be used save for the actual investigation work, all preliminary expenses being borne by the Tax association."

TO POST PLACARDS.

Regan stated that the present plan called for 1000 volunteer solicitors, of which 270 have been signed up. He stated that the business firms of the county had agreed to post placards stating the purpose of the campaign, and had also agreed to act as canvassers. A two weeks' campaign will be made. The charter fund certificates to be sold are for \$1 each.

Others speaking were J. W. Phillips, Mr. Waterhouse, and Professor Thomas H. Reed of Berkeley, whose talk concluded the meeting. Professor Reed's talk was an eloquent appeal to those present to engage heartily and enthusiastically in this noble cause, which has for its end the simplification of local government, and the reduction of the expenses of government, thus reducing the annual payments of taxes.

PROMISE CO-OPERATION.

Expressions from many delegates of the clubs present were heard endorsing this movement. These delegates promised to go back to their various clubs, enlist many assistants in the work, and report back to the association with a list of 1000 volunteer workers, who will go into the field and secure 50,000 subscribers to the cause, each subscriber paying \$1 into the treasury. This money will be used to collect the fullest possible data on the plan of government to be proposed to the people of this county.

Another meeting, the last one before the active campaign starts, is to be held in about two weeks by the association, at which time the full list of solicitors will be received.

Says Old Eggs Are Good, But Does He Eat 'Em?

Professor Will Try 'Em on a Squad of Brave Men as Experiment.

LAWRENCE, Kan., March 20.—Age is no detriment to Kansas eggs, according to Dr. S. J. Crumrine, dean of the University of Kansas School of Medicine and secretary of the State Board of Health, who today started a series of tests in an effort to prove that his theory is correct.

A squad of men employed in the experiments for ten days will be fed eggs two years old. The aged cold storage product will be served raw to the men each day with their meals and careful records will be made of their physical condition during the tests.

SON OF NEIGHBORING FARMER ARRESTED BUT ESCAPES FROM THE OFFICERS.

PORT SMITH, Ark., March 20.—The body of Elsie Stephens, 19 years old, and daughter of a well-to-do farmer, was found in a well at her father's home near Delaware, Ark., yesterday. She had been shot twice through the head, and a wire to which a heavy stone was attached had been drawn tightly around her neck.

The girl had been missing since March 10. The son of a neighboring farmer was connected with her disappearance, but he escaped from the officers.

Medicine Hat Gas Explosion Kills Five

MEDICINE HAT, Alta., March 20.—Five are dead and 10 badly injured as the result of an explosion of gas when the three-story building of the Western Canada cold storage and packing plant burned into last night. The property loss exceeds \$100,000. Despite reports that many were caught in the ruins, no bodies were found by searchers today.

Many of the injured were spectators who, watching the fire, were crushed when three of the walls were forced outward by the explosion. All the injured are expected to recover.

WASHINGTON, March 20.—John Burke, former governor of North Dakota, the new treasurer of the United States, is lost as far as the treasury department is concerned. He was expected in Washington last night to take the oath of office today, but had failed to appear at the appointed time and Secretary McAdoo has not heard from him. The department is anxious to receive the new official, because his entry into office means the necessity of counting the nation's wealth. The transfer will be the

greatest single financial transaction from man to man in the history of the world, exceeding the \$1,400,000,000 received by Thompson three months ago from his predecessor, Lee McCung.

BURKE IN CHICAGO.

CHICAGO, March 20.—John Burke, former governor of North Dakota, Amanda Burns, society woman, writer and charity worker, was exonerated in Police Judge Shortall's court today and the case dismissed.

Notice.

The public is invited to go to J. A. MUNRO & CO. every Thursday afternoon at 10 o'clock to inspect the fine furniture, carpets, pianos, etc., to be sold at auction every Friday, at 1077 Clay st., Oakland.

Wearies of Name Given at Birth

Franklyn William Hickok Would Change it to Harrison.

Tired of the name that he has possessed since his birth, Franklyn William Hickok of 170 Alameda avenue, Alameda, has petitioned the Superior Court to be allowed to change it to Franklyn William Harrison. Petitioner gives as the reasons for the desired change that he has suffered annoyance and irritation with regard to the said name which he is desirous of preventing in the future. In addition he says that it is "detrimental to his interests."

Policeman Kills Private Artilleryman

PORT TOWNSEND, Wash., March 20. Private Tolman of the Sixty-third company, Coast artillery, was shot and killed here today by Policeman Breal. Tolman had knocked a policeman down with a club and when Breal went to his brother officer's assistance the soldier fired.

Breal called to Tolman to stop and then fired his pistol into the ground, the bullet glancing from a stone and striking the fleeing soldier in the back. A prosecutor jury exonerated the policeman. Tolman's parents reside at Lamoni, Iowa.

BURNS EXONERATED.

SAN FRANCISCO, March 20.—E. O. Burns, arrested for grand larceny on complaint of his former wife, Mrs. Amanda Burns, society woman, writer and charity worker, was exonerated in Police Judge Shortall's court today and the case dismissed.

New U.S. Treasurer Lost; Found Again in Chicago

WASHINGTON, March 20.—John Burke, former governor of North Dakota, the new treasurer of the United States, is lost as far as the treasury department is concerned. He was expected in Washington last night to take the oath of office today, but had failed to appear at the appointed time and Secretary McAdoo has not heard from him. The department is anxious to receive the new official, because his entry into office means the necessity of counting the nation's wealth. The transfer will be the

greatest single financial transaction from man to man in the history of the world, exceeding the \$1,400,000,000 received by Thompson three months ago from his predecessor, Lee McCung.

BURNS TO DEATH UNDERNEATH AUTO

Wealthy Rancher Is Victim of Terrible Accident When Machine Overturned.

SAN LUIS OBISPO, March 20.—Sterling Bell, one of the wealthiest ranchers of this district, and a man who has been actively connected with enterprises of this county, met a horrible death under tragic circumstances yesterday afternoon when he was burned to death beneath an overturned automobile. Bell went out in his big touring car to the Carle place, two miles from this city. The motor was going down the grade near Arroyo Grande when it stuck in the mud. Help was summoned from the ranch of Porter brothers near by, and a team of horses was employed to pull the machine from the sunken road.

The machine overturned and Bell was pinned beneath it. The Porter boys unhooked the team and mounted the horses and rode desperately to the nearby ranch to summon assistance, both physical and medical.

While they were gone the gasoline tank of the machine exploded and on return they found the charred remains of Bell amidst the twisted framework of the destroyed automobile.

ALAMEDA ATTORNEY AND WIFE IN SOUTH

ALAMEDA, March 20.—City Attorney and Mrs. A. F. St. Sure left yesterday for a week's trip in San Diego. The city attorney is one of the Alameda county commissioners for the San Diego Exposition, and he and the other commissioners from this county are going to the southern city on exposition business. While south the commissioners will arrange for America's country's representation at the forthcoming fair. The city attorney is probably still in ignorance that his Oakland law offices were damaged yesterday in the Bacon building fire.

BOXING Abe Comes Back O. O. He's the Boy! BASEBALL White Sox No. 2 Here Battle With Oaks SPORTS

SPORTSMEN FACE WORLD PROGRAM FOR THIS SUMMER

International Contests in 12 Lines of Athletics Give U. S. Opportunity.

NEW YORK, March 20.—The international aspect in sports, spreading with each successive year, is unusually predominant in the tentative arrangements of the big sporting events for the summer. The program now nearly completed calls for international contests in which Americans will participate in about a dozen branches of sport. The list ranges from chess to yachting.

Dates for most of the sporting fixtures, both at home and abroad, have now been set, and from a summary of those available here, it is evident the sport-loving public is to have an unusual variety of events to follow.

In yachting, the Germans renew the "Sonder," or special class races with the Americans, paying a visit of nearly three weeks to these shores in August. The race will be held as usual off Marblehead, Mass., the trials being set for August 10 to 23 and the finals beginning September 1.

The golfing season will see the first team match between American and French golfers near Paris in the latter part of June, following the British opening tournament in which a number of Americans will participate at Moylake, June 19 to 24. The national championships have been arranged for Brookline, Mass. (open) and for Garden City, Long Island (amateur), the latter during the week of September 1 and the former from September 18 to 26. The women's national tournament will be held at Wilmington, Del., October 15 to 18.

News was received yesterday that the Australian candidates for Davis cup honors in tennis will come here to meet the Americans in trials May 28 and 30. The national championships in tennis probably will be held at Newport, R. I., beginning August 18. After two years interval the Hurlingham Club is to send another polo team here in quest of the international cup. The tournament will be held at Meadowbrook, L. I., June 14 to 18. The national championships will be decided at Narragansett Pier in August.

Several foreign automobile racers already are tentatively entered for the national 500-mile race on the Indianapolis Speedway on Decoration Day. Two other big automobile events for the year will be held at Savannah, the Vanderbilt cup races on November 21, and the grand prize race on November 27. An event much looked forward to among college athletes will be the visit of the Oxford-Cambridge sports team to America, probably in the latter part of June for contests with the Harvard-Yale team. The usual intercollegiate championships have been set for May 20-21 at Boston and the Eastern vana relay carnival for Philadelphia April 25.

MANY REGATTAS. The national rowing regatta for amateurs is scheduled for Boston, August 8 and 9, and the American Regatta at Philadelphia probably May 31. Two other big regattas, at Poughkeepsie June 21, and Harvard-Yale at New London June 20. An intercollegiate cable chess match has been arranged for April 12 when players from Cambridge and Oxford Universities will match wits with a team yet to be chosen here.

Following the annual climax to the sporting season in this country which comes with the world's series during the second week of October, the New York Nationals and the Chicago Americans will start on a world-tour which will carry them almost to the beginning of another season at home, in active practice.

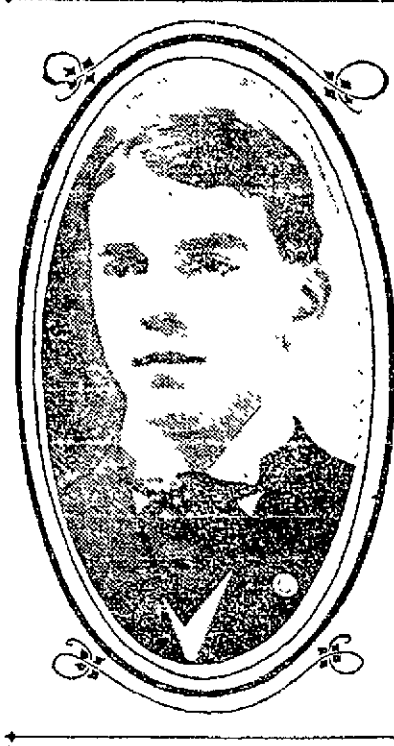

CARDINAL BASEBALL SQUAD DEFEATS ST. MARY'S

PALO ALTO, March 20.—Stanford University baseball team defeated St. Mary's College yesterday, 4 to 3. Yesterday's victory in Stanford's first game since the season was started at St. Mary's and is the ninth successive victory of the season.

Score: Stanford..... R. H. E. St. Mary's..... 3 7 2 Batteries—Maple and Dent; Johnston and Horn.

WRESTLING NEW COURSE OF STUDY AT ST. MARY'S

In order that local wrestling aspirants may have an even chance for honors, plans for a wrestling class at St. Mary's College are being prepared. Al Levene, one time holder of the lightweight wrestling championship of the Pacific coast, has been secured to coach the youngsters and it is hoped that before long Oakland will be scintillating with wrestling stars.

U. C. CREWS TO START TRAINING TABLE MARCH 30

(By MARSHALL EVANS.)
20.—In preparation for the California-UNIVERSITY OF CALIFORNIA regatta, the Stanford-Washington intercollegiate regatta which takes place on the San Francisco estuary on April 19, the University of California crew squad will open its training table on the thirtieth of the present month. An announcement to this effect was made by Crew Captain Arthur Eaton this morning.

It has been several years since a training table has been formed for the rowing men at Berkeley and the reorganization of this system is in keeping with the great renewal of activity in this branch of sports which has been inaugurated this season by Captain Eaton. In previous years the custom for the rowing men to live apart as usual and to partake of any diet which the men might select.

With the opening of the table a week from next Sunday all of the men will be served with meals under the direction of Trainer Charlie Volz, and while the table will not be strictly held in the matter of diet, the general rules of athletic training will be observed. Eaton will be in direct charge of the table and the table will be held in the Carlton Hotel in Berkeley, where the men will gather for their meals only. They will register at the hotel as usual.

FRESHMAN BASEBALL TEAM WILL MEET SACRAMENTANS

UNIVERSITY OF CALIFORNIA, March 20.—The freshman baseball nine will journey to Sacramento Friday where they will play the Sacramento High School nine. The game will be played at 7:30 p. m. and the game will be a very interesting one. The Sacramento team is a very strong one and the University team is a very strong one. The game will be a very interesting one.

WEST OAKLAND CARD IS ANNOUNCED FOR NEXT WEEK

Jimmy Howard of Chicago and Otto Berg to Meet in Main Event.

By THE TIMEKEEPER.
Jimmy Howard of Chicago, the fast middleweight who held Klaus and Frank Dillon to draws and who holds a decision over Knockout Brown, will box ten rounds with Otto Berg as the main event of the West Oakland Club's show next Wednesday night. The balance of the card was announced this morning by Secretary Hauschmidt as follows:

Six-round special event, Lee Johnson vs. Marty Kane, six-round semi-wind-up, Bubbes Robinson vs. Jim Horner, six-round event, Jack Teller vs. Barney Litchner, four-round, cuisinier-raiser, Tony Fretts vs. Eddie Miller.

The announcement of this card, just when he has given up hope of seeing any bouts in West Oakland this month, comes as an agreeable surprise, particularly since the card has a well-balanced, classy appearance. Howard is managed by Charlie Cleaver, who is prepared to back his charge to the extent of \$1000 against Al White's astor.

Both Howard and Berg are in the best of condition now, and will need very little extra polishing. Berg's hand, which he injured on Willie Mehan, has healed nicely and he does not anticipate any further trouble in that direction.

This will be Marty Kane's first re-appearance since he was knocked out for the first time in his life by Al White at Stockton. The fighting "hell-hound" intends to give as good an account of himself against the colored wonder of West Oakland as possible, in the hope of getting a return match with Zora.

Bubbes Robinson, the Los Angeles tarbaby, will have his hands full trying to keep away from the hard-hitting Jim Horner. Jack Teller will try to increase the reputation he got by knocking out Toby Miller by landing the same dose to Barney Litchner.

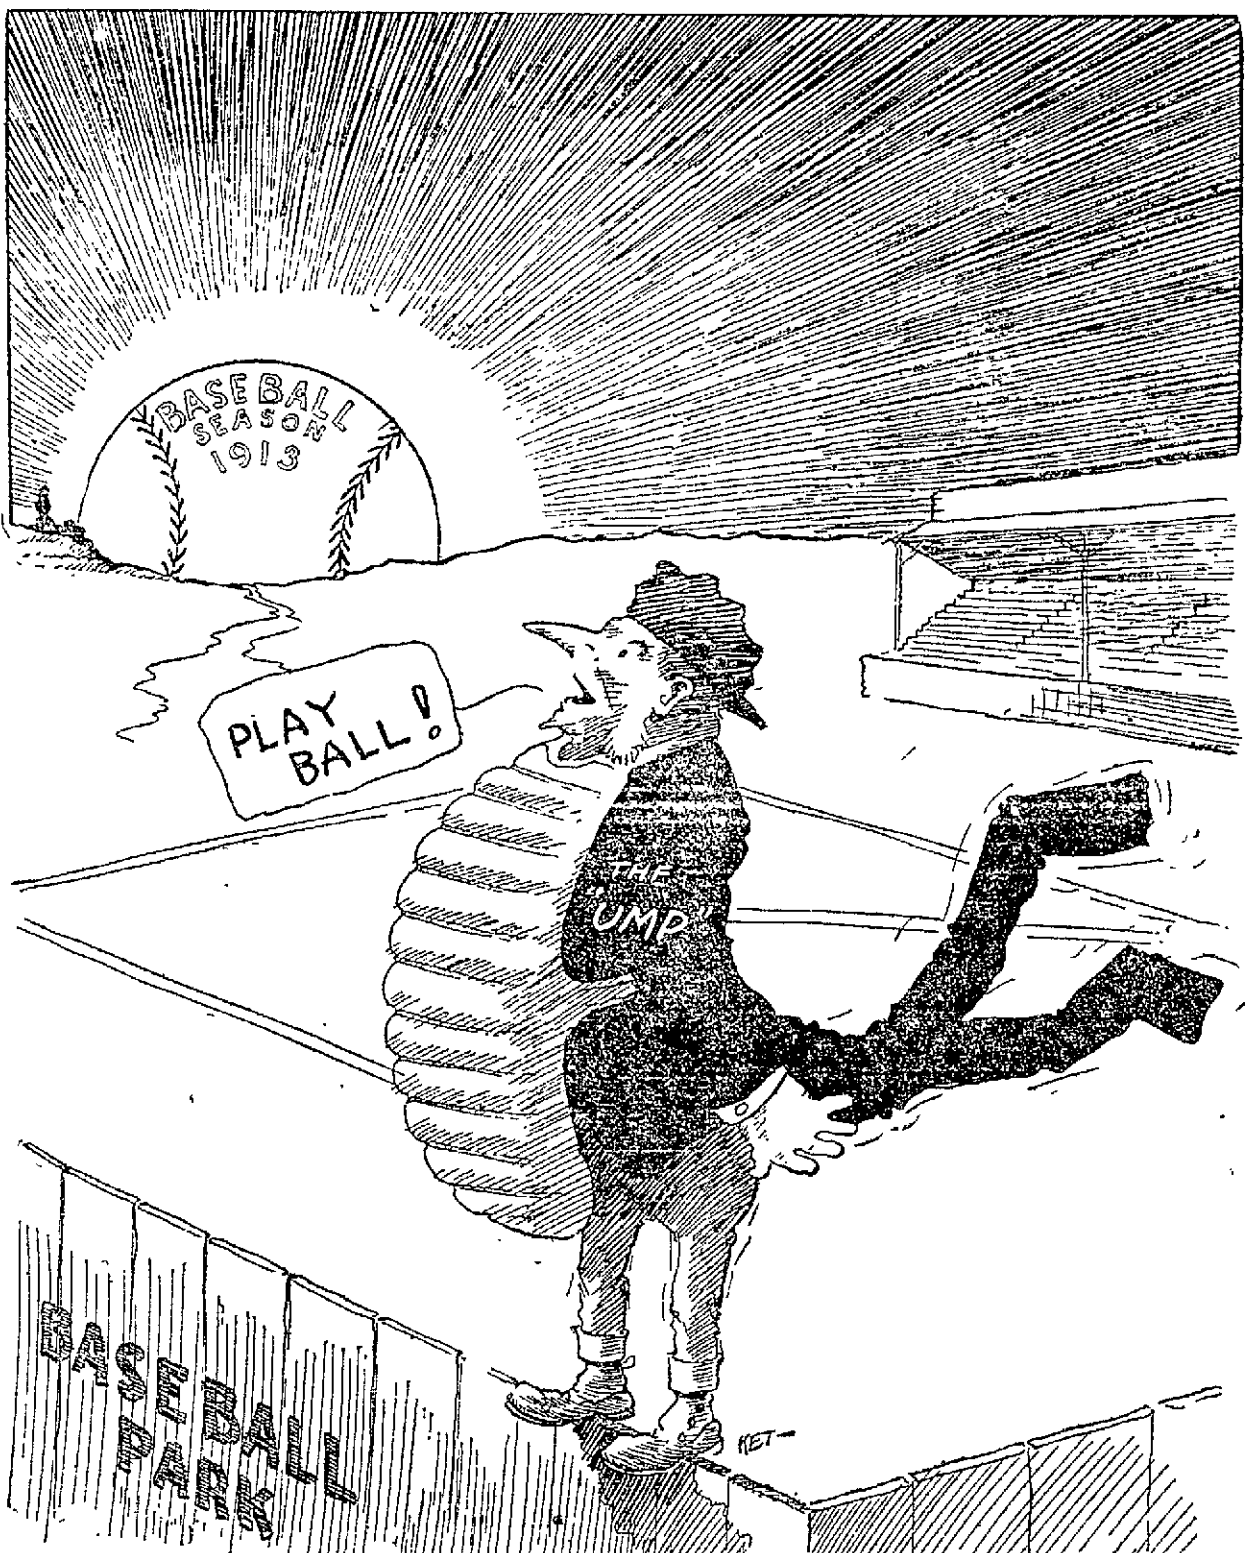

Eddie Miller and Tony Fretts will start the music. Dispatches from London this morning say that Herbert Synnot, the Irish Australian heavy-weight, who fought a 15-round draw with Joe Jeannette, and was later defeated by Sam McFie, will sail for America on Saturday to seek a bout with "Gunboat" Smith, the Californian, who landed the English champion Wells in New York last week.

Are We Dreaming?
Surprises in the field game will never cease. Now Abe Attell threatens to become the eighth wonder of the ring. Last night in New York he knocked out Willie Kirk, the boy made him quit the ring just four months ago, saying that "Abe was through, gentlemen; he will never fight again." The end came in a year.

A terrific left hook to Kirk's chin sent the Westerner staggering to the ropes, and a right to the jaw an instant later floored him for good. Kirk regained his feet in time to suffer further punishment before Referee Sammy Kelly stopped the bout. The fight inaugurated the season of the featherweight title, Kirk is the man who made him quit in a bout in the West four months ago.

Kirk had all the better of it for two rounds tonight. He jabbed Attell almost at will with his left and hooked his right to the head repeatedly. There was a knockdown, but Attell got up, however, Attell sleeping in quickly with the deciding blows.

THE MODERN CHANTECLER - - By KET

SPORT SPARKS FROM EVERY FIELD

Charley Moore, a candidate on the Los Angeles training squad is very, very angry. Someone opened Charley's locker yesterday afternoon and found it empty. Moore was practicing and removed therefrom a diamond ring valued at \$350 (?) and some cash.

Another Angel pitcher is on the skids. The latest addition to the hospital (curse it!) Perrett who is laid up with a sprained knee, incidentally this makes the third Angel pitcher to be laid up so far this season.

The Tenike Tigers are now on their new grounds. Hap Hogan thinks they are just about the greatest thing there is and the players also are pleased with conditions.

There will be a wrestling match between Sandow and Noll two athletes of fame (?) next Sunday afternoon at San Jose. Joe Condon will referee.

DAVENPORT, Iowa, March 20.—The Three I League directors at their meeting here yesterday, adopted a 140-game schedule. The season will open on April 24 and close on September 7.

NEW ORLEANS, March 20.—The Detroit Americans yesterday defeated the New Orleans team of the Southern League in the fourth game of the series here by a score of 6 to 1.

ALBANY, March 20.—The St. Louis Cardinals yesterday won a closely contested game. The score was 3 to 1.

WACO, Texas, March 20.—Thorpe led the New York National League regulars in batting in yesterday's game against the Chicago Cubs. Thorpe had a double, a single and a sacrifice out of four times to bat.

NEW YORK won 13 to 1. Wilkes and Crandall pitched for New York.

MEMPHIS, Tenn., March 20.—The Memphis Southern League team was defeated by the Philadelphia American regulars yesterday, 9 to 4.

HERE'S THE FIRST 'UN.
Sweet Spring is near!
Not near! Just here!
(She's come)
The "cupids" are here!
Kills off dull care
Like rum.
I hear the patter of her feet;
I hear the robin's heart-tweet
Just one more line—then I can eat—
Ho hum!

LINCOLN TENNIS CLUB TO MEET BERKELEY MARCH 30
The Lincoln Park Tennis Club of this city are looking forward with interest to the coming of the Berkeley Club to this city a week from Sunday. The local club is one of the teams playing in the Bay Counties tournament and has already met with the teams from Berkeley and San Francisco on the home grounds of those teams.

On the Sunday following the visit of the Berkeley players to this city, the Golden Gate Club of San Francisco will be the visitors, and later the Oakland team.

The club, with the assistance of the playground authorities, has the courts in Lincoln Park in excellent condition, and the effective pitching of the club is of interest in the welfare of the sport and the local conditions.

YOUNG OAKS AFTER GAMES.
Any 13-14-year-old baseball teams about the bay who are open to play games can be accommodated by getting into communication with Manager Adams of the Young Oaks of San Francisco, at 255 Lausat avenue, San Francisco. The Oaks line up as follows:
Pitcher, McCathra, third base, H. Miller, right field, Craig, left field, S. Mizel, first base, Lukins, second base, Spennette, center field, O'Connor, shortstop, H. Horner, pitcher, Aikin, pitcher, Watson, substitute; Adams, manager.

SECOND SQUAD HERE FOR LAST PRE-SCHEDULE GAMES

Wolverton's Men Commit to Error Column; Sox Win Easily.

By BILLY FITZ.
Bill Shakespeare was a mighty man, U. C.
But he was not a baseball fan.
He may have written splendid verse—
And deemed it tuneful, bright and terse,
And we'll admit we have seen worse,
But Gee,
Suppose he described a game
Like this:
"Milord, what means yon ficke fool?
Methinks he doth transcend the rule.
Ho, empirer, send him back to school."

—Baseball Ballad No. 9.
The second division of the Chicago Hosiery clan arrived in Oakland last night from Sacramento. The party comprised twenty-one ballplayers and is headed by the veteran Ted Stearns. They will remain the guests of Oakland until the day before the regular Coast League season opens, on April 1.

Weather permitting, the bargain-counter bunch are scheduled to meet the Oaks this afternoon at Grove street park, the locals having arrived from Livermore this morning at 11 o'clock to meet the visitors. The following lineups were announced for the game:
Oakland—Leard, second base; Schirm, left field; Zacher, center field; Coy, right field; Helling, third base; Ness, first base; Cook, shortstop; Mitze and Rohrer, catchers; Christian, Pernell and Gregory, pitchers.

Chicago—Jones, left field; Berger, shortstop; Pournier, first base; Bodle, center field; Heston, right field; Wagner, second base; Sylvester, right field; Gossett and Sullivan, catchers; Russell and Johnson, pitchers.

Sox Win by Errors
SACRAMENTO, March 20.—The Sacramento Coast League infielders were erratic yesterday and five of their six errors figured in all but one of the runs with which the Chicago White Sox second squad returned a 6 to 3 winner. O'Rourke, Short and Innes were the offenders, each with two errors. Lively and Shultz pitched good ball.

Score: Chicago..... R. H. E. Sacramento..... 3 7 6 Batteries—Cicotte and Gossett; Lively, Shultz and Bliss.

Jack Becker, last year southpaw of the Sea baseball team, has signed his contract with the right-hand pitcher, Ted Baker is the only southpaw on the San Francisco pitching staff.

Manager Del Howard has announced the following lineup for Friday's contest with White Sox team No. 2:
Pitcher, right hand, Wagner, second base; McCarr, first base; Hogan, left field; Zimmerman, center field; Corhan, shortstop; Catwright, third base; Schmidt and Spaulding, catchers; Heiler, Delhi, Arlett, Thomas, Gilligan, Caldeau and McCorty, pitchers.

"Rube" Marquard, one of the star pitchers of the New York Nationals last year is on his way to Houston, Texas. He is accompanied by his wife and Dick Kinsella, the National scout. It is said the "Rube's" contract calls for a three-year service at an annual compensation of \$8500.

Del Howard is so sorely pressed for cash that he has been compelled to lend car to Tub Spencer's protestations and has decided to give the blubious catcher another chance. Tub has been sent to the second team at Boyce Springs.

It is tipped off from Visalia that Wolverton's men have been scheduled to meet the White Sox in case he does not succeed in landing Berghammer from the Cubs.

COLDER WEATHER SENDS UP WHEAT

Buying by Leading Houses Is Strongly in Evidence.

CHICAGO, March 20.—With much colder weather in the west and southwest, predictions of still lower temperatures sent wheat up today after an easy opening. During the day buying by leading houses was strongly in evidence, and the market was advanced to 50 3/4¢ for No. 1 hard, and 49 1/4¢ for No. 2 hard. The close was strong, with May 56¢ not higher in the market.

The market was a little higher on covering of shorts in anticipation of a sharp advance. The close was strong, with May 56¢ not higher in the market.

CHICAGO, March 20.—Close: Wheat, May, 56 3/4¢; July, 54 1/4¢; September, 52 1/4¢; No. 1 hard, 50 3/4¢; No. 2 hard, 49 1/4¢; No. 1 soft, 47 1/4¢; No. 2 soft, 46 1/4¢.

GRAIN AND PRODUCE MARKET

CHICAGO, March 20.—Closing quotations: Oats, 34 1/2¢; Corn, 32 1/2¢; Wheat, 50 3/4¢; No. 1 hard, 50 3/4¢; No. 2 hard, 49 1/4¢; No. 1 soft, 47 1/4¢; No. 2 soft, 46 1/4¢.

SAN FRANCISCO GRAIN MARKET

SAN FRANCISCO, March 20.—Wheat—Firm; no trading; cash, \$1.07 1/2 to \$1.10; May, \$1.09 1/2 to \$1.12; July, \$1.11 1/2 to \$1.14.

PORTLAND GRAIN MARKET

PORTLAND, March 20.—Wheat—Track prices: Club, \$8.50; Eastern, \$8.75; No. 1, \$8.50; No. 2, \$8.25; No. 3, \$8.00.

LIVERPOOL GRAIN MARKET

LIVERPOOL, March 20.—Wheat—Futures, March, 35 1/2d; May, 35 1/2d; July, 35 1/2d.

BUTTER, EGGS, CHEESE

SAN FRANCISCO, March 20.—Butter—Fancy creamery, 80¢; second, 75¢; Young Americas, 100¢.

CHICAGO LIVE STOCK

CHICAGO, March 20.—Hogs—Receipts, 29,000; market low to 10c; No. 1, 10 1/2¢; No. 2, 10 1/4¢; No. 3, 10 1/8¢.

SUGAR MARKET

NEW YORK, March 20.—Raw sugar, 10 1/2¢; refined, 11 1/2¢; No. 1, 11 1/4¢; No. 2, 11 1/8¢.

COFFEE MARKET

NEW YORK, March 20.—Coffee—Rio No. 7, 11 1/2¢; Santos, 11 1/4¢; No. 11, 11 1/8¢.

LITTLE BUSINESS DONE IN 'STREET'

Nearness of Holiday Makes for Perfunctory Interest.

NEW YORK, March 20.—A holiday atmosphere pervaded the principal markets here and abroad, where preparations were being made for suspension of business until after Easter.

Business throughout the morning in Wall Street was perfunctory, with only fractional variations among the leading stocks.

Much of the trading was an evening-over character on the part of customers who did not wish to have open contracts over the three-day holiday.

The demand from the shorts in the market was not strong, and the market was not much affected by the liquidation of the shorts.

Prospects of a good bank statement were held in check by the fact that the Treasury Department had not yet announced its statement.

There was a slight advance in the price of gold, and a slight decline in the price of silver.

The market for foreign exchange was not very active, and the rates were not much changed.

The market for commodities was not very active, and the prices were not much changed.

The market for bonds was not very active, and the prices were not much changed.

The market for stocks was not very active, and the prices were not much changed.

The market for commodities was not very active, and the prices were not much changed.

LEGAL NOTICES

ORDER TO SHOW CAUSE ON PETITION TO REVOKE DEED OF TRUST.

In the Superior Court of the State of California, in and for the County of Alameda.

Order to show cause on petition to leave real property.

It is hereby ordered that the Court docket all persons interested in the estate of said William Edward Dargle, deceased.

At 10 o'clock in the forenoon of said day, at the County of Alameda, State of California, to show cause why the said real property should not be sold.

Being that certain real property situated at the southeast corner of the building situated upon the northeast corner of the intersection of the line of Franklin street with the line of Eighth street, and running north and south along said western line of Franklin street, and east and west along said line of Eighth street, and having a frontage of thirty (30) feet on Franklin street, and sixty (60) feet on the line of said intersection, and having an area of about 1,800 square feet, and being situated on a certain real property described as follows, to wit:

Commencing at the intersection of the line of Franklin street with the line of Eighth street, and running north and south along said western line of Franklin street, and east and west along said line of Eighth street, and having a frontage of thirty (30) feet on Franklin street, and sixty (60) feet on the line of said intersection, and having an area of about 1,800 square feet, and being situated on a certain real property described as follows, to wit:

Commencing at the intersection of the line of Franklin street with the line of Eighth street, and running north and south along said western line of Franklin street, and east and west along said line of Eighth street, and having a frontage of thirty (30) feet on Franklin street, and sixty (60) feet on the line of said intersection, and having an area of about 1,800 square feet, and being situated on a certain real property described as follows, to wit:

WELLER RECALL FACTOR IN CASE

Trial of Detective Jas. Christy
for Interfering With Girl
Witness Begins Today.

SAN FRANCISCO, March 20.—James Christy, a private detective, was placed on trial before Superior Judge Dunne today on a charge of interfering with a witness in the case of Albert Hendricks, whose arrest on an assault charge was at the bottom of the movement to recall Police Judge Weller. It is claimed that Christy called up Esther Minter, one of the complaining witnesses against Hendricks, and urged her not to testify against him.

Hendricks, a young automobile dealer, was accused of an attempted felonious assault by the Minter girl and Marie Bruhn, whom it is alleged he took out in his machine and attacked in Golden Gate Park. He was released on \$1000 cash bail by order of Judge Weller, and is believed to have fled the state. The movement to recall the police magistrate was based on the low bonds fixed.

Christy is making a fight for his liberty and has hired Attorney William Hoff Cook to defend him. The evidence of the Minter girl was received this morning.

RESTAURANT ROBBED. March 20.—Burglars entered the restaurant of M. Glafkidis, 206 Sixth street, early this morning and took \$35 from the cash register and other valuables to the amount of \$34.

MARSHALL LEARNS HIS REAL WORTH

Reads for First Time President
Wilson's Opinion of
His Office.

WASHINGTON, March 20.—Vice-President Marshall was observed in the Congressional Library yesterday afternoon intently reading a morocco bound volume which he suddenly laid down with a suppressed exclamation.

A senator picked up the volume entitled "Congressional Government by Woodrow Wilson."

This is what Marshall read:

"There is very little to be said about the Vice-President of the United States. His position is one of an anomalous insignificance and curious uncertainty. . . . His chief dignity, next to presiding over the Senate, lies in the circumstance that he is awaiting the death or disability of the president. And the chief embarrassment in discussing his office is that in explaining how little there is to be said about it, one has evidently said all there is to say."

TOOK BOGUS CHECK. SAN FRANCISCO, March 20.—James H. Millett, a dry goods merchant of 155 Sixth street, was victimized by a bogus check passer who purchased goods to the value of \$1.60 and gave a check on the Canadian Bank of Commerce for \$14. Millett learned this morning that the paper was bogus and hurried to police headquarters.

WEDDED FOR COIN, CHARGE OF WIFE

Mrs. Sarah C. Kelley Gives the
Reason for Seeking
Divorce.

SAN FRANCISCO, March 20.—"I was married for my money. I found that out within two weeks after the ceremony and during the honeymoon." Thus Mrs. Sarah C. Kelley, sister of Victor Metcalf, former secretary of the navy, explains the meaning of charges of cruelty, in a complaint for divorce filed secretly against her husband, Charles A. Kelley, a stockbroker, with offices in the Mills building.

The complaint of Mrs. Kelley is simple, reciting merely that she married Kelley October 18, 1911, and that he treated her cruelly, "wholly without cause." She alleges that she suffered grievously in mental and bodily health. She asks no alimony of her husband and wants her name before marriage to Kelley, Mrs. Sarah Carolyn Beam, restored.

Ten months after the marriage they separated.

"Kelley had a very small income—not enough to marry me—and he should never have tried that," said Mrs. Kelley.

"All the time we lived together he never gave me carfare—not even five cents. I clothed myself, paid most of the bills at the house and even lent him money."

"One day I told him I wished we could get out of the big house and move into a cozy apartment."

"He said, 'Well, any time you want to get out, you know what you can do. I thought that was too much, since it was my house.'"

"Two weeks later, when I was away from home, he went out there with a friend and packed up all his clothes and other belongings. When I got home I found a note saying he had taken me at my word."

"That is all there was to it."

Mrs. Kelley was the wife of I. Willard Beam and is the mother of Mrs. Gregory Wakeman of Oakland and I. Willard Beam Jr., who went through strenuous courtship to win and marry Mary Adela Case, a concert singer.

Kelley filed a specific answer through his attorney, J. R. Pringle, denying the charges, but making no counter claim for a divorce.

"That is all there was to it."

SEEK ADMITTANCE TO THE YOSEMITE

Motorists Believe That Lane
Will Order Automobiles
Admitted.

(By EDMUND CRONIN.)

Now that the touring season is close at hand again and Franklin K. Lane of California assumes the duties of secretary of the interior, motorists of the bay cities are beginning to revive the agitation for admitting motor cars to the floor of the Yosemite Valley.

It will be remembered that this right to the automobilists was fought for to a standstill last season by local enthusiasts and those of Los Angeles. Delegations from both northern and southern California journeyed to the Yosemite Valley to put the matter before Walter I. Fisher, then secretary of the interior, with the result that Fisher recommended to congress that appropriations be made for the improvement of the roads in the valley over the Big Oak Flat entrance so that automobiles could be admitted.

G. H. McCutcheon, manager of the Howard Automobile Company in Oakland, who drove a northern truck to the valley in the interest of the fight and who has been one of the main leaders in the agitation, stated yesterday that the matter should be taken up again at once and with the present secretary of the interior, Lane, there is every reason to believe that the long denied privilege will be granted in time for the motorists to avail themselves of the concession before the 1913 touring season is over.

NEWHOUSE WITH HAYNES.

Charles W. Newhouse, one of the most prominent automobile men of this city, known from one end of the state to the other, has joined the staff of the Haynes Auto Sales Company, western distributor of the Haynes automobile. Newhouse's new duties will be those of a special representative of W. E. Cochran, president and general manager of the Haynes Auto Sales Company, and they will take him all over the territory controlled by Cochran, including five factory branches of the Haynes Automobile Company and a score of points in the state where there are Haynes dealers.

Newhouse first became identified with the automobile industry on the Pacific slope about eight years ago. During that time he has been rapid and today he enjoys the reputation of being one of the best posted authorities on the automobile in the west. He has been associated with the various concerns which have played a prominent part in the industry in this state. His acquisition by the Haynes Auto Sales Company is simply a part of the program for a big, broad and general expansion of Haynes business to supplement the demand which has been created for itself.

THINK THIS OVER.

"Pedestrians add to their element of safety by giving all vehicles wide berth in slippery weather," says B. H. Pratt, Pacific coast manager of the Flisk Tire & Rubber Company.

"Such conditions are as hard upon honest motorists as they are upon dangerous lurkers at every turn."

"Pedestrians running across the path of an automobile, thereby causing the operator to quickly apply his brakes, are apt to cause the car to skid, probably injuring not only the occupants but other pedestrians, but perhaps escaping themselves."

"From a humanitarian standpoint it is little short of an outrage to cause a heavy team to stop in order to trample your desire to save a few cents in crossing, and then cause the poor brutes to exert undue energy in order to gain momentum sufficient to get under way."

"Don't make a driver pull up a heavy load on an automobile. It may ruin his car just to gain an unnecessary few seconds."

LUCKY DOCTOR.

One of the most interesting sales made this week along San Francisco's automobile row has been announced by the officers of the Pioneer Automobile Company, who sold for Dr. Louis T. Howe a six-cylinder Chalmers chassis, on which was built a special coupe body.

Dr. Howe has long been an enthusiastic Chalmers owner and while having several different models, it was not until the purchase of this special coupe that he found the car suited exactly to his wishes. It being ideal both for city and country use.

Taft FORGOT TEDDY'S PICTURE; SENDS FOR IT

WASHINGTON, March 19.—Former President Taft has missed one personal belonging which he left when he quit the White House—a picture of Theodore Roosevelt which hung on the east wall of his private office. Several days before he started for Augusta the president took down the only other picture in his sanctum, that of his father, but the Roosevelt picture has been hanging there alone since President Wilson assumed office. A letter came to the White House officers today requesting that the picture be taken down and sent to the New Haven hotel where Mr. Taft expects to live for several months after he takes up his duties as a Yale professor.

MRS. WILSON JOINS NATIONAL CIVIC WORKERS

WASHINGTON, March 20.—Mrs. Woodrow Wilson, wife of the president, enlisted today in the work of the National Civic Federation. She joined the civic workers after listening to a lecture before the organization by the superintendent of the District of Columbia work house.

AAHMES TEMPLE FITS UP QUARTERS

Will Establish Headquarters at
Hotel Oakland and Re-
model Club Rooms.

Aahmes Temple, Order of the Mystic Shrine, last night decided to fit up club rooms at the Hotel Oakland and maintain permanent headquarters there. The corner of the hotel at Thirteenth and Alameda streets, which was built for a store, will be remodeled and partitioned into assembly, club and office rooms and the whole furnished sumptuously.

The club rooms are to be given particular attention and will be fitted with every convenience that makes for comfort as well as tapestried and hung with paintings and portraits and symbols of the order that will make the new quarters beautiful. A long term lease has been secured and the work will be commenced immediately.

Much attention is being given at present to the completion of arrangements for a grand ball that is to be given under the auspices of the Shrine on April 5. It will be the most auspicious occasion that has ever taken place in the Hotel Oakland's ball room. At this early date many of the members of the order are making reservations for tables in the grill room which will be used for a banquet room in connection with the affair.

Surprises are planned for the ladies in the way of beautiful souvenirs and the distribution of these will be a feature of the ball. Over 165 members were present last night and each left with the intention of making his ball one of the social successes of Oakland.

HAYWARD CLUBWOMEN TO HAVE BUSY MONTH

HAYWARD, March 20.—Besides taking a leading part in Hayward Blossom festival, the members of the Union Civic Center find time this month for a program of business and social meetings. The parliamentary law class under the leadership of Mrs. M. M. Ray met this afternoon. The law class has a large membership, and several interesting discussions were entered into.

The next meeting will be that of the Juvenile Center next Saturday, under the leadership of Mrs. T. L. Kelly. A business meeting will convene Friday afternoon, March 23, while the members will listen the same afternoon to a discussion by Miss Lavina Dock on "Morality and Hygiene."

Any Little Hurt needs attention. Have LISTOGEN handy. Its many valuable properties make it an indispensable household article. Relieves most of the little ills of life and some of the graver ones.

TAXPAYERS' COLUMN

All Communications to the Editor of THE TRIBUNE must bear the signature and address of the writer.

EDITOR TRIBUNE: Since my last communication to your excellent paper I have been led again to write you in regard to my project of crossing the bay of San Francisco by a line of bridges of the expansion order, the same of such gigantic massiveness, from the Island of Yerba Buena to the San Francisco side of the bay. The time is here for this movement to take solid ground and show to the world at large that as a people surrounding the shores of the bay of San Francisco, all are joining hands in this undertaking that has been in my mind for the past 20 years of my active experience in the affairs of our State.

I now at this time make an appeal that a united effort shall be made to further this project to its completion, and on the behalf of myself as its proponent, I ask for a combined effort of all our citizens to at once organize in this enterprise, and state that I request all such so interested or who desire to enter into this matter at once directly address me at my address and give me their names and town.

Naturally, I have the advice given to me to go slow, but they mean for me to go slow that I will not do anything. I want now the honest support in this great undertaking. I again appeal to the people to stand firm by me and we will win again. Very sincerely yours, THOMAS HARNETT.

"5027 East Fourteenth street, Oakland, Cal."

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This future an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, always all fear, banishes all pain, is a most grateful encouragement to the young expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles firm, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised. This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of inestimable value, not only upon the mother, but upon the health and future of the child. Write to Bradfield Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.

EMPLOYEES OF UNCLE SAM ARE VACCINATED

WASHINGTON, March 20.—There is an epidemic of sore arms in the National Capital as the result of a smallpox scare that apparently has affected all grades of society. Government departments are forcing their employees to submit themselves to the physician's searching ministrations and the mails today are flooded with letters from Health Officer William C. Woodford calling on merchants to see to it that their clerks are vaccinated. Similar letters, the official says, will be sent to apartment houses, private schools and all concerns not under the government department. Twelve cases of the disease are in quarantine.

FUTURE LEGISLATURES TO HAVE LESS WORK

SACRAMENTO, March 20.—To relieve future sessions of the legislature from the pressure of such a flood of bills as swamped the present one, Assemblyman J. J. Ford J. offered for introduction today a constitutional amendment limiting legislators to the introduction of five bills each.

Several bills were passed today before the assembly took up the Bennett red-light bill at 11 o'clock. Those included A. B. 1374, by Clark, appropriating \$2000 for a contingent fund for the engineering department, A. B. 403 by Green, reorganizing the establishment of police courts in cities of the sixth class.

A MESSAGE TO RAILROAD MEN.

P. S. Bacon, 11 East St., Path. Me. send out this warning to railroaders everywhere. "My work as conductor caused a chronic inflammation of the kidneys and I was miserable and all night long I was unable to sleep. I began to feel better after I began to take KIDNEY PILLS. I began to regain my strength, and I am better now than I have been for twenty years." Try them. Wishart's Drug Store.

MILLIONS IN LEASES AND BUILDING

Enormous Sums Involved in New Realty and Construction Enterprises

Skyscrapers to Be Erected on Four Prominent Downtown Corners

Southwest corner of Sixteenth street and Telegraph avenue, leased to Oakland holding company for long term; \$800,000 twelve-story building to be erected.

GIGANTIC leasing and building operations in Oakland's downtown district, involving some of the most important corners in the center of the retail section, millions in rental and the construction of four skyscrapers, were disclosed today, and indicate that the building of a modern business center near the city hall is to be on lines of greater magnitude than the most optimistic Oaklander has ever foretold.

With the definite announcement this morning that bids are to be called for at once and work to be begun this spring on a twelve-story tower-like building on the corner of Sixteenth street, Broadway and Telegraph avenue, to be erected by Joseph F. Carleton, president of the Central National Bank, and A. J. Snyder, at a cost of \$800,000, there was also divulged the information that across the street on the southwest corner of Sixteenth street and Telegraph avenue, has just been leased by E. A. Bushell to the Oakland Holding Company for upward of 10 years. It is understood that within a year the new structure, 100 feet in size, is to be improved with a twelve-story office and store building to cost \$300,000.

HOLDING COMPANY INTERESTED. The Oakland Holding Company, which has obtained the lease of this strategic corner at a record rental, was organized last week and is headed by Owen E. Hotie, a prominent "booster" and president of Realty, Bonds and Finance Company.

UNIVERSITY LEASES. A deal is pending whereby the University of California is to grant a lease of the northwest corner of Fourteenth and Washington streets for 50 years, the transaction assuring the erection of a skyscraper business building approaching in height the new city hall across Fourteenth. Comptroller Ralph Merritt of the university stated this morning that the name of the successful bidder cannot yet be divulged, as the transaction has not yet been officially completed. A half-dozen bidders, including Owen E. Hotie and Abe and Julius Cohn, have made bids for the lease. Several who have been negotiating have been informed within the last few days that they are being outbid by a successful bidder.

VALUABLE PROPERTY. The corner, 100x100 feet, is occupied by a three-story brick building. The university regents have recently turned down several offers to buy the property for more than \$500,000. It is understood that the lease now being offered is to run for 50 years.

CHIHUAHUA'S GOVERNOR EXECUTED

Abraham Gonzales Killed by Firing Squad Under 'Fugitive Law'

Meets Death While on Way to Mexico City to Be Tried as Plotter

EL PASO, Texas, March 21.—Mexicans arriving at Juarez from the south today declare that they were part of a firing squad which executed Abraham Gonzales, Governor of Chihuahua under the Madero government, a fortnight ago. Gonzales was killed under the notorious "fugitive law," the Mexicans declare. The Chihuahua Governor, his self-proclaimed executioners say, was killed before arriving at Torreon, while on his way from Chihuahua City to Mexico City, where he was to have been placed on trial for an alleged revolutionary plot.

WAS COLLEGE MAN. At Jimenez the ex-governor was separated from six other prisoners and alone in a single car, drawn by an engine was hurried south. At a quiet place north of Torreon he was removed from the car and shot. Gonzales has been missing since his removal from Chihuahua nearly three weeks ago. He was one of the most prominent promoters of the Madero revolution and well known among American cattlemen before the revolution as a cattle broker of Chihuahua City. He was educated at Notre Dame University, South Bend, Ind.

MAX MULLER PRISONER. NOGALES, Ariz., March 21.—Max Muller, German consular agent at Hermosillo, is held by authorities at the state capital despite activity of German and American diplomats. Although Muller has been released from jail, he is said to be held a prisoner at his home.

DEMAND TOWN'S SURRENDER. CANANEA, Mexico, March 21.—A demand for the surrender of this place was received today by Colonel Moreno of the federal garrison here, from Colonel Cabral, commanding the state forces now mobilizing at Del Rio, midway between Cananea and Naco, on the border. Cabral said he would attack in the morning and recommended that all women and children be removed. Automatic rifles continue to hurry the non-combatants to the border at Bisbee and Douglas and before the time of the threatened attack all women and children will have been removed.

TROOPS EXPECTED. GUYANUS, Mex., March 21.—It was said officially today that four thousand federal troops would arrive here Monday to proceed against the insurgent state authorities at Hermosillo. The troops will come by steamer from Manzanillo, and also in the Senate, at least until the electoral reform bill comes up again for discussion.

Barthou Will Head New French Cabinet Former Minister of Justice Certain of Majority and Support.

PARIS, March 21.—Jean Barthou, minister of justice in the retiring French cabinet, accepted the President's invitation today to head the new cabinet. He called on President Poincare and informed him that as the result of inquiries he was sure of an ample majority to support him in the Chamber of Deputies and also in the Senate.

Oakland Will See Total Moon Eclipse

The First Appearance of Phenomena Since 1910 to Take Place Tomorrow.

The first total eclipse of the moon visible in Oakland since May 25, 1910, will occur tomorrow morning. The times given in THE TRIBUNE of Wednesday were expressed in local mean time. The time of the various phases given in standard Pacific time is as follows: Total eclipse begins, 2:13 a. m.; middle of eclipse, 3:58 a. m.; total eclipse ends, 4:44 a. m.; moon leaves shadow, 5:43 a. m.

U. C. TO CELEBRATE BIRTHDAY PREMIER M'BRIDE WILL SPEAK

SIR RICHARD M'BRIDE, PREMIER OF BRITISH COLUMBIA, WHO WILL BE CHARTER DAY SPEAKER.

Charter Day Exercises Will Be Held at Greek Theater; Athletic Events Planned

UNIVERSITY OF CALIFORNIA, March 21.—Commemorating the act which Governor Haight signed March 23, 1868, providing for a state university, the University of California will hold its forty-fifth Charter Day exercises tomorrow. Sir Richard McBride, premier of British Columbia, will be the speaker at the Charter Day exercises proper, in the Hearst Greek Theater at 10 a. m.

PROGRAM IS NOTABLE. Following the playing of the Processional by the University Orchestra, an invocation will be offered by Rev. Henry Burke Robbins, Ph. D., of the Baptist Theological Seminary, after which the University Chorus, directed by Paul Stedorf, will render the hymn, "O Lord Most Holy." Following this President Wheeler will deliver his annual address on the needs and progress of the university. Premier McBride will next deliver the Charter Day address, and the singing of the hymn, "O God, Our Help in Ages Past," will complete the program.

Magazine Man Robbed of \$45,000 in Security Papers

NEW YORK, March 21.—W. H. Hall, president of a magazine company, was robbed in the subway yesterday of \$45,000 worth of negotiable securities. The theft became known early today through an advertisement in which Hall offered a large reward for the return of the papers with "no questions asked."

Suspected Maniac Gone; May Have Met Death

SAN FRANCISCO, March 21.—John White, a wealthy business man of Vancouver, B. C., who was being deported aboard the steamer President because of alleged insanity, escaped from the ship today and is being sought by the authorities. White's passengers were much alarmed over his escape and when the ship was reached they hurriedly disembarked.

FRIEDMANN IS DENIED LICENSE

Pennsylvania State Medical Examiners Will Not Be Responsible for 'Cure'

German Discoverer Must Take Examination Like Any Other Physician

PITTSBURG, March 21.—No temporary medical license would be granted by the Pennsylvania State board of medical examiners to Dr. Frederick F. Friedmann of Berlin, who asserts he has discovered a cure for tuberculosis. This statement was made by J. M. Baldy, president of the board.

WANTED AT PRINTERS' HOME. CALGARY, Alberta, March 21.—The Calgary Typographical Union has wired President Lynch of the International Typographical Union suggesting that he invite Dr. F. F. Friedmann to Colorado Springs, where the printers' home is located, for the purpose of treating tubercular patients. Accompanying the suggestion was an offer of \$100 toward a fund to which it is proposed all the typographical unions in the United States and Canada shall contribute in the event of Dr. Friedmann's acceptance of the proposal.

Suffragettes Will Be Washington Lobbyists

"Messengers From Home" to Buttonhole National Legislators.

WASHINGTON, March 21.—Petitioners of "messengers from home" in the shape of suffragettes, will descend upon Congress when it reconvenes April 7. One delegate from each congressional district will march in the procession on that day from a mass meeting in a downtown theater to the Capitol, each delegate to buttonhole her own particular representative and insist upon his influence toward getting the ballot for women. The Senate also will be invaded.

McBRIDE ARRIVES. SAN FRANCISCO, March 21.—Sir Richard McBride, premier of British Columbia, who is to deliver the annual address on Charter Day at the University of California tomorrow, arrived from Victoria last night and is staying at the Palace Hotel. "University Work" will be his subject, so the premier stated.

Nickel Dance Newest Departure at College Novel Plan for Raising Funds Started by Students.

UNIVERSITY OF CALIFORNIA, March 21.—March 27 is to witness the first "nickel dance" at the university. Senior balls and sophomore hops may outdo the new dance in style and elaborate appointments, but the managers of the nickel dance declare they will "get the crowd." The dance is to be held at College Hall, under the auspices of the house organization there. The proceeds will be devoted to the preliminary expenses of the intercollegiate meet this spring.

County to Participate At San Diego Fair

Supervisors and Commissioners Leave South for Homes.

SAN DIEGO, March 21.—Alameda and Santa Clara county supervisors and exposition commissioners left for the north this morning after it had been decided the counties should participate on an extensive scale in the Panama-California Exposition here in 1915. The two counties will join with Santa Cruz, Monterey, San Luis Obispo and San Benito in a county building.

M'ADIE ON ANXIOUS SEAT

Would Predict Fair Weather for Easter, but Must Heed Farmers' Call

Chance That M'ady and the Growers of State Will Be Satisfied

OAKLAND RAINFALL. (Sanborn Gauge) Inches Last 24 hours—.12 Season to date —10.80 Corresponding period last year —9.32

Despite today's rain there is still a chance that the fair mads and matrons of the bay cities will have the pleasure of appearing on Sunday in their new Easter bonnets and latest spring gowns.

Forecast Alexander McAdie was unwilling to prophesy that there would be clear weather on Sunday, but he did say that there was a good chance of it, and that by tomorrow something definite might be known.

RAIN IS NEEDED. "It is a little far off to foretell what will happen on Easter Sunday, as the weather is rather shifty," said Professor McAdie today. "Nevertheless, we need all the water we can get and every day that brings rain is so much gained."

Six Indians Found Guilty of Murder Jury Reports on Stanley's Murder After Deliberating 24 Hours.

LOS ANGELES, March 21.—Six of the ten Indians tried in the federal court at the Coahuila reservation in Riverside county several months ago, were found guilty of murder in the second degree by a jury which reported today, after having considered the case for twenty-four hours.

Those found guilty were Ambrosio Apapas, Leonardo Luga, Pablo Lugo, Cornelio Lugo, Francisco Luga and Pio Lugo.

WIRE DOWN IN HOUR. The first effects of the storm were felt south and east of Chicago. Wires routed around the south end of Lake Michigan went down within an hour of the time the storm struck. Then the territory west of the city was cut off and about two hours later the last of the above-ground wires along the

Amundsen's Arrival Here Delayed Until Tomorrow

Captain Roald Amundsen, discoverer of the South Pole and the Northwest passage, did not arrive in Oakland today, as expected. Telegrams from the celebrated explorer dated Los Angeles to the Commercial Club and Rev. E. S. Belgum, secretary of the entertainment committee, announced that he could not arrive until tomorrow morning.

WRECKAGE IN PATH OF WIND

Great Tornado Carries Death and Destruction in Alabama Town

Chicago Center of Second Disturbance That Isolates City for Hours

TOLL OF STORM. Thirty-three known dead and 110 more or less seriously injured, wire communications almost completely prostrated, transportation facilities badly interrupted and property damage estimated in millions are known results of a series of storms that swept the Middle Western States last night and early today. Reports up to 2 p. m. show the following casualties:

PLACE	Killed	Injured
Fenchtree, Ala.	15	0
Felling, Ia.	1	0
Tiffin, Ohio	1	3
Poplar Bluff, Mo.	5	50
Hoxie, Ark.	1	25
Walnut Ridge, Tenn.	2	10
Frankfort, Ind.	1	0
Lafayette, Ind.	1	0
Murfreesboro, Tenn.	1	0
Central, Ohio	1	20
Tyler, Texas	1	1
Huntsville, Ala.	2	1
Decatur, Ala.	1	0

MOBILE, Ala., Mar. 21.—A report from Lower Peach Tree, on the Alabama river, is to effect that fifteen persons were killed and an immense amount of damage done by a tornado, which swept through that place early last evening. The tornado passed through the center of the town and practically wiped it out. Appeals for doctors and nurses and a request to Governor Neal for aid were sent down.

HOUSES BLOWN DOWN. SHREVEPORT, La., March 21.—One man was killed, several persons were injured and heavy property damage was done at Sallis, La., a town of about 300 inhabitants in Blenville parish, by last night's severe windstorm, according to a report received here today.

DAMAGE IN CHICAGO. CHICAGO, March 21.—Only two telegraph wires connected Chicago with the outside world for several hours today. The only practical relief from this situation was by way of an underground telephone cable to Milwaukee. Sleet, wet snow and occasional dashes of rain, driven by a 40-mile gale from the west, struck the city and environs before daylight, and within four hours the financial telegraph lines in all directions were crippled.

One young woman was blown under the feet of a team of horses and severely hurt.

Amundsen's Arrival Here Delayed Until Tomorrow

Tomorrow evening Amundsen will speak at the Macdonough Theater on his trip to the North Pole. During the day he will be entertained by the Commercial Club. It is the explorer's intention to use the financial proceeds of the present lecture tour in outfitting for a trip to the North Pole next spring.

DOWN TOWN CLUB REVIEWS LIGHTING

Street Illuminating Committee
Discharged to Permit of
Larger Body.

Last evening's meeting of the Downtown Improvement Club, in the Hotel Crellin, was one of the largest attended in the history of the club and for more than an hour electric street lighting was the subject of discussion, in which every member present participated. Arches, cluster-electrolights of various designs, building and side-lights, all were championed, and so charged became the expressions pro and con that the result was the discharge of the existing electric street lighting committee, with the thanks of the club, followed by a motion to appoint a large committee to take up the work where the old committee left off.

The old committee selected a design of a large circle of lights at the street corners, with festoons of electric lights from the corners to the circle of incandescents. This seemed to many much like a street fair proposition and not sufficiently dignified; to others it was preferable to the large cluster electrolights. President James Aber will now appoint a new committee to take charge of the matter and it will start off with the experience of the committee that has been working on the subject several months.

So great is the interest of President Aber in the success of the club, that in order to save quite a large expense, he has donated free use of its office in the Hotel Crellin and, as in the

past, free use of meeting rooms for club and committees.

Vice-President D. Knabbe presided, owing to the enforced absence of Mr. Aber, and advantage of his absence was taken by the club to give him a rising vote of thanks and resolutions for his generosity and indefatigable work in behalf of the organization. The secretary now has desk room in the office of the hotel, where he is accessible to members at all hours of the day.

Several applicants for membership were elected. The club was appealed to by the Columbia Theater to protest against the granting of a liquor license in the store room immediately adjoining the lobby of the theater on Tenth street.

RECOMMEND INITIATIVE.
LINCOLN, Neb., March 21.—An initiative and referendum bill was this morning recommended for passage in the House by the committee of the whole.

CALVIN MAY HEAD CENTRAL PACIFIC

Stay in New York Regarded as
Significant by Railroad
Men.

SAN FRANCISCO, March 21.—Official dispatches received yesterday at the general offices of the Southern Pacific Company convey a possible explanation of why President William Sproule has left New York and the unemerging conference for home, leaving behind him Vice-Presidents W. F. Herrin and E. E. Calvin.

According to the intimations contained in these telegrams, Vice-President Calvin will return to San Francisco as the president of the Central Pacific. It is further intimated that Calvin has already been notified in advance of his selection and that he and Herrin are remaining in the East for the purpose of straightening out certain difficulties and technicalities incidental to the reorganization of the Central Pacific.

While neither Judge Lovett, Julius Kruttschnitt nor any of the other so-called Harriman executives has announced the latest plans for obeying the United States Supreme Court's dissolution mandate, railroad men here believe a new agreement has been reached. A confidential cipher message from the East was received in the Flood building yesterday and this, according to information that is authentic, revealed the new lineup of the entire situation. The nature of it was guarded, officials expressing their unwillingness to discuss it in any manner until President Sproule returns next week.

WILL FIGHT FOR BRADBURY ESTATE

Widow of Capitalist Claims
She is Well Fortified With
Will.

SAN RAFAEL, March 21.—Mrs. Mary M. Bradbury, widow of the late William Blackstone Bradbury, is not worried over the outcome of her latest legal tangle in connection with the will of the late capitalist, which is being contested by Laura Gertrude Bell of Los Angeles on the ground that the deceased and his sole legatee were never lawfully wed. She made this announcement in court here yesterday, following the filing of a demurrer to and a motion to strike out certain parts of the contest of Mrs. Bell. Mrs. Bradbury claims to be well fortified with last will of the deceased. She has half a dozen, she says, to offer in rotation, providing the one now being contested in the Marin courts is denied. "Laura Gertrude Bell, niece of my late husband, is trying to blackmail me out of some money," Mrs. Bradbury said yesterday. "She was cut off by my husband in will made many years ago, and it was one of his specific desires that she should not share in his estate. For this reason, if no other, I will fight this contest to the last ditch."

Mrs. Bradbury says she has wills enough to keep the estate in the courts for half a century, providing she loses every point of law that is brought up by the contestants.

THE GIRARD COMPANY

MASONS TO HAVE FAMILY GATHERING

Oakland Lodge Arranges a
Delightful Informal for
Tomorrow Night.

Oakland Lodge No. 188, F. & A. M., will hold open house tomorrow evening, for the sweethearts, wives and families of its members. The affair is strictly informal and no set program has been arranged, it being in the nature of a family gathering.

Worthy Master George E. Perkins will extend a welcome to the ladies and Secretary Charles N. Walter, master of ceremonies, will present the following numbers: Cornet solo, "Miller"; Scotch Impassioned, Robert Robertson; vocal solo, C. W. Castell; song, "On the Road to Mandalay," James Carter; stereopticon lecture, "On the Road to Mandalay," Professor R. S. Wheeler; piano selection, E. P. Vogt.

The lecture by Professor Wheeler will be of unusual interest, not only because it will illustrate the scene of Kipling's familiar poem, but because of the professor's familiarity with the subject, he having spent some time in India studying the people and customs (his slides are from photographs personally secured) and his entertaining and pleasing manner of presentation. For those who desire dancing, music will be furnished in the upper hall.

The affair has been arranged by the entertainment committee composed of Bros. A. C. Folts and M. C. Kautech and it is felt that, in the language of the "dilett," they have "assembled a galaxy of stars." A large crowd is anticipated and a pleasant time is assured those who attend Oakland Lodge Saturday evening. Masons and families are cordially invited.

ARMY ENGINEERS TO GIVE HEARING

Richmond Will Present Harbor
Arguments at National
Capital.

RICHMOND, March 21.—City Clerk Ira R. Vaughn received a letter yesterday from the secretary of the supervising board of army engineers of the war department in Washington setting forth the fact that his request for a hearing on the harbor matter had been received and that the request would be taken up by the board at an early date.

The army board will notify the city clerk as soon as the date of the hearing is set and Mayor Owens and Engineer Haviland, who have been selected by the city council to represent the city before the government authorities in the inner harbor improvement, will argue for the city. Other members of the city council and prominent citizens are planning to make the trip to Washington in the interest of Richmond.

Congressman Curry has promised to be present at this hearing and will do all in his power to assist in convincing the army board that it is very necessary that the government extend aid in the projected harbor improvement.

GRANTING OF LICENSE AROUSSES CRITICISM

HAYWARD, March 21.—The granting of a wholesale liquor license to Joseph Ramos of Hayward a few months after his saloon license had been taken from him for allowing drink to be sold to minors, has aroused considerable criticism here. The members of the Hill and Valley club of which Mrs. F. E. Allen is president, held a meeting to discuss the granting of a license to Ramos, and it was decided to hold inquiry into the matter and to confer with the Town Trustees.

OAKLAND AUTOIST IS NABBED AS SPEEDER

RICHMOND, March 21.—The police last evening arrested M. A. Hayes, an Oakland man, for exceeding the speed limit on Macdonald avenue. The speeder was stopped by Officer Phillips. Hayes was taken before Police Judge William Lindsey, who fixed his bail at \$20 cash which was deposited with the court. The defendant then engaged the services of an attorney and stated that he would fight the case through the court of last resort, if necessary. His case will be set for some time the first of the week.

Chronic Stomach Trouble Cured.
There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle.

"About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets and since using them have felt perfectly well. I had previously used any number of different medicines, but none of them were of any benefit." For sale at Osgood Bros. Drug Store.

WEARIES OF LIVING; GIRL TRIES SUICIDE

SAN FRANCISCO, March 21.—"I am tired of living, and that is all there is to it," said Miss May Lane, aged 23, after she had attempted suicide at 7 a. m. in her room in the Athens Hotel. Miss Lane swallowed a quantity of bi-chloride of mercury tablets. She was hurried to the Central Emergency Hospital and will recover.

IN TORTURE WITH RASH ALL THE TIME

Itched so Could Not Sleep. Burned
Like Fire. Arms and Legs Raw
as Beef. Cuticura Soap and Cuti-
cure Ointment Cured.

City Infirmary, Hartford, Ohio.—"Three years ago a rash broke out on both arms from the wrist to the elbow. The rash was the largest I ever had. It itched so badly I could not sleep. I scratched my arms so they were raw. Then I began to use Cuticura Soap and Ointment. From the start I felt relief. I first would wash with the Cuticura Soap and then apply the Cuticura Ointment, wrapping my arms and legs with bandages. My flesh healed up and in nine weeks from the time I commenced to use Cuticura Soap and Ointment I was completely cured." (Signed) John W. Ogden, Sept. 27, 1912.

Cuticura Soap and Ointment do so much for pimples, blackheads, red, rough skin, itching, scaly scalp, dandruff, dry, itchy and falling hair, chapped hands and chapped nails with painful fissures, that it is almost criminal not to use them. Sold throughout the world. Liberal sample of each mailed free, with 22-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

22-Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

"I tried every remedy I heard of or read of but it was no use what I took or used till I commenced to use Cuticura Soap and Ointment. From the start I felt relief. I first would wash with the Cuticura Soap and then apply the Cuticura Ointment, wrapping my arms and legs with bandages. My flesh healed up and in nine weeks from the time I commenced to use Cuticura Soap and Ointment I was completely cured." (Signed) John W. Ogden, Sept. 27, 1912.

Comfort Your Stomach

We pay for this treatment if it fails to promptly relieve Indigestion and Dyspepsia.

Reall Dyspepsia Tablets remedy stomach troubles because they contain the proper proportion of Pepsin and Bismuth and the necessary carminatives that help nature to supply the elements the absence of which in the gastric juices causes indigestion and dyspepsia. They aid the stomach to digest food and to quickly convert it into rich red blood and material necessary for overcoming natural body waste.

Carry a package of Reall Dyspepsia Tablets in your vest pocket, or keep them in your room. Take one after each heavy meal and prove our assertion that they will keep indigestion from bothering you.

We know what Reall Dyspepsia Tablets are and what they will do. We guarantee them to relieve indigestion and dyspepsia, or to refund your money, if they fail to do so. Doesn't it stand to reason that we wouldn't assume this money risk were we not certain Reall Dyspepsia Tablets will satisfy you? Three sizes: 25 cents, 50 cents, and \$1.00.

You can buy Reall Dyspepsia Tablets in this community only at

The Reall Stores are America's Greatest

KEITH PAINTINGS ARE AUCTIONED

"Glory of Heavens" Purchased by E. N. Harmon for Collection.

SAN FRANCISCO, March 21.—"The Glory of the Heavens," a sunset scene and one of the best known paintings by the late William Keith, was sold at auction by H. Taylor Curtis yesterday and was bought by E. N. Harmon, representing the Keith heirs, for \$12,000.

"Twilight Hour," another almost equally famous painting by the same artist, was also bought by Harmon for \$7,500, and both pictures will be sent to the traveling loan collection of Keith paintings now in St. Louis and soon to be on exhibition at the Art Institute in Chicago.

The bidding was split for both pictures, W. O. Goodman of Chicago being one of those who desired to obtain possession of them.

CHURCHES OBSERVE GOOD FRIDAY

Union Services and Elaborate Music Features of Holiday.

Interdenominational Good Friday services were held today in St. Paul's church, Grand and Montecito avenues, where the parishioners of the various representative congregations took part in the devotions which commenced at 12 o'clock and continued until 3 o'clock.

Masses were sung in all the Catholic houses of worship throughout the city, when men, women and children filled the churches.

This evening there will be stations of the cross, when the impressive ceremonies of the church will be conducted by the priests, who have carefully prepared their themes, which will touch upon the life of Christ.

"The Seven Last Words of Christ" was the subject of the sermons at the union observance held in St. Paul's church.

An augmented choir will sing Stainer's "The Crucifixion" this evening at Trinity Episcopal church, Twenty-ninth street and Telegraph avenue, where Rev. Clifton Mason will conduct the devotions. The soloists will be Mrs. George E. Carter, soprano; Miss A. Gladding, alto; C. Hampton, tenor; E. M. A. Campbell, bass; J. W. B. van Der Horst, organist and choirmaster.

HAYWARD BOOSTERS PLAN AUTOMOBILE PARADE TOMORROW

A. W. BEAM.

Arrangements are practically completed for the reception in Oakland tomorrow morning of the Blossom Festival Committee of Hayward, which will meet at the Chamber of Commerce headquarters and, after a short parade through Oakland, proceed to San Francisco, over the inner harbor ferry and drive through San Francisco.

The parade is for the purpose of advertising the coming festival in Hayward.

The autos of the Hayward committee, gaily decorated with flowers and banners, will leave the Chamber of Commerce escorted by a police automobile guard and a guard of honor, composed of automobiles of local business men. They will proceed to Broadway and then down to the ferry station at the foot of that street, where the machines will embark for the city across the bay.

Two buglers will precede the autos to clear the streets and to call attention to the coming of the Hayward boosters.

MARSHAL NAMED.

Captain J. J. Bove, commanding Company H, Fifth California Infantry, has been selected as marshal of the parade, and he will be aided by A. W. Beam, member of the executive committee in charge of transportation.

The prizes offered for decorated machines are as follows: First, \$20; second, \$15; third, \$10; fourth, \$5. Judges will be appointed from among residents of towns outside of Hayward and the participants in the parade will not be informed as to their identity until after the parade. Arrangements have been made to take a series of moving pictures of the pageant.

NATATORIUM ON LAKE IS URGED

Park Commission Hears Plan for Addition to City Boat House.

Recommendation was made to the park commission at a meeting today that a \$50,000 natatorium should be included in the plans for a boathouse on the shores of Lake Merritt. The suggestion was made by Principal W. D. Forbes of the Laurel grammar school. The park board looked favorably upon the project and will take the matter up with the city council.

Property owners on Lake Shore boulevard were granted permission to lay the remainder of the sidewalk in front of their homes. A petition was also granted for the removal of trees in Fourteenth and Harrison streets, in the business district.

Commissioner James P. Edoff was designated to assist in welcoming the Knights Templar at the coming convention, and to accord them privileges in Lakeside park for drills, exhibitions and concerts.

SHRINERS' ANNUAL BALL IS COMING

Big Social Function Will Be Held in Ivory Ballroom on April 9.

The ball which will be given in the Ivory room of the Hotel Oakland Wednesday evening, April 9, by Aahmes Temple, Order of the Mystic Shrine, will be the first big social function to follow Lent and judging by the interest manifested in the event it will be the most successful yet given by the organization. The ball is an annual affair of the Shriner, the one given a year ago being held in Elwood pavilion and attracting a great deal of interest.

MRS. L. O. COMPTON HOSTESS TO MANY

Luncheon at Hotel Oakland was the feature of an entertainment by Mrs. Leonard O. Compton to a group of friends yesterday. Dancing was indulged in and the management gave a personally conducted trip of exploration through the building as an additional diversion. Later the party went to Mrs. Compton's home, where the afternoon was spent in studying Masterlinck's poems. Invited guests were: Miss Lillian Anderson, Miss Charlotte Towie, Miss May Twombly, Miss Mabel Kues, Miss Edna Harris, Miss Katherine Curtis, Miss Mabel Johnson, Miss Alice Johnson, Miss Corinne Taylor, Mrs. Mable Curtis Smith, and Mrs. Mary A. Dodds, who assisted her daughter, Mrs. Compton, in receiving her guests.

MOOSE HERD BALL COMMITTEE NAMED

At a meeting of the Moose Herd held at Moose Hall, Twelfth and Clay streets, last evening, arrangements were completed for the first annual ball which will be given at the Hotel Oakland next Tuesday evening, March 25.

The Moose Herd is composed of members of the Loyal Order of Moose and is strictly a social organization. The local herd was organized six months ago and has a membership of 75. Sheriff Frank Barnett is chief of the local herd and William J. Hamilton is secretary.

The following committees have been appointed for the ball: Committee of arrangements—J. Treager (chairman), W. J. Bacous, W. J. Storm Jr., M. Beck, W. F. Gibson.

Reception committee—Frank Barnett (chairman), A. J. Donovan, Dr. E. B. Maston, E. T. Jones, H. S. Anderson, H. E. Bush, E. S. Barbeau, F. M. Sheridan, W. J. Hamilton, M. Goldwater, F. E. Whitney, O. Wankowski.

Floor manager—W. J. Bacous; assistant floor managers, J. H. Ludemann, F. S. Donant. Floor committee—A. R. Lorber, M. A. Wain, B. R. Eider, A. S. Moffitt, J. Beroniet, H. Goetz, G. T. Fish, A.

W. Briggs, T. Rea, Edgar Smith, M. Lawrence, D. M. Baxter.

OBSCENE LETTERS COST HIM LIBERTY

SAN FRANCISCO, March 21.—Charles M. Colgate, who pleaded guilty yesterday to a charge of sending obscene letters

through the mail, was sentenced this morning in the federal court to three years' imprisonment at McNeil's Island and to pay a fine of \$2000. The complaining witness against him is William Keenan.

COMMITTS SUICIDE. BERKELEY, March 21.—Morris Gomez, aged 45, of 615 Murray street, committed suicide today by swallowing carbolic acid.

You Can Stop Those Headaches

MOST headaches are congestive headaches. A disordered stomach, sluggish circulation, inactive bowels, dietary indiscretion, sinusitis, all produce congestion, and the headache is the signal of distress. Every ache and pain in the human body is nature's cry that something is wrong. Tend to it at once. A delay cannot improve it. If your system is congested remove the poisonous material which causes it and your headache disappears. The remedy which moves your bowels quickly within an hour or so and clears the system is KUTADY JANOS WATER, the natural laxative. It gives action in ten minutes, any time on an empty stomach acts within one hour, gently and surely. Why not stop such headaches with a bottle of any drug store to-day.

DEATH AT WHEEL OF AUTOMOBILES ON TWO RIDES

Town Clerk, Candidate Emig
and Wife Probably Fatally
Injured.

One Woman Dies in Seat;
Five Other Victims Badly
Injured.

SAN FRANCISCO, March 21.—Two automobile accidents, occurring on the peninsula late last night and early this morning, caused the injury of seven persons and the death of Miss Lulu Adams, aged 28, who lives at the Grand Union Hotel. Of the others who were hurt in this county none will suffer permanently from the effects of their experience.

WILLIAM HYNES, brother of public administrator M. J. Hynes, received a cut on the scalp and James McElroy was painfully bruised, but both were able to leave the city and county hospital soon after treatment.

MISS ANNE COOK of 167 O'Farrell street, was painfully but not seriously hurt and will recover.

The others injured last night were: MAYNARD DEAN, aged 18, Santa Clara; fractured skull.

FRANK EMIG, electrical contractor, Santa Clara; fractured skull.

MRS. FRANK EMIG, fractured skull and internal injuries.

WILLIAM EMIG, slightly cut.

OCCURS ON BOULEVARD.

The accident in which the local people were involved occurred on the Dewey boulevard. Hynes and McElroy invited Miss Adams and Miss Cook to ride with them, having met the girls at Sheehan's Tavern. McElroy was the driver when the machine suddenly left the road and hit a telephone pole. All of the occupants, with the exception of Miss Adams, were thrown out. It was thought she was uninjured, but when an examination was made it was found that she was dead.

Frank Emig, candidate for town clerk of Santa Clara, was driving the machine in which were his family and Maynard Dean, when he collided with a peninsula railroad car. The auto was smashed into bits and the car thrown from the tracks. All of the injured were rushed to a sanitarium and it is thought that both Emig and his wife are dying and that Dean has little chance of recovery.

M'BRIDE TO SPEAK ON CHARTER DAY

Premier of British Columbia
Will be Center of
Celebration.

(Continued From Page 1)

university, now under construction at Port Grey, B. C.

"The province has endowed it with 2,000,000 acres of land and will endeavor to have in its faculty men of the highest standing in the educational world. The university will consist of fifty buildings occupying a site of 200 acres."

CORDIAL RELATIONS.

Premier McBride referred to the cordial relations that exist between the people of the United States and British Columbia, and added:

"I am glad to tell you that your people are taking a great interest in our government. Ten years ago I attended a celebration of July 4 in Victoria at which there were 200 Americans. Last year the celebration was participated in by 2000 Americans."

The premier referring to the increasing industrial growth of British Columbia said that there has been planned for the next two years \$15,000,000 worth of railroad extension and improvements, work upon which is already under way. The premier expects to return to British Columbia immediately after the Charter Day exercises at the Hearst Greek Theater.

Why Should They Worry Over Cost of Living?

Groom Is Peanut Eater; Bride
Can Live Long on Apples Alone.

CHICAGO, March 21.—The high cost of living will not bother Dr. Thomas J. Allen, president of Aurora College and his wife, according to friends of the couple who were married today at Eureka Springs, Mo. Dr. Allen became well known throughout the country when he subsisted for sixty days on a diet consisting entirely of peanuts. His bride, who was Miss Lillian Suehr, is said to have lived on apples alone for 92 days.

TERRIFIC STORM RAGES OVER CENTRAL STATES Loss of Life and Much Damage Reported From Many Sections

(Continued From Page 1)

north shore succumbed to the combined forces of ice and wind. The only lines which survived were two wires to St. Louis. Over those arrived a very small part of the mass of intelligence, which normally is received and sent out from Chicago.

BURDEN TAKEN OFF.

The only crumb of comfort to those charged with transmitting press and commercial telegrams was that the Good Friday holiday relieved them of the usual burden of brokerage and market reports.

Six hours after the storm broke the sun forced its way through the clouds and the disturbance ceased almost as suddenly as it had begun. The damage, however, had been done and early estimates of the loss to wire and transportation companies placed the figures as high as \$150,000.

SCORE ARE INJURED.

SPRINGFIELD, Mo., March 21.—A score or more persons were injured, some seriously, buildings in the business district wrecked and residences unroofed last night at Hoxie, Ark., about 95 miles south of here by a wind of unusual velocity. The loss to property, it is said, will total thousands of dollars.

At least 100 deaths had been reported early today when communication with the town was cut off, but it is feared later reports will show fatalities.

Special trains were sent from this city and Theyer, Mo., to aid the sufferers at Hoxie and other towns in the vicinity, which it is reported also were affected by the wind.

VALLEY IS SWEEPED.

KANSAS CITY, March 21.—Snow and sleet and a drop in temperature were general over the Missouri valley and the southwest last night and early today. In some sections the storm was accompanied by a strong wind.

Heavy rains preceded snow in south and east Missouri. At Oklahoma City the wind rose to 46 miles an hour. The mercury this morning dropped to 13 here, 8 in Omaha, 12 in St. Joseph, 10 at Wichita and Concordia, Kan., 23 at Springfield, Mo.; 16 at Oklahoma City, 2 at Denver and 10 at Amarillo, Tex.

WIRES ARE DOWN.

MEMPHIS, Tenn., March 21.—Reports from north Mississippi, west Tennessee and southeast Kentucky and north and east Arkansas, which were swept by a severe rain and wind storm last night and early today, are delayed because of an almost complete prostration of telegraph and telephone wires.

No definite advices have been received here from Hoxie, Ark., when the wind is said to have blown down a large number of houses and injured a score of persons. At Fulton, Ky., considerable damage was done to property.

In Mississippi the storm was severe from Grenada to Water Valley. At Santa Clara, the wind was unusually high and houses are said to have been tossed about as if they were playthings. No loss of life occurred there.

Locally only minor damage was done. A heavy downpour of rain, with continuous flashes of lightning, accompanied the high winds.

Walnut Ridge is reported to have been greatly damaged and two negroes killed and ten injured.

STREWN WITH WRECKAGE.

The country between Hoxie, Black Rock and Walnut Ridge, Ark., is strewn with wreckage of all kinds. Bed quilts, sheets and clothing wave in trees and the ground is covered with timber, pieces of iron and parts of wagons and buggies.

At Hoxie a hotel in the course of construction was blown down, the railroad station destroyed, an adjacent building entirely flattened, three brick store buildings partly blown down and the school building wrecked.

PATH IS WIDE.

According to the passengers and train crew the storm swept a path about a half-mile wide, as far as could be seen from Poplar Bluff toward Little Rock. There was no damage east of Hoxie.

Couriers from Poplar Bluff to Hoxie reported that few farm houses were left standing. Fear is expressed that the death list will be greater than at present reported as the heaviest blow came at the time when the people were in their homes.

The St. Louis, Iron Mountain and Southern railroad station at Minturn, Ark., south of Hoxie, was blown away. It cannot be learned how much other damage resulted from the storm in that section, as the railroad and commercial wires are down north and east of Little Rock. The building of the Bradley Mercantile Company, at Bradley, Ark., was blown down and other damage done in that vicinity.

FIVE MEET DEATH.

MEMPHIS, Tenn., March 21.—Five persons were killed and more than 50

injured by the storm last night at Poplar Bluff, Mo., according to members of the crew of the St. Louis and San Francisco passenger train which arrived here today three hours overdue.

They also reported one dead and 65 injured at Hoxie, Ark., and the town practically blown away. Great damage was done at Poplar Bluff and in the country between that point and Hoxie as a result of the heavy wave wash caused by the storm, the steamer Vulcan, used by the government dredge fleet in work opposite this city and valued at \$10,000, was sunk in 40 feet of water. Several other smaller craft of the fleet were damaged.

DEATH LIST HEAVY.

MERIDEN, Miss., March 21.—Several negroes are reported killed and a number of cabins demolished as the result of heavy windstorms which struck a small settlement last night five miles north of Macon, Miss. It is feared that severe damage was wrought by the storm in the northern part of the state, but communication with this section is impossible on account of the demoralized condition of telegraph and telephone lines.

KILLED IN WRECK.

COLUMBUS, O., March 21.—At Tiffin, O., William Wick, aged 75, was instantly killed and six or eight others are believed to have been buried in the debris of a smokestack of the county infirmary, which was wrecked by the high winds. Three others are known to be injured.

BOATS MISSING.

SANDUSKY, O., March 21.—Two boats are missing, one in the rocks and another in distress in the 70-mile gale that is sweeping Sandusky bay today. It is feared that six or more men may have been drowned. Life-savers have gone to the rescue of six others who are in extreme peril.

PROPERTY IS DAMAGED.

LOUISVILLE, Ky., March 21.—First reports from points in the central South, which was swept by a terrific windstorm last night and early today, tell of considerable property damage, but loss of life is not mentioned. Wires are down throughout Kentucky and much of Tennessee. A 60-mile wind blew at Nashville.

STORM MOVES NORTH.

WASHINGTON, March 21.—A terrific storm that raged over the central western states throughout the night was today moving northward, leaving a wake of destruction. Telegraph and telephone communication were crippled throughout the district south of the Ohio river. The storm, moving northward and eastward over Ohio and Indiana, threatened further destruction.

The weather bureau, from the meager reports compiled over the crippled wires, predicted a severe cold wave to follow. Storm warnings were ordered displayed all along the Atlantic coast from Hatteras to Eastport, Me.

COLD IS SERIOUS.

Last night's storm swept Arkansas, Mississippi and on north across the Ohio river and today was centering over the Great Lakes. The weather forecaster, after examining his reports, said:

"The storm is accompanied by severe and shifting gales and widespread precipitation, followed by a cold wave of unusual severity for this season of the year. Heavy snowfalls are reported at many points in the north central states and great damage has been done to electric wires, the storm cutting off communication throughout the Middle West."

MANY ARE VICTIMS.

INDIANAPOLIS, Ind., March 21.—Two persons were killed and several others injured today by the windstorm which swept from the north throughout the state, causing thousands of dollars of damage to property.

Several churches and schoolhouses were wrecked and one of the buildings of the University at Bloomington was damaged. Wire service all over the state was demoralized.

The wind reached a velocity of 60 miles an hour. Streets are littered with wrecked signs, parts of roofs, broken windows, bricks and chimneys and branches of trees. Interurban lines were hard hit.

TRAINS SNOW-BOUND.

SPOKANE, Wash., March 21.—Ten Great Northern trains that were snow-bound in Montana arrived here early today. The first to arrive was the Orient, due Tuesday.

Two young men developed measles while snow-bound and were isolated in a private compartment car.

STATE UNIVERSITY PROPERTY LEASED

Skyscrapers to Be Built at 14th
and Washington and on
Other Sites.

(Continued From Page 1)

and that the modern building to be erected is to revert with the ground to the university at the end of that term. The structure is to cost approximately a quarter of a million dollars.

A short block distant, at the southeast corner of Sixteenth street and San Pablo avenue, according to announcement made a few weeks ago, the First Trust and Savings Bank is to erect an eleven-story bank, store and office building.

The California Snyder building, at Broadway and Telegraph avenue, upon which work is to begin about the middle of May, is to be a steel cage class A structure. The basement

will be occupied by a restaurant extending the full area of the lot and beneath the sidewalks on both streets, obtaining ample light by means of sidewalk prism lights. It will be entered from the corner and by elevators from the main entrance lobby on the street level at opposite end of lot. The balance of the first floor will contain stores with entrances from both Telegraph and Broadway.

The basement will also contain the necessary mechanical equipment, including a complete ventilating system for the restaurant. Above the first floor will be modern equipped offices. The building will be fire-proof throughout. All the windows, doors and trimmings will be of metal construction.

The exterior of the building will be of stone and is designed in the Gothic style, the long vertical lines of the bay-windows leading up to the richly ornamental treatment of the upper stories and topped by a mansard roof. Benjamin Gear McDougall is the architect. The width of the lot is 8 1/2 feet at the gore, 37 1/2 feet at opposite end, 100 feet on Broadway and 104 feet on Telegraph avenue.

SAYS EVIDENCE
WAS SUPPRESSED

LOS ANGELES, March 21.—Charges that certain documentary evidence was suppressed in the recent trial of Gornham Tufts Jr., promoter and cult leader, who was found guilty of having obtained money under false pretenses from his wealthy wife, are contained in an affidavit in behalf of Tufts on file in the State Supreme Court today.

Tufts was sentenced to two years' imprisonment. He appealed the case to the State Appellate Court, which affirmed the judgment of the lower court.

The defendant then carried his appeal to the Supreme Court contending that failure to introduce certain letters in evidence resulted in a miscarriage of justice.

HOLDS LAST EXECUTION.

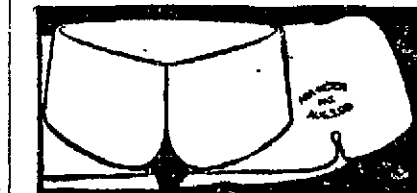

LINCOLN, March 21.—Albert Prince, probably the last man to be executed in Nebraska, heard the warrant for his execution read this morning.

"All right, gentlemen," he said, "go ahead with the execution."

Prince was hanged this afternoon.

WRITE ORDERS HER NAME ON BALLOT

Mrs. Ellen Allen of Alameda, who applied for a writ of mandate to compel City Clerk F. E. Browning of Alameda to place her name on the ballot as a candidate for the position of councilman-at-large, won her fight in the superior court this morning when Judge W. H. Waste granted the writ. The judge held that the charter of Alameda does not specify councilman-at-large as one of the offices which requires as a qualification that the one holding it shall have been an elector of Alameda for three years. The charter does make this qualification for most of the important offices, but fails to mention the particular job which Mrs. Allen aspires to, and several others, such as the police judge. It was because of this qualifying clause in the charter that the city clerk kept Mrs. Allen's name off the ballot, holding that women have not been electors in this state for three years, and that under the Alameda charter none of them could as yet hold office.

JUDGE ELLSWORTH AGAIN IN COURT

Judge John Ellsworth, dean of the Alameda county bench, and for 24 years Superior Court judge, who voluntarily stepped down from the bench last January, has resumed the practice of law and today filed his first paper in the same court over which he presided for all these years. The judge's maiden reappearance in the courts as a practitioner consists of a petition for letters of administration in the estate of Alfred Cutler Fay. The petitioner is Frances V. Moss, and the name, Moss appears on the document in the writing so familiar to all court house attaches, which was formerly seen at the bottom of court orders and other documents and decrees.

Alaska Dog Team Race Has Berkeley Entry

NOME, Alaska, March 21.—Five dog teams already have been entered for the annual All-Alaska sweepstakes race to be run over the 412-mile course from Nome to Candle and return, April 3. The entries now in are the dogs owned by Mrs. C. E. Darling of Berkeley, Cal., and A. A. (Scotty) Allan of Nome, John Johnson, Fay Delzene, Percy Blatchford and Alek Holsten. Entries will close April 1.

Dynamite Explodes; Three Badly Injured

FRESNO, March 21.—Calvin Mayberry, 17 years old, was possibly fatally injured and his 18-year-old brother, Earl, and John Smith, aged 40, were seriously injured yesterday afternoon six miles from here by an explosion of dynamite caps which had become damp and Calvin was experimenting with. Both eyes were blown out, his face horribly disfigured, his right leg shattered and several ribs broken.

CALIFORNIA RAISIN DAY TO BE A CELEBRATION

"California Raisin Day" has been set for April 30, and already elaborate preparations are being made by Southern Pacific officials and the Chamber of Commerce in Oakland to boost for the San Joaquin valley raisin growers' annual celebration. The chamber of commerce will distribute literature calling attention to the value of raisins as food, and the Southern Pacific display cars will give raisins a prominent place on their menus on the date mentioned. Oakland took considerable interest last year in the raisin day celebration, and a large amount of the commodity was distributed. It is expected that even a more extensive campaign will be made in the bay cities this year.

ASTHMA CATARRH Whooping Cough Bronchitis Croup Croup Croup

Vapo-Cresolene
A simple, safe and effective treatment for all the above conditions, without using the stomach with drugs. For thirty years. HOME CLUB HEARS OF REDLIGHT BILL

Mrs. Wm. E. Colby is Speaker
at Regular Monthly Luncheon.

At the regular monthly luncheon of the Home Club yesterday afternoon at the club house in East Oakland, Mrs. Wm. E. Colby, of Berkeley, the newly elected president of the Alameda district of the clubwomen's federation gave a talk on the "Redlight Injunction and Amendment Bill" now before the legislature.

A feature of the program was the visit of Mrs. M. E. Davies, a talented young musician of the Bay cities, who was accompanied by Mrs. Wm. E. Colby.

During the short business session of the club, the president announced the endorsement of the candidate of Mrs. M. E. Davies for re-election as a member of the board of education was adopted unanimously.

The luncheon tables were effectively decorated with pink and white fruit blossoms and a hostess presided at each of about a hundred members enjoyed the luncheon and the interesting program.

Mrs. F. J. McArthur was the presiding hostess, assisted by Mrs. C. Robinson, Mrs. John Yule, Mrs. George D. Gray, Mrs. Giles Gray, Mrs. John Bakewell, Mrs. E. B. Baker, Mrs. E. B. Baker, Mrs. Charles Bole, Mrs. H. D. Whitaker, Mrs. W. O. Morgan, Mrs. H. Wilson, Mrs. Edward Hemminger, Mrs. H. Wilson, Mrs. Wm. Yule, Mrs. Henrietta Simpson, Miss Mary Heaton.

SALT LAKE GUEST ATTENDS CONCERT

J. E. Caine's Trip Through the
Canyon Abandoned Be-
cause of Rain.

On account of the rain the trip through the Salt Lake Canyon, planned for the entertainment of J. E. Caine, the Salt Lake City commercial club secretary, now the guest of the Oakland club, was abandoned. Mrs. Caine and her party were taken in autos over the Dublin boulevard, and luncheon at the Oakland club. Mrs. Caine will probably remain in Oakland until next Tuesday.

SALOON KEEPER FIGHTS CHARGES

ALBANY March 21.—Testimony was taken by members of the board of trustees last evening on the plea of Town Marshal John Glavinovich for a revocation of the license of D. O. Baker to operate the Arcade Cafe on San Pablo avenue. The trustees met in committee of the whole and will report to themselves as a board Monday night. The case of Howard Payne, chauffeur, against Miss Jean Wilson for alleged failure to pay her taxicab hire, one of which the charges against Baker grew, was dismissed.

Lomba & Ford appeared as counsel for Baker. The trustees delayed decision in the case to next Monday.

PICKETS HELD FOR LEGAL COMPLAINT

Complaints were not filed this morning against the three men arrested last night in front of a motion picture theater at Twelfth and Broadway at the request of Guy C. Smith and the cases were continued by Judge McArthur. Smith will tomorrow to give Smith an opportunity to enter a formal complaint if he so desired. The men were booked for disturbing the peace.

A PLEA FOR IRELAND

"Tis the golden harp of Tara
In a field of emerald hue
'Midst a guard of stately banners—
A dream of centuries come true!
Oh! let Tyranny's oppression
Rise no more in this land!
Grant, oh! Grant, that Home Rule's blessing
At last reach the suffering Gael!
Next St. Patrick's Day may fall
See Erin's harp in Tara's Hall!"

H. C. CAPWELL CO. — Clay, Fourteenth and Fifteenth Streets — H. C. CAPWELL CO.

Capwell's is Splendidly Ready to Supply Last Minute Easter Needs

If you have put off getting your hat until the last day come here where selection is easy from the largest and most varied stocks, or if it is merely some accessory like stockings, lingerie, waists, neckwear, gloves or the pretty veil—come here also for your best satisfaction.

New Silk Coats for Street Wear

Some charming models arrived yesterday from New York that are made of silk moire and brocade. You would expect the materials to be good and the styles to be the very latest, but you couldn't expect so small a price as \$25 to be attached to them. But such is the case. They are made in a smart unassuming manner which makes them appropriate for street wear. Of course they show the cutaway and moderate draped effects. The brocade coats come in Copenhagen and black, while the moire are in black and navy. Price—\$25.

Trimmed Hats for Easter

at \$10, \$12.50
to \$15

The Millinery Section is humming with eager voices; women are busy trying on the many new shapes—for there's only one more day in which to get the Easter Hat.

Come in tomorrow and feast your eyes on the dozens we've gathered to sell at the easy price of \$10.00 to \$15.00.

Many of them flower and ostrich trimmed, all breathe that air of irresistible "chic" generally to be associated only with much higher priced hats. Our own large importations of French materials give our Hats the same tone and distinction to be found in original models.

Cloth Coats in Prettiest Styles for Women and Misses

Our showing of jaunty CLOTH COATS for women, misses and juniors is supreme in style and value. There are long coats, three-quarter length coats and jaunty five-eighth lengths in many different materials and styles to suit all tastes. Pretty striped and checked effects abound. Prices \$11.50 to \$45.00.

Outing Coats for Girls

Clever outing Coats for girls are shown in Norfolk and golf styles in color combinations of green with red, white with navy, mixtures and black and white checks. Prices \$5.75 to \$17.50.

Suits for Extra Large Women

We are specializing stronger than ever this season on Suits for extra large women. They are here in diagonals and plain serges in gray, navy, black, also mixed materials. Size to 51 bust measure. Plain tailored or fancy styles. Prices \$19.75 to \$37.50.

New Jewelry Novelties for Easter Gifts

For those who require little jewelry pieces for personal use or for gifts, we are prepared to show a wonderfully varied selection. Among many other things there are:

MESH BAGS in German silver—\$1.50 to \$2.50
FANCY LA VALMIERES in sterling silver, German silver and jet, domestic and imported—\$1.75 to \$11.50
BRACELETS in sterling silver gold filled—\$1.00 to \$7.50

Sale of \$6 Wavy Switches

The becomingness of the Easter Hat will depend on the hair dress. These excellent switches are well adapted to any of the fashionable modes. They are 30 inches long and come in all shades to match the hair. If you need a switch—don't fail to be here tomorrow for one of these.

Our beauty parlors will aid you to make your best appearance at Easter social functions. Hair Dressing, Manicuring, Shampooing and Facial Massage.

\$6.50 Will Buy a Handsome Chiffon Waist For Easter

You'll be greatly surprised at their surpassing beauty at this price. They are made of soft, good quality chiffon over white net and come in pretty color combinations of black with white satin, navy blue with green and gold braid, reseda with pink, champagne with coque de rouge and other color combinations equally effective. Lace and net yokes, high and low necks and short or long sleeves gives ample range of choice. Price—\$6.50.

\$3.95 for Silk Waists

Tailored Silk Waists of good quality messaline. Fine hairline stripes on solid background of navy blue, wine, Copenhagen, reseda and white. They are finished with buttons, fine tucks and frills, and have long or short sleeves. Low neck style has a white embroidered rolling collar and front frill. Price—\$3.95.

Easter Novelties For Gifts

Better Easter Rabbits with most expressive ears, some of which can be made to wiggle up and down; fluffy Easter chicks and ducklings and dozens of other appropriate remembrances for both grown ups and children.

Many of the novelties are imported and quaint in their originality and cleverness. These may be found on main aisle tables or on the Third Floor, in the Toy Section.

Babies' Coats, Hats and Easter Dresses

Easter Clothes for the wee ones from one to six years—all fresh, new, summery garments with much that is snowy white, and a generous interspersing of pretty, bright colors.

COATS—In box or belted styles plain tailored or with fancy collars. Of serge, broadcloth, pongee, woolen mixed, checked materials. Linens and silk. Prices \$3.00, \$4.75, \$5.00 to \$18.50.

HATS AND BONNETS—Pretty styles in flax, straw and straw, trimmed with ribbons and flowers. Prices 30c, 75c, \$1.00 to \$7.50.

DAINTY DRESSES—Long or short waisted, Russian and kimono styles, of dainty fine materials, some with hand work. Prices \$1.25, \$1.50 to \$15.00.

FRANCHISE SOUGHT FOR POWER LINES

Application was filed by the Great Western Power Company with the city council this morning for a franchise for electric transmission lines in the streets of Oakland. The application is made as a result of a technical defect in the old law under which this company was granted a franchise three years ago, a defect that has since been corrected in the new charter.

Hearing of the application was set by the city council for March 27. At that time the terms of the franchise will be discussed.

YOUTH IS HELD AS WHITE SLAVER

William Paul, arrested on a charge of having lured a 19-year-old girl from her home, was held to answer before Judge Volmer Smith this morning on a felony charge. Bonds were fixed in the sum of \$10,000 for his appearance before the Superior Court for trial.

Paul is a young man from Grass Valley, the son of a well-known family of that city. Mrs. Paul's mother was in court when he was held to answer, and when the decision was made known she broke down and had to be led weeping from the court room.

Nabel Cavan, the girl who gave Paul money was the chief witness against him. She is under the care of the Detention Home, and is anticipating becoming a mother.

Foods That Bind Little Children

Start Them Off Right With a Good Laxative and Then Watch Their Diet.

Mothers are often unconsciously very careless about the diet of their children, forcing all to eat the same foods. The fact is that all foods do not agree alike with different persons. Hence, avoid what seems to constipate the child, or to give it indigestion, and urge it to take more of what is quickly digested.

If the child shows a tendency to constipation, it should immediately be given a mild laxative to help the bowels. By this is not meant a physic or purgative, for these should never be given to children, nor anything like salts, pills, etc. What the child requires is simply a small dose of the gentlest of medicines, such as Dr. Caldwell's Syrup Pepsin, which in the opinion of thousands of watchful mothers is the ideal remedy for any child showing a tendency to constipation. So many things can happen to a constipated child that care is necessary. Catching colds, headaches, sleeplessness, and many other annoyances that children should not have can usually be traced to constipation. Many of America's foremost families are never without Syrup Pepsin, because one can never tell when some member of the family may need it, and all can use it. Thousands endorse it, among them Mrs. M. E. Darling, 2 F D No 4, Bellevue, Pa., who writes: "I certainly think Dr. Caldwell's Syrup Pepsin saved my baby's life. Marjorie is a bottle baby and could not get her food to digest."

MARJORIE DARLING.

but I found by giving her a small dose of Syrup Pepsin when she had colic it always cured her." Dr. Caldwell's Syrup Pepsin is sold by druggists at fifty cents and one dollar a bottle, the latter size being bought by those who already know its value, and it contains proportionately more. Results are always guaranteed or money will be refunded. Everyone likes Syrup Pepsin as it is very pleasant to the taste. It is also mild and non-gripping and free from injurious ingredients. If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 415 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

ANOTHER SUIT FILED FOR SHARE OF ESTATE

NEW YORK, March 21.—Another suit for one forty-second of the estate left by Mrs. Caroline D. Fair, who was killed with her husband, Charles L. Fair, in an automobile accident in France in 1909, was filed yesterday in the Supreme Court. This is the fifth suit of the same nature filed by children of Mrs. Sarah Laffer, who was a sister of Mrs. Fair.

CHAUFFEUR ACQUITTED OF BLAME FOR DEATH

SAN DIEGO, March 21.—In the Superior Court yesterday afternoon, a jury returned a verdict of not guilty in the case of Forrest L. Whitmarsh, who has been on trial for the past two or three days. The defendant is a chauffeur. Several weeks ago Dorothy Fisher, a 12-year-old girl, was run over and killed by a car that Whitmarsh was driving.

VALET MAY BE GIVEN OFFICE

Would be Secretary to Minister at Liberia, His Plea.

WASHINGTON, March 21.—When Secretary Daniels of the Navy Department returns today from a visit to his home in Raleigh, N. C., he will pass along to the State Department the application of a colored man who has shined his shoes and otherwise made him presentable, for a position in the diplomatic service. When the Secretary first came to Washington he was the chief of an old friend, Dr. Stephen Davis, took especial care of the cabinet officer and when the Secretary left for Raleigh, Davis dispatched a letter to him, telling of his aspirations for the position of secretary to the American legation in Liberia. Davis who has been in the employ of Doctor Ruffin for some time, speaks and writes Spanish perfectly, having spent four years in Cuba. He is an expert stenographer and in his leisure moments studied for the examination for the diplomatic service. He has the endorsement of the Colored Democratic League.

TWO BROTHERS MARRY SISTERS

Elopers Disappear Fearing Parental Wrath, After Wedding.

WASHINGTON, March 21.—Two telegrams were all that was necessary today to apprise two families of the marriage of four of their members when Lee F. and Townsend B. Titus, brothers, of Luckett, Va., and Mary G. and Lucy E. Stonebruner of Lovettsville, sisters, from the same place, broke the news of their elopement and marriage here. They were married by the Rev. Samuel Smith of Pennsylvania, uncle of the brides, who romantically aided in the double elopement. "Very interesting," said the marriage license clerk, "he made out the necessary papers. In case of children what relation would—"

NAVAL DRY DOCK PLAN IS CHANGED

Accident at Pearl Harbor Makes Alteration Necessary.

WASHINGTON, March 21.—As the result of conferences between Rear-Admiral Stanford, chief of the bureau yards and docks, and S. G. Hines, president of the San Francisco Bridge Company, contractor for the construction of the great Pearl harbor drydock, a complete change of the plan of work is to be made, if Secretary Daniels approves. The recent accident to the great dock demonstrated the impracticability of laying the concrete flooring through pipes from the surface of the water. It is now contemplated to pave the bottom of the dock with great monoliths of concrete, some of them weighing as much as 150 tons each. These blocks are to be united into one great monolith by filling the interstices with liquid cement, which is expected to insure a water-tight and strong bottom. The change of plan is believed, will not involve additional cost and will not delay the completion of the dock beyond the time recently set.

SUIT AGAINST JAPANESE NEWSPAPER DISMISSED

LOS ANGELES, March 21.—R. Kowahara resented reference to him in a local Japanese newspaper as combining the characteristics of a fox, rabbit, monkey and dog, as he had the editors, M. Kamura, S. Ohnaga and I. Jonase, arrested for criminal libel. The defendants told Police Judge Frederickson that the attack on the plaintiff was due to the latter's alleged swindling scheme and the case was dismissed on the grounds that the evidence introduced by Kowahara failed to show that he had not been doing the things of which he was accused. The newspaper article, which was translated in court, alleged that the plaintiff, "being like a dog without a license, he should be given to the dog killers."

CO-RESPONDENTS ARE DEFENDANTS IN DIVORCE

LOS ANGELES, March 21.—A "double-barrel" divorce case was tried before Judge Monroe in the Superior Court yesterday. It was the first instance in local court annals of two persons, designated as co-respondents, appearing as defendants. The plaintiffs were Mrs. Ella Peoples and Charles E. Burton, and they were awarded decrees, respectively, against C. Enlow Peoples and Mrs. Ella Burton, who were named as the co-respondents in the suits. Judge Monroe heard the testimony in both cases at the same time, as Peoples was alleged to have deserted his wife for Mrs. Burton.

BEST KNOWN COUGH REMEDY

Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. Isn't this proof? It will get rid of your cough, or we will refund your money. For coughs on coughs, write to J. C. Owen, 1000 Alameda, S. C., writes the way hundreds of others have done. "After twenty years I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used. For coughs on coughs, write to J. C. Owen, 1000 Alameda, S. C., writes the way hundreds of others have done. It has no equal. 50c and \$1.00, at Osgood Bros."

LEPER CAUSE OF HOSPITAL PANIC

Smallpox Patients Object to "Unclean" Visitor at Salt Lake.

SALT LAKE CITY, Utah, March 21.—A revolt was started at the smallpox isolation hospital here last night when the health department assigned E. R. Grable, a leper, to quarters in the hospital grounds. The smallpox patients served notice on the health commissioner that they would leave the hospital unless other quarters were found for Grable. As there is no other place available in which to lodge Grable a guard will be established around the institution to prevent the patients from breaking quarantine. The health department found itself in a similar quandary three years ago when a Greek suffering from leprosy was captured here. He was detained for a month, but through a work worked by his countrymen he escaped. Grable surrendered himself to the health authorities here yesterday. He said he had escaped from the San Francisco isolation hospital December 15, 1912, by jumping from a window. According to his story he has been driven from town to town as at each place where he stopped some one discovered that he was suffering from leprosy and he was forced to move. Grable was a member of the First Wyoming infantry in the Spanish-American war and is said to have contracted the disease while serving in the Philippine Islands. He has a wife and child living in Ogden.

CAPITAL WOMEN TO MEET MRS. WILSON

First Lady of Land and Mrs. Marshall to be Received.

WASHINGTON, March 21.—Arrangements were completed today for a breakfast on April 5 at which the local society women formally will become acquainted with Mrs. Woodrow Wilson, wife of the President, and Mrs. Thomas Marshall, wife of the Vice-President of the United States. The breakfast will be given by a committee of Washington women and will be semi-formal. The guests will include Mrs. Champ Clark, wife of the Speaker of the House, and the women of the cabinet circle. Mrs. John W. Kern, wife of Senator Kern of Indiana, will act as toastmistress and an illustrated lecture on "The White House" will follow the breakfast.

The Return of Blood Eruptions

No Reason Why Anyone Should Suffer With Such a Disheartening Experience.

No case of contagious blood poison is even cured until the last particle of the virus has been removed from the circulation. The last taint left in the blood will, sooner or later, cause a fresh outbreak of the trouble, with all its hideous and destructive symptoms of ulcerated mouth and throat, copper colored blotches, falling hair, sores and ulcers, etc. No other medicine so surely cures contagious blood poison as S. S. S. It goes down into the blood and steadily and surely drives out every particle of the infection. It absolutely and perfectly purifies the blood, and leaves this vital fluid as fresh, rich and healthy as it was before the destructive virus of contagious blood poison entered the circulation. S. S. S. quickly takes effect on the blood, and gradually the symptoms disappear, the health is improved, the skin cleared of all spots, sores and other blemishes, the hair stops coming out, the mouth and throat heal and when S. S. S. has cleansed the system of the poison no trace of the disease is left. S. S. S. cures contagious blood poison because it is the greatest of all blood purifiers, tested and proven in hundreds and hundreds of cases all over the country. You will find S. S. S. for sale in all drug stores at \$1.00 per bottle. Write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., for private medical advice and a very instructive book on all blood diseases, sent free, sealed in plain wrapper.

Hats of Rare Beauty

For Easter Sunday and Spring Days

We have hats—and make hats—at all prices. And we take pride in the fact that even the least expensive hat that leaves this store has the proper style, and is in every way as truly representative of Kahn's as the finest and costliest hat that leaves us. Consider that you have a standing invitation to this department to come as often and to stay as long as you like—but be sure that you come before and not after buying your hat, for otherwise you might wish you had waited until you had seen ours.

BATTLE EXPECTED OVER REPORT OF GRAND JURY

Alameda County Delegates Will Meet to Discuss Recommendations.

Solons Themselves May Rule on What Officials of Oakland Should Have.

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, March 21.—When the Alameda county delegation meets next week upon the call of Chairman Ed Tyrell of Oakland lively times are expected in the consideration of the county government bill and the report of the Alameda County Grand Jury pertaining to the requests of county officers for more pay and more help. There are some members of the delegation who believe that the Grand Jury's report should not be followed in the main, while others contend that the delegation should take the bull by the horns and give the county officers more than the inequitable body recommended.

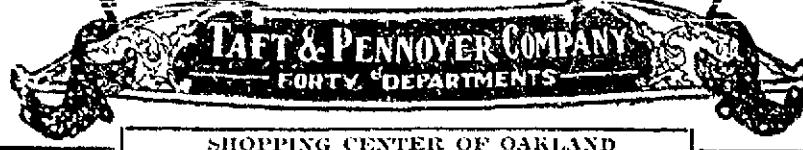

"It is my opinion that the delegation will paddle its own canoe in deciding what the county officers of Alameda should have, and while the Grand Jury report will not be wholly disregarded it certainly will not be followed in its entirety. The report in some instances is not fair to the officers," spoke one Alameda man. Another one declared but few changes will be made from the report.

EXTRA JUDGE OPPOSED.
A second bill that is certain to arouse some opposition in that of Assemblyman Gelder, giving Alameda county an extra superior judge, making seven in all. It is reported that Police Judge George Samuels might fall for the toga if the bill secures the approval of the delegation and that approval is a matter of extreme doubt, so one of the members predicted last night.

Chairman Tyrell is having difficulty in finding a convenient afternoon for all members of the delegation to attend a conference at numerous committee meetings.

NURSES IN FIGHT.

Extreme Easter Novelties For Men

Do not get the idea that Taft & Pennoyer are exclusive caterers to ladies' trade. We know that you will find no other establishment that carries the stock, patterns, exclusive styles or can shade the prices that this store offers. For Easter 1913 we are showing bigger, better and more attractively priced goods for particular men than ever before.

NOVELTY EASTER NECKWEAR.

Among the newest arrivals in exclusive Four-in-Hands and Scarfs we desire to mention the following, all coming in the most approved shadings of the present season: Bulgarian Crepes, Venetian and Oriental Silks, New Dotted Velvo in six shades, Figured Grenadines, New Shades of Hussar Blue and Peacock Green. Exclusive models priced at \$1.00 to \$3.50.

Mogadore Roman Cross Stripes in Four-in-Hands of reversible shape, a pure silk in six splendid shades. Priced at 50c each.

Cheney Silk Cravats, the silk with a world wide reputation, including every popular style, shape and colorings. Priced at 50c.

SAVOY SHIRTS.

Made by people who have led the shirt manufacturing business for over thirty years. The SAVOY label is synonymous with Fit, Color and Wear. Decide now and buy a SAVOY and forever settle that question of shirt satisfaction.

All styles represented, plaited or plain bosoms, soft French cuff or stiff cuff. A particular shirt for every man's fancy. Priced from \$1.50 to \$3.00.

Alameda, and Dr. Perry of St. Luke's hospital of San Francisco advocating the exemption of nurses from the women's eight-hour bill, and dozens of student nurses from Oakland and San Francisco hospitals deluging the legislators with personal letters to approve the entire bill. The Assembly and Senate joint committee on capital and labor heard both sides of the nurses' fight last night. Almost every member of the bay delegation of lawmakers could report the receipt of a confidential letter from some student or undergraduate nurse who wanted the eight-hour law applied to her work but was afraid to come out and urge it openly for fear of losing her job with the hospitals that are fighting against the bill embracing the nurses.

UNDERCURRENT OF SYMPATHY.

There was an undercurrent of sympathy at the joint hearing for the student nurses and this was increased when the statement was made by Beattie Beatty, a San Francisco newspaper writer, that San Francisco hospitals had forced out an anti-resolution from the nurses that did not express the plan of the majority. Miss Kate Creeden of the Alameda Sanitarium was present.

All phases of the women's eight-hour

CLIMATE FAILED; MEDICINE EFFECTIVE

It has been absolutely shown that rest, fresh air and good food do help many persons suffering from Tuberculosis. But it must be admitted that the disease is seldom more than "arrested." Something more is needed.

Eckman's Alternative is a medicine made for the treatment of Tuberculosis. It has conquered the disease again and again. Often these benefits have been effected when the surroundings were not ideal—yet recoveries resulted. Now we argue that Eckman's Alternative should be used in every case of Tuberculosis, in addition to good, nourishing food and fresh air, which we all need. A remarkable case follows:

Walden, Ill.
"Gentlemen: Through Eckman's Alternative I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia. My lungs became very much affected; my sputum was examined and Tubercle bacilli were found. On January 21, 1905, I was advised to go to Fort Worth, Texas. While there an abscess in my right lung broke and discharged. I grew worse, and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas, June 1, and arrived in Canon City, June 3, very feeble. After being there two weeks, my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive.

"On July 14, 1905, I began taking Eckman's wonderful remedy for Consumption. Today I weigh 158 pounds. I am stout and well and can do any kind of work about my grain elevator. I have not an ache nor pain in my lungs, catarrh, sleep well and never feel better."

(Sworn affidavit) ARTHUR WEBB, Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in rebuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by The Owl Drug Co., and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman's Laboratory, Philadelphia, Pa., for additional evidence.

reclaiming nearly one million acres in the heart of the swamp lands between Colusa and Suisun Bay. It is proposed to create a new reclamation board which shall supervise the work and the bonding of the districts affected.

Andrew Furuseth of San Francisco, organizer and secretary of the seamen's union appeared before the judicial committee of the Senate yesterday with arguments on behalf of the Caminetti anti-injunction bill, which failed of passage two years ago.

Another measure by the same author, providing the length and kind of punishment for conviction in such cases, was amended on the floor of the Senate and sent to the printer. The vote on the "age of consent" bill was unanimous after a proposed amendment had failed of adoption.

Hereafter smoking cigarettes in or around any public school building in California will constitute sufficient grounds for the suspension or expulsion of the offending pupil, if the Assembly gives its approval to Senate bill 1104, by Anderson, which was passed in the upper house yesterday.

Senator Cogswell of Los Angeles introduced in the upper house memorializing congress to provide for a system of national highways. This resolution states that a national system of not more than 50,000 miles of highway would give adequate main, trunk and link lines connecting every state in the Union.

Senator Thompson directed his clerks yesterday to gather together copies of all alien land laws enacted in other states for the use of the sub-committee.

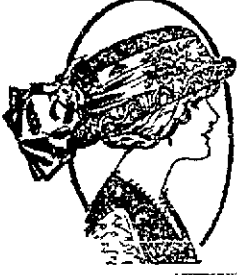

A meeting cannot be held until next week, owing to the absence of Senator Curtin, the third member who was called home yesterday.

"REFORM" HAMMERED.
By a vote of 17 to 12 the Senate rejected yesterday afternoon to give its approval to Senator Caminetti's proposed reform of the attaché system of the Legislature, as embodied in Senate bill 108. In spite of the fact that only twelve votes were given for the measure, the author

HENDRICKS COMPLAINT CHARGES INTERFERENCE

SAN FRANCISCO, March 21.—James C. Cristy has been ordered into custody by Superior Judge Durne pending his trial for interfering with a witness. This morning Marie Bruhn, an 18-year-old girl, testified to the circumstances surrounding Christy's visit to her home. Miss Bruhn, together with Esther Minter, was complaining witnesses against Albert Hendricks, an automobile man, charged with attempted felonious assault, who is believed to have fled the State.

W. H. Hackett and E. L. Collins
Organist, Miss Florence V. Camp
A special sermon has also been prepared by the pastor, Rev. Herbert E. Hays, for morning and evening.

'ADS' AND SELLING TALKS AT Y. M. C. A.

Evolution of Ad Man's Trade
and Its Modern Meaning
Discussed.

The third lecture in the educational course at the Oakland Young Men's Christian Association was delivered last evening by A. A. Denison, secretary of the Oakland Chamber of Commerce, who spoke on "Advertising and Salesmanship." "The want ad is an epitome of human progress," said Denison. "If you don't believe it, consult the columns of the pale paper, or any other popular advertising medium." The speaker then discussed the evolution of advertising from the simple poster form or announcement, to the modern advertisement embellished by art and elaborated with consummate literary ability. It was shown how advertising has become a profession which employs the best talent of the country. The great gathering of advertising men at Dallas at which Mr. Denison was a delegate last year was described. Discussing various means of advertising, Mr. Denison said that experience had demonstrated that the daily newspaper which reaches the home from which the great body of purchasers proceeds, is the best medium.

QUEEN OF GREECE TRANSMITS THANKS

President Receives Cablegram
of Appreciation to Meet
Correspondents.

WASHINGTON, March 21.—President Wilson received the following cablegram from Olga, queen mother of Greece:

"I beg you to accept and to transmit to the government and people of the United States the Greek nation's, my family and my own sincerest thanks for your heartfelt sympathy in our most crushing grief." President Wilson was in his office early, entirely recovered from his slight indisposition of the last two days. Representative Underwood brought former Representative Nicholas Longworth of Ohio to pay his respects to the President. National Chairman McComb was the first to be received by the President.

LOBBYISTS ROUTED BY SENATE THREATS

SACRAMENTO, March 21.—Threats to clear the Senate chamber of the sort of lobbyists that has been described upon the legislature during the last few days unless order was maintained, were made from the chair this morning by Senator A. E. Boynton, president pro tem.

Senator Caminetti's motion to reconsider his patronage bill, which was voted down yesterday, carried today after Senator Boynton had come to his aid. The measure was referred to the judiciary committee for amendment.

INFANTS IN ARMS MAY CARRY CANNON

SACRAMENTO, March 21.—After passing about 70 bills with hardly more than a handful of votes against any of them, the Assembly finally found one on which it disapproved today and defeated it 41 to 28. The measure was Assembly bill No. 1067, by T. D. Johnstone, and prohibited children of less than 4 years of age from having firearms, air rifles or spring guns in their possession. Assembly bill No. 1112, by E. C. prohibiting the selling, giving away or relinquishing of children was passed unanimously.

Special Notice to all purchasers and owners of homesites in Richmond Annex

Home scene in Richmond Annex,
the choicest residence property
in the rapidly growing city of
Richmond.

Your Rent Money Will Pay For Your Home

I will advance two-thirds the cost of building you a home on your lot in this property. You can pay it back with the money you are now paying for rent.

You may select your plans or I will assist you. There is no profit for me—you may select your own builder and I will pay the bills. All I ask is that you submit the plans to me for my approval. The water, sewers, sidewalks and paved streets are now in—you can begin building your home at once in

RICHMOND ANNEX

See me at once for complete information.
Put your rent money to working for yourself.

How to Reach Richmond Annex

FROM SAN FRANCISCO—Take Key Route Boat and Richmond Train and get off at Portico and San Pablo avenues—Southern Pacific Broadway and California Loop Train to Fifty-ninth and San Pablo avenues—Take Richmond-Pullman car going out San Pablo avenue. It takes you direct to Richmond Annex. Be sure and ask the conductor to let you off at the County Line.

FROM OAKLAND—Take the Richmond-Pullman car on Broadway, which goes out San Pablo avenue. Then get on Richmond Annex car nearly a mile. Get off at the County Line.

Every Purchaser Receives Absolutely FREE

The Following High
Class Improvements

A complete sanitary sewer system with outlets, tiled macadam paved streets, curbs, concrete gutters, cement sidewalks, water mains, storm sewers with catch basins, and shade trees along the parking strip. Free to every purchaser. These \$40,000 improvements being installed as rapidly as good workmanship will permit.

BIG FREE EXCURSION SUNDAY FROM OAKLAND AND SAN FRANCISCO

Get tickets at our San Francisco office during the week or from agents, wearing yellow Richmond Annex badges, at the Ferry Key Route ticket office. If you are going from Oakland, phone Oakland 411 on Saturday, and Sunday phone Berkeley 3352, and we will take you out in an automobile. Come and see Richmond Annex.

MAIL ME THIS COUPON TODAY

And I will send you valuable information with map and views of Richmond Annex, also tell you why so many people are making money in Richmond. Mail the coupon today.

E. J. HENDERSON

Rooms 206, 208, 207, 209, 210, 211 First National Bank Building, OAKLAND.

FAIR BUILDINGS SHOWN IN MODELS

Architectural Club Exhibits
Representation of Expo-
sition Structures.

SAN FRANCISCO, March 21.—Models of the principal buildings, courts, arcades and other leading features of the Panama-Pacific International Exposition will be shown to the public for the first time, in their entirety, at the sixth exhibition of the San Francisco Architectural Club which will open tomorrow, Saturday, March 22, in the Hale building, Fifth and Market streets. The only representations of these structures have been made, with few exceptions, from drawings and mechanical plans. In the same way, the buildings for the new San Francisco civic center will be shown, all details being accurately and effectively portrayed.

SWAT FLY, THEN FEED IT TO THE CHICKENS

LOS ANGELES, March 21.—The famous cry of "swat the fly" now has been supplemented with this: "Then feed it to the chickens." Dr. E. Edwards of Los Angeles, in an anti-fly campaign plan, made public today, declared that to burn the fly after having swatted it was a waste of energy. "Turn hot water over the fly after it has been swatted," advised Dr. Edwards. "That will clean him. Then feed it to the chickens, for which it will make good food."

THE New Free Market

6TH (SIXTH) AND WASHINGTON STREETS

We wish to apologize to those patrons of our market who were disappointed in securing their usual quantity of butter last Saturday.

This shortage was caused by the tremendous demand for our pure butter, which exceeded all our expectations.

Tomorrow we promise that we will be prepared to meet the largest demand with a greater supply of our usual FRESH BUTTER direct from the farm.

BAND CONCERT AFTERNOON AND EVENING

THE New Free Market

6TH (SIXTH) AND WASHINGTON STREETS

FIREBUG SUSPICIONED IN BARROOM BLAZE

SAN FRANCISCO, March 21.—A suspicion of incendiarism surrounds a fire which broke out at an early hour this morning in the Cadillac bar, 398 Eddy street, and which was extinguished with damage to the amount of \$200. The blaze originated in a closet of the saloon which is attached to the Cadillac Hotel. The place changed managers yesterday afternoon, Charles Lehnardt having sold out to a Kendall. Fire Marshal Tove is investigating.

DISFIGURED BY SKIN ERUPTION

If That Is Your Plight, Let
Resinol Clear It Away!

Simple, blackheads, rashes, ringworms and, worse of all, that red, itching, scaly, torment, eczema, vanish when you use Resinol Ointment and Resinol Soap. There is no doubt about it. Even though your skin is so unsightly with eruption that you shun your friends and your friends shun you, Resinol makes it clear and healthy, quickly, easily and at trifling cost. When you are sick of wasting time and money on tedious, expensive treatments, get Resinol Ointment and Resinol Soap from the nearest druggist and you will quickly see why it has been prescribed for eighteen years for just such troubles as yours.

The Resinol treatment works so gently and is so absolutely free from anything that could injure even the tenderest skin, that it is perfect for healing the skin troubles of infants and children. You can test Resinol Ointment and Resinol Soap at our expense. Write to Dept. 10-B, Resinol, Buffalo, N. Y., and we will send you a generous trial by parcel post.

SEQUOIA CLUB TO DANCE ON MARCH 27

RICHMOND, March 21.—Invitation for the dancing party to be given by the members of the Sequoia club will soon be sent out. The dance will be held on the evening of March 27 in Sequoia hall. The committee in charge of the affair has spared no pains to make this event eclipse all other efforts of the club. The early part of the evening will be taken up by a literary and musical program.

DENVER MAN LECTURES ON CHRISTIAN SCIENCE

Wm. R. Rathvon, Sent by Board of Lecture-
ship, Talks to Large Audience

A lecture on Christian Science was delivered at the Macdonough theater last night before a crowded house, by Wm. R. Rathvon, of Denver, who was sent out by the board of lectureship of the First Church of Christ, Scientist, in Boston. Dr. Rathvon, who is a native of the city, introduced the lecture by saying in part:

The intelligent study of any science should proceed by the orderly use of its text-books. Its laws and its statements thus learned are to be proved in the laboratory, in the laboratory, or in the field as the case may be. Christian Science, universal in its usefulness and in its availability is likewise to be learned from its text-book and then proved and demonstrated in all the various activities and activities of everyday life. We have a man named with man of his interests teach those of his fellows.

ONE TEXT-BOOK.
Christian Science has but one text-book, Science and Health with Keys to the Scriptures by Mary Baker Eddy. It is not a book to be quickly read or hastily thumbed over as one would a shallow novel. Nor is it to be approached with bias or prejudice if one would share its riches, but its truths may be proved and in turn imparted by child or sage who turns its leaves with an open mind.

It has been asserted that Christian Scientists place their text-book above the Bible as the guide to righteousness. No one can honestly make this allegation who has read the book carefully, for on page 197 of Science and Health are printed these words: "The first of a series of tenets of our religion."

"As adherents of truth we take the inspired word of the Bible as our sufficient guide to eternal life."

"The truths of Christian Science do not originate in the book Science and Health. They find expression there, but their

origin is in God. They have always existed and will forever exist. What effect then, it may be asked, does the study of this book have upon those who have previously been Bible students? Does it supplant the Bible in their lives and supplant it? To the Book of books less precious to them than before? The answer is "No." On the other hand Science and Health harmonizes a truly amazing incongruity in the Bible which have long perplexed laymen and theologians. It explains apparent contradictions, it discloses unperceived riches, it gives new significance to favorite passages, and brings neglected ones into favor.

The study and application of its teachings by those who have had little or no familiarity with the Scriptures has made them Bible students and Bible lovers. The one time atheist the skeptic and the blasphemer are finding the Gospel a treasure of joy and consolation where untold doors had been barred against them until unlocked by the key forged by the hands of a gentle woman who loved all mankind. No other book in modern times has made so many Bible readers.

TEACHES SALVATION.

"The text-book of Christian Science was given to the world as a revelation, not a theory, but to relate a discovery, not to upset religions but to establish salvation, not to confound material medicine, but to simplify healing, not to condemn the sinner, but to turn him away from his wickedness that he might live. "Emerson said: 'The law of Christ is a law of love and of life.' There is a time when Christianity exists in one child, and it can be likewise said that there was a time when Christian Science existed in one devoted woman. But she was faithful to her trust, and before giving her discovery to the world she had first made it her own. She became a Christian Science practitioner, and put Science to the touchstone of healing the sick. It showed as pure gold."

"Then followed the writing of her book 'Science and Health with Keys to the Scriptures' by Mary Baker Eddy. It is a discovery to the public in concrete and understandable form."

"Men may differ in their understanding of inspiration and revelation, but they all agree that the present day possibilities. They may even deny to woman the spiritual revelation accorded to man, but neither wrangling nor disputations nor denials have ever brought to poor humanity the roses of health or the fragrance of paradise. The book Science and Health, has done both in gracious profusion."

"Christian Science stands before the world as a demonstrable religion one that is to be lived not merely believed. The standard of proficiency for the Christian Scientist is not how much he believes, but how much of that belief he is using in his daily life. In his dealings with his fellow men and in the sanctity of his innermost thoughts."

"Hence it is that there is no such thing as a purely theoretical Christian Scientist. No one gives the name of Christian Scientist by merely believing in the teachings of its text-book without practicing them. We are Christian Scientists only as we put into constant practice our knowledge of our religion, be that knowledge great or small. We are Christian Scientists only as we are helpful and helpful in thought and deed, only as we think health and talk health instead of disease and disaster. We are Christian Scientists only as we say to evil mental suggestion 'Peace, be still.' Only as we are loving and courageous and as we are at all times in warfare against sin, sickness and death."

DISEASE MENTAL.

"Jesus proved for all time and for all Christendom that the origin of disease was mental and he healed it with mental medicine. He gave himself to the world about physical symptoms, but he destroyed what caused them. He cared little about what the sick man had been saying, but much about what he had been thinking. He said in so many words: 'It is that which is in a man which he believeth in.' When he healed the sick he gave no startling directions about diet and rest, but at least one occasion said: 'Eat no more of that which comes into thee,' thus indicating the mental origin of the disease. The sick were healed by him through spiritual understanding, not by human will. Christian Science, similarly relying wholly upon divine principle has no relationship with will power, mental science, hypnotism, mesmerism, auto-suggestion, thought transference, spiritualism or any of the other cults or schools which rely wholly or in part upon the influence of one human mind or human will upon another. These are essentially advances to the teachings of the religion wherein the human mind and the human will are made wholly subordinate and subservient to the divine mind and the will of God. Science and Health, Science is only attained as faithful human mentality is eliminated."

"There is a short and cheering message that Christian Science has to deliver to all who have ears to hear. It is a new message. It has reassured the children of men and has shown them the path of life. The loving mother encouraging her toddling infant the saintly Christian showing his men to greater valor, the gentle Saviour uttering his frightened disciples all use it. That message is to be not afraid."

"Christian Science emphasizes the fact that when fear is eliminated from the consciousness of the sick man—no matter what the nature of his illness—he has taken a long step toward recovery. It declares also that people who are habitually free from fear worry, anxiety, and sickness. The children of which are the children of fear are far less susceptible to illness and misfortune than others. It has uncovered in fear an agency of evil, an enemy of health, a destroyer of peace and a bar to man's progress heavenward."

"The Christian Scientist in his unceasing warfare against evil in every form allows discouragement no more foothold in his consciousness than he does to malice, hatred, envy or deceit. He is freed from the bondage of all of them by knowing the truth about God and man. He has then a more complete mastery of the results of Christian Science than of its methods. For the latter I would have you consult the pages of its text-book, Science and Health with Keys to the Scriptures, by Mary Baker Eddy. You will not lay it down with disappointment if you take it up with sincerity."

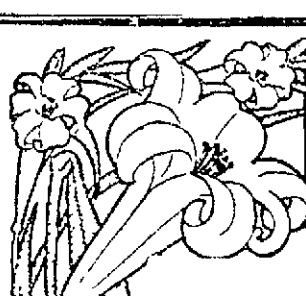

MELROSE ANNEX CLUB ADEPTS AT BOOSTING

MELROSE, March 21.—The Melrose Annex Boosters' Club, although of recent formation, is one of the most progressive organizations in the Melrose district. Members of the Boosters club have been mainly instrumental in bringing the carnival of the Fruitvale Eagles to this district, and it was largely through energetic canvassing on their part that the citizens of Melrose has subscribed so liberally for the Carnival.

The headquarters of the Boosters is situated on Forty-first avenue and east Fourteenth street. The following are officers: president, Charles A. Calhoun; vice president, George L. Lunt; recording secretary, W. H. Waterman.

RICHMOND GUN CLUB TO MEET TONIGHT

RICHMOND, March 21.—The newly organized Richmond gun club will hold a meeting this evening on the west side of the city. The first meeting will be held at the first arrangement will be made for the first shooting. The club will be organized in the next few days. It is expected that the meeting this evening will be largely attended as the organization details will be completed at this time.

Oakland's Most Progressive Store

ABRAHAMSONS

S. E. Cor. 13th and Washington Sts.

URGE PURCHASING HIGHWAY BONDS

Hayward Chamber of Commerce Would Spend Money Here.

HAYWARD, March 21.—The members of Hayward Chamber of Commerce are endeavoring to get the commercial bodies of Alameda county to take action for the purchase of highway bonds to construct parts of the state highway in this county.

Secretary J. E. Welch, secretary of the Chamber, yesterday received a letter from the Santa Clara County Chamber of Commerce, advising that that organization has on hand a proposition to purchase \$250,000 of the bonds, and the State Highway Commission has assured the members that they money will be spent in the county purchasing the bonds.

LISTER'S DECISION ON 'DEATH BILL' AWAITED

OLYMPIA, Wash., March 21.—Governor Lister tomorrow will announce his decision in a bill abolishing capital punishment for murder. It is not known whether he will sign or veto it, as two companion measures, one prohibiting the governor from pardoning convicted murderers in less than twenty years, the other repealing the law making treason a capital offense, were both lost in the closing days of the session.

When Other Remedies Fail Try This!

No doubt you have tried many remedies for colds, coughs, and perhaps you have finally decided that there is nothing to do but "let it take its course and break itself." This is absolutely wrong. You should check your cough and cold the first day, and you can check it immediately by using Parker's Cough Syrup. This medicine is a truly sovereign remedy for all affections of the throat and chest and one dose will relieve, one bottle will usually cure a cough, and you can check it immediately by using Parker's Cough Syrup. This medicine is a truly sovereign remedy for all affections of the throat and chest and one dose will relieve, one bottle will usually cure a cough, and you can check it immediately by using Parker's Cough Syrup.

TELEPHONE OFFICIALS ARE HONORED GUESTS

SAN FRANCISCO, March 21.—G. E. McFarland and J. A. Nowell, respectively president and vice-president of the Pacific Telephone and Telegraph Company, were the guests of honor at a luncheon given in the Bohemian Club red room yesterday noon by C. H. Gaunt, general manager of the Western Union Telegraph Company.

Besides the host and the guests of honor, the luncheon was attended by Henry T. Scott, E. O. McCormick, Charles K. McIntosh, A. Christensen, G. F. Richardson, J. Friedlander, C. C. Moore, E. W. McKenna, John A. Britton, Thorneville Mullaly, W. R. Scott, James K. Lynch.

ORDER OF HERMANN SONS ELECTS NEW OFFICERS

RICHMOND, March 21.—The order of Hermann Sons held an interesting meeting last evening in their lodge room in Bank hall. Delegates were chosen to the State convention which will meet in San Francisco during the week of May 12. The delegates honored were Richard Meyers, John Hanson, E. Forwick and C. Loranz.

Following the election of officers a banquet was served. The new officers are: President, A. W. Redderson; vice-president, E. Piper; corresponding secretary, E. Forwick; financial secretary, C. L. Reimer; treasurer, C. B. Burley; trustee, P. Zimmerman.

Spreading Oakland's Fame Abroad.

The Hotel Oakland is already beginning to perform that function, on the filling of which its promoters and stockholders relied for its success and for the benefit which this city was to derive from its erection—namely, to attract the eastern tourist and the foreign globe-trotter as a revenue-producing investment of the first quality and as an invaluable medium through that class of patronage for the spreading abroad of Oakland's fame as one of the most attractive cities on the continent, owing to the rare beauties of its incomparable site and natural picturesque and romantic environments enhanced by artistic artificial developments, its remarkably genial climate and the great possibilities for future commercial and industrial growth and the opportunities which it possesses for safe and profitable investment. It is already proving to be one of Oakland's most valuable assets. Those tourists and globe-trotters who have been quartered under its hospitable roof have carried away with them on their departure the most favorable impressions that could be desired of Oakland, on which they are sure to expatiate in recounting the experience of their travels among their home friends and acquaintances.

It was on just such an outcome that William C. Ralston relied when he built the old Palace Hotel in San Francisco in the early seventies of the past century, when that city had a smaller population than Oakland and its future prospects were immensely inferior to those of Oakland today, and when most of its inhabitants sneeringly commented on it as a monumental work of folly, twenty years or more ahead of the times. But Ralston's prescience was infinitely clearer than that of his skeptical critics. He did not live long enough to merit the just reward of his foresight and enterprise, but in less than a decade after its foundations had been laid the old Palace had become known as the most famous hotel in existence at that time along the line of travel around the globe and was one of the chief factors in the advancement of San Francisco's subsequent progress and prosperity.

Hotel Oakland has started on its career under more auspicious conditions. Before its foundations were laid or its site purchased and the plans of the structure had been drawn, Oakland had discovered itself and begun to transform itself from the village condition to a city of metropolitan ambitions. And while its doors and splendid modern appointments have been only open to the public a few months it is performing the mission to which it has been dedicated in a way that fulfills the most sanguine expectations of its promoters. Before it was built eastern tourists and round-the-globe travelers shunned Oakland and it was practically unknown outside of a circumscribed area of the Pacific Coast. Now it is becoming known throughout the length and breadth of the land and in foreign parts, through the voluntary missionary work of tourists and globe-trotters who have passed through the portals of its big and beautiful caravansary, as one of the most progressive cities in the Far West, and a city possessing the most varied natural attractions, bearing convincing evidences of genuine progress and giving the greatest promise of indefinite prosperity on the continent. Such are the fruits directly springing from the courage and faith displayed in the development of one particular enterprise which was scoffed by some doubting Thomases in the community as premature and of uncertain value as an investment.

California's irrigation systems are multiplying and every year new areas are added to the arable lands emancipated from dependence on the natural rainfall. On April 6, water will be formally turned into a canal constructed to irrigate 75,000 acres of South San Joaquin County lands located near Knights Ferry. It is only a question of time when the great interior valleys of Northern and Central California will be absolutely assured against the evil effects of drought occasioned by any shortage which may occur during the rainy season.

Eastern Colonists Flocking to California.

The interest in California which is being taken by the eastern people is growing apace, as is shown by the increased number of persons who are taking advantage annually of the low colonist transportation rates from Chicago, St. Louis and other points east of the Mississippi river which the railroad companies have conceded for a brief period in the early spring for several years past to those desirous of settling in the State and developing new farms in its rich valleys and on the warm and productive slopes of the foothills of its mountain ranges.

A greater number of colonists were carried by the railroads across the continent to California last spring than during any period when special rates for the exclusive benefit of this class of home-seekers had been previously in force. This year traffic officials report that the migration promises to be immensely greater than it was last year.

Most of this class of newcomers have their eyes turned toward the northern and central parts of the State, where there is a much larger area of available land for their uses obtainable at acreage values within their means. In fact, thousands of colonists that have been drawn to California in years past through these low railroad colonist rates and they have developed comfortable homes, farms, fruit orchards and vineyards on the cheap land on which they settled.

Every one of these successful settlers is a self-constituted apostle of the opportunities for comfort and prosperity which California offers to relatives and friends of his own station in life whom he left behind at his former home. The annual army of California-bound colonists is, as a natural consequence, recruited largely from the converts these earlier settlers are made, and the army naturally swells in numbers with the progression of the years.

STORK IDLE IN BERLIN

The director of the Berlin Statistical Bureau has just made a report as to the decrease of births in Berlin in 1911. In this year there were born in Berlin 44,874 children—a number which already in 1876 was surpassed by 1464, that is at a time when the population amounted not quite to half of the present. As reckoned per 1000 of population, the number of births amounted at that time to 47.13, while in 1911 it was 21.64—a decrease of not less than 54.1 per cent. Comparing the figures of legitimate and illegitimate children the number of illegitimate children has decreased. But this last consideration is of small consequence as regards the real point at issue. It is only necessary to point out that there is no reason for supposing that the number of illegitimate

births is decreasing. Investigations of the figures gives the following results: The fertility of marriages in Berlin has been decreasing since nearly the middle of the 70's; in 1910 it amounted to 37.7 per cent of the maximum reached in 1876. A characteristic feature is the marked decrease of illegitimate births borne three or more children in the last few years. The decrease in the number of births in the last five years was least among the younger married women than 54.1 per cent. Comparing the figures of legitimate and illegitimate children the number of illegitimate children has decreased. But this last consideration is of small consequence as regards the real point at issue. It is only necessary to point out that there is no reason for supposing that the number of illegitimate

COST O' LIVING NOTE

—CHICAGO RECORD-HERALD.

Twenty Years Ago Today

There will be no more work done on the macadamizing of Berkeley way from Oxford to Shattuck avenue because a protest against the same has been filed with the town trustees by the owners of more than half the frontage involved. This will delay the improvements for at least six months.

On March 23 the University of California at Berkeley celebrates its 25th anniversary of the granting of the charter and in connection with this celebration will be the installation of the new president, Professor Martin Kellogg.

Joseph D. Strong, the well known Bohemian, who has been in Samoa for the past year with Robert Louis Stevenson, will be here in a month. He is the brother of Curator Dwight Strong of the Oakland Public Library.

Mr. and Mrs. F. Fassett will leave for the East in a few weeks.

Miss Jennie Jackson has returned from a visit to Nevada City.

Mrs. H. S. Palmer of Santa Cruz is visiting Oakland.

Miss Nina Barron of Oakland has been visiting Miss Maggie Cull of Livermore.

Miss Evelyn Brenting of Field's Seminary has been visiting her parents at Centerville.

On the other hand, what more important task is there for a President than the careful selection of the right kind of men to run the government?

LONDON SANDWICHMEN

Should sandwichmen be abolished? The Westminster coroner is of opinion that they should, and regards their presence in the streets as degrading.

There are many people who will agree, but there is another side of the question. Mr. Felton, who is the biggest employer of sandwichmen in London, and probably in the world, discussed the matter with a representative of the Pall Mall Gazette.

"It may be degrading," he said, "but what is the alternative? There are some 8000 sandwichmen in London, and I am perfectly certain that if the boards were taken from them the police statistics would tell their own tale. The vast majority if they were not carrying the boards would be prowling the streets picking up cigar ends or begging. Hard work is abhorrent to them."

"They are drawn from many classes, presumably."

"Yes. Why, I have had lawyers, doctors, merchants, and other professional and commercial men on my books, and I am sure that once a sandwichman always a sandwichman. About five years ago I had a man, a well-set-up young fellow, but he disappeared. Some time afterward I was stopped near my office by a distinguished-looking individual, who asked me if I remembered him. I did not until he gave the nickname he was known by—'Sandwich'."

"He was immaculately dressed, and explained that he had come into possession of £80,000. That was the last I saw of him until two years ago, when I noticed him back in the crowd of sandwichmen."

POSLAM BRINGS FREEDOM FROM SKIN DISTRESS

Poslam stops itching, cools, soothes and comforts as soon as applied, rapidly cures eczema (even in two weeks), acne, tetter, all forms of itch and clears red noses or inflamed skin overnight.

Day by day this work is repeated by Poslam with uniform success, and this positive merit is alone responsible for the magnitude and constant increase of its sales. Its users have found that in actual accomplishment all claims made for Poslam are greatly exceeded.

POSLAM SOAP is so pure that it may be used in the mouth for cleansing teeth and gums. It is especially adapted for use on tender skin—soothing and delightful. Best for baby's bath.

All druggists sell Poslam (price, 50 cents) and Poslam Soap (price, 25 cents). For free samples, write to the Emergency Laboratories, 32 West 25th Street, New York City.

NO FIRE--NO DAMAGE

The serious fire in the Bacon Block fortunately did not reach us, and our magnificent stock was left absolutely unharmed.

We suffered, however, a great inconvenience in the confusion and interruption of our business.

PERU'S REMARKABLE ROAD

Down from the summits of the Andes in Peru to the navigable headwaters of the Amazon, a sheer drop of three miles in a distance of about 250 miles, American brain and muscle last fall began the construction of a railroad. When this work is completed it will rank among the railroad engineering marvels of the world. The Amazon Pacific railroad is to be its official name. It is to be completed in a year or two, in order to begin operating the line by the time of the opening of the Panama canal. The line is to be about 270 miles long. It is the first 100 miles, however—the 100 miles of tunnels, curves, bridges, embankments and switch-backs

from the summit of the Andes down their eastern slope—that will put the greatest test upon the ability of the builders. Here will be employed devices in railroad building such as have no counterpart in this country, not even in the most difficult passes of the Rockies.

Marvelous as the railroad will be from an engineering and scenic standpoint it will be even more notable for its economic effect on world trade. Although Peru is not more than 500 miles wide from east to west, its trans-Andean products must take a journey of 50,000 miles down the Amazon and to Europe, returning via Panama, in order to reach the western markets.—New York Sun

NEVADA COUNTY PRODUCES GOLD

Millions of Dollars in Precious Metal Taken Out, Reports Jordan.

Nevada county mines have produced since 1849 nearly \$275,000,000. In the 20 years from 1892 to 1912, \$45,500,000. Gold production in 1910, \$2,533,183, exceeded only by two of the 58 counties of California.

Farm property in 1910 valued at \$3,022,635, an increase of 55.2 per cent in 10 years.

Number of bearing orchard fruit trees, 81,259, and bearing tropical trees, 146.

Cost of irrigation enterprises to July 1, 1910, \$1,059,028.

SACRAMENTO, March 21.—Although primarily a mining section and having ranked among the 50 best counties of California in 1910 in gold production, Nevada county is coming into its own in farming, dairying and horticulture, according to figures that have been compiled by Secretary of State Frank B. Jordan for publication in the State Blue Book. Jordan finds from United States census reports and authentic state reports for 1910 that with a total land area of 623,360 acres, the county had 175,348 acres in farms. All farm property had a value of \$3,022,635, an increase in 10 years of \$1,059,028, or 55.2 per cent. Domestic animals were valued at \$399,204, and those not on farms at \$122,959. There were 25,924 cattle, horses, mules, sheep, hogs and goats, and the receipts from the sale of animals for the year amounted to \$98,121.

The dairy product amounted to \$16,620 gallons and the value of dairy products was \$85,512. The butter product for the year ending September 30, 1911, was 106,375 pounds. The poultry numbered 23,482 and the egg product was 150,696 dozen. The honey product amounted to 5452 pounds. The number of wool fleeces shorn was 10,607.

All crops are given a value of \$386,226, with the value of the hay and forage crops \$159,879, the value of the vegetable crop \$84,554, and the value of the fruit bushels, the pig product, 36,800 bushels; the grape product, 757,865 pounds; the fig product, 67,225 pounds; the orange product, 320 boxes; the olive product, 4273 pounds; the almond product, 1349 pounds; the walnut product, 12,811 pounds.

There were 5267 acres included in irrigation projects and the cost of irrigation enterprises to July 1, 1910, was \$1,059,028. With these creditable showings the county also produced minerals in 1910 valued at \$2,553,204, with the gold product valued at \$2,533,183 and the silver product at \$16,566. In this connection it is interesting to note, comments Secretary Jordan, that in 26 years from 1892 to 1912, the county has produced gold and silver valued at \$45,500,000. Since 1849 nearly \$275,000,000 has been taken from its mines. Grass Valley and Nevada City are mining districts famed the world over. The Empire mine is said to be the oldest mine in the state now being operated, and its production has been over \$11,000,000. The North Star is credited with producing about \$28,000,000 and, in the same locality, the Maryland-Idaho group, about \$20,000,000. In the Nevada district the Champion group of mines are said to have produced more than \$15,000,000 worth of gold. There are in the district many mines that have produced more than \$1,000,000.

But aside from its mining industry, Nevada county is a land of pleasant homes and comfortable farms. The county's splendid water system is one of the many advantages so essential to the mine operator, farmer and fruit grower. The supply of water during the dry season is kept up by large reservoirs having an average capacity of forty millions of gallons. Water is carried to every part of the county by ditches, of which there are over 6,000 miles.

The soil is deep and rich. In none of the commercial orchards has it been found necessary to use fertilizers. The farm lands are divided into three classes. The dry grain ranch or farm is plowed each year and planted to wheat or oats which is harvested in July. On the irrigated farms red clover and alfalfa are grown. Four crops are harvested. All classes of fruit adapted to the county can be grown in the rolling and hill lands, and most vines and trees grow and produce in abundance without irrigation. The fruits especially adapted are Bartlett pears, apples, plums, plums, cherries, peaches and grapes of all kinds. Olives and figs, almonds and walnuts thrive and bear abundantly. Berries of all kinds are prolific, and onions, potatoes and green corn are grown extensively. On every hand is found excellent dairy land and this industry is increasing rapidly in importance.

In the Truckee region there are five sawmills cutting 25,000 feet a year, and also two box factories. Hobart mill, near Truckee, is credited with having one of the best equipped plants on the Pacific coast. The county's forests also supply the big paper mills at Foreston, in the eastern part of the county.

MAGNIFICENT SCENERY. The resident of Nevada county lives in a county which every summer attracts thousands of visitors. In the mountains and eastern end of the county there is magnificent scenery. Donner lake, near Truckee, is one of

PILGRIM MFG. COMPANY

37 East 26th St. New York

the most beautiful lakes in America, while the Truckee river banks, winding through the county, are as fine a fishing grounds as can be found in the United States.

The Truckee basin ranks as its chief industries lumbering, stock raising, ice cutting and dairying. Nevada City and Grass Valley are twin cities, with a community of interests, an electric railroad connecting the two cities. Nevada City is the county seat and boasts, among other things, a \$100,000 court house, a municipal library, new \$80,000 high school, fine homes and active public organizations. Grass Valley, the largest mining town in California, is attractive, with its public parks, excellent school system and public institutions. In the county are 48 school

districts, and in Grass Valley, Nevada City and Truckee are high schools which are accredited to the State University at Berkeley. Other towns of the county are mentioned, among them French Corral, Birch-rue and Sweetland, Avon, Columbia, Tyler, Bloomfield, Moores Flat, Spencerville, Fernley, Lovell, Rough and Ready, Chicago Park, Grantville, Washington and Mary-ber.

TO HOLD MEETING.

SAN FRANCISCO, March 21.—The Michigan Society of California will hold an informal meeting on Tuesday evening, March 26 at 8 o'clock in the directors' room of the Exposition building 210 Pine street. There will be music, business and reception of members.

CLEAR WAY FOR FAIR BUILDINGS

Yacht Harbor Dredged for Entrance of Supply Ships.

SAN FRANCISCO, March 21.—The way is being cleared rapidly for the entrance of ships with lumber and other building material for the great

construction work on the world's fair grounds. Dredges are deepening the yacht harbor for incoming ships loaded with lumber for the Palace of Education and other exhibit buildings.

Seven thousand men will be at work at the buildings before the summer is over. As high as 10,000 men will be employed when the labor peak is reached.

Dr. Harvey W. Wiley was taken over the exposition site and expressed surprise at the progress.

S. P. IMPROVES ITS DEPOT AT HAYWARD

Work is progressing rapidly on many of the fine exhibit buildings and plans for other buildings are being made. The station building, which will be raised on the west side of the station will be done away with and the "main line" station will be placed on the main line and laid down on the other side fronting on the canneries and warehouses. The platform space will be changed to the other side and sixty feet added, so that all unloading will be entirely clear of the main line tracks.

The Best Cough Medicine. "I have used Chamberlain's Cough Remedy ever since I have been keeping house," says J. C. Hayes of Meriden, Ala. "I consider it one of the best remedies I ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For sale at O'Good Bros. Drug Store.

Stops Falling Hair

Hair's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

'PARK BEAUTIFUL' OPENS TOMORROW

Idora Will Present New Thrills to Amusement-Loving Public.

With the highest priced array of free attractions ever offered in its history, Idora, the "park beautiful," will throw open its gates for the summer season of 1913 tomorrow morning. Many new concessions have been installed, the music amphitheater has been entirely remodeled and many of the fun devices already familiar to patrons have been altered or moved to other parts of the spacious grounds to make room for the latest and most sensational of rides, the giant racing coaster.

The early hours of tomorrow will be dedicated to the entertainment of the juveniles. At 2 p. m. Cesare Lombardi and his great European band will occupy the amphitheater and render the first concert of the season beneath the mammoth canopy which now shelters the entire seating section. The noted conductor will give a special program of classical numbers in the afternoon, and a more diversified one of popular hits in the evening.

Those patrons who are partial to the sensational will find no end of thrills in the performances to be given by the Carver diving horses. Visitors will find the aerial tower from which these splendid animals make their leaps through space at a point near the circle swing concession. Lorena Lorenz, known in circusdom as the "girl in red" and "Two Feathers," will ride "Little Powderface" and the other splendid animals in their perilous plunges from platform to tank. The Carver show will also exhibit artists in 105-foot dives and in a series of fancy swimming numbers. Thousands are expected at Idora tomorrow and surely none can afford to miss the joys of the big opening programs. There will be special cars to care for the crowds both afternoon and night.

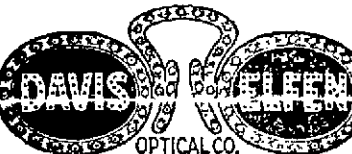

SUES FOR COMMISSION.

RICHMOND, March 21.—Stanley Allen of this city has filed an action in the superior court of this county against J. J. McCall, for \$300 alleged to be for commission on the sale of property in this city at Nos. 119 and 121 Washington avenue.

St. Vitus' dance makes children awkward at first, then restless; later comes the twitching of the muscles and jerking of the limbs and body. At the first sign of nervousness, inability to sit still, sleeplessness or continued irritability give Dr. Williams' Pink Pills, one after each meal. The change will soon be apparent. As the thin blood becomes rich and red, the starved nerves get the needed nourishment and the alarming symptoms vanish. There is no danger of St. Vitus unless the blood is thin. Dr. Williams' Pink Pills are 50 cents per box, six boxes for \$2.50 at drug stores or from the Dr. Williams' Medicine Co., Schenectady, N. Y.

REDLIGHT ABATEMENT LAW IS PASSED BY ASSEMBLY

Wide Discussion Aroused When Bill Comes Up Before House

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, March 21.—A red-light injunction and abatement law, aimed at the abolition of the social evil, will be written into the state statutes by the present Legislature. All doubt was removed yesterday afternoon when the Assembly, by a vote of 62 to 17, passed the Bohnett-Grant bill. A poll of the Senate, which has yet to act on the bill, shows that 28 of the Senators have announced that they will vote for the bill. The balance of the Senators are either in doubt or are dead against it.

The Alameda county Assemblymen went solid in favor of the bill. Assemblymen Smith, Clark, Morganstern and Geller spoke in its favor. Morganstern said that the eradication of prostitution and the uplift of the women of the underworld was not one merely of public morals, but of economics. He made an impassioned speech in defense of the measure, declaring that poor wages and inability to make an honest living drove the majority of the girls to lead an immoral life.

PASSED BY ASSEMBLY.

The bill was put through the first of the three processes precedent to its becoming a law when the Assembly passed it. More than five hours were spent in debate before a gallery and lobby crowded with spectators, of whom many were women.

The bill, which, by penalizing the owners of property used for immoral purposes, prevents segregation in the city, and found its opponents chiefly among the members from San Francisco, where that system is in operation.

"It is a question of segregation or extermination," they said, quoting a statement from the San Francisco municipal clinic to prove their contention that the spread of disease was lessened by that system, and calling upon their fellow members "not to give these women out into the residence districts among our mothers and sisters."

WILL ACT EITHER WAY.
To which Assemblyman L. D. Bohnett of San Jose, sponsor for the bill in the lower house, replied:

"The question is nothing more nor less than segregation versus suppression. If a disorderly house is opened in a residence district, it can be closed under this law just as well as in a segregated district."

Many members, though intending, they said, to vote for the bill, considered that it did not reach the root of the evil. Economic conditions, they said, were largely responsible for social evil and until conditions exposed by the Chicago vice commissions, such as the plugging up of houses divided by mercantile institutions which paid their women employees by a few dollars a week, were remedied, white slavers would find plenty of willing victims.

The Southern California delegation was solidly for the bill. Assemblymen A. V. Sutherland of Fresno and H. C. Bagby of Santa Maria being the only members from south of San Francisco to vote against it. Twelve of the thirteen San Francisco members voted no.

SIGNS "DEATH" WARRANT.

"I dare say that I am signing my political death warrant in opposing this bill," said Assemblyman Sutherland early in the debate, "but my conscience demands it. The social evil has been with us since the world began, and will continue regardless of legislative enactments to suppress it. This is a woman's measure, of course, and I have received hundreds of letters from women in my district supporting it. Investigation has convinced me, however, that practically none of them knew what they were writing. Many admitted that they wrote because someone asked them to, and none of the many I interviewed had convincing reasons. Of the dozen or more women whom I knew sufficiently well to discuss the subject on its merits, but two or three finally refused to agree that the measure was a bad one."

Assemblyman Frank Smith of Alameda county placed the pleas of his constituents about his personal judgment in the matter. He said:

"Personally I believe that the bill is a bad one," he said, "but the number of communications I have received from constituents leads me to believe that it is my duty to vote for the bill."

DEBATE IS LENGTHY.

Assemblyman Bohnett spoke briefly in opening and closing the debate, and offered at 4 o'clock to disperse with his closing arguments in order to save time. The debate continued for two hours longer, however.

"The only way to undo organized vice," he said, "is regulation, long tried in Europe, has proved an absolute failure there."

Assemblymen Clark of Alameda, Wyllie of Contra Costa, Weldon of Ukiah, Nelson of Eureka, Feibely of Red Bluff, Peairs of Los Angeles, Stuckenbruck of Acampo and Morganstern of Alameda urged the passage of the bill.

Assemblymen Ryan, Richardson, Canepa, McDonald and Schmitt of San Francisco, Killingsworth of Vacaville, Murray of Yolo and White of Yubaerville took the floor in opposition. "Let us spend as much time in framing minimum wage legislation as we have this, and this will not be necessary," said White.

The vote was as follows:
Ayes—Alexander, Ambrose, Back, Benedict, Bloodgood, Bohnett, Bowman, Bradford, Brown, Byrnes, Cary, Chandler, William C. Clark, George A. Clarke, Cram, Dower, Ellis, Emmons, Farwell, Ferguson, Fineman, Fitch, Fitzgerald, Gabbert, Gates, Geller, Green, Griffin, Gulberson, Gull, Hayes, Hinkle, Numan, George H. Johnson, T. D. Johnston, W. A. Johnston, Judson, Kinney, Kuck, Libby, Macomber, Morganstern, Morganstern, Palmer, Peairs, Polsey, Roberts, Scott, Sharlet, Shearer, Simpson, Slater, Smith, Strine, Stuckenbruck, Tulloch, Wall, Welsel, Weldon, Wyllie, Speaker Young—52.

BRANDED NUISANCE.

"Every building or place used for immoral purposes is a nuisance which shall be enjoined, abated and prevented as hereinafter provided, whether the same be a public or private nuisance."

"Whenever there is reason to believe that such nuisance is kept, maintained or exists in any place, the district attorney or any citizen of the

state resident within said county, in his own name, may maintain an action in equity to abate and prevent such nuisances, to perpetually enjoin the person conducting or maintaining the same, and the owner, lessee, or tenant of the building, or place, in or upon which such nuisance exists, from directly or indirectly maintaining or permitting such nuisance.

"The action when brought shall have precedence over all other actions, excepting criminal proceedings, election contests and hearings on injunctions. In case of failure to prosecute any such action with reasonable diligence, or at the request of the plaintiff, the court, in its discretion, may substitute any such citizen consenting thereto for such plaintiff. If the action is brought by a citizen and the court finds there was no reasonable ground or cause of said action, the costs shall be taxed against such citizen."

FINE FOR VIOLATION.

"Any violation or disobedience of either injunction or order provided for by this act shall be punished as a contempt of court, by a fine of not less than \$200 nor more than \$1000, or imprisonment in the county jail for not less than one nor more than six months, or by both."

"If the existence of the nuisance be established in an action as provided herein, an order of abatement shall be entered as a part of the judgment in the case, which order shall direct the removal from the building or place of all fixtures, musical instruments and movable property, and shall direct the sale thereof in the manner provided for the sale of chattels under execution, and the effectual closing of the building or place against its use for any purpose, and so keeping it closed for a period of one year, unless sooner released, the building to remain in the custody of the court. The proceeds of such sale do not fully discharge the costs, fees and allowances, the said building and place shall then also be held under execution issued upon the order of the court or judge and the proceeds of such sale applied in like manner."

PURE MILK.

SACRAMENTO, March 21.—Reporting to the Assembly this forenoon, the committee on live stock and dairies recommended that the House pass the Gulberson dairy bills Nos. 535, 536, 537 and 538, relating to pure milk and cream supplies for cities and towns, and the management and control of the dairies and the products by the state and local health boards.

WOULD REGULATE ART.

SACRAMENTO.—The Senate judiciary committee yesterday afternoon passed out Senate concurrent resolution No. 16 providing for a state art commission to determine the ways and means for raising the standards of architecture, sculpture and painting of state, county and city buildings, but particularly university and school buildings. A commission to consist of three architects, a painter, a sculptor and a lawyer is to fix the standard.

THREE-DAYS' FAIR OPENED BY CLUB

New Century Organization Raise Funds to Lift Gym Debt.

The three-days' fair of the Oakland New Century Club opened yesterday at the club house at 21st and Perilla streets with a brisk demand for the useful and ornamental articles put on sale by the fair committee. The members of the club have been making every effort to make the sale a success, and are considering the holding of a similar event every month.

The funds raised are to be devoted to lifting the debt from the boys' gymnasium recently added by the club, which has been established seventeen years, and is devoted solely to settlement and philanthropic work. It is the only member of the California Federation of Women's Clubs organized for these purposes alone.

Mrs. J. L. Fuller is chairman of the committee of arrangements, which includes: Mrs. M. C. Stratton, Mrs. John Newton Porter, Mrs. P. B. Alton, Mrs. A. D. Willis, Mrs. C. P. Simonton, Mrs. H. L. Eastman, Mrs. F. A. Ring, Mrs. S. L. Jones, Mrs. Barrows, Mrs. I. N. Breedlove, Mrs. L. D. Manning, Mrs. G. E. Bisset, Mrs. E. W. Hall, Mrs. E. S. Sloan, Miss Phoebe Smith, Miss Ella Barrows and Miss Winnie McFarland.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—A Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter ever since her birth had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers and strength creating property of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money every one where it fails. The Owl Drug Co., Oakland, Cal.

ALLEGED BAD CHECK MAN IS ARRESTED

R. F. Farnsworth, 18 years old, was arrested in the Lynde Stanley furnishing store, 1222 Broadway, when he attempted to pass what is believed to be a fictitious check on Stanley. Following his arrest, it was found that Farnsworth was wanted by the police on two felony check-passing charges. He was arraigned in the police court yesterday. The first complaint against Farnsworth was sworn to by A. J. Robinson, a clerk in the Quinn shoe store in Broadway, where he passed a check for \$25 which was returned by the bank marked "No funds." The second was sworn to by John E. Jordan of the Hotel Athens, on whom Farnsworth passed a check for \$10, which was returned marked "No account."

The arrest was made by Inspector E. A. Wallman.

Y. M. C. A. BOYS' WORK TO BE SHOWN IN PRIVATE

The work of the Y. M. C. A. boys will be shown in private residences throughout the city under the direction of T. J. Caldwell who is at the head of the boys' division. A stereopticon which can be attached to any electric light-socket has been secured to be used in conjunction with the work. Dates may be secured by communicating with the secretary.

"MONTH'S MIND" MASS FOR FATHER McNALLY

On Thursday morning, April 2, a "month's mind" mass will be celebrated at St. Patrick's church, for the repose of the soul of the late pastor of the parish, Rev. J. B. McNally, who founded the parish and served as its head for over 30 years. The celebrant of the mass will be the nephew of the late priest, Father John D. McNally, with Father James Kieley of Blount as deacon and Father Robert Samson as sub-deacon. Father Edward Maher will be master of ceremonies. Archbishop Riordan of San Francisco will be present. The St. Patrick's day celebration of the parish, which was postponed this year on account of Father McNally's death, will take place on Friday, April 4.

RUNAWAY CAR CAUSES DEATH AND INJURY

CONDUCTOR IS KILLED; SIX HURT

Geary Street Coach Runs Away for Mile, Crashing Into Three Others.

Policeman Speeds in Auto to Warn Traffic of the Danger.

SAN FRANCISCO, March 21.—A runaway car dashing down a steep hill on O'Farrell street at an early hour this morning, spinning around two curves, demolishing three other cars, causing several collisions and finally being brought to a halt a mile from the starting place, caused the death of a United Railroads conductor and the injury of half a dozen persons. The almost miraculous circumstance surrounding the somewhat remarkable accident lies in the fact that no one was seriously hurt, although the lives of dozens of pedestrians and passengers were in imminent danger. From the corner of Franklin and O'Farrell streets to the junction of Fourth, Ellis, Stockton and Market streets, the runaway coach sped at a 50-mile-an-hour clip.

Dead: CHARLES SCHUTTS, conductor on work car No. 0915, dead.

Injured: JOHN CRANFIELD, 1522 Hyde street, serious bruises and an injury to head.

JAMES A. CLENTON, Twenty-first and Howard streets, by glass.

GEORGE ANGELOTTI, 1423 Geary street, lacerations of the scalp and minor hurts.

BARNHART, 1262 Jackson street, cuts of hands and arms.

H. HOFFMAN, 205 Cole street, abrasions, bruises and cuts of face and scalp.

GEORGE H. KALOHOS, a musician at the Old Heidelberg, bruised and out about the body.

All of the injured were able to leave the hospital almost immediately after their wounds were dressed and none was seriously hurt despite the first report of two fatal injuries. A half-dozen passengers received minor cuts and abrasions, which were treated at nearby drug stores.

POLICEMAN HERO.

Sergeant of Police Collins of the Central station was one of the heroes of the wreck and his presence of mind undoubtedly saved the lives of many. A Geary street car was being towed from the Union Iron works to the municipal car barns at First avenue and Geary street. A United Railroads gravel car was making the haul and was taking the new vehicle out of O'Farrell street. At the top of the hill on O'Farrell street, near Franklin, the coupling pin broke and the heavy steel vehicle, one of the largest type of cars in operation in this city, broke away. It gained momentum with every foot and dashed down the two hills to Post street in the car of the Hayes and Ellis line and the conductor and motorman, changing to see it coming, warned the four passengers on board, including H. Hoffman of the Hofbrau (late and George Kalohos, both of whom jumped to the ground. They were slightly injured by the fall and had just time to look up when they saw the two cars, which had crashed together, still on a mad dash down O'Farrell street.

It was a mad dash down O'Farrell street, and the car was heading for the curve at O'Farrell and Hyde streets, but such was not the case. They held to the track, made the turn and smashed into a work car which was on the grade on Hyde street, between Ellis and O'Farrell. There were now three cars almost telescoped together.

CONDUCTOR KILLED.

The crash with the work car caused the only fatality. Schutts, the conductor, being unable to jump because he had not been warned of the approaching danger, was shot through the air and fell on his head, crushing in his skull.

The speed of the cars slightly retarded, they took the curve at Ellis and Hyde street easily and the runaway continued. Sergeant John Collins, pressing an automobile into service, sped at a 50-mile clip, warning pedestrians and vehicles out of the path of the onrushing train. In this manner a Powell street car was saved from a collision with the runaway, but a bench car, which was just coming into Ellis street from Market, was right in the way of the speeding runaways.

A terrific collision, which practically demolished all four cars, occurred, but the brakes of the bench coach had been set and the dash was stopped. A number of persons, including the motorman and conductor, were slightly hurt at this point.

The balance of the night was taken in clearing the tracks and the owl service could not be operated.

STREET MASHER GIVEN RECORD PRISON SENTENCE

BUFFALO, March 21.—Leo D. Varlen, a waiter, must today pay a fine of \$500 or begin to serve 180 days in the penitentiary, the heaviest sentence ever imposed here on a "masher."

Varlen was convicted of pressing unwelcome attentions on a 16-year-old girl.

CRUISER CALIFORNIA ARRIVES IN SAN DIEGO

SAN DIEGO, March 21.—The armored cruiser California, which soon will again become afloat, will arrive here this morning from San Francisco. The cruiser Maryland is expected tomorrow and unless their program is changed will engage in target practice off Coronado island.

TEACHERS MAY FIND DOORS LOCKED

Two Must Suffer Because Vaccination Certificates Are Mislaid.

More Than 400 Students Will Be Barred From Schools on Monday.

Because teachers' vaccination certificates were either mislaid or never filed the Oakland Manual Training and Commercial high school may convene Monday with two teachers absent, until such time as they can satisfy the board of health of the success of vaccinations they they claim to have undergone. The trouble arose this morning when, in the list of those to be excluded from the school by order of the health board, following the discovery of a mild case of smallpox in the school district, were found two names of members of the faculty. One of the teachers declared that she would furnish a duplicate certificate Monday and the other, while she declared that she had been vaccinated and that the board had her certificate, objected to applying to a physician for a duplicate.

"These may have been mislaid," said Acting Superintendent E. Morris Cost, "or may have been given to the wrong person for filing. At any rate, the teachers in question, whom I do not care to name until the matter is definitely settled, must furnish others to prove vaccination before they will be allowed to teach. The board of education is powerless in the matter. We must observe the state law and follow implicitly the orders of the health officer and board of health in the matter."

CERTIFICATES MISSING.

A thorough search was made this morning for the missing certificate without results.

Over four hundred students at the Manual Training and Commercial, the Lafayette and the Cole Grammar schools, will probably be suspended Monday, according to the health board's orders, until evidence of successful vaccination has been furnished. This is due to the state quarantine placed on these schools through a case of smallpox discovered in the district adjoining the schools.

"While the district affected is not large," said Secretary A. L. Hammaroff of the board, "it is densely populated, and therefore every possible precaution will be taken. The rules of the health board will be enforced to the letter. Outside of the cases of teachers losing their certificates we expect little trouble. The situation is not one to cause grave alarm, but we must observe due care to see that it does not become serious."

SOME TO RETURN.

All students who have vaccination certificates will be allowed to return to school and cases of teachers losing their certificates as prescribed by law and then found that no success resulted, will also be admitted. Others will suffer suspension until vaccinated or until the quarantine is lifted.

Mrs. Virginia C. Hicks, head of the child study laboratory, will return Monday to her desk after a short vacation at Dillon's Beach. She was allowed an assistant, Miss Grace du Bois, at the last meeting of the board. Miss du Bois to handle one of the special classes conducted under the direction of the psychological laboratory.

FIRE LADDIE HERO OF BLAZE IN DWELLING

CHARLES JONES.

RESCUES WOMAN FROM DEATH IN FLAMES

Charles Jones Fights to Save Mrs. J. Case in Hot Fire

Fighting his way through smoke and flames, Charles Jones, a fire engine driver of the Oakland department, effected the rescue of Mrs. John Case, a widow, partially blind and feeble, who had been trapped by fire in the kitchen of her home last night. The woman, who is 60 years of age, was overcome by smoke and the fumes of the fire in her kitchen, after she had accidentally overturned a coal oil lamp on the kitchen table.

The fire occurred at the home of the aged woman, 1206 Fourteenth street, in which she lives alone. The feeble woman attempted to fight the fire, but was unable to put it out. She was overcome and fell in a fainting condition to the floor.

Neighbors discovered the fire and sent in an alarm. When the fire engine arrived, the blaze had made considerable headway. The firemen started to work to put out the flames when somebody shouted that the aged woman was still in the house.

WOMAN UNCONSCIOUS.

Fire Driver Jones rushed into the house. Battling his way through smoke and flames to the kitchen, he found Mrs. Case lying unconscious on the floor. The room was filled with smoke, and Jones was unable to see his way out. He smashed a window, which permitted a current of air.

Taking the woman in his arms, he stumbled toward the door and fought his way back through hallways to the open air. As he emerged he almost fell forward, as he was almost overcome with the suffocating smoke and flames.

Mrs. Case was taken to the home of neighbors and was revived after a physician had been summoned. She had not been seriously affected, but had Jones not succeeded in carrying her out, the fire might have resulted in a fatality.

The damage to the house amounted to about \$110, chiefly in the kitchen.

\$300 FINE IMPOSED.

G. F. Arthur, arrested for selling lottery tickets, was sentenced to pay a fine of \$100 on each of three charges filed against him. The \$300 fine was imposed by Judge George Samuels. Arthur was arrested three weeks ago.

SAYS WIFE HID TRUE AGE; SUES

Ferdinand Franceschini Makes Declaration He Was Badly Deceived by Spouse.

Divorce Bill Grinds Exceeding Fine in Alameda County Court.

Ferdinand Franceschini, who gives his age as 61, has filed suit to have his marriage with Milie Franceschini annulled and asks the courts to give him back his state of single blessedness on the ground that Milie deceived him; that she misstated her age by 14 years, and both overrated her household abilities most grossly and made wrong statements about her physical strength and health. He alleges Milie told him before they were married she was but 51 years old, whereas he now knows that she is 65, and for these reasons he wishes the marital vows set aside. He also objects to the fact, as he alleges, that she uses tobacco.

SELDOM AT HOME.

Mrs. Emma A. Sawyer of Berkeley was granted an interlocutory decree of divorce from Charles A. Sawyer on grounds of desertion. Sawyer, she testified, was a mining man who traveled to foreign countries so much that he was seldom at home, and never supported her.

Essie Nickell was granted an interlocutory decree from J. W. Nickell for desertion. They had been married for 21 years.

Ide Maye Forsyth filed suit for divorce from Percy Forsyth, alleging desertion. She wants her maiden name, Ide Maye Abbott, restored by the court, and awarded the household furniture.

Mrs. Margaret E. Page has brought suit for divorce against her husband, James M. Page, charging desertion.

CRUELTY IS ALLEGED.

Mrs. Theresa Mazzeo of Berkeley was yesterday granted an interlocutory decree of divorce from Frank Mazzeo, a stevedore, by Judge Brown. The grounds charged were cruelty. She was awarded \$80 a month alimony, and all the community property valued at \$185.

Mrs. Aurelia Vierra, Freitas has filed suit for divorce against John Joseph Freitas, alleging desertion.

Suit for separate maintenance and counsel fees was brought yesterday by Mary G. Williams against Frederick J. Williams, a carpenter.

Dickie Robertson, an actress, was granted an interlocutory decree of divorce yesterday by Judge Brown from Ira Robertson, a stage actor. Mrs. Robertson alleged her husband had taken another woman with him when she herself had left the stage.

FINGER PRINTS ARE CAUSE OF ARREST

Suspect Jailed for Burglary of Saloon in Pleasanton.

The arrest of a suspected culprit has been brought about by Sheriff Barnett through the use of photographs of fingerprints, made last week by Under Sheriff Hamlin at Pleasanton, where the saloon of Pines & Escobar was robbed about ten days ago and \$14 stolen. The man accused of the burglary, and now confined in the county jail, is O. Roden, a negro, who has been working in and about Pleasanton, and whose fingerprints, when taken and compared to those found on the window panes of the saloon, are so strikingly alike that the officials feel they have the guilty man.

There is other evidence against Roden, which tends to connect him with the robbery, say the officials, which will be brought out in the trial, in case Roden fails to plead guilty, as he is now expected to do. But by far the most valuable evidence are the bits of printed photographic paper which show the fine cross-ribbed lines of a man's thumb and fingers as they were marked on the window glass of the saloon, where the burglar had made his entrance and escape in going in and out of the place.

GRAZED BY STARVATION JAP JUMPS INTO BAY

SAN FRANCISCO, March 21.—Rushing down Market street ballast, his face covered with perspiration and his arms waving frantically, Frank Kwoyzono, a Japanese, slued pursuers and jumped into the bay at 10:30 this morning. A large crowd of citizens watched the frantic flight of the crazed man as he fled from an imaginary enemy, dived under the arm of a traffic policeman on the Embarcadero and jumped from Clay street wharf. He was rescued and taken to the Harbor hospital, where it was found that he was out of his mind. He bore evidence of starvation, his face being much emaciated.

HOTEL SHOWS TAPESTRY DONE BY LOCAL ARTIST

"The Awakening," a tapestry painting by Miss Myrtle M. Howell, a local artist, has been placed on exhibition in the writing room of the Hotel Oakland. The picture represents a woman, away from her home, and surrounded by nude figures of cupids. The painting has received favorable criticism from art critics.

Miss Howell recently returned from a trip to Europe where she studied under several noted teachers.

DESERTS THE DEEP AND TAKES TO AIR REAR-ADMIRAL WINSLOW TURNS AVIATOR

REAR ADMIRAL C. McR WINSLOW, THE FIRST ADMIRAL IN THE AMERICAN NAVY TO FLY IN AN AIRSHIP.

Tests U. S. Navy's Flying Boats in Fourteen-Minute Trip Off Guantanamo

WASHINGTON, March 21.—Rear Admiral Cameron Albee Winslow, in command of one of the divisions of the Atlantic fleet, enjoys the distinction of being the first admiral in the American navy to desert the deep and take to the air, for on March 12 he made a fourteen-minute flight with Lieutenant Towers in one of the navy's flying boats off Guantanamo.

Two days before Lieutenant Towers and Ensign Chevalier in the same machine made a record naval flight, covering the distance of forty-five miles from

Guantanamo to Santiago in 46 minutes at an altitude of 1850 feet and in a fifteen-mile wind. They came back the next day at an altitude of 2700 feet and against a twenty-mile wind in one hour and seventeen minutes.

Captain Chambers reports that the first season's work of the aviation squad at Guantanamo has been highly important, many of the officers of the fleet having made flights and being able to get valuable information as to the probable scope of the usefulness of the aeroplane in naval operations.

CLAIMS BRUTAL POLICE BEATING

Says Eyes Were Blacked, Head Lacerated and Body Badly Beaten.

SAN FRANCISCO, March 21.—Claiming that he was brutally beaten by two police officers who attempted to arrest him on Wednesday morning, James J. Winkler, of 1501 Halcat street, preferred charges against Patrolmen Peter C. Bluck and John J. Mangano before Chief of Police White today. The complaint was made to the chief and the charges assigned to Captain Stanton.

According to the officers, they answered a telephone call to Winkler's home and attempted to place him under arrest on a misdemeanor charge. They say he drew a knife upon them and they thereupon knocked him for assault with a deadly weapon.

Winkler avers that both of his eyes were blacked, his head lacerated and his body beaten so that he had to seek treatment at the Park Emergency Hospital.

Patrolman Cornelius O'Leary, of the Bush street station, was today charged with being absent from his beat without leave and Officer John R. Nover No. 2, of the Mission station, is brought up on a charge of failing to pay his house rent.

TO LECTURE AT Y. M. C. A.

BERKELEY, March 21.—Secretary M. J. White of the California Society for the Prevention of Cruelty to Children, will speak this evening at the Y. M. C. A. on "Child Welfare." Lantern slides will illustrate the lecture, which is given under the auspices of the Results Club.

The Last Day

Easter is 36 hours off. There is yet time to have your suit fitted perfectly, but come first thing Saturday morning.

Attend to this at once and we will guarantee you against disappointment.

And, of course, credit.

FEAR EFFECT OF LAND LAWS

Exposition Officials Warn State Solons Legislation Will Damage.

England and Germany May Demand Oriental Participation.

SACRAMENTO, March 21.—An alien land law to exclude Japanese from ownership of real property in California can be enacted only at the cost of losing Japan's support of the San Diego and San Francisco expositions in 1915, according to messages and personal warnings received by members of the Legislature today.

Before the Senate convened this morning, Senator Thompson, chairman of the sub-committee that has the land bills in charge, had a long conference with Frank S. Brittain, attorney for the Panama-Pacific exposition. Brittain declared that not only would such a law offend the dignity of Japanese and cause the withdrawal of that nation from the exposition, but it would seriously affect the participation of England and Germany, both of which nations desire to have a liberal Oriental representation guaranteed before their merchants and manufacturers co-operate.

TELEGRAM IS URGENT.

Senator Loroy Wright of San Diego received an urgent telegram today from Melville Klaber, an official of the California Pacific exposition, containing the following statement:

"Japanese representatives here state that their exhibition at our fair is in danger of being abandoned on account of the pending alien legislation."

Governor Johnson has declined to discuss the situation.

Senator Tom Finn, former sheriff of San Francisco, introduced a bill in the upper house this morning providing for the absolute discharge of all paroled prisoners who have been on parole constantly for two years and the restoration of their rights of citizenship. If the measure becomes a law it will be mandatory upon the government to stem the absolute release upon the expiration of the time limit.

MODERN SAMARITAN IS PAID WITH THEFT

SAN FRANCISCO, March 21.—Thomas McGahn met Charles Baxter in a Third street saloon on Wednesday night and claims that the latter told him he was without money and had no place to sleep. McGahn took the man to his lodging, 310 Third street, and declares that he awoke yesterday morning to find \$45 missing from his money belt and his guest gone. He met Baxter on the street today and pointed him out to Patrolman John P. Ryan who took him into custody and charged him with grand larceny.

ARRANGED FOR BLOSSOM FESTIVAL PARADE HERE

Mayor Charles Hoyer of Hayward, together with several other boosters from city, visited the Chamber of Commerce today to arrange final details for the blossom festival parade to take place tomorrow in Oakland and San Francisco. Secretary A. A. Denison and the Hayward boosters communicated with several business men, who will furnish autos to swell the line of march.

ALAMEDA

CHURCH SERVICES FOR GOOD FRIDAY

Alameda Houses of Worship to Observe Day With Evening Worship.

ALAMEDA, March 21.—Practically all of the churches will in some way or other observe Good Friday services this evening. Public union services will be held in the First Presbyterian church, and the Catholic, Episcopal and Christian churches will conduct independent services.

Stations of the Cross will be the principal services in St. Joseph's church, and other social devotions and sermons will follow. This afternoon the church was crowded with worshippers who came to be present at the time of the Savior's death on the cross.

Illustrated with handsome stereographic slides of the principal scenes, a lecture on the Passion Play of Oberammergau will form the chief portion of the Good Friday union services, which will be held at the First Presbyterian church. The lecture will be delivered by the Rev. F. R. Bush, who witnessed the play in its last presentation several years ago. The lecture will be free to the public and all are invited.

Special services will be held at the Lutheran church, Haight avenue, at 7:30 o'clock. The services will be in German and both communion will be given to the parishioners. The lecture, "Come, Taste and See That the Lord is Good," will be delivered by the pastor, Rev. C. A. Wallow.

At the Christ Episcopal church an evensong and sermon by the pastor will be given. The subject of the lecture will be "The Word of Acknowledgment." Tomorrow there will be administered the sacrament of baptism. This service will take place at 4 o'clock.

BRITISH SUFFRAGETTE TO GIVE TALK IN BERKELEY

BERKELEY, March 21.—Berkeleyans will hear Mrs. Philip Snowden, the noted English suffragette now visiting the west, at the Berkeley High School auditorium Tuesday night. Mrs. Snowden is vice president of the National Union of British suffrage societies. Her husband, Philip Snowden, is a Socialist leader in the House of Commons. Mrs. Snowden's subject has not been announced.

DENTIST'S WORK CHOSEN AS BEST

Tooth Troubles Cause Unnecessary Anxiety and Dread.

In the spring of last year I was in San Diego, and looking over an Oakland paper I came across your ad, telling of your method of painless dentistry. It interested me greatly, for I had come away from home in Alameda with an aching lot of teeth, some of which needed filling and some more that needed extra work. In times past I have had a considerable amount of dental work done, and the various dentists who have done the work have, with but few exceptions, hurt me so much that I dreaded the filling and the thought of extracting any of them was what I couldn't face, so after seeing the advertisement I returned to Alameda and at once called at your office. You will doubtless remember my reluctance to get into your operating chair, which I did after your assurance that your painless method was the real goods. The entire absence of any pain in the several extractions you made, together with the other work you did, pleased me very much, and I assure you that I take a great deal of pleasure in offering you this little note to express my opinion of your work and method. Yours very truly,

(Signed) F. I. HUBBARD,

ADELPHIAN CLUB NOMINATES TICKET

Advisory Ballot Taken by the Members Before Committee Completed List.

ALAMEDA, March 21.—The nominating committee of the Adelpian club yesterday afternoon nominated candidates for the executive committee for the ensuing year. The nominating committee made yesterday complete the regular ticket, which will be balloted for at the annual meeting on April 5. The ticket was made up after an "advisory ballot," indicating choice of candidates by the members, had been taken. A portion of the nominations were made earlier.

The complete ticket follows: President, Mrs. L. Lucella Gilguly; first vice president, Mrs. Hermann Kramel; second vice president, Mrs. J. M. Bell; treasurer, Miss Ida M. Spencer; and general curator, Mrs. J. Sherman Macdonell; directors, Mrs. Margaret Brown, Mrs. F. W. Barton, Mrs. F. E. Woods, Mrs. H. W. Foss, Mrs. H. F. Dwyer and Mrs. F. J. Collier; membership committee, Mrs. E. J. Hill, Mrs. E. J. Hill, Mrs. E. J. Hill, Mrs. J. C. Siegfried and Miss Georgia A. Foye.

FEAR EFFECTS OF 600-FOOT MEASURE

Five Emeryville Saloons Must Close if Bill is Passed.

EMERYVILLE, March 21.—Saloon-keepers in Emeryville are concerned over a report that a bill extending the present limit between public school houses and saloons to 600 feet is about to pass the legislature and has a good chance of becoming a law.

Since the building of the Pacific Coast League grounds at Emeryville the saloons have taken on an added commercial aspect. Improvements have been made in those close to the ball grounds and it is these that will be directly affected if the "600 foot law" goes into effect.

Five saloons will be forced to close. They are owned by Mr. Nielson, J. H. Frazier, J. A. Ward, Charles F. Pink and Lubrich & Lubrich.

PUBLIC SCHOOL ADOPTS "MOVIES" FOR EDUCATION

SAN LORENZO, March 21.—A moving-picture machine has been installed in San Lorenzo public school, and the films, educational and instructive, are proving of great value. The school trustees decided that the school should be thoroughly up-to-date in every respect, and on a par with other schools that have introduced "movies" as a means of instruction.

The trustees responsible for the innovation in San Lorenzo school are J. J. Smith, H. H. Gansberger and J. S. Brown.

BODY OF MARTIN TAKEN TO RENO

ALAMEDA, March 21.—The body of C. L. Martin, who committed suicide by drowning, was taken to Reno, Nev., today for burial. Martin's parents sent a Reno undertaker to assume charge of the body. He was a hotel clerk in San Francisco. He evidently committed suicide because his financial circumstances barred him from marrying a San Francisco girl whose name is not mentioned in letters which passed between Martin and his parents relative to the proposed marriage. The girl has not appeared in the case so far. Martin's father is said to be a well-to-do real estate operator.

AMERICAN AND FAMILY FLEE FROM MEXICO

SAN DIEGO, March 21.—Forced by denials of Mexican exile in the interior of Southern Mexico to flee for safety to Salina Cruz, J. Wilkins and his family arrived in San Diego last night on the American Hawaiian freighter Virginia. Wilkins was the owner of a plantation which was raided and devastated by rebels. He says he had great difficulty in reaching Salina Cruz.

AGED PIONEER DIES SUDDENLY

Was Well Known Rancher and Cattle Buyer of This Part of State.

FRUITVALE, March 21.—Morton S. Gibson, one of the oldest residents in Fruitvale, died suddenly yesterday at the home of his daughter, Mrs. Bessie Gallagher, 2424 Boulevard. Gibson, who was 85 years of age, was a well known rancher and cattle expert. He has been 25 years in this part of the country and was a native of New York. The deceased is survived by his daughter, Mrs. Gallagher and one son, S. C. Gibson, of Palo Alto.

Since coming to Fruitvale Gibson had taken no active part in public affairs, but was identified with the Methodist church, of which he was a member since the age of nineteen.

MISS ROSA WICKS TO BECOME A JUNE BRIDE

RICHMOND, March 21.—Social circles in Richmond have been agreeably surprised by the announcement just made that Miss Rosa Wicks, a well known leader in the social set of Richmond, is to become the bride of Arthur Parker, formerly in the employ of the Santa Fe company in Richmond, but now located at Bakersfield.

The wedding is to come off on June 22 at the Presbyterian church in this city.

The bride-to-be is well known in Richmond, being a stenographer in the storekeepers' department of the Santa Fe company in Richmond. She is in her 20th year and is accomplished. Many invitations will be sent out and the wedding promises to be one of the social events of Richmond.

POLICE SEARCH FOR TWO SHREWD BEGGARS

ALAMEDA, March 21.—The police are looking for two young men who were soliciting money from Alameda avenue residents yesterday. Two homes have taken on an added commercial aspect of the beggars caused complaint to be made to the police from both residences. It is reported that numerous other houses in the neighborhood were visited by the two men apparently have a regular begging route which they covered with considerable success.

"EXCLUSIVE CLUB" TO FURTHER CIVIC AFFAIRS

FRUITVALE, March 21.—A number of well known business men and citizens of Fruitvale have decided to form an "exclusive club" in Fruitvale to which will be admitted a select and limited membership.

The new club, besides being a social organization, will interest itself in civic affairs.

A meeting will be called in Fruitvale by the promoters of the club, when plans for its conduct will be drawn up and officers elected. Fruitvale has already a large number of influential improvement organizations, but the new club does not intend to encroach on the special domain of any of these.

COLLEGE STUDENTS TO BUILD HYDROPLANE

BERKELEY, March 21.—In a room at the Berkeley High School, polytechnic department, a group of students of the University of California plan to commence at once the building of a hydroplane as a part of their studies of aerial navigation. It is the hope of those interested that the work will lead to the establishment of a university course in aeronautics. The students participating in the work are W. D. Waterman, Alexander Blume, H. W. Cochran, W. L. Smith, E. Taylor, L. J. Gray and C. J. Erickson.

FIGHT BLIND PIGS

MARTINEZ, March 21.—A rigorous campaign for the abolishment of the blind pigs and houses of ill repute which have been conducted on arks near Bay Point is being waged by Sheriff Veale, assisted by Sheriffs Riecks of Stockton and McDonald of Solano county. Included in the war against the houseboats and bootleggers is the fight against the bay pirates who have been operating under cover for the last few months, and who, it is believed, are making their headquarters in the islands.

MINSTREL SHOW WILL BENEFIT ST. JOSEPH'S GYM

MISS ANITA CRAWFORD.

BERKELEY, March 21.—Choice of participants has been practically completed by the committee of Berkeley institute, No. 58, Young Ladies' Institute, which has in charge the minstrel show and dance to be given by that organization Tuesday evening at William Hall on Haste street.

A chorus of 50 voices consisting of members of the institute and a number of young men of Berkeley and Oakland, will assist the principals. Among those who will take part and their respective roles are the following:

Miss Minnie Feehan, interlocutor; Miss Ethel Parcell, end lady; Miss Grace Durkin, end lady; John Cain, end man; Vincent Duffy, end man; William O'Connor, end man; P. Turner, end man.

Solos and specialties will be given by Miss Marie Berdet, Miss Anita Crawford, Miss Helene Sheridan, Miss Marie Grant, Miss Laura Colburn, H. Ziegler, M. O'Connell, J. Cain and the Campbell brothers. Leonard Barlett is directing the music, while Mrs. J. D. Litten is directing the cast.

The committee of arrangements includes Miss Blanche Zoll, chairman; Miss Nora I. Rowe, Miss Marguerite La Berge, Miss Margaret Grant and Miss Sara McCullough. Dancing will follow the minstrel show. The proceeds will be devoted to the St. Joseph's gymnasium building fund.

ROY SELDEN, OAKLAND JOCKEY, WINS BRIDE

Jockey Roy Seldon, an Oakland rider and one-time pet of the Emeryville race-goers, was married last night to Miss Muriel Willis of Chicago. The marriage ceremony was performed by Rev. Gooding of the Episcopal church. M. C. Keith acted as best man and Mrs. Maude Cotton as bridesmaid. The couple will leave within the course of the next few days for a honeymoon tour to Chicago and other eastern cities.

Following the honeymoon trip, Seldon will ride for S. Murphy, well-known racing circles through the United States, who is negotiating for a stable of 12 horses. Murphy will race his stable throughout the middle west, taking in the Spokane, Vancouver and other meetings. Seldon's many Oakland friends are showing him with congratulations.

FOOTPADS BUSY IN EARLY MORNING HOURS

SAN FRANCISCO, March 21.—Two bold footpads struck William Wells, who lives at the California House, with a blackjack as he was walking along Stevenson street, early this morning. It was some time later before he recovered consciousness and found that \$7.50 had been taken from his pocket.

TRACK-LAYING TO BEGIN IN MELROSE

Work on Extension Probably Will Begin on Monday.

SAN LEANDRO, March 21.—Track-laying on the Melrose extension of the Southern Pacific suburban electric system probably will begin next Monday. Trains will be running to the western limits of San Leandro by June, according to information given out yesterday by the engineering department of the railroad company in Oakland.

The Melrose trains are operated at present from the mile via Seventh street to Hillsdale avenue about a mile east of Melrose at Forty-sixth avenue and East Fourteenth street. Tracks have been laid through Hayscourt to Seventy-third avenue and from that point to Dutton avenue, the grading of the roadbed was completed by the construction department last night. At Dutton avenue the line will connect with tracks already laid through Broadmoor to Estudillo avenue in San Leandro, the terminus of the line.

A franchise has been granted by the city of Oakland for the necessary street crossings, the remainder of the extension being laid over a private right of way. The plans of the railroad company are now before the railroad commission for approval as to grade street crossings, which it is expected will be granted immediately.

PREPARED TO START.

Engineer B. W. Perrin of the suburban division of the Southern Pacific said yesterday he was prepared to start track-laying on Monday if the approval of the commission is given by that day. There are 1½ miles of double track to be laid to complete the extension and overhead work from Hillsdale avenue to Estudillo. The Melrose extension will run through the heart of a rich section that heretofore has had no direct suburban service beyond Forty-sixth avenue. The greater part of the district is in the recently annexed territory of Oakland. In the last eight months a populous residence community has sprung up between Foothill boulevard and south of East Fourteenth street and the close connection with Oakland and San Francisco by electric train will mean much to the property owners.

The new line also will tap an extensive and productive farming district beyond San Leandro.

MRS. MARY CHURCH MUST DEFEND DIVORCE SUIT

MARTINEZ, March 21.—The first round in the celebrated Church divorce case, growing out of the duplicity of Rev. Frank H. Henshaw, pastor of the First Baptist church of Richmond, was fought yesterday in the Superior Court here, when the demurrer to the complaint interposed by Attorney Tinning for Mrs. Mary Church, the defendant, came up before Judge Latimer for argument. Attorney Tinning's contention was that the visits made by defendant to Horn while he was incarcerated in the city jail and at other times did not constitute cruelty as charged by the husband. Attorney Hall convinced the court that the complaint stated a first class cause of action and Judge Latimer overruled the demurrer. The case will now be set for trial.

TOYS FREE

With a few suits some sort of an interesting and attractive toy is free. There is always an assortment ready for the boy in addition to the best values in suits which he always gets here. The boys' wear is today, both for their suits and for these toys.

PLAN RECREATION FOR THE CHILDREN

Hayward Union Civic Center to Confer With School Trustees.

HAYWARD, March 21.—Recreation for the children of Hayward is receiving the attention of the Union Civic Center, and as the result of a discussion at a meeting of the club it has been decided to confer with the grammar school trustees about opening the school yard for recreative purposes. A committee was appointed by the club for this purpose. It has been suggested that provision be made for the younger children, and that a sand box and "teethers" be placed in the grammar school yard, where mothers or other guardians can bring their charges for a good time.

R. Robinson, physical instructor of the Young Men's Club of Hayward, will address a meeting of the Center on the subject of recreation. Parents and teachers have been invited to attend the meeting.

ALAMEDA REGISTRATION BREAKS ALL RECORDS

ALAMEDA, March 21.—Registration figures at the coming election will eclipse all records for the city of Alameda, when the number of voters qualified to cast their ballots on the choice of city officers and propositions to be submitted will total 3273, a gain of 553 voters since the November election. It is estimated by those familiar with election statistics that the women will dominate the election by a large majority.

Louis J. Cordes, Alameda county reg-

RIVALS ASK FOR NEW POLICE STATION

Melrose and Fruitvale Advance Claims for \$10,000 Structure.

MELROSE, March 21.—While there is considerable rivalry between Melrose and Fruitvale as to which community should have the new \$10,000 police station in East Oakland, it is likely that a satisfactory compromise will be reached by the erection of the new station on a suitable site on the border line of these two sections. This ground is situated on the Foothill boulevard just back of East Fourteenth street, and the police have been offered it at a reduced figure. The site is centrally situated, and the only drawback is the fact that it is off the car line.

Strong claims have been made by the residents of Fruitvale to have the station built in that neighborhood. A place of ground on East Fourteenth street has been offered free, and the Fruitvale Board of Trade is doing its utmost to have the station in Fruitvale.

A counter claim has been advanced by Melrose organizations, including the Melrose Improvement and the Melrose Boosters Club, and the rival communities have expressed their determination to have the police station.

Registration clerk, basing his calculations on the number of voters cast in past elections figures that in the coming election there will be between 8000 and 9000 votes cast, probably about 5200. He states that in the last election the percentage of women voting was greater than the percentage of men.

**MEN'S Blue Cheviot
Suits Made \$19.50
to Order**

A special purchase of fine navy blue cheviot at a special price enables us to offer these \$25 cheviot suits made expressly to your order at \$19.50. The price and the quality are alike, unusual, and the number of suits which we can turn out at this price is naturally limited by the quantity of material on hand.

These suits will be made in any style you desire with first class linings and with the finest tailoring. We guarantee absolutely the fit and the finish of them and any one which does not turn out to your entire satisfaction need not be accepted. At this price also we will make to order a lot of fancy suitings, greys, browns, tans, and other desirable colorings. It's a very special proposition which you'll want to get in on promptly if you desire the advantage of saving in price.

**Easter Suits for Young Men
Splendid Cheviots for \$15.00**

Just in the nick of time we have received by express over a hundred of these popular navy cheviot suits. The cheviots are in rough diagonal weave, nice heavy weight, strictly all wool and college cut throughout. They may be had in two and three-button fronts, with box and regular back extra well lined and beautifully tailored. They are without question the best looking, best fitting and best value suits in Oakland today. All sizes from 15 to 21 in stock for tomorrow. Better get yours early, however, for at this price they will not last long.

Confirmation Suits FOR BOYS \$5.00

True blue serge suits for boys in Norfolk and double-breasted styles, sizes from 8 to 17 years, are on sale tomorrow at \$5. There are many \$5 suits on the market today, but none of them contain so many points of superiority as these suits of ours at \$5. The serges are strictly all wool, tested for color and for wear, and they are absolutely true in the most favorite models for boys. You'll appreciate these suits the minute the boy puts one of them on and you'll recognize their unusual value the minute you handle them.

DISBROW NAMED AS CASE PILOT

Famous Driver Now Holds the Title of Dirt Track Speed-King.

(By EDMUND CRINNION.)

Louis Disbrow, one of the greatest automobile racers in America, will again lead the J. I. Case T. M. Company team, during the year 1913. At the recent automobile show held in New York, Mr. Disbrow was awarded the title of dirt track speed king.

According to the records handed out by the American Automobile Association, Disbrow lowered more world's marks than all the other drivers put together.

Disbrow also won more firsts, seconds and third in open competition than any other driver in the country and in beach racing he came in the front with more wins than any of his competitors.

Disbrow probably put in the greatest season of racing known to the speed sport. He traveled more miles and took part in more days of racing than any other pilot that ever lived.

Barney Oldfield, during his 1911 racing season, played to more people than Disbrow, but he did not travel as far or race as many days. Bob Burman, during the past year, stood second to Disbrow in number of racing dates, but he lost out but one world's dirt track record and that was previously held by him. Disbrow on the other hand, lowered eight world's records.

KELLY GETS PRAISE.

The Ford Motor Company has just purchased two three-ton Kelly trucks for use in its Detroit plant.

The Kelly trucks were not purchased until officials of the Ford Company had made a careful inspection of all the trucks of any make shown at the New York Motor Truck Show. After this inspection, the question was given careful thought by these officials, and, after their return to Detroit, the announcement was made that they had decided to buy Kelly trucks.

This selection by officials of the largest automobile factory in the world is one of the highest testimonials ever paid to Kelly trucks. These men said that in their estimation, the Kelly was the best truck being manufactured today.

BUICK MAN RETURNS.

Charles S. Howard, the head of the Howard Automobile Company, has returned to San Francisco after his extended stay in the southern part of the state. Howard in speaking of the outlook in and about the Los Angeles section, says:

"The wetting of the southern section of the state has received this year, has more than counteracted the ill effects of the frost. Farmers and fruit raisers will have crops that have not been equalled in years and while a few suffered loss to their orange crops, the rain has more than made up in other quarters."

"The selling season from the motor car dealers' standpoint is in full swing in the south and dealers and agents cannot keep enough cars on hand to supply the demand."

CHALMERS SALES.

The last week has been an exceedingly busy one with the sales department of the Pioneer Automobile Company, who has Manager Calvin C. Eib, reports the following sales of Chalmers six-cylinder and model 36 cars:

C. E. Locke, Herman L. Heller, Tay Pike Company, Dr. Louis P. Howe, Sherman Clay and Company, Dr. H. J. Still-

COUNTRY GIRLS HAVE FAR HAPPIER TIME DURING THE WINTER SNOWS

By LAURA JEAN LIBBEY
(Copyright, 1913, by Laura Jean Libbey)

LAURA JEAN LIBBEY.

couples who have fallen out with each other. Each is sure to be invited to these jolly affairs.

The girl knows that she still holds his heart if he whispers the request hesitatingly in her ear that he would like to see her home.

Of the girls who walk half a dozen blocks in the paved city, you never know the exaltation of high spirits the country lassie feels as she dons hood and mittens for the tramp home. Those who are in love and are walking close together side by side almost imagine that it is a June night instead of a midwinter one with the thermometer at zero. Both wish the walk were twice as long, and as he reaches the gate with her all their differences are adjusted, and if it isn't too late, they may have been awaiting her lass, calls him in for a cup of hot coffee and doughnuts to warm the inner man for the homeward trip.

No wonder the country boys encourage the custom of girls coming alone if need be to such affairs rather than staying at home for lack of an escort. Even the most bashful of swains rejoice over the opportunity of seeing a pretty girl home. On such occasions they have every reason to be glad to slip an arm about the supple waist, to whisper the old sweet story into her willing ear, asking her to walk forever after by their side through all life's future winters. Seeing a girl home is the beginning of many a tender romance which ends in a happy marriage. My! what rivalry there has been at many of these affairs, when two or more young men have singled out a sweet girl to accord them the privilege of seeing her home. Let the custom of seeing the girls home always continue.

"TRIES TO INTEREST HIM."

"Dear Miss Libbey: I am a young married man and I love my wife dearly. But I fear very much that my wife isn't returned, as he doesn't seem to enjoy my society, although I try to interest him; but my efforts are all in vain. I enjoy talking to him. He is away the greater portion of the time, as his business calls him away. I am not acquainted with any one here, therefore you see I get certainly lonesome for some one to talk with. He doesn't approve of me getting acquainted with any one. His excuse is that he is afraid I will get in with a tough bunch without knowing it until I go around with them. When we go out together he always watches other women who seem to interest him—but never pays the least attention to me, although I have been called very attractive and good looking and am neat and clean. I dearly love my home and am a good housekeeper; but I get awfully lonesome. He says his reason for not talking to me is that he isn't a good conversationalist. But he certainly could talk before we were married. He can get interested and talk for hours and hours at a time with his gentlemen friends. And he tells me so many falsehoods. I am as truthful with him as can be. He says he loves me, but I can't understand why he does these things if he does."

Perhaps your conversation with your husband is of a kind that does not interest him. Many married women expect that a husband after a hard day's work should enthuse over some foolish dress project or petty neighborhood gossip or cook encounter instead of providing themselves with good, wholesome conversational material. I am inclined to think that you are a bit exacting and a trifle jealous. Aren't you? I see no reason why you should not try and make desirable women friends and thus relieve some of your lonesome hours. A husband cannot expect his wife to alternate herself from all companionship just because she is his wife.

"Dear Miss Libbey: I am alone in this world. My parents died when I was an infant and I have been raised in an orphan's home, where I received a fair education and a good training; but I was put out to work when I was 12 years old. Since then I have not had anybody to advise me. I am married now and have traveled a good deal; have a host of friends. Two years ago I met a young gentleman, a farmer, and I fell in love at first sight. I went back to Chicago to work and he went to Iowa and was farming there, but we have been corresponding right along. In the spring I came back here to work, and so we have been keeping steady company. He had treated me very nicely and he seemed to think a great deal of me until about three weeks ago he failed to come and see me the Sunday afternoon that he promised, and later I found out that he had gone to see

Every Child Should Be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time, and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.

For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.

For children, the addition of a little sugar will make it as palatable as they will take it readily. Millions of parents have praised it for more than eighty years. Insist on Jayne's; accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

Y! but what a happy life of it the country girls have in winter time compared with the monotonous existence of their city cousins, from the time the frost is on the pumpkin till the narcissus pokes its nose up through the snowdrifts announcing spring. The country girl who is without a beau looks forward to the winter festivities most anxiously. There'll be quilting bees, apple paring frolics, barn dances, house wiferies and potluck parties galore. Each girl in most of our vicinity is invited to attend. They think nothing of going unescorted.

The girl who invites them usually slips in a little note in her invitation which reads: "There's to be lots of splendid fellows to introduce a cop to." Each girl is sure that if she is attractive there will no doubt be some of them who will want to see her home. The country girl seldom has an automobile or carriage of her own to take her to her destination. Even though she has them plenty, she would laugh at the notion of taking them out of the barn to go a mile. She is young, strong and buxant. She just likes the yielding snow beneath her feet and the cold air blowing which is sure to paint roses on her cheeks which will last the evening through. Of what rivalry there is amongst the country swains for the dances with the prettiest girl, though the genial hostess is indeed enough to see that there are no wallflowers. She has provided just so many escorts, so each girl will have some one to take her into the big, cheery dining room for refreshments. Such affairs are a godsend to the girls who have fallen out with each other. Each is sure to be invited to these jolly affairs.

Of the girls who walk half a dozen blocks in the paved city, you never know the exaltation of high spirits the country lassie feels as she dons hood and mittens for the tramp home. Those who are in love and are walking close together side by side almost imagine that it is a June night instead of a midwinter one with the thermometer at zero. Both wish the walk were twice as long, and as he reaches the gate with her all their differences are adjusted, and if it isn't too late, they may have been awaiting her lass, calls him in for a cup of hot coffee and doughnuts to warm the inner man for the homeward trip.

No wonder the country boys encourage the custom of girls coming alone if need be to such affairs rather than staying at home for lack of an escort. Even the most bashful of swains rejoice over the opportunity of seeing a pretty girl home. On such occasions they have every reason to be glad to slip an arm about the supple waist, to whisper the old sweet story into her willing ear, asking her to walk forever after by their side through all life's future winters. Seeing a girl home is the beginning of many a tender romance which ends in a happy marriage. My! what rivalry there has been at many of these affairs, when two or more young men have singled out a sweet girl to accord them the privilege of seeing her home. Let the custom of seeing the girls home always continue.

IS A SCHOOL TEACHER.

"Dear Miss Libbey: I am a photographer and my friend, Mabel, is a school teacher. We have known each other for fully ten years and we have been the very best of friends. I have made her presents of photos (of herself), flowers, etc., and she has asked my advice as to school matters—in short, we have been like brother and sister. We have neither of us had any thought of marriage, but have been chums. She has been sitting to me for a model for a lot of pictures I have been making."

"As to her school in the country, I usually only see her Saturday and Sunday. She and I have been making arrangements by letter as to the sittings, which were usually on Saturday. The last time I saw her I forgot myself as to try to kiss her. She did not seem very angry at the time. When I saw her at church the following Sunday as she shook hands she told me her mother said she was not to go to the gallery any more. As the church is too public a place for such a private matter, I let it go at that, and on Monday I wrote to her and apologized for my conduct and asked her pardon. She wrote me a very curt note in reply and said she could not give me any more sittings and that no gentleman would do such a thing as I had done. I immediately answered and said, 'I am in pain.' I admit it was not gentlemanly thing to do, but did you never make a mistake and do something that you regretted immediately after? This was a mistake on my part and I can honestly say that I was genuinely sorry for it the very next minute."

"I asked her pardon again and told that in all the years she had known me this was the only time I had ever offended her, and if she would forget this time I would promise I would never offend her again in any way. I waited some time but got no answer."

"Then I wrote again and told her I thought she was unreasonable and that I had not been for Mabel's pardon again and again I thought she ought to meet me halfway. I told her I would neither write to her nor speak to her till she had agreed to be friends again. I told her that any time she made the first move to a reconciliation she would find me more than willing to be her friend again. Another long wait, and no answer. What more can I do to square matters? I am truly sorry and have told Mabel so again and again. Don't you think she ought to forgive me?"

Judge from her attitude toward me one would think I had committed the worst possible crime against her. I don't believe that if it had not been for Mabel's mother that Mabel would not have taken this so seriously, but the mother has a 'helva' temper, and she is a little in an honorable way, but seem to have failed. What is your opinion? Do you think this freckle-tonic process will work?"

I don't believe there is anything left to do. If the girl won't accept your apology, here is simply make up your mind to let her go and resolve that this experience shall be a guide for your conduct in the future. You certainly gave the girl cause for offence.

Moss Gloves for Easter

Consider the importance of gloves as a dress necessity; especially at Easter time, when the niceties of dress appeal so strongly to women folk. Moss gloves are particularly stylish, well fitting and possessed of splendid wearing qualities.

Long Tomorrow Gloves \$1.95

Another large shipment of long gloves, regularly sold at \$2.00, received in time for Easter. A dressy 16-button length kid, in white only. A quality glove that fits perfectly and looks well. An Easter accessory at a special sale price tomorrow.

Kayser Silk Gloves

A full line of this well known make now in stock. Long silk gloves, 16-button length, with double finger tips, in black, white, tan and all colors and sizes—\$1.00, \$1.50, \$2.00. Short, two-clasp silk gloves, double finger tips, in black, white, tan and all colors and sizes—50c, 75c, \$1.00.

Easter Parasols IN NOBBY SHAPES AND SHADES

A most unusual variety of spring parasols now on display at the house of "Moss." Parasols in striking shades of dainty materials with handles of unique design, including the latest Parisienne shapes, are ready for your inspection. Parasols for the conservative and extremist alike.

Fancy Colored Parasols \$1.50 to \$15.00

PAST FIFTY? YOU NEED 'CASCARETS'

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a task can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep. —Advertisement.

SAYS HUBBY TOOK UP WITH AFFINITY

That her husband had taken up his abode in Hunters Inn, a roadside, with an alleged affinity, refusing to let her live with him, was the testimony upon which Theresa Hincley La Parle obtained an interlocutory decree yesterday.

REGULATES PRACTICE.
PHOENIX, Ariz., March 21.—The House bill regulating the practice of medicine was passed by the Senate yesterday. Like the California bill, it permits healing by Christian Science practitioners.

Freckle-Face

February and March Bring Out Unpleasant Spots. How to Remove Easily.

Do you know how easily it is to remove those ugly spots so that no one will call you freckle-face? Simply get an ounce of othine, double strength, from Osogood Bros. and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds in February and March have a strong tendency to bring out freckles, and as a result more othine is sold in these months. Be sure to ask for the double strength othine, as this is sold under guarantee of money back if it fails to remove the freckles. —Advertisement.

CALIFORNIA MEDICAL SOCIETY TO MEET HERE

The California Medical Society will hold its annual session in Oakland April 15, 16 and 17. It is expected that over 300 of the most prominent physicians of the state will be in attendance. Among the forms of entertainment to be offered to visitors is an automobile ride, planned for the afternoon of Wednesday, April 16. Dr. Milton and Dr. Adams will be in charge of this event, have been in conference with Secretary Denison of the Chamber of Commerce for the purpose of arranging for a sufficient number of automobiles to accommodate the party.

This will require the co-operation of the automobile owners of the city, and all those who are willing to lend their machines for the purpose are asked to communicate with either Dr. Miller, Dr. Adams or Secretary Denison. Steam machines will be available.

HEART TRIBUNES PAGE for WOMEN HOME

Society

DAILY we are reminded how the local society maids are deserting the ranks of the belles to take up the wider responsibilities of a new life. Hardly a day passes that one of the winsome girls who add such charm to society affairs does not announce an engagement or a wedding date. Weddings which will be social events of note crowd the weeks after Easter, and the most active spring season in years for society folk is easy to foresee.

The latest to choose her wedding date is Miss Elizabeth Latham, the attractive girl whose engagement to Thomas Vetch was announced several weeks ago. She has chosen May 16 as the date for the ceremony, and it will be an elaborate service in St. Paul's Episcopal Church, with the Rev. Alexander Allen, the rector, as the officiating clergyman. Several hundred invitations will be issued. A card of party will be sent to the bride's mother, Mrs. Henry Miles Bull, on San Pablo avenue, after the ceremony. A number of complimentary affairs will be planned for the charming girl during the weeks preceding her marriage date. One of them is the bridge luncheon for which Miss Grace Layman has sent out cards for March 27, when Miss Katherine Havens will share the honors.

BRIDGE LUNCHEON.

One of the enjoyable affairs of the week was the bridge luncheon at which Mrs. Wickham Havens was hostess at her handsome Piedmont home Wednesday afternoon. The affair was planned as a compliment to Miss Dunphy, the sister of Mrs. Henry Miles Bull, who has been staying here for some time and has been delightfully entertained. Over a score of smart matrons greeted the charming guest of honor, who is soon to leave for home. Tables were filled for bridge during the afternoon hours.

LADIES' RELIEF CARD PARTY.

A number of tables have been taken for the card party for the benefit of the Ladies' Relief Society, which will take place March 25 at the home of Mrs. Henry Miles Bull on San Pablo avenue. A trio of philanthropic matrons who are planning the entire affair as hostesses are Mrs. Bull, Mrs. H. S. Korgan and Mrs. W. W. Weston. The proceeds will be devoted to the fund for the maintenance of the work of the society. Nearly two hundred women who are interested in the work of the society are expected to attend the party and a number of prominent members of the Ladies' Relief will be in the receiving line with the hostesses, among them Miss Matilda Brown, Mrs. Willard Williamson, Mrs. Louis Ghirardelli and a few others.

Punch and tea will be served during the games by a coterie of charming young girls, including Miss Marion Korgan, Miss Helen Hawley, Miss Margaret Sherman, Miss Margaret Everts and Miss Juanita Ghirardelli. Among the society women who have reserved their tables for the affair are Mrs. Harry East Miller, Mrs. Charles Butters, Mrs. H. D. Mathes, Mrs. Percy Clay Black, Mrs. George D. Greenwood, Mrs. Wickham Havens, Mrs. W. G. Henshaw, Mrs. Alonzo Sanford Larky, Mrs. R. S. Kitchner, Mrs. A. J. Snyder, Mrs. W. S. Rheem, Mrs. Seth Talcott, Mrs. I. N. Broadlove, Mrs. Arthur Smith, Miss Emma Breiling.

DANCE AT YERBA BUENA.

Mrs. Frederick Perkins was hostess to a jolly party of the younger set at a dance given at the naval training sta-

MISS ELSIE CLIFFORD, ONE OF THE YOUNGER MEMBERS OF BAY CITIES SOCIETY.—Fraser photo.

tion at Yerba Buena Island on Wednesday evening. About thirty or forty shared the pleasure of Mrs. Perkins' hospitality at the dance, and one of the governing tugs gave the guests the enjoyment of a launch ride as well, making special trips to the Oakland dock to convey them to and fro.

BRIDGE AND SHOWER.

Mrs. Maureen Harrison was hostess at a pretty appetizing bridge party and shower yesterday at her home in Prospect street in honor of Miss Katherine McClath, whose marriage to James Black will take place Easter Monday. Nearly a score of friends enjoyed the games and contributed to the "jam and jelly" shower for this charming bride-elect. Among them were Miss Edith Clapp, Miss Helen Runyon, Miss Martha Earl, Mrs. Beverly Wilder, Miss Pauline Pierson and Misses Elsie Schilling, Mrs. Harrison will be remembered as Miss Agnes Welch.

AFFAIRS FOR FIANCEE.

One of the charming engaged girls of the season who will be much feted, now that the Lenten days are past, is Miss Loreta Penatan, whose engagement was announced following the holiday season. Miss Minna Harris will entertain in her honor tomorrow at a sewing bee at her home in East Oakland, and Miss Edith Woodward will claim Miss Penatan as a complimented guest on April 3 at an informal affair. Miss Amy Ochs and Miss Neville Stevenson will entertain for her at a later date with a matinee party, the guests going on later for tea at the Hotel Oakland.

TEA NEXT WEEK.

Cards have been sent out by Mrs. Mary Maxwell for an informal tea next Thursday from 4 to 6 at her home in Perry street. About a hundred of the society set of the bay cities have been bidden to the function.

AFFAIRS IN FUTURE.

Miss Madeline Clay is proving the inspiration for a number of delightful social

compliments during her engagement days. Smart affairs being dated for her every week up to the day of her marriage to Warren Harold, April 22. Mrs. William Volkman is sending out cards for a large bridge party for Miss Clay and her fiancé Friday evening, April 4. Miss Philip Clay will entertain for her sister-in-law at her Fruitvale home Tuesday, April 6, with a bridge party for the younger matrons and girls. Another social affair is the card party for which Miss Leila Kenny is asking a number of guests on the next afternoon. Cards have also been sent out by Mrs. Jacob Green Jackson for a luncheon March 28 at her home in Fruitvale. About a score of the attractive matrons and matrons of the social set will attend the pleasant affair, which will be followed by bridge.

RETURN FROM HONEYMOON.

Mr. and Mrs. Arnold Weber returned from their honeymoon yesterday, and were entertained last night at dinner by Mrs. Weber of Berkeley, the parents of the bridegroom. The wedding party took the young couple to Santa Barbara. Mrs. Weber was Miss Marjorie Stanton of San Francisco, and is an expert horsewoman and devoted to outdoor life. One of the most valued of her wedding gifts was a thoroughbred horse, which will be a great source of enjoyment to the new home in the San Joaquin valley, where Weber is the manager of a large ranching property. They left for the new home near Sacramento today.

TO REACH COAST.

General and Mrs. Frederick Funston are on their way to the coast, and will soon arrive in Honolulu from Manila, where they have been for the past two years. Mrs. Funston will spend a visit in California, and will re-open the family home in San Leandro. General Funston will be in command of the army in Hawaii.

BRIDGE AT HOTEL OAKLAND.

About two score matrons and matrons of bay cities society have reserved cards for the bridge party to be given by Mrs. W. C. Mason at the Hotel Oakland next Wednesday afternoon, March 24. Five hundred will be the game of the afternoon, and an informal tea will follow the game. Mrs. Mason will be assisted in welcoming her guests by her sister, Mrs. F. A. Jordan. Mrs. John Heckman and Mrs. Albert Mitchell of San Francisco, and Mrs. George Newman.

TO LEAVE SHORTLY.

Mrs. Orrin Kip McMurray and her two daughters, Miss Katherine and Miss Margaret McMurray, are planning to leave shortly for the East on route to Europe, where they will spend about two years, visiting the old world, spending much of their time in Berlin. Professor McMurray will join his family abroad early next year and will remain until their return. Mrs. McMurray is one of the best known singers in the bay region, and will devote a large part of her time to music study while away. She will be extensively entertained before her departure.

RETURN FROM EAST.

Arthur Kummer and Mrs. Kummer have returned to Oakland from the East, where they have been making a long stay. They will make their home here in future, and will be welcomed by a wide circle of friends in the bay cities. Dr. Kummer was for five years the pastor of the First Methodist church in Seattle. Pending their choice of church, they will be permitted to be permanent members of the Maryland apartment.

LUNCHEON AT HOTEL OAKLAND.

Mrs. L. A. Boretta has asked a number of her friends to share her hospitality at a luncheon next Monday afternoon, March 22, entertaining them with a luncheon at the Hotel Oakland. Bridge will be the pleasure of the afternoon hours.

SORORITY DANCE.

An informal dance was given at the Alhambra on Saturday night in honor of last night which was attended by a number of sorority members from the bay cities. Some of the members on the list of the bay include Miss Georgia and

WOMEN IN THE NEWS

TWO HOOKS AND BUTTON HOLD ALL ON

Dress for Women Will Consist of Just Eight Articles.

CHICAGO, March 21.—To be completely dressed from shoes to hat, a fashionable woman must wear just eight articles of clothing and consume less than eight minutes in putting them on.

This startling disclosure was made by Mrs. A. Ripley at the convention of the Chicago Dressmakers' Club, which is in session at the Auditorium. It met the enthusiastic approval of the members. Fashionable attire consists of:

One one-piece bit of sheer lingerie. One corset, extending almost to the knees, but not appearing above the waist line.

One pair silk stockings.

One one-piece gown, slashed and draped, with two hooks and single button.

Soft chapeau and coat fastened with two buttons.

"I sigh when I think of how long we have been arriving at this simplicity," said Mrs. Ripley. "Why, we have been carrying the white woman's burden of heavy clothes around for centuries."

Suffrage Argued

SAN FRANCISCO, March 21.—That woman suffrage—if given the fair vote—would be voters of New York—would do much to eliminate the white slave evil in that state, is the opinion of Miss Sibyl Wilbur, suffragist, journalist and biographer, who arrived here from the East by way of the Canal Zone yesterday on the steamer Acapulco.

Miss Wilbur has the distinction of being the authorized biographer of Mrs. Mary Baker Eddy, founder of the Christian Science Church. She was one of the five "immortals" who completed the historical suffrage "hike" from New York to Albany recently to present a petition to Governor Sulzer. She is also present leader in New York's Eighteenth Assembly district, on the East Side, organizing the tens of thousands of factory girls into intelligently thinking units to work for "the cause."

Miss Wilbur had a lot of things to say about suffrage upon her arrival yesterday. Although she was chastised "war correspondent" on the New York to Albany expedition, she has an unsympathetic hearing toward those women quasi-politicians who organize punitive incursions into the enemy's country and seek to punctuate their arguments with brickbats. In part Miss Wilbur said:

"There are many reasons why we want suffrage in New York—for the sake of the children, for the sake of women struggling in factories and for the elimination of the white slave traffic. None of the evils embraced by these reasons can be remedied except by the votes of women. I am no alarmist, but conditions in New York City are truly appalling."

"The bellicose English suffragettes have been angered at exasperation by the trickery of legislation. They can accomplish little, however, by destroying property. In contravention to these tactics, I am a firm believer in the 'hike' as a means of bringing the cause first hand to the attention of the people."

Mrs. Mary Baker Eddy's friendship for the suffragist-journalist began in 1905, when Miss Wilbur succeeded in obtaining an interview from her for a Boston newspaper. Before her death, Mrs. Eddy appointed the young woman as her official biographer, and the work was finished three years ago. Miss Wilbur is now writing a book on the suffrage cause, which will be completed shortly.

Miss Wilbur will visit a week in San Francisco at the home of Mrs. Joseph Chase of 419 Ashbury street. She will then go to Santa Cruz for a rest of six weeks.

PAWNEED WEDDING RING

RENO, March 21.—Valma Lydia Goldstein, wife of Samuel Goldstein, a pawnbroker on Third street, San Francisco, secured a divorce yesterday after testifying that on four separate occasions she pawned her wedding ring in order to get something to eat.

Mrs. Goldstein has lived four years and a half in Reno, with the exception of four months, when she was with her husband in San Francisco and Portland, Ore., a visit of three weeks in New York. Her marriage was in San Francisco, July 9, 1911. She said her husband would not secure work, and she sold a necklace, a pin, a ring, a cutglass vase and much of her clothing, and in addition secured money from friends, relatives and even strangers to keep from starving. Her husband advertised in the San Francisco papers that he would not pay her bills.

Mrs. L. Nowland, mother of the plaintiff, corroborated the testimony of her daughter. Her maiden name was restored.

Co-ed Grandmother

EUROPE, Ore., March 21.—By the birth of a son in Portland, Ore. Monday, by her daughter, Mrs. C. G. Smith, it was discovered yesterday that Mrs. Ella A. Stearns, a co-ed student at the University of Oregon, had become a grandmother. Mrs. Stearns is a student in the Varsity School of Journalism. Twenty-five years ago she was employed as a reporter on a Portland newspaper.

To Walk East

SAN FRANCISCO, March 21.—Jauntily clad in khaki and corduroy and with the avowed intention of starting immediately on a honeymoon walk from San Francisco to New York, Tippi B. Pledger, 33 years old, and Miss Ollie L. Stephens, 22 years of age, were married yesterday afternoon by Justice of the Peace J. C. Conlan.

The young couple, accompanied by Mr. and Mrs. Earl B. Chenoweth, who also will take part in the long hike, left the City Hall immediately after the brief wedding ceremony and started on a brisk walk to the ferry building. "We'll get at least as far as Oakland tonight," was the parting salley of the smiling bride as the two couples left Justice Conlan's courtroom.

Pledger and his bride both gave their address as the Empress Hotel in this city. They and the Chenoweths were dressed in the costumes of experienced "hikers." Cameras hung from the sides of the two women, while serviceable-looking automatic revolvers were strapped to the belts of the men. Pledger told Justice Conlan they would take the long walk in easy stages and had set no definite time for reaching the Eastern metropolis.

TO OVERHAUL SHIPS.

WASHINGTON, March 21.—The battleships USS Michigan, Nebraska and Ohio of the Atlantic fleet will proceed to their home yards April 1 for annual overhauling, remaining until June 30. During their absence their places in the fleet will be filled by the return to active service of the battleships, Rhode Island, New Hampshire and Kansas.

BAD MANICURING

By LILLIAN RUSSELL

Copyright, 1913, by Lillian Russell.

QUT of every ten women operators there is but one good one—one who thoroughly understands the anatomy of the hand and finger nails. More harm is done by bad manicuring than is imagined. I have seen little corns grow at the side of each finger nail which are just as painful and ugly to look at as the corn which disfigures the toes. Scissors should only be used upon the fingers to cut off the little ragged edges of cuticle. The real cuticle should never be cut. Steel implements need never be used upon the nails. An orangewood stick is all that is necessary to push the cuticle back and clean under the edge of the nails. Soap and water, with just a few drops of ammonia, take the place of all acids and bleaches. The simplest things are best. An emery board, narrow and long, should be used to file off and shape the nails. Pulverized pumice stone is absolutely injurious, as it wears the nails thin when used as a polish. The grease polishes are best. There are many of them and they are harmless. It is not good form to polish the nails to a glassy finish. Pink nails with white edges and crescents are a sign of health. Just a little patience and persistence will train any finger nail into a perfect shape and color. But the dangers which lurk in steel files, knives and scissors are more than at first thought seems possible. If the nails are dry and brittle, rub a little cold cream on them every night and after each daily bath. They will soon soften up and become healthy. Remember, a beautiful hand cannot be made by a manicurist, but it can be marred.

LILLIAN RUSSELL

Copyright Photo by Schloss, N. Y.

R.—I would suggest that you massage the scar with a good skin food daily. This will feed the skin and gradually fill in the scar. You must have patience, however, and persist in this treatment if you wish to get satisfactory results. If you care for the formula for skin food I shall gladly send it to you upon receipt of a stamped, addressed envelope.

B. E. G.—I am sorry, but I am unable to send you the formula for the curling fluid, as you failed to send me your name or address. If you will send me a stamped, addressed envelope I shall be glad to send it to you.

ALVA.—I am very sorry, but I am unable to give you the information about the article you mention. I have never used this article myself and so know nothing about it. Don't use anything of this sort on your face unless you know just exactly what it will do.

Answers to Queries

CLARISSA.—I would not advise you to attempt to bleach your hair so as to make it light. Shampoo it about every four weeks with a good shampoo. When shampooing the hair never rub soap directly on it, but make a shampoo with soap melted in boiling water. Be sure that you rinse the hair thoroughly so that it will be free from the soap, as nothing will ruin the golden color in the hair. The best way to keep down dandruff is by diet and exercise. I do not believe in internal remedies for reducing dandruff. Take long walks in the open

air, do not eat fat-making foods, such as greasy meats, starchy foods, tea, coffee or sweet, rich things. Eat simple nourishing foods. If you will send me a stamped, addressed envelope I shall be glad to send you a dietary for reducing flesh and the rolling exercises for reducing the hips. I shall also send you a shampoo for blonde hair.

R. M.—A good skin food or cold cream applied to the face daily will remedy a dry skin. The cream must be a greasy cream, however, for it is the oils in the cream that supply the skin that is lacking in the skin. I shall send you instructions for massaging the face, with a formula for skin food if you will send me a stamped addressed envelope.

WIFE OF CHARLES PAFF GETS DIVORCE DECREE

SAN RAFAEL, March 21.—Mrs. Bertha May Paff, wife of Charles Paff, a San Francisco architect, who designed the Olympic club building and other structures, was granted a temporary decree of divorce and alimony in the sum of \$100 a month by Judge E. T. Zook yesterday. In addition, the beautiful Paff residence at Belvedere is the temporary property of Mrs. Paff.

In an amended complaint filed before Judge Zook late yesterday afternoon and placed on secret file, it is alleged that fervid love letters from a Los Angeles moving picture actress will form a feature of the evidence which will be passed upon by Judge Zook before the final decree is awarded.

Mrs. Paff will visit a week in San Francisco at the home of Mrs. Joseph Chase of 419 Ashbury street. She will then go to Santa Cruz for a rest of six weeks.

Pawned Wedding Ring

RENO, March 21.—Valma Lydia Goldstein, wife of Samuel Goldstein, a pawnbroker on Third street, San Francisco, secured a divorce yesterday after testifying that on four separate occasions she pawned her wedding ring in order to get something to eat.

Mrs. Goldstein has lived four years and a half in Reno, with the exception of four months, when she was with her husband in San Francisco and Portland, Ore., a visit of three weeks in New York. Her marriage was in San Francisco, July 9, 1911. She said her husband would not secure work, and she sold a necklace, a pin, a ring, a cutglass vase and much of her clothing, and in addition secured money from friends, relatives and even strangers to keep from starving. Her husband advertised in the San Francisco papers that he would not pay her bills.

Co-ed Grandmother

EUROPE, Ore., March 21.—By the birth of a son in Portland, Ore. Monday, by her daughter, Mrs. C. G. Smith, it was discovered yesterday that Mrs. Ella A. Stearns, a co-ed student at the University of Oregon, had become a grandmother. Mrs. Stearns is a student in the Varsity School of Journalism. Twenty-five years ago she was employed as a reporter on a Portland newspaper.

To Walk East

SAN FRANCISCO, March 21.—Jauntily clad in khaki and corduroy and with the avowed intention of starting immediately on a honeymoon walk from San Francisco to New York, Tippi B. Pledger, 33 years old, and Miss Ollie L. Stephens, 22 years of age, were married yesterday afternoon by Justice of the Peace J. C. Conlan.

The young couple, accompanied by Mr. and Mrs. Earl B. Chenoweth, who also will take part in the long hike, left the City Hall immediately after the brief wedding ceremony and started on a brisk walk to the ferry building. "We'll get at least as far as Oakland tonight," was the parting salley of the smiling bride as the two couples left Justice Conlan's courtroom.

TO OVERHAUL SHIPS.

WASHINGTON, March 21.—The battleships USS Michigan, Nebraska and Ohio of the Atlantic fleet will proceed to their home yards April 1 for annual overhauling, remaining until June 30. During their absence their places in the fleet will be filled by the return to active service of the battleships, Rhode Island, New Hampshire and Kansas.

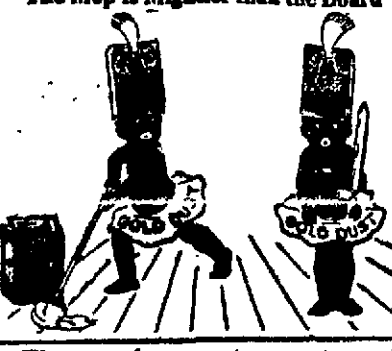

The Gold Dust Twins' Philosophy

The Village Sewing Circle met to gossip, in their little set, but one opinion seemed to hold despite the tendency to "scold." When vexing problems, such as say, "What shall we do on Cleaning Day?" confront the Housewife, she may feel that Gold Dust tackles them with zeal.

The Envid Housewife

Staid matrons told of what a bore it was to scrub each dirty floor; young housewives thought that dishes claimed more worry than some others named. All uniformly took a "bit" from household work and argued it, while all in turn were loud in praise of what a part their Gold Dust plays.

The Mop is Mightier than the Board

Those tasks which, anyway, are mean, decrease with Gold Dust on the scene. Those "Cost-of-Living" puzzles put the chairman of the club on foot. Said she:—"The Cost-of-Cleaning," too, should mean a mighty lot to you. If all of us combine, to buy those goods that have a "REASON WHY," are long our husbands needn't fuss. They'll leave financing games to us."

The pennies count, as you must know, and cleaning makes the pennies go. If Gold Dust cuts the toil in two and makes economy come true, why not adopt the "Cleaner way" and join the "Gold Dust Club" today?

The "tips" outwear the gloves. "The Kayser" SILK Glove is the World's standard silk glove—all other silk gloves are measured by the "KAYSER" standard.

The development of the "KAYSER" Silk Glove represents the attainment of an ideal, the achievement of which has not been hampered by restrictions of cost or time, nor influenced by a passing demand for features most aptly characterized as "talking points."

We could not afford to buy expensive advertising space "year after year," to tell the women of America that "KAYSER" Gloves are the best—in style, fit and finish—if it were not true.

"KAYSER" gloves "cost no more" than the ordinary kind—and are worth double in quality, fit and value.

Don't accept the "just as good" kind, there's a way to tell the genuine—"Look in the Hem"—if you find the name "KAYSER"—you have the kind that "don't wear out" at the finger ends.

A guarantee ticket in every pair. Short Silk Gloves, 50c, 75c, \$1, \$1.25, \$1.50. Long Silk Gloves, 75c, \$1, \$1.25, \$1.50, \$2. Julius Kayser & Co., Makers New York

CARROLL'S STORE TO OPEN AGAIN

Damage by Fire is \$20,000;
Insurance Adjusters at Work.

In the Bacon building fire of Wednesday, Paul T. Carroll's handsome store and stock suffered damage to the extent of about \$20,000, all of which is fully covered by insurance. The damage to the stock was caused by the volume of water which poured into the store through the ceiling, as well as the clouds of black smoke that penetrated every crevice. The insurance adjusters are at work on a settlement, which may be effected today. A great portion of the stock was saved from damage by the use of yards upon yards of oilcloth which was secured from a nearby store. M. Stromberg, one of the salesmen employed by Carroll, nearly suffocated from the smoke fumes in the basement while working there during the progress of the fire. Carroll expects to be ready for business tomorrow.

SPECIAL SERVICES FOR CLOSING DAYS OF LENT

RICHMOND, March 21.—Special services will be held at St. Mark's and Our Lady of Mercy Catholic churches during the closing days of Lent. There were services this morning in both churches and there will also be special services tomorrow afternoon and evening. Special Easter services Sunday. There will be special music and sermons by the pastors on appropriate topics.

OLD AGE CLAIMS LUCINDA RODGERS

Passes Away at 88, Leaving
50 Grandchildren and 54
Great Grandchildren.

STEGE, March 21.—Lucinda Rogers, aged 88 years, died at her home in Stege yesterday of old age. To deceased was a native of Tennessee and had resided in California for sixty-one years. She was the mother of John Rogers, Mrs. Leo Miza Vassar, Mrs. Lizzie Haigh, Mrs. John Crawford, Mrs. Ruth Hickey, Robert Rogers and Mrs. Julia Lambert. Mrs. Rogers was the mother of eleven children, seven now living, fifty grandchildren and fifty-four great grandchildren. The funeral will be held from the family residence at Stege next Saturday at 7:30 a. m., thence at 8:30 to the Southern Pacific train in Richmond when the body will be shipped to Healdsburg and interment will be held in the family plot at that place. Most all of the living descendants are expected to be in attendance at the funeral.

TO DISCUSS CANDIDATES AT SATURDAY MEETING

ALAMEDA, March 21.—An open meeting of citizens of Alameda to which all electors of the city are invited, has been called for Saturday evening in Moore hall. It will be the purpose of the meeting to take up and discuss the qualifications of the various candidates in the race for council positions. The following citizens have been named to charge: Samuel Powerman, James Tyson, George W. Scott, J. D. Jamieson, Walter T. Tibbitts, W. A. Eichenberg, D. L. Randolph, Green Maes, George E. Plummer, Fred Linderman, E. J. Keller, Dr. Walter Hughes, E. E. Bode and J. J. Owens.

HIGHWAYMEN WAYLAY VICTIM.
SAN FRANCISCO, March 21.—Four robbers were concerned in the hold-up of Charles Sasche, 657 Haight street, at Market street and Duboce avenue at 2 a. m. As Sasche ap-

proached the four separated into pairs, surrounded their victim, placed a gun to his head and took \$14 from him. Timothy Hayes of 543 Sansome street was robbed by two men of 15 cents and a watch at Battery and Washington streets this morning.

BURGLAR PROVES A PRIZE WINNER

Gets \$10 From Window Without Formally Entering Contest for Same.

Using a bar of wood two feet in length, a burglar last night smashed the plate glass window in the front of the store conducted by J. Schwartz, 914 Washington street, to get a \$10 bill placed in the window by Schwartz as the prize to be awarded in a contest he has started. The burglar succeeded in getting away before the police were notified of the window smashing. Schwartz regrets the cost of replacing the window, which was an expensive one, more than the loss of the \$10 bill.

Mrs. S. Olves, 723 Park way, reported to the police that burglars broke a front window of her home and stole a gold ring, two jars of jelly and 25 cents in coin.

Mrs. W. W. McCormick, 3719 Leighton street, reported an attempted burglary. Nothing was taken.

PIEDMONT TO BETTER CONDITION OF STREETS

PIEDMONT, March 21.—The Piedmont board of trustees met last evening in the town hall. Several matters were brought up pertaining to the improvement of Piedmont streets. This included the protest of the Piedmont citizens against the closing of Magnolia avenue which was informally brought up and will most likely be decided at the next meeting.

The condition of the roads in Piedmont Manor were discussed and found to be in good condition except those bordering on or in the neighborhood of Cemetery creek.

There the streets are partially spoiled by a growth of a swamp weed. It was suggested to bed all the roads in that vicinity with concrete and then to cover this with asphaltum, similar to Twelfth street, Oakland.

Chairman Hugh Craig had a survey made of Oakland avenue on the south side of the bridge a short time ago and it was found that the street was out of true three and sixty-two hundredths feet near Linda avenue. A proposition was then made with a Mr. Sotanto who owns the property which causes the defect; to give him an equal amount of land on Sunny-side avenue from another lot adjoining his. Sotanto wanted to make it a cash proposition of \$1500 it was not decided upon.

THE ROYAL SHOE COMPANY WILL BE OPEN FOR BUSINESS TOMORROW

CONSIGNS SOCIAL LEADERS TO HADES

Banker Wilde of San Diego Vents His Peeve in No Uncertain Way.

SAN DIEGO, March 21.—L. J. Wilde, banker, telephone magnate and wealthy real estate operator is the center of a social storm in San Diego and Coronado today as the result of writing the following note across the back of a ticket to the forthcoming social event of the year, the charity ball, and addressing it to E. Milton Barber, banker, clubman and fiscal agent for the charity ball committee:

"The promoters of the charity ball can go plumb to Mr. and Mrs. Wilde (who built a local hotel) will not be there."

Wilde today, in discussing the reason for his action, said that he and his wife had been slighted when Mrs. Wilde's name was not included in the list of patronesses and that he had also been slighted by not being invited to participate in the dedication exercises of the new Y. M. C. A. building for which he said he had secured a large sum.

Mr. and Mrs. Wilde have been social leaders in San Diego and Coronado for years and are well known in exclusive circles in Los Angeles and San Francisco.

YOUNG PEOPLE WILL LISTEN TO MUSICIANS

BERKELEY, March 21.—The fifth concert in the young people's series at the Berkeley high school will be given Tuesday afternoon at 3:30 o'clock. The program will be presented by Frederick Biggers, pianist, and Sanor Manuel Carpio, tenor. The vocal numbers will be chosen in the main from operas. By request Senor Carpio will sing the Mexican national air.

The piano numbers will be chosen chiefly from among works that are played by learners. The piano portion of this program follows.

Allegro from Sonata in E major (Mozart); "Bird as Prophet" (Schumann); Moment Musical in E minor (Schubert); "Spring Song" (Mendelssohn); "To a Wild Rose" (MacDowell); "Will-o-the-Wisp" (MacDowell); Gollwog's Cakewalk (Debussy); concert waltz in E major (Moszkowski).

The vocal program will be as follows: Aria, (Rodolfo's narrative); "La Boheme" (Puccini); aria, "Girl of the Golden West" (Puccini); "Caro Mio Ben" (Giordani); aria, "Vest le Giubba" (Pacini); "Fagiolini" (Leoncavallo); aria, "La Donna Mobile" (Rigoletto) (Verdi); Mexico's national hymn (by request).

The concert is under the direction of William E. Chamberlain.

DR. FRASER ARRAIGNED IN SLINGSBY HEIR CASE

SAN FRANCISCO, March 21.—Dr. W. W. Fraser, of Weaverville, was arraigned before Superior Judge Dunne today in connection with the alleged substitution of a son for the lawful heir of Lieutenant Charles S. Slingsby. Dr. Fraser's counsel entered a demurrer to the indictment on the usual statutory grounds and a continuance was had until April 2. At that time arguments on the demurrer will be heard.

CITY ATTORNEY MAY LEAVE HOSPITAL SOON

PIEDMONT, March 21.—City Attorney J. A. Ballentine, who was injured in an automobile accident which took place March 18 at Piedmont and Linda avenues, where he collided with a car while on his way to town, has improved to such an extent that he can leave the Merritt hospital Monday at the latest.

Oaks Triumph Over Sox Yannigans in Great Game Yesterday

HETTING REAL CHAMPION AT BREAKING THINGS TO PIECES

Finishes Up Day's Performance by Breaking Up the Game and Ables' Finger.

Doggone you, Gus! You broke your bat, and after that, it's wuss and wuss. Doggone you, Gus!

Look what you've broke You broke your bat, and after that, it's wuss and wuss. Doggone you, Gus!

Doggone you, Gus! You go too far, and after that, it's wuss and wuss. Doggone you, Gus!

Doggone you, Gus! You go too far, and after that, it's wuss and wuss. Doggone you, Gus!

By BILLY FITZ.

Yes, sir; Herr Hetting played the very devil yesterday with his little stick. He broke Mike's heart, Ables' little finger and finally broke up the game in the eleventh round with a life-sized imitation of a single to left field. We could forgive him for the last fracture, for it left the Oaks in the lead 2 to 1, but the blow that puts Big Jumbo out of commission for a month at this stage of the proceedings comes pretty near to being an offense against the commonwealth.

There does not seem to be a chance of Ables getting into the game until a month after the season has started. He won't even be able to touch a baseball for a month and this may set him back in his condition, for he needs plenty of work to be at his best. The accident happened just before the game at Grove street park yesterday afternoon. Ables was tossing over the fence and he bent one straight over the pan, Gus Hetting connecting for a terrific smash. Ables had just time to throw up his gloved hand to protect his face, when the ball struck the palm, snapping the bone of the little finger on the left hand just between the first and second joint.

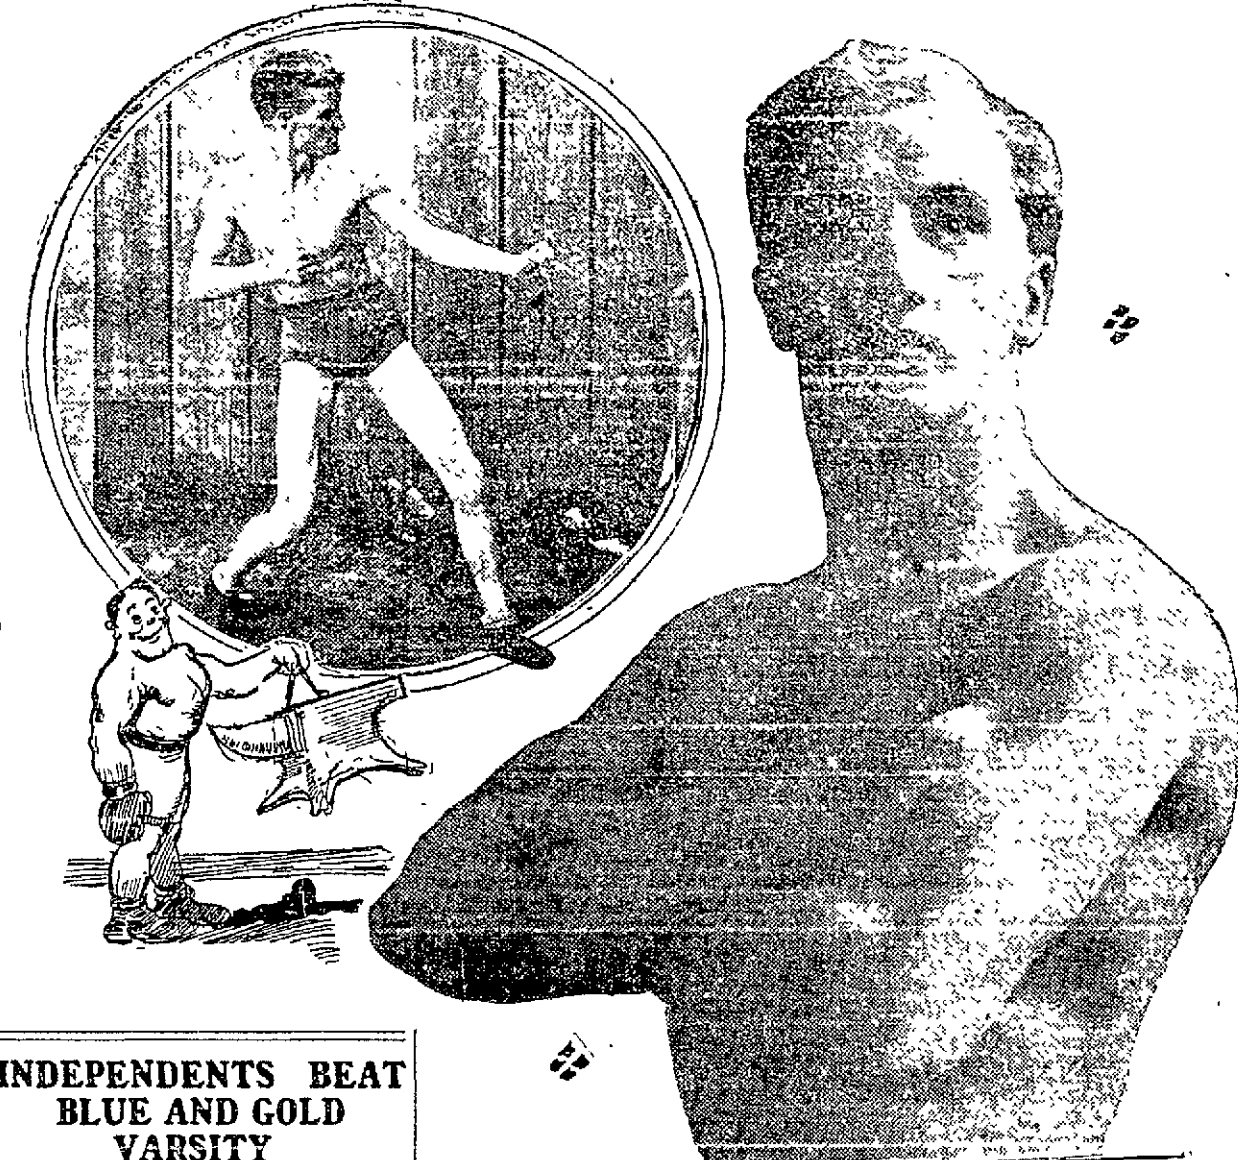

Ables was immediately surrounded by his team mates and hurried in a car to the office of Dr. E. Majors, where an X-ray photograph showed that the fracture was complete but clean. The pitcher returned to the park in time to see the end of the game, but it will be five weeks any how before he can hope to get into the game himself.

President Leavitt takes the injury to the Oaks star philosophically. "It rather had to happen now than at any other time," said the Oakland chief. "Ables will be in shape by the time we really begin to need him."

Cy Parkin must have read about that letter from Hudson in which the citizens subscribed for THE TRIBUNE in order that they might follow the exploits of the favorite son. Cy was a great man yesterday. He routed out the mound for six innings and like a German windmill in a gale and the only thing that the Sox could do was a single little slap that Zelder moved through the pitcher's box.

NEW ATHLETIC CLUB GETS SKILLED INSTRUCTORS ON ROLL

AL VAN FORSLUND, PHYSICAL DIRECTOR, AND PERCY COVE, BOXING INSTRUCTOR, THE TWO NEW OFFICERS OF THE OAKLAND ATHLETIC CLUB.

INDEPENDENTS BEAT BLUE AND GOLD VARSITY

UNIVERSITY OF CALIFORNIA, March 21. — With Schlumpf in the box, Ireland's Independents' downed the California varsity at Berkeley yesterday afternoon by the score of 5 to 2. Schlumpf had everything necessary to hold down his opponents and the best the varsity batsmen could do was to gather five hits from his delivery. The two runs which the Independents scored came in the first two frames and after that the league twister settled down and held the Blue and Gold men helpless.

The summary follows:
Ireland's 5 1 0 0 0 0 1 0-5
Base hits 3 2 1 2 0 1 0 0-9
California 2 1 0 0 0 0 0 0-2
Base hits 2 0 0 0 0 0 0 0-1
Batteries—Ireland's, Schlumpf and Perkins. California, Conklin and Sebastian.

when Cy wasn't expecting it. Parkin showed all 67 varieties and sent them over at every imaginable angle. In the fifth inning he made all three assists, without giving anybody else a chance to do anything. Oh, yes, Cy was there!

Ted Morgan doesn't believe in taking a good man out of the box, so he let Morgan go the last three innings yesterday. This team south-paw looks to be the best of the recruits whom the Oaks have faced. He held them baffled for a long while, but in the eleven round they began to get him. Buffalo George Schirm started it with a drive to right field. Then Elmer Zacher, who had registered two previous wallops, waited up gracefully and hammered the ball to left, Schirm passing it second. It was up to Cy, but Bert fooled to the pitcher, who succeeded in getting the ball to third just an eyelash ahead of the leaping Schirm. You begin to see that the situation was just made for Hetting. Well, Gus came up and five times he fouled the ball into the right field bleachers, and five times he shook his head despairingly and rubbed his hands in the dirt and then on his trousers, and then—suddenly he smote the ball at far in left field that our friend Mr. Jones didn't bother to try and catch Zacher at the plate. Gus had broken something again.

Bill Leard is getting into season form very rapidly now. He got two safe hits, stole two bases, never turned an error and crabbled with an enthusiasm such as he usually displays in July. Great boy, that Bill.

Cy started his team mates in the R column in the sixth inning by working Morridge for a complimentary trip to first. Morridge sent Tyler Christ to run for Parkin and Leard sacrificed Tyler to second. Then along came Zacher with a drive that went right between Joe Berger's legs at short. Christian naturally would have scored, but Christian's legs hit into an argument and crossed each other and the pitcher ploughed up the dirt at the third bag. A moment later, with Morridge looking at him, Zacher started from first to second. Morridge immediately got rattled and flung the ball in the general direction of third base without having any particular purpose in view, Christian being only three feet from the bag. The ball hit a fat covey to the fence and Christian chased himself home.

Howard Gregory showed that he is already in great form when Mike sent him in to replace Parkin. Gregory had not Daddy Rohrer got into an argument with the umpire over a questionable ball and permitted Sylvester to gallop to second without objection. A moment later Morridge singled and Sylvester came home.

Some of the stops made back of third base yesterday by Rollie Zelder were enough to take your breath away. Lina Berger is just as fast as any, but he seems to have developed a tendency to fight the ball as though too anxious to make the throw.

With new instructors on the roll, the finest gymnasium on the Pacific Coast, the Oakland Athletic Club, thirty-fourth and Hollis streets, is on its way to become one of the most popular institutions in Oakland.

BERKELEY HI BASE-BALL TEAM FAILS TO SHOW UP

The scheduled baseball game between the Berkeley High School team and the Fremont High nine for Wednesday afternoon in the Bay Counties-Athletic League series, was not played owing to the non-appearance of the Berkeley team. The game was to have been played at Dwight way grounds, Berkeley, Berkeley claimed the grounds were too wet for a game.

Saturday morning at Grove street park, the Alameda High nine will play Oakland Polytechnic High school at 10 o'clock. Both of these teams together with Oakland High are tied for first place in the league race and a hard fought contest is sure to result. Brandes and Camp of Alameda and Oakland Poly respectively will oppose each other on the mound.

SCOTT'S TWIRLING DEFEATS THE ANGELS

LOS ANGELES, March 21. — Jimmy Scott kept up the winning streak he began with the Chicago Americans' second division when he pitched the regulars to victory against Los Angeles in the first game of the series with the Coast leaguers yesterday. Up to the last inning he held the locals to five hits and one run.

Score by innings:
Chicago 0 0 0 2 0 0 0 0-8
Los Angeles 0 0 0 1 0 0 0 0-2
Batteries—Scott and Kahn; Ryan, Crab and Brooks.

To see you an idea of the degree of swimming as a sport in Australia, it is only necessary to state that on Saturday, January 4, there were 13 meets held in Sydney, N. S. W. and vicinity, and three of them were for women. Most of the meets had handicap events, which do a great work in developing swimmers.

RECONSIDER REFUSAL CABLE ENGLISH YACHTERS

BELFAST, March 21. — A request was sent yesterday by cable by the Royal Ulster Yacht club for a reconsideration of its refusal of Sir Thomas Lipton's challenge for the America's cup. This was accompanied by a long statement from Sir Thomas with which the committee of the Irish club signified its agreement.

Another "Come Back"

Jack Noonan, manager of Joe Thomas, former welter champ, who is now returning in the East doing a "come back" stunt, writes that he would like to bring on the 8th in a battle to take on Billy Grinn of St. Louis at Lowell, Mass.

Pollock the Winner

Paul Pollock, the San Francisco lightweight, defeated Frank Ryan of Vallejo in the seventh round of their scheduled ten-round battle at Cement Wednesday night. Quite a crowd of workmen witnessed the contest.

Manuel Vierra Back

Chuck full of health and confidence, Manuel Vierra came back yesterday from Los Angeles, where he has been picking up a good many pointers as understudy for Joe Rivers and Kayo Brown, with whose training camps he was affiliated. Vierra hopes to see Brown come north to fight Burns and thinks that the New Yorker will be able to beat Bud Anderson the next time out. "I want to get on with any good 22-pound boy," said Vierra. "I feel fine and will not let anyone."

Boxing Comes Back

NEW YORK, March 21.—The Bowery came in for some of its old popularity last night when the Atlantic Garden, for nearly half a century the rendezvous of the better or the worse for the purposes of entertainment was transformed into a boxing oval recently licensed by the state athletic commission as the Atlantic Garden A. C.

Manuel Vierra Here From Los Angeles Seeking Matches; Ring Gossip.

Two changes have been made already in the card announced by the West Oakland Club for next Wednesday evening. Jim Howard of Chicago and Otto Berg still remain the chief attraction, but the two colored boxers, "Bubbles" Robinson and Lee Johnson, have been eliminated and their places given to a pair of blondes. Tommy Ryan will meet Marty Kane instead of the honor falling to Lee Johnson, while Frankie Waldorf will replace "Bubbles" Robinson in the six-round bout with Jim Horner.

COLOR BOXERS GIVE WAY TO WHITE BOYS WEDNESDAY

Manuel Vierra Here From Los Angeles Seeking Matches; Ring Gossip.

Two changes have been made already in the card announced by the West Oakland Club for next Wednesday evening. Jim Howard of Chicago and Otto Berg still remain the chief attraction, but the two colored boxers, "Bubbles" Robinson and Lee Johnson, have been eliminated and their places given to a pair of blondes. Tommy Ryan will meet Marty Kane instead of the honor falling to Lee Johnson, while Frankie Waldorf will replace "Bubbles" Robinson in the six-round bout with Jim Horner.

Jack Tollen and Barney Richter will meet for another six-round contest, while Eddie Miller, Moose Tander's good little boy, will go up against Tony Freitas for the four-round curtain raiser. The fans here that the West Oakland club will be able to break the hoodoo that has fallen on that organization lately, and that next Wednesday night's card will prove to be fully up to expectations.

Pollock the Winner

C.

Zotte to Be Busy

Ad Zotte, a Stockton youngster, has a busy schedule mapped out for himself. Along fighting lines for the next few weeks and will have to extend himself to grab off the victory end of the scraps programmed.

On March 25 he will box ten rounds with Roy Moore at Eddie Green's Tuxedo club, San Francisco. On April 2 he will open the new clubhouse of the Hub City Athletic club in this city with Carroll of San Francisco. On April 4 he will meet Monte Attell in a four-round bout at Schuler's club in San Francisco. Zotte was to meet O'Leary here on April 2, but the latter concluded Ado was too hard game and kept asking so much privilege in the weight limit that the hope has been given up of bringing the boys together.

Another "Come Back"

Jack Noonan, manager of Joe Thomas, former welter champ, who is now returning in the East doing a "come back" stunt, writes that he would like to bring on the 8th in a battle to take on Billy Grinn of St. Louis at Lowell, Mass.

NINETY-POUNDERS OF FREMONT ARE CLEVER PLAYERS

READING FROM TOP TO BOTTOM: VANSTRUM, OTTO, SANTORA, McEVY AND HUGHES (CAPTAIN).

That every student in the school may have a chance to play basketball, Coach J. B. Nash of Fremont High has introduced the novel system of having basketball teams ranging in weight from the 90-pound class through to the unlimited class and in this manner has succeeded in making the sport one of the most popular of the Fremont students. The ninety-pounders have been showing up well during the season just closing and have defeated some of the best light weight teams around the bay. They line up as follows: Vanstrum, Otto, Santora, McEvoy and Hughes (captain).

Gasmen to Organize A BASEBALL LEAGUE

A team composed of employees of the Pacific Gas and Electric company, will meet the Emeryville tossers, Saturday afternoon at Hollis and Park streets. W. W. Wilkinson will lead the gamen. Included in the lineup of the team led by Wilkinson will be J. A. Britton Jr., Bruce Dixon, George Agnew, G. Smith, F. Weber, A. Stover and E. Cowie. Plans are being formulated by an inter-company baseball league. There will be two lines from the Oakland department and two from the San Francisco department. The game will be played at the Emeryville grounds. The game will be played at the Emeryville grounds. The game will be played at the Emeryville grounds.

JOHN ELLIOTT WILL REFEREE

STANFORD UNIVERSITY, March 21. — John Elliott, president of the Pacific Amateur Athletic association, has signified his willingness to referee the eighth annual Stanford intercollegiate track and field meet, which will be held on the Cardinal oval April 12. The officials will be announced within a few days.

preferably Jimmy Clabhy and Bob Moha. Noonan thinks that Thomas could outpoint both. He also says that Thomas is in excellent condition and has several matches on. He meets an unknown at Manchester, N. H., on March 23 and on the 28th he is billed to take on Billy Grinn of St. Louis at Lowell, Mass.

CINDER STARS FASTEN EYES ON WEATHER PROSPECTS

Track Meet of B. C. A. L. Scheduled for Tomorrow at Berkeley.

The annual Bay Counties Athletic League track meet will be held tomorrow afternoon at the University of California oval at 2 o'clock. If light rains should continue tonight and tomorrow, the meet will be held regardless of weather conditions, but a heavy downpour tomorrow afternoon would necessitate the cancellation of the meet. The cinder paths at Berkeley are improved rather than injured by a light rain and will be in splendid condition for the various events.

All of the members of the Bay Counties League, namely: Oakland High, Oakland Polytechnic High, Fremont High, Berkeley High, Alameda High, Cogswell Polytechnic, San Francisco Polytechnic, Mission High, Witherling and Lick, will be ready to start tomorrow and competition promises to be very strong.

OBSERVATION CAR TO BE RUN AT ANNUAL SHELL RACE

In order that spectators may watch the progress of the race its entire course, preparations are being made by the student body of the University of California for an observation train to run parallel with the course when the Universities of California, Stanford and Washington meet on the Oakland estuary in April in the annual water race between the three institutions.

It is planned to have the observation train similar to those of the east when such colleges as Yale and Harvard and others important universities meet. At those affairs the trains run alongside the race course and the spectators and reporters are given a chance to witness every detail of the sport. That those who purchase tickets on the observation train may be able to see all that is going on, only reservation on the side of the train facing the racing course will be sold. Thus instead of 80 tickets being sold for each car, there will be but 40. Communications are being sent out to the various fraternities and clubs who may wish to reserve entire car sections. The standard price of tickets will be 75c.

GASMEN TO ORGANIZE A BASEBALL LEAGUE

A team composed of employees of the Pacific Gas and Electric company, will meet the Emeryville tossers, Saturday afternoon at Hollis and Park streets. W. W. Wilkinson will lead the gamen. "A HAT TO FIT YOUR FACE"

Bertillion
1025 BROADWAY
Bet. 10th and 11th Sts.

When Dame Fashion Struts Forth Easter Sunday Morning

And the sun's dancing on the hills of Galilee, (Folklore), there is a prevailing sentiment for the new—the things that bespeak freshness and spring. Adorn the most precious part of your anatomy—the head—in prevailing fashion for Easter and spring. A hat that fits the face and occasion.

\$3.50 Quality De Luxe. The king of fine hats, in quality and workmanship, and the majestic ruler of proper fashions. The ever dresy Derbys in black and browns, with the correct curves and outlines. The graceful soft hats, well edged are prevalent. Greens predominate. The Mineral shades and hues, the favored colors and shades. Blacks and Blues are strong favorites. Browns, tans, iron, copper, cobalt, pearls in the order named are the leaders. Back bows and double bows the fadish whims.

\$2.50 Hats worth wearing. Standard quality in the correct fashions. Derbys and soft goods in Velours, Beavers, Greens, many newest New York ideas for Easter. A limitless display of the hats that wear and satisfy. The Bertillion standard. The \$2.50 hat that standardized \$2.50 as the price for a hat that's quality and style of the proper kinds.

Our Easter effort for 1913 is the most extensive exhibit of hat quantity, quality and display of up-to-moment fashions to be seen in the United States, outside of New York City.
